

**ACCREDITATION COUNCIL FOR PHARMACY EDUCATION
REPORT OF PROCEEDINGS – January 19-21, 2017**

I. Public Interest Panel Review of Professional Degree Programs

The ACPE Public Interest Panel met on January 11, 2017, to discuss the professional degree programs scheduled for review by the ACPE Board of Directors during its January 19-21, 2017, meeting. Evaluation team reports and other materials associated with the evaluation of the professional degree programs were duly considered, and a report of the Panel's discussion was prepared and presented to the ACPE Board at its January 19-21, 2017, meeting. The Board considered the comments and recommendations of the Panel. Panel members who attended the meeting of the public interest panel were: Angela Cowser (via conference call), Dana Thomas, and William Michael Youngblood.

II. Accreditation Actions for Professional Degree Programs, taken at the ACPE Board of Directors Meeting, January 19-21, 2017

A list of accredited professional degree programs of colleges and schools of pharmacy, which designates the respective preaccreditation and accreditation status of the programs and the academic year for the next currently scheduled evaluation, is posted on the ACPE web site at www.acpe-accredit.org.

Accreditation Actions

On the basis of self-studies, on-site evaluations, communications received from the institutions, ongoing annual review of North American Pharmacist Licensure Examination (NAPLEX) passing rates, entry class size, and attrition and on-time graduation rates, as well as the comments of the Public Interest Panel, the Board of Directors determined the accreditation status of the following professional programs, along with preaccreditation and accreditation terms and conditions.

In order to be eligible for initial or continuing accreditation, the Doctor of Pharmacy program must be part of an independent College or School of Pharmacy or a College or School of Pharmacy within a University, which is regularly incorporated and is a legally empowered postsecondary educational institution. The institution housing the College or School, or the independent College or School, must be accredited by a regional accreditation agency recognized by the U.S. Department of Education or another agency acceptable to the Accreditation Council for Pharmacy Education (ACPE). Accreditation standards call for a College or School of Pharmacy as an organizational unit and the administrative structure of the College or School of Pharmacy must provide for a Dean, who serves as the chief administrative and academic officer. Evaluation for purposes of preaccreditation and initial or continued accreditation requires an invitation by the chief executive officer, or designate, of the institution.

An action to "affirm" implies that a previously established accreditation term has been confirmed. An action to "continue" implies that the accreditation date has been extended. The customary review cycle for established accredited programs had been six years but it was extended to eight years as programs were reviewed beginning with Board actions at the January 2012 meeting and beyond. The customary review cycle for new programs achieving initial accreditation status is two years. The dates indicated in parentheses for each College or School are the academic year of the most recent determination of accreditation status and the academic year of the next

scheduled determination of accreditation status, and thus define the present accreditation term for the Doctor of Pharmacy program.

The accreditation actions are as follows:

For Purposes of Considering Continued Accreditation Status

Albany College of Pharmacy and Health Sciences

Doctor of Pharmacy Program: Accredited status continued. (2016-2017) (2018-2019)
Standard found to be Partially Compliant: Standard No. 18

Idaho State University College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2016-2017) (2024-2025)

Temple University School of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2016-2017) (2024-2025)

University of Arizona College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2016-2017) (2024-2025)

University of Georgia College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2016-2017) (2024-2025)

University of Iowa College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2016-2017) (2024-2025)
Standard found to be Non-Compliant: Standard No. 12

University of Pittsburgh School of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2016-2017) (2024-2025)

West Virginia University School of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2016-2017) (2024-2025)

For Purposes of Considering: Continued Candidate Status

No programs considered in this category.

For Purposes of Considering: Advancement from Candidate Status to Accredited Status

No programs considered in this category.

For Purposes of Considering: Advancement from Precandidate Status to Candidate Status

No programs considered in this category.

For Purposes of Considering: Application for Precandidate Status

SUNY- Binghamton University School of Pharmacy and Pharmaceutical Sciences

Doctor of Pharmacy Programs: Advanced to Precandidate status. (2016-2017; 2017-2018)

New School Applications: For Purposes of Considering: Authorization of On-site Evaluations

Medical College of Wisconsin School of Pharmacy

A comprehensive on-site evaluation was authorized to be conducted during spring 2017 so as to provide the basis for the Board's consideration of Precandidate status of the Doctor of Pharmacy program at its June 2017 meeting.

University of Texas El Paso School of Pharmacy

A comprehensive on-site evaluation was authorized to be conducted during spring 2017 so as to provide the basis for the Board's consideration of Precandidate status of the Doctor of Pharmacy program at its June 2017 meeting.

Focused On-site Evaluation Visits

Focused on-site evaluation visits are authorized when the Board is desirous of additional on-site monitoring to evaluate various programmatic issues. An action to "affirm" implies that a previously established accreditation term has been confirmed. An action to "continue" implies that the accreditation date has been extended, usually to reestablish the customary eight-year cycle.

California Northstate University College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2016-2017) (2018-2019)

University of Louisiana at Monroe College of Health and Pharmaceutical Sciences School of Pharmacy

Doctor of Pharmacy Program: Accredited status affirmed. (2016-2017) (2021-2022)
Standards found to be Partially Compliant: Standards No. 8, 11, 17, and 18.
Standard found to be Non-Compliant: Standard No. 23.

University of Tennessee Health Science Center College of Pharmacy

Doctor of Pharmacy Program: Accredited status affirmed. (2016-2017) (2022-2023)

Washington State University College of Pharmacy

Doctor of Pharmacy Program: Accredited status affirmed. (2016-2017) (2022-2023)

Monitoring During the Accreditation Period

Monitoring during the accreditation period includes review of Interim Reports and Annual Monitoring Parameters. The Board undertook the initial review of programs' financial data and Pharmacy Curriculum Outcomes Assessment (PCOA) data. A request was made to any program with incomplete data to ensure compliance with accreditation standards and annual monitoring parameters.

Interim Reports and/or Annual Monitoring Parameters for the Doctor of Pharmacy programs of the following colleges/schools were reviewed.

III. Accreditation Actions for Providers of Continuing Pharmacy Education

ACPE Board of Directors accepted the report of the ACPE Continuing Pharmacy Education Commission at the January 2017 meeting.

A. Initial Accreditation of New Applications				
	Organizations seeking ACPE-accredited provider status are asked to submit an Application for Initial Accreditation. This application asks questions regarding the applicant's experience relative to areas addressed by ACPE's standards for continuing pharmacy education. Staff recommendations for initial accreditation are based on an assessment of the applicant's ability and intent to comply with ACPE's standards. Initial terms of accreditation are usually for a short term with a First Review in 1 year and a Second Review in 2 years.			
	Applicant Organization	Provider Type	State	Term
1.	Baylor Scott & White Health	Hospitals; Health Care Network	TX	Fall 2017
2.	Children's National Medical Center	Hospitals; Health Care Network	DC	Fall 2017

B. Continued Accreditation of First Reviews

5.	Tennessee Pharmacists Consortium for Education	Other	TN	Fall 2017	Fall 2020

D. Continued Accreditation on the Basis of Comprehensive Reviews that resulted in standard term.	
	The submitted Self-Assessment Report undergoes a CPE Commissioner review, an internal (ACPE staff) review, an external (Field reviewer) review, a review of all records including correspondence, Activity Description Forms (ADFs), CPE Monitor® submissions, complaints (if any) and third party comments. The Comprehensive Review for Continued Accreditation provides the basis for the Council's action to continue the provider's term of accreditation. The standard term of accreditation is six years with or without an update or Interim Report.

IV. Accreditation Actions for Joint Accreditation for Interprofessional Continuing Education™
 Five providers received joint accreditation with a 6-year term and three providers received joint accreditation with a 4-year term. The decisions have also been ratified by the American Nurses Credentialing Center (ANCC) and the Accreditation Council for Continuing Medical Education (ACCME). With these decisions, there are now 42 jointly accredited providers.

V. **Certification Actions for Professional Degree Programs based outside the United States of America and its Territories:**

Certification Actions

On the basis of self-studies, on-site evaluations, communications received from the institutions, as well as the comments and recommendations of the ACPE International Commission, the Board of Directors determined the Certification status of the following professional degree programs, along with Certification terms and conditions.

In order to be eligible for initial or continued Certification, the professional degree program in pharmacy must be part of an independent school of pharmacy or a school of pharmacy within a university. The school or university must be a postsecondary educational institution that is regularly incorporated, legally empowered, and authorized to award such a degree in accordance with national and/or regional laws and regulations. The institutional environment or setting for the professional degree program must be equivalent to a university and include a mission that encompasses professional education, scholarship, research, and service. The school of pharmacy must have graduated at least one class of students from the professional degree program in pharmacy for which Certification is being applied. Evaluation for purposes of initial or continued Certification by ACPE requires an invitation by the chief executive officer or designate of the institution.

To apply for Certification, a school must submit an application, a self-study report of the program, and any additional materials specified by ACPE. After receipt of the application, self-study report, and other required materials, a preliminary review of the application is carried out to confirm eligibility for Certification and evaluate the application. The findings and conclusions from the review are presented to the International Commission, which in turn makes a recommendation to the Board regarding authorization of an on-site evaluation. If the Board authorizes an on-site evaluation, it is scheduled in accord with standard evaluation and operational procedures.

The customary review cycle (period between comprehensive on-site evaluation visits) for established Certified programs is six years. The customary term for programs granted initial Certification is two years. The customary term for programs granted Provisional Certification is two years. The dates indicated in parentheses for each college or school are the academic year¹ of the most recent determination of Certification status and the academic year of the next scheduled determination of Certification status, and thus define the present Certification term for the professional degree program.

The Certification actions are as follows:

For Purposes of Considering Authorizing an On-Site Evaluation Visit

There were no pending on-site evaluation visits to be considered for authorization by the Board.

For Purposes of Considering Granting of Initial Certification Status

Qassim University College of Pharmacy, Kingdom of Saudi Arabia:

Doctor of Pharmacy Program: Certification was granted (2016-17; 2018-19)

For Purposes of Considering Continued Certification

¹ For consistency, Certification cycles and academic years are named in accordance with the standard terminology used by ACPE for accreditation and Certification activities and reporting. Academic years run from July 1 to June 30.

Al Ain University of Science and Technology College of Pharmacy, United Arab Emirates:
Bachelor of Science in Pharmacy Degree (2016-17; 2020-21) Focused on-site evaluation in Fall 2018.

Monitoring During the Certification Period

The interim report for the program of the following school was reviewed. If additional on-site monitoring has been requested through a focused on-site evaluation, it is so indicated.

King Saud University College of Pharmacy, Kingdom of Saudi Arabia:

Bachelor of Pharmacy (2014-15; 2018-19)

Doctor of Pharmacy (2014-15; 2018-19)

Review of Programs with Substantive Change and Other Requests

Substantive change notifications from the following schools were received (action noted in parentheses):

Al Ain University of Science and Technology College of Pharmacy, United Arab Emirates
(monitoring was requested by the Board)

King Saud University College of Pharmacy, Kingdom of Saudi Arabia (monitoring was requested by the Board)

University of Jordan School of Pharmacy, Hashemite Kingdom of Jordan (no additional monitoring was requested by the Board)

Approval of Changes to Policies and Procedures

There were no pending changes to the Policies and Procedures to be approved by the Board.

Approval of Changes to Certification Quality Criteria

There were no pending changes to the Certification Quality Criteria to be approved by the Board.

VIII. Accreditation Actions for Pharmacy Technician Education and Training Programs, in collaboration with the American Society of Health-System Pharmacists (ASHP)

The Accreditation Actions for Pharmacy Technician Education and Training Programs recommended by the Pharmacy Technician Accreditation Commission at their October 24-25, 2016 and approved by both the ACPE and ASHP boards of directors during their June meetings will be distributed in the near future by ASHP in their publication: The Pharmacy Technician Education and Training TABLET. Copies will be sent by ACPE to the U.S. state boards of pharmacy.

**IX. Opportunity for Comment
Professional Programs of Colleges and Schools of Pharmacy Scheduled for On-Site Evaluations, Academic Year 2017-2018**

The programs of the colleges and schools of pharmacy listed below are to be considered for accreditation during Spring 2017 or during the upcoming academic year (2017-2018). On-site evaluations have been scheduled for fall or spring terms, as noted. Opportunity is hereby given for the submission of written third-party comments concerning qualifications for preaccreditation or accreditation. Copies of the ACPE Accreditation Manual are available, upon request, by writing to ACPE, 135 South LaSalle Street, Suite 4100, Chicago, Illinois 60603, or through the ACPE website (www.acpe-accredit.org). Written third-party comments must be received in the ACPE office not later than September 1, 2017 for fall 2017 or November 1, 2017 for spring 2018. The

procedure for considering third-party comments received by the deadlines noted above should provide treatment in a way that is fair and equitable to all parties, including opportunity for response by the colleges and schools of pharmacy prior to ACPE's accreditation action.

Providers of Continuing Pharmacy Education Scheduled for Review for Purposes of Continued Accreditation, Year 2017-2018

The providers of continuing pharmacy education listed below are to be considered for continued accreditation during 2017-2018. Opportunity is hereby given for the submission of written third-party comments concerning qualifications for accreditation. Copies of the ACPE *Standards for Continuing Pharmacy Education* and the *Policies and Procedure Manual: A Guide for ACPE-accredited Providers*, are available, upon request, by writing to ACPE, 135 South LaSalle Street, Suite 4100, Chicago, Illinois 60603, or through the ACPE website (www.acpe-accredit.org). Written third-party comments must be received in the Council office not later than September 1, 2017, for fall 2017, and not later than November 1, 2017, for spring 2017. The procedure for considering third-party comments received by the deadlines noted above should provide for

treatment in a way that is fair and equitable to all parties, including opportunity for response by the provider prior to ACPE's accreditation action.
