Maine Revenue Services Individual Income Tax

IMPORTANT UPDATE

Tax Year 2020: Note the following changes relative to conformity with federal tax law changes made after December 31, 2019. If applicable, follow the form instructions below to properly file or amend your Maine return.

Unemployment Compensation – Conformity:

- Form 1040ME, line 14
- Form 1040ME, Schedule PTFC/STFC, line 1e or line 2a

If you have <u>not</u> filed your 2020 Maine individual income tax return:

<u>First</u>, complete your federal individual income tax return (Form 1040 or Form 1040-SR), including Schedule 1, following the instructions for completing your federal form. Federal Schedule 1, lines 7 and 8 are used for reporting unemployment compensation income and exclusion amounts. See www.irs.gov.

Next, complete your Maine individual income tax return (Form 1040ME).

On Form 1040ME, line 14, enter your federal adjusted gross income from federal Form 1040 or Form 1040-SR, line 11. This amount will reflect the amount of unemployment compensation you received that is excluded from federal and Maine income tax.

Finally, if applicable, complete Form 1040ME, Schedule PTFC/STFC.

If you complete Schedule PTFC/STFC, lines 1a through 1e, include on line 1e the total unemployment compensation you and your spouse, if applicable, received during the year.

If you complete Schedule PTFC/STFC, lines 2a through 2d, include on line 2a the sum of the total income from federal Form 1040 for Form 1040-SR, line 9 plus the unemployment compensation included in calculating federal Form 1040 or Form 1040-SR, Schedule 1, line 8.

If you <u>have</u> already filed your 2020 Maine individual income tax return:

You must file an amended Maine individual income tax return based on your federal adjusted gross income that excludes the eligible amount of unemployment compensation you and your spouse, if applicable, received during the year.

If your federal return was automatically adjusted by the Internal Revenue Service for the excludable amount of unemployment compensation, you will need to obtain your updated federal adjusted gross income amount that reflects the exclusion in order to properly file an amended Maine income tax return.

Enter on Form 1040ME, line 14 the updated federal adjusted gross income amount and complete the remainder of the Maine return following the instructions, including the updated instructions for Schedule PTFC/STFC.

<u>Above-the-line charitable contributions: Conformity</u> - Follow the line instructions for the forms listed below:

- Form 1040ME, Schedule NR, line 3
- Form 1040ME, Schedule NRH, line 3
- Form 1040ME, Worksheet B, line 12

Educational Opportunity Tax Credit:

- Work Requirement Suspended for tax years beginning in 2020: Maine residents who
 were employed in Maine prior to, or during, the COVID-19 pandemic and who became
 unemployed as a result of COVID-19 but who are still making student loan payments may
 claim the EOTC, to the extent otherwise qualified.
- <u>Loan Forbearance /Deferment</u>: For tax years beginning on or after January 1, 2020, student loan payments made by individuals in deferment or forbearance, including those subject to a federal student loan administrative forbearance pursuant to the federal Coronavirus Aid, Relief, and Economic Security ("CARES") Act or federal Executive Order, will qualify for the EOTC as long as all other eligibility criteria are met.

Your required loan amount due will be the amount that would be otherwise due but for forbearance or deferment. If the amount cannot otherwise be determined, the amount considered due will be equal to the benchmark loan payment.

See instructions for the 2020 Educational Opportunity Tax Credit Worksheet, Loan Payment Schedule, Column B.

<u>Credit for Tax Paid to Another Jurisdiction</u>: For tax years beginning in 2020, a Maine resident who began teleworking in Maine due to the COVID-19 pandemic and who was performing the same services from a location outside of Maine immediately prior to the COVID-19 state of emergency declared by the Governor, or declared by the jurisdiction where the employee was performing the services, is allowed to claim the tax credit for income tax paid to other jurisdictions to the extent that:

- the services were performed during 2020 during the state of emergency period;
- the other jurisdiction is asserting the income is sourced to that jurisdiction; and
- the employee does not qualify for an income tax credit in that jurisdiction for income taxes paid as a result of the compensation.

Form 1040ME due date: Thursday, April 15, 2021

Printed Under Appropriation 010 18F 0002.07

Reporting use tax on income tax return. 36 M.R.S. §1861-A. For tax years beginning on or after January 1, 2020, the requirement that a tax table be used to calculate use tax reportable on individual income tax returns is repealed. However, taxpayers may continue to report unpaid use tax liability on Maine individual income tax returns. For taxable items having a sales price no greater than \$1,000, the use tax may be estimated by multiplying Maine adjusted gross income by .04%. For items with a sales price greater than \$1,000 but no more than \$5,000, the actual unpaid use tax liability for each taxable purchase must be reported. Use tax on items that cost more than \$5,000 must be reported on an individual use tax return by the 15th day of the month following the purchase.

ABLE savings account subtraction modification. 36 M.R.S. § 5122(2) (QQ). For tax years beginning on or after January 1, 2020, earnings on funds held in a qualified Achieving a Better Life Experience (ABLE) account are deductible in calculating Maine taxable income.

Bonus depreciation / Maine capital investment credit. 36 M.R.S. §§ 5122(2)(RR) and 5219-NN. For property placed in service during a tax year beginning on or after January 1, 2020, the bonus depreciation addition modification with respect to property for which the Maine capital investment credit is claimed (36 M.R.S. § 5122(1)(KK)(1)) may be recaptured in future tax years over the life of the asset. Thus, affected property may, for Maine tax purposes, qualify for both regular depreciation and the Maine capital investment credit.

Student loan payment subtraction modification. 36 M.R.S. § 5122(2) (SS). For tax years beginning on or after January 1, 2020, a qualified health care employee (generally, an individual who is licensed as a registered nurse, practical nurse, osteopathic physician, or to practice medicine or surgery and is employed by a hospital in Maine) may claim, to the extent included in the employee's federal adjusted gross income, the income subtraction modification for student loan payments made by an employer directly to the lender. The modification may not be claimed for any loan payment amounts subtracted under 36 M.R.S. § 5122(2) (FF).

Standard deduction amount. 36 M.R.S. § 5124-C(1-A). For tax years beginning on or after January 1, 2020, the Maine standard deduction is equal to the federal standard deduction amount, subject to the Maine phase-out. Previously, the Maine standard deduction was limited to the federal standard deduction amount determined under Internal Revenue Code, Section 63 and did not include any additional federal standard deduction amount contained in other provisions of federal law.

Personal exemption. 36 M.R.S. § 5126-A(1). For tax years beginning on or after January 1, 2020, a married taxpayer may claim a Maine personal exemption deduction for that taxpayer's spouse when not filling a joint return as long as the spouse has no gross income during the taxable year and, notwithstanding the temporary suspension of the federal personal exemption deduction through 2025, a personal exemption deduction would be allowed for the spouse for federal income tax purposes.

Property tax fairness credit. 36 M.R.S. § 5219-KK. For tax years beginning on or after January 1, 2020, the property tax fairness credit is increased to 100% of the benefit base that is greater than 5% (previously 6%) of the individual's income, up to \$750 (\$1,200 for individuals 65 years of age or older).

Earned income credit. 36 M.R.S. §5219-S. For tax years beginning on or after January 1, 2020, the Maine earned income credit is increased from 5% to 12% of the federal earned income tax credit (25% for eligible individuals who do not have a qualifying child). The credit is also extended to individuals who are 18 to 24 years of age, have no qualifying children, and are otherwise qualified for the federal earned income tax credit.

Maine capital investment credit. 36 M.R.S. § 5219-NN. For property placed in service in Maine during a tax year beginning on or after January 1, 2020, the Maine capital investment credit is reduced to 1.2% of the bonus depreciation addition modification required with respect to that property under 36 M.R.S. § 5122(1)(KK)(1). See discussion above regarding the recapture of the bonus depreciation addition modification in future tax years.

Maine Children's Cancer Research Fund. 36 M.R.S. §§ 5283-A and 5292. For tax years beginning on or after January 1, 2020, a new voluntary contribution check-off is added to the Maine individual income tax form, Schedule CP, for the Maine Children's Cancer Research Fund. The purpose of the fund is to provide grants and other funding to support children's cancer research provided by research facilities in Maine that operate children's cancer programs.

Excess business losses for noncorporate taxpayers. Under the federal Coronavirus Aid, Relief, and Economic Security (CARES) Act, the effective date for the limitation on noncorporate excess business losses was deferred to tax years beginning after December 31, 2020. For Maine income tax purposes, an adjustment must be made to reverse the effect of noncorporate excess business losses used to reduce federal adjusted gross income. The amount of excess business loss disallowed for Maine tax purposes may be carried forward to subsequent tax years to the extent the carryforward amount has not been previously used to offset Maine taxable income. See Schedule 1S, line 11, and related instructions.

Business interest deduction exceeding 30% of federal adjusted taxable income. The federal CARES Act increases the allowable business interest deduction from 30% to 50% of federal adjusted taxable income. For Maine income tax purposes, business interest greater than 30% of federal adjusted taxable income may not be used to reduce Maine taxable income. This amount required to be added back may be subtracted in future years.

GENERAL INSTRUCTIONS

Who must file? A Maine income tax return must be filed by April 15, 2021 if you are a resident of Maine who is required to file a federal income tax return or if you are not required to file a federal return, but do have income subject to Maine income tax resulting in a Maine income tax liability. Even if you are required to file a federal income tax return, you do not have to file a Maine income tax return if you have no addition income modifications (Form 1040ME, Schedule 1A, line 13) and your income subject to Maine income tax is less than the sum of your Maine standard deduction amount plus your personal exemption amount. However, you must file a return to claim any refund due to you. Generally, if you are a nonresident or a "Safe Harbor" resident who has income from Maine sources resulting in a Maine income tax liability, you must file a Maine income tax return. See below for more information on residency, including "Safe Harbors." Nonresidents - see Schedule NR instructions for minimum taxability thresholds. Also see, 36 M.R.S. § 5142(8-B) and Rule 806.

What is my Residence Status?

To determine your residency status for 2020, read the following.

Domicile: Domicile is the place an individual establishes as his or her permanent home and includes the place to which he or she intends to return after any period of absence. A number of factors associated with residency are relevant in the evaluation of a claimed domicile. A domicile, once established, continues until a new, fixed and permanent home is acquired. To change domicile, a taxpayer must exhibit actions consistent with a change. No change of domicile results from moving to a new location if the intent is to remain only for a limited time, even if it is for a relatively long duration.

- Full-Year Resident: 1) Maine was my domicile for the entire year of 2020; or 2) I maintained a permanent place of abode in Maine for the entire year and spent a total of more than 183 days in Maine.
- "Safe Harbor" Resident (treated as a nonresident):

General Safe Harbor - Maine was my domicile in 2020, I did not maintain a permanent place of abode in Maine, I maintained a permanent place of abode outside Maine and I spent no more than 30 days of 2020 in Maine. Individuals qualifying under the safe harbor rule will be treated as a nonresident for Maine individual income tax purposes. **File Form 1040ME and Schedule NR or NRH**.

Foreign Safe Harbor - I spent at least 450 days in a foreign country during any 548-day period occurring partially or fully in the tax year. The taxpayer must also meet other eligibility criteria. If you qualify for the Foreign Safe Harbor, you will be considered a "Safe Harbor" Resident and treated as a nonresident for the 548-day period even though you were domiciled in Maine.

- Part-year Resident: I was domiciled in Maine for part of the year and was not a full-year resident as defined in 2) above. File Form 1040ME and Schedule NR or NRH.
- Nonresident: I was not a resident or part-year resident in 2020, but I
 do have Maine-source income. Follow the federal filing requirements
 for filing status, federal adjusted gross income, and standard or
 itemized deductions. File Form 1040ME and Schedule NR or NRH.

For additional information on determining Maine residency or if you are in the military, see the Maine Revenue Services *Guidance to Residency Status* and *Guidance to Residency "Safe Harbors"* available at www.maine.gov/revenue/tax-return-forms (click on Income Tax Guidance Documents) or call the forms line at (207) 624-7894.

Note: For items that cost \$1,000 or more, you must add the tax on those items to the percentage amount. Use tax on items that cost more than \$5,000 <u>must</u> be reported on an individual use tax return by the 15th day of the month following its purchase. SCHEDULE 1A — ADDITION INCOME MODIFICATIONS - See page 19

For more information on Maine income modifications, visit www.maine.gov/revenue/tax-return-forms.

Also include the taxpayer's distributive share of addition modification items from partnerships, S corporations and other pass-through entities.

Line 1. Enter the **income from municipal and state bonds, other than Maine,** that is not included in your federal adjusted gross income (i.e., enter bond interest from City of New York but not Portland, Maine).

Line 2. Net operating loss recovery adjustment. Enter on this line any amount of federal net operating loss carry forward that has been previously used to offset Maine addition modifications. For more information, go to www.maine.gov/revenue/tax-return-forms (select Income Tax Guidance Documents).

Line 3. Enter 2020 Maine Public Employees Retirement System contributions. See your Maine state or municipal W-2 form.

Lines 4 and 5. Bonus depreciation add-back. Lines 4 and 5 relate to Maine's decoupling from the federal special depreciation deduction through IRC § 168(k), commonly known as bonus depreciation. To calculate the amount to enter on these lines, complete a pro forma federal Form 4562 as if no bonus depreciation was claimed on the property placed in service in tax year 2020.

The total addition modification is the difference between the federal depreciation claimed on Form 4562 and the depreciation calculated on

the pro forma Form 4562. If any of the property placed in service in tax year 2020 is located in Maine and the Maine capital investment credit is claimed, the total addition modification must be divided between lines 4 and 5. Otherwise, the entire addition must be entered on line 4. Enclose copies of the original and pro forma federal Forms 4562, along with the add-back calculation, with the return.

For more information, go to www.maine.gov/revenue/tax-return-forms (select *Income Tax Guidance Documents*). Also, refer to the instructions for Schedule 1S, line 9 below.

Line 4. Bonus depreciation add-back: Enter on this line the total bonus depreciation add-back calculated above less the amount of Maine capital investment credit add-back from line 5. Amounts entered on this line are eligible for the recapture subtraction modification on Schedule 1S, line 9 in future years.

Line 5. Maine capital investment credit bonus depreciation addback: The Maine capital investment credit is available to businesses that place depreciable property in service in Maine during the taxable year beginning in 2020.

Enter on this line the portion of the bonus depreciation add-back calculated above relating to property for which the Maine capital investment credit is claimed, based on original basis of property placed in service in tax year 2020. For example, if you purchased \$400,000 of eligible property and \$100,000 of that property is located in Maine and included in the credit base, the portion of the add-back to include on this line is \$100,000/\$400,000 or 25% of the total bonus depreciation add-back calculated above.

Property that is transferred out of state or disposed of within 12 months after being placed in service in Maine is not eligible for the Maine capital investment credit. Amounts entered on this line are eligible for the recapture subtraction modification on Schedule 1S, line 9 in future years.

Line 6. Enter your share of a **fiduciary adjustment** (addition modifications) relating to income from an estate or trust (36 M.R.S. § 5122(3)). Attach a copy of your federal Schedule K-1.

Line 7. Election to recognize total gain from the sale of Maine real or tangible property – nonresidents only. Nonresident individuals may elect to recognize the entire gain from an installment sale during the taxable year of real or tangible property located in Maine. The election may only be made on a timely filed original return and, once made, is irrevocable. Enter on this line the total gain from the sale of the Maine property that would have been included in your federal adjusted gross income if you had not reported the gain on the installment sale basis, less the amount of the gain from the sale already included in your federal adjusted gross income reported on Form 1040ME, line 14. An entry on this line constitutes an election under this paragraph.

Line 8. Adjustment for loss, deductions and other expenses of a pass-through entity financial institution subject to Maine franchise tax. Under Maine law, financial institutions are subject to the Maine franchise tax, regardless of how the institution is organized. This includes a financial institution organized as a pass-through entity, such as a partnership or limited liability company. Maine law provides that the income from an ownership share in a pass-through entity financial institution is not taxable income on the owner's Maine income tax return. In like manner, any loss, deduction or expense of a pass-through entity financial institution reflected in an owner's federal income is not permitted in calculating the Maine taxable income of the owner. (36 M.R.S. § 5122(1)(K)).

Line 9. Wellness programs tax credit adjustment. Maine taxpayers who claim the Maine credit for wellness programs under 36 M.R.S. § 5219-FF and deducted related expenses on their federal tax return must increase Maine taxable income by the amount federal income was reduced. (36 M.R.S. § 5122(1)(EE)).

Line 10. Excess business losses for noncorporate taxpayers. Under the federal Coronavirus Aid, Relief, and Economic Security (CARES) Act, the effective date for the limitation on noncorporate excess business losses was deferred to tax years beginning after December 31, 2020. For Maine income tax purposes, an adjustment must be made to reverse the effect of noncorporate excess business losses used to reduce federal adjusted gross income. To calculate this amount, complete a pro forma federal Form 461 (use the 2019 federal Form 461, except substitute \$259,000 (\$518,000 if married filing jointly) for \$255,000 (\$510,000 if married filing jointly) on line 15). If the federal pro forma Form 461, line 16 is negative, enter the amount as a positive number on this line. If the federal pro forma Form 461, line 16 is positive, enter zero on this line. The amount of excess business loss disallowed for Maine tax purposes may be carried forward to subsequent tax years to the extent the carryforward amount has not been previously used to offset Maine taxable income. See Form 1040ME. Schedule 1S, Income Subtractions, Line 11, and related instructions.

Line 11. Business interest deduction exceeding 30% of federal adjusted taxable income. The federal CARES Act increases the allowable business interest deduction from 30% to 50% of federal adjusted taxable income. For Maine income tax purposes, business interest greater than 30% of federal adjusted taxable income may not be used to reduce Maine taxable income. To calculate this amount, complete a pro forma federal Form 8990 using the 30% business interest deduction limitation. Enter the difference between the allowable interest deduction using the 50% limitation on federal Form 8990, Line 26 and the interest deduction calculated using the 30% limitation on the pro forma federal Form 8990, Line 26. Note: Do not complete this line if the federal business interest expense deduction does not exceed 30% of federal adjusted taxable income.

The carryover period for suspended NOL recapture subtraction modifications is equal to the allowable federal NOL carryforward period plus the number of years the subtraction modification was suspended. Also include on this line the amount of NOL carryforward resulting from excess business losses not allowed to be claimed for Maine tax purposes for a tax year beginning in 2018 or 2019.
