Achievements at a glance

Practice, Persistence and Performance are the guiding words that have formed the basis of every success at Resonance. Under the visionary leadership of Mr. R. K. Verma (RKV Sir), Resonance began its journey in the year 2001 with the objective of raising the bar of excellence in career education. Quality education and guidance should reach to the remotest of the places so that dream of making it to the premier institutes of India can come true.

In last 20 years, we have added to our services and offerings so that every student can get the opportunity to achieve their dreams. Today, carving a niche in space of career education, Resonance has spread its wings in almost all states and benefitting students across India.

Chasing excellence persistently has brought in many laurels for Resonance regularly. In 2017, Kalpit achieved the unthinkable score of 360/360 in JEE (Main) and his effort found a mention in the Limca Book of Records. In 2017-18, Pawan Goyal made history by securing AIR-4 in JEE Advanced and AIR-6 in JEE Main. He bagged highest marks (350 / 360) in JEE Main and for second consecutive year student of Resonance scored highest marks in JEE (Main). Pawan Goyal also won prestigious Gold Medal at International Physics Olympiad 2018. Shubhankar Gambhir from Classroom Program kept Resonance's Success Flag high and achieved yet another 100 Percentile in JEE Main 2019. By scoring 100 Percentile for three consecutive years, Resonance students have set a milestone for others to follow.

In a nutshell, Resonance is delivering excellent results for past 20 years. So far, 46500+ students of Resonance have got into IITs & more than 240000 students have qualified for NITs & other engineering colleges. 17000+ students have qualified in NEET/AIIMS since 2012. There are 2160+ NTSE Scholars, 2536+ KVPY Fellowship Winners, 51 Medalists with 13 Gold Medals in International Olympiads (since 2006) and 2240+ selections in CA (all stages), 1696 CS, 53 students in CLAT since 2013. 3 times AIR- 1 in CS Foundation exam attempts: June 2019, June 2018 & December 2017 & AIR-1 in CA Final 2018 (November attempt). All these students are making important strides in their respective fields across various segments and they happily owe their success to Resonance.

EDU-SYSTEM

Resonance has a highly systematic and standardized system of teaching. Our study material, course planning, testing system, timetable, performance monitoring system etc. are all pre-defined and well set. All systems work according to these rules and deliver a uniform and high-quality learning experience to all students.

Key Processes: Academics

- Course & Lecture Planning
- Teaching Methodology
- Lecture Notes Preparation
- Faculty Productivity Management
- Study Material Development & Question Bank Management
- Test Paper Preparation
- Regular Class Management
- Student's Performance Management
- Academic Quality Control & Auditing
- Academic Research & Development
- Orientation & Motivation Classes
- Special Classes for Performance Improvement
- Faculty Discipline & Performance Management
- Online Test Program

Student Mentoring System

We understand the importance of different components, tools, and techniques of training, which are necessary for results and we term this system as "The RESO Way"

1 Academic Team (Faculty)

Teacher understands how to make you LEARN.

3 Daily Practice Problems (DPPs)

Daily Practice for strengthening the daily learning.

5 Doubt Classes (DCs)

Every question has an answer one to one.

7 Academic Research & Development (R&D)

Developing new teaching aids and questions

9 Online Learning Platform

Facility of Online Classes & Recorded Lectures

11 Concept Building Classes

Theory of certain important topics is taught after the course completion of Class XI to XII Moving Students along with their regular Tests & Practice.

2 Regular Classes (RCs)

Fundamental learning through rigorous & enriched classroom experience.

4 Practice Booklet (Sheets)

Experience and knowledge in a well written form. More practice towards perfection.

6 Periodic Assessment Tests (PATs)

Assessment through online & offline Tests

8 Academic Administration and Management

Managing entire learning experience

10 Co-academic Arrangements

Timely support & stress free learning.

12 Clinic Classes

Special Classes arranged for weak and missed Topics to enhance student's performance during the session.

Teaching Methodology

Over the years, Resonance has developed a highly effective teaching methodology^a, which has produced astonishing results year after year. This teaching methodology is

1. Uniform and highly standardised
3. Comprehensive and well planned

2. Evolved and Tested
4. Regularly monitored and updated

Subjects Covered^b
Physics, Chemistry, Maths /
Biology for NEET

Class Duration^c
1 Class of 90 minutes

Class Frequency
3-6 Classes Per Subject
Per Week

Regular Classes
Faculty Lectures,
Class Notes

Study Material - Board^d
Board Work Sheets,
Board Sheets

Study Material - Competition
Daily Practice Problems (DPPs),
Practice Sheets

Books^e
NCERT Books, Some
Standard Books

Periodic Testing
Part/Cumulative Syllabus Testing
on Board / Competition Pattern
(Once in 3-4 weeks)

Doubt Removal Classes
Regularly held as per Academic
need of the students

Revision Planning
Revision Planner, Major Tests,
Open Tests etc.

a The above teaching methodology is followed at Kota. The students/parents may see 'some' variation in this methodology at Study Centres across the country due to varying needs of students in the respective city and availability of time to cover the syllabus.

b Special Classes for English, 5th subject & Practical are also held at Kota study centre (for other study centres, please contact the respective study centre) keeping in mind students' need & preparedness for Board examinations. For this, additional fee may be charged from the students.

c Books followed in the class are to be purchased by the student. Rest of the study material shall be provided by the institute.

d Applicable for board eligible candidates

e The Class Duration may be increased or decreased as per the course need.

Online Practice:

Online or Computer Based Testing system is now well established in India. All major engineering exams are now computer based.

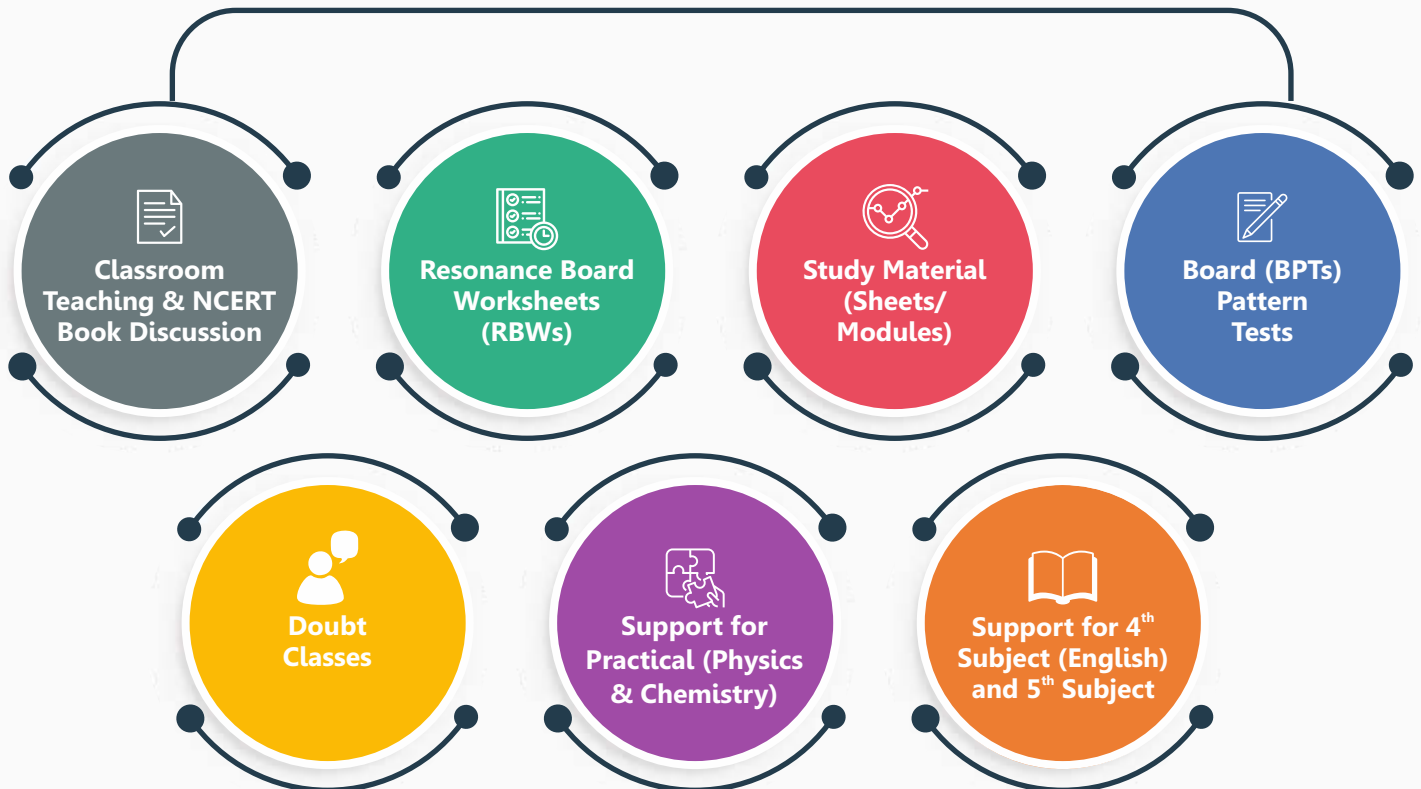

We believe it is a positive change. Online exam saves time. Candidates can edit & re-edit their answers. A coloured panel is provided to track the status of the exam. There is less scope of printing errors. Evaluation process is quick and error free with detailed analysis.

Staying in sync with times, Resonance has developed a state-of-art Computer facility in which students can practice online tests and view recorded lectures. Students can book their slots and use this facility to view recorded lectures or take computer-based tests.
