3. TOOLS

Ball winders	26
Brushes	26
Circon micro tools	26
Clamps	26
Cork borers	26
Cutting mats	26
Hangers	26
Laboratory supplies	26
Linen testers	26
Magnets	27
Mapd rulers	27
Needles	27
Needle holders	28
Niddy Noddy	28
Pins	28
Rollers	28
Rulers	29
Scalpels	29
Scissors	29
Temperature indicator strips	29
Tweezers	30
Weights	30

4. EQUIPMENT

Balances	32
Bonding tables	32
Carts	32
Containers, stainless steel	32
Cord reels	32
Custom equipment	32
Custom furniture	32
Data loggers, environmental monitoring equipment	32
Drafting stools	32
Equipment: dyeing, finishing, colour and light measurement	32
Fans	33
Frames and hoops	33
Fumehoods	33
Fume extraction equipment	33
Hose reels	33
Hot glue guns	33
Hot plates	33

Hot spatulas	33
Lamps	33
Light meters	33
Microscopes and related instruments	34
Modular metal storage drawer cabinets	34
pH meters	34
Pressure tools/ staple guns	34
Racks, roll storage	34
Refrigerators	34
Safety cabinets	34
Shelf system: shelving units, carts and tables	34
Slide viewers	34
Spray guns	35
Staple guns	35
Steamers	35
Stirring plates	35
Store displays and storage systems	35
Suction tables	35
Tables and laboratory furniture	35
Tacking irons	35
Tapestry hanging systems	35
Tempered glass	36
Timers	36
Tool cabinets	36
Trays	36
Vacuum cleaners	36
Vacuum hot tables	37
Variable transformer	37
Wash tanks and custom intergrated furniture	37
Wash tables	37
Water temperature controls and filtration systems	37
Wetting systems and custom fabricated equipment	37

5. APPENDICES

Appendix A (Canadian suppliers)	40
Appendix B (American suppliers)	60
Appendix C (European suppliers)	64

INTRODUCTION

The RESOURCE CATALOGUE is a source of suppliers for materials, tools and equipment used in textile conservation. At present, the majority of the addresses come from Canada, especially from the provinces of Ontario and Québec. In future, we would encourage the participation of our fellow subscribers in order to build a more complete catalogue. New addresses could be published in the Textile Conservation Newsletter or compiled in a revised copy.

The RESOURCE CATALOGUE is a guide in one's search for materials and equipment. The descriptions are brief and general. Sections 2, 3 and 4 of the catalogue list the supplies and the supplier's name. Section 5 (appendices A, B and C) lists, in alphabetical order, addresses of Canadian, American and European suppliers respectively. Letters such as (A), (B) and (C) following a supplier's name indicate in which appendix you can find the address. An asterisk * next to a supplier's name indicates that the supplier carries only the item with the corresponding asterisk (*) and not all the items listed in the same group. We have included toll free numbers to allow the user to contact the company at no cost as well as inquire for distributors close to her/his institution. Some wholesale addresses have been included to allow the customer to further acquire information.

Suppliers mentioned in the RESOURCE CATALOGUE are suggested sources only for the items relevant to our work and their inclusion here in no way implies endorsement by the Government of Canada.

I would like to acknowledge the following institutions for the support provided in reviewing the RESOURCE CATALOGUE: the Canadian Conservation Institute, le Centre de conservation du québec, the Canadian Museum of Civilisation, the Canadian War Museum, Heritage Presentation and Public Education Branch - Parks Canada, Le Musée McCord d'histoire canadienne, the Professional and Technical Service Centre - Parks Canada (Winnipeg) and the Royal Ontario Museum.

Comments or concerns as well as additional information may be addressed to:

Lucie Thivierge
Textile Conservator
Canadian Heritage - Parks Canada

e-mail: janice_brodie@pch.gc.ca

DYE ENQUIRY

*Buying dyes seems to be an ongoing concern. We have included a number of addresses in the **RESOURCE CATALOGUE**, and would like to encourage textile conservators from Canada, the United States and overseas to share their dye information with us to improve this listing.*

We know that Canadian conservators have long had difficulty in purchasing small quantities of dyes and auxiliaries. We have located an Ottawa company who has expressed a willingness to sell small quantities but they need to know what people want to buy. The success of this venture is dependant on your response - it would be helpful to include a suggested quantity you would be prepared to purchase.

We would appreciate your help with these two projects by filling in this information sheet and returning it to the address below. The results of the enquiry will be published in the TCN.

INSTITUTION'S NAME/ADDRESS:
(Include fax/phone/e-mail)

<u>DYES</u>	<u>CHEMICAL/AUXILIARY PRODUCTS</u>	<u>SUPPLIERS' ADDRESS(ES)</u>
