

**Resume of**  
**John J. Lentini, CFI, D-ABC**  
**Scientific Fire Analysis, LLC**  
**88005 Overseas Highway, #10-134**  
**Islamorada, FL 33036**  
**(770) 815-6392**

*email: [scientific.fire@yahoo.com](mailto:scientific.fire@yahoo.com), website: [www.firescientist.com](http://www.firescientist.com)*

## **Capabilities**

He can investigate fire or explosion scenes, locate the point of origin, determine the cause and chemically determine the presence of ignitable liquid residues. He can evaluate the validity of the work of other investigators through review of reports, testimony, photographs and other data. He is familiar with fire and building codes and can determine whether a structure, product, service or installation met applicable code requirements prior to a fire or other loss. He is capable of performing all types of chemical and instrumental analyses and giving expert testimony as to the results of his investigations and analyses.

## **Scientific Fire Analysis Responsibilities**

President and Principal Investigator. Provides training to fire investigators, fire litigators and the public. Conducts preliminary evaluations of customer problems. Supervises or reviews investigations in the area of fire, arson, explosion, and asphyxiation, including review of chemical analysis issues. Prepares and presents expert testimony. Provides litigation support.

## **Education**

B.A. in the Natural Sciences (Chemistry, Biology, Physics), New College, Sarasota, FL, June 1973.  
Postgraduate courses in Chemistry and Criminal Investigation, University of Akron, OH, 1973-74.  
Twenty credit hours Graduate Level Chemistry, Georgia State University, Atlanta, GA, 1979-80.

## **Training**

Short Course in Instrumental Analysis, F.B.I. Academy, Quantico, VA, 1976.  
Seminar on Arson and Fraud Investigation, University of Alabama at Birmingham, 1979.  
Seminar on Gas Fires and Explosions, University of Alabama at Birmingham, 1980.  
33<sup>rd</sup>, 35<sup>th</sup>, 37<sup>th</sup>, 39<sup>th</sup>, 40<sup>th</sup>, 42<sup>nd</sup>, 59<sup>th</sup>, 61<sup>st</sup>, 67<sup>th</sup> and 70<sup>th</sup> International Association of Arson Investigators (IAAI) Annual Seminars.  
Southeast Arson Seminar, University of Georgia, 1979-84, 1996, 2002.  
American Academy of Forensic Sciences (AAFS), Annual Meetings, 1988-2020.  
National Fire Protection Association (NFPA) Life Safety Code Seminar, Nashville, TN, 1991.  
IAAI Electrical Fire Investigation Seminar, Atlanta, GA 1991.  
AAFS Workshop on Contemporary Issues of Fire Investigation and Analysis (Panelist) Seattle, WA, 1995.  
FBI International Symposium on the Forensic Aspects of Arson Investigations, Fairfax, VA, 1995.  
Georgia Fire Investigators Association (GFIA) Seminar on Appliance Fires, Decatur, GA, 1997.  
Workshop on Fire Investigations, Forensic Science Society, Harrogate, England, 1997.  
Anglo-American Fire Investigation Conference, Brunel University, Uxbridge, England, 1997.  
Forensic Fire Engineering and Failure Analysis, Society of Fire Protection Engineers (SFPE), 1998.  
International Fire Investigation Conference, Brunel University, Uxbridge, England, 1999.  
Fire Litigation Seminar, National Association of Fire Investigators (NAFI)/NFPA, Sarasota, FL, 2000.  
Lightning 101, Global Atmospheric, Inc., Atlanta, GA, 2000.  
Technical Working Group on Fire and Explosion Investigations, 2<sup>nd</sup>, 3<sup>rd</sup> and 4<sup>th</sup> Annual Symposia, Orlando, FL, 2002-2004.  
Fire Dynamics Seminar, NFPA Technical Committee on Fire Investigations, Baltimore, MD, 2003.

## Training (continued)

First International Symposium on Fire Investigation, Fire Service College, Moreton, England, 2004.  
10<sup>th</sup> International Fire Science & Engineering Conference (Interflam), Edinburgh, Scotland, 2004.  
Introduction to Fire Dynamics Simulator and Smokeview, SFPE, Chicago, IL, 2004.  
International Fire Investigation Conference, Brunel University, Uxbridge, England, 2005.  
Second International Symposium on Fire Investigation, University of Cincinnati, Cincinnati OH, 2006.  
Third International Symposium on Fire Investigation, University of Cincinnati, Cincinnati OH, 2008.  
Fourth International Symposium on Fire Investigation, University of Maryland, Columbia, MD, 2010.  
International Association of Arson Investigators Annual Training Conference, Las Vegas, NV, 2011, 2014.  
Fifth International Symposium on Fire Investigation, University of Maryland, Columbia, MD, 2012.  
Australian Associations of Fire Investigators, Achieving Better Outcomes, Gold Coast, QLD, 2014.  
Canadian National Advanced Fire, Arson and Explosion Training Conference, Markham, ON, 2015  
Louisiana Association of Arson Investigators, Annual Training Conference, Baton Rouge, LA, 2015  
67<sup>th</sup> Annual Training Course, International Association of Arson Investigators, May 18, 2016, Orlando, FL.  
Canadian National Advanced Fire, Arson and Explosion Training Conference, Markham, ON, 2016.

### CFI Trainer.net modules

The Scientific Method for Fire and Explosion Investigations, 2006.  
Introduction to Fire Dynamics and Modeling, 2008.  
A Ventilation-Focused Approach to the Impact of Building Structures and Systems on Fire Development, 2009.  
Post Flashover Fires, 2009.  
Motive, Means and Opportunity: Determining Responsibility in an Arson Case, 2010.  
Evidence Examination: What Happens at the Lab?, 2011.  
Understanding Fire Through the Candle Experiments, 2011.  
The Practical Application of the Relationship Between NFPA 1033 and NFPA 921, 2013.  
NFPA 921 and 1033 2014 Editions: Important Revisions, 2014.  
Fundamentals of Residential Building Construction, 2014.  
Wildland Fire Investigation, 2014.  
Electrical Safety, 2014.  
Residential Natural Gas Systems, 2015.  
Thermometry, Heat and Heat Transfer, 2017.  
Fire Investigator Scene Safety, 2017.  
Fire Chemistry, 2018.  
Arc Mapping Basics, 2018.  
NFPA 1033 and Your Career, 2020.

## Professional Certifications and Licensure

He holds certifications from both the International Association of Arson Investigators (IAAI) and the National Association of Fire Investigators (NAFI). He is also a certified Diplomate of the American Board of Criminalistics (ABC). He held ABC Fellow status with a specialty in Fire Debris Analysis from 1993 to 2008.

He holds Florida private investigator's license number C 2600083. Florida has reciprocal license agreements with the following states: CA, GA, LA, NC, OK, TN, VA.

## Experience

**Applied Technical Services, Inc.** January 1978 - October 2006

Manager, Fire Investigations. Authored over 3,000 technical reports. Supervised two fire investigators and an electrical engineer. Managed a chemical analysis laboratory for fire debris using gas chromatography-mass spectrometry (GC-MS). Analyzed more than 20,000 fire debris samples. Served as project manager for major fire investigations. Conducted over 2,000 fire scene inspections. Conducted chemical analyses, designed and conducted physical experiments to re-create fire scenarios. Provided training, consulting and expert witness testimony.

## Experience (continued)

### **Metallurgical Engineers of Atlanta** May - December 1977

Fire scene inspection. Chemical analysis of fire debris. Quantitative chemical and physical analysis on all types of metal. Radiographic inspection of fittings and welds.

### **State of Georgia Crime Laboratory** August 1974 - May 1977

Qualitative and quantitative analysis of all types of physical evidence associated with violent and/or property crimes and testifying to the results of such analyses. Responding statewide to conduct field investigations for law enforcement agencies. Instruction of law enforcement officers in the collection and preservation of physical evidence.

## Courtroom Experience

Since 1975, he has given expert testimony in over two hundred cases in civil and criminal court in several states and in the Federal Courts. He has testified for both Plaintiffs and Defendants and has been appointed three times as a neutral (Rule 706) expert hired to advise the Court. A schedule of testimony both in trial and in depositions, is available upon request.

## Professional Associations

Member, National Fire Protection Association (NFPA) Technical Committee 921 on Fire Investigations, 1996-2018. (Representing ASTM Committee E30 on Forensic Sciences)

Member, NFPA Technical Committee 1033 on Fire Investigator Professional Qualifications, 2012-present.

Member, NIJ/NIST Organization of Scientific Area Committees (OSAC), Subcommittee on Fire and Explosion Investigation, 2014-2019.

Fellow of the American Academy of Forensic Sciences (AAFS) 1995-present. (Member since 1988)

AAFS Criminalistics Section: Chair, Nominating Committee, 1999-2007, Co-chair Program Committee 2012, Chair, Program Committee 2013, Section Secretary, elected 2014, Section Chair, elected 2015.

Member, AAFS Ethics Committee, 2019-present.

Chair, ASTM Committee E30 on Forensic Sciences, elected 1999, re-elected 2001 and 2003.

Director, American Board of Criminalistics (ABC), elected 1993, re-elected 1996.

Chair, ABC Proficiency Administration Committee, 1993-1999.

Member, Editorial Board, *Journal of Forensic Sciences*, 2003-2018.

Peer Reviewer, *Forensic Science International*, 2006-present.

Peer Reviewer, *Fire Safety Journal*, 2006-present.

Member, Scientific Working Group on Fire and Explosion Investigations (SWGEX), 1997-2014.

Member of the National Association of Fire Investigators (NAFI), 1996-present.

Member of the International Association of Arson Investigators (IAAI), 1978-2001, 2008-present.

Member of the Florida Chapter of the IAAI, 2008-present.

Chair, IAAI Forensic Science Committee, 1988-1991.

Member of the American Chemical Society (ACS), 1978-present.

## Awards

Winner, Best Forensic Science Books of All Time (#6 of 70), Book Authority, 2020.

Journal of Forensic Sciences, Award of Merit, 2018.

Saferstein Memorial Distinguished Lecturer at Northeastern University, 2017.

Society of Fire Protection Engineers, "Person of the Year" Award, 2015.

Levy Scholars and Rodin-Silverman Scholars Lecturer, U Penn Law School, 2015.

American Academy of Forensic Sciences, Criminalistics Section Special Meritorious Service Award, 2008.

Boy Scouts of America Silver Beaver Award, Atlanta Area Council, 2004.

ASTM Award of Merit, 2001.

ASTM E30 Forensic Sciences Award, 1996.

## Publications

### Books

*Scientific Protocols for Fire Investigation*, First Edition, 2006,  
Second Edition, 2013, Third Edition, 2018, CRC Press, Boca Raton, FL

### Book Chapters

“Confronting Inaccuracy in Fire Cause Determinations,” Chapter 3 in *Forensic Science Reform*, edited by Wendy Koen and C. Michael Bowers, Elsevier, 2017.

*Encyclopedia of Forensic Sciences, 2<sup>nd</sup> Edition* contributor of three entries (“Evidence Collection at Fire Scenes;” “Fire Scene Inspection Methodology;” “Fire Patterns and Their Interpretation”) edited by Jay Siegel, Pekka Saukko and Max Houck, Academic Press (Elsevier), London, 2013.

“Fire Scene Investigation and Laboratory Analysis of Fire Debris,” Chapter 3.5 in *Forensic Science, Current Issues, Future Directions*, edited by Douglas Ubelaker, John Wiley & Sons, Hoboken, NJ, 2013.

“Analysis of Fire Debris,” Chapter 3 in *Forensic Chemistry Handbook*, edited by Lawrence Kobilinsky John Wiley & Sons, Hoboken, NJ, 2012.

“Fires, Arsons and Explosions,” Chapter 39 in *Modern Scientific Evidence: The Law and Science of Expert Testimony*, edited by Faigman, Kaye, Saks and Sanders, (2014 Editor: Erin Murphy) West Publishing Co., St. Paul, MN, 2014, (Previous revisions: 1997, 2001, 2007, 2011)

“Basic Fire Science,” Chapter 3, “Fire Patterns,” Chapter 4, “Fire Cause Determination,” Chapter 16 in *Fire Investigator Principles and Practice to NFPA 921 and 1033, 3rd Edition*. IAFC, IAAI, NFPA and Jones and Bartlett, publishers, 2011. (Chapters 3 and 4 co-authored with Jeff Spaulding Chapter 16 co-authored with Joe Sesniak.)

*Wiley Encyclopedia of Forensic Science*, contributor of five entries (“Arson Investigation: Misconceptions and Mythology;” “Fire: Chemistry of;” “Fire: Dynamics and Pattern Production;” “Fire: Scene Investigation;” “Fire Debris: Laboratory Analysis of”) and section editor for Fire and Explosives entries, edited by Allan Jamieson and Andre Moenssens, Wiley & Sons, West Sussex, UK, 2009.

“Forensic Arson Investigation,” McGraw-Hill *Yearbook of Science and Technology*, 2003.

### Standards

*NFPA 921, Guide for Fire and Explosion Investigations*, NFPA, Quincy, MA, Contributor to the 1998 through 2017 editions as principal committee member.

*Fire and Arson Scene Evidence: A Guide for Public Safety Personnel*, National Institute of Justice Office of Justice Programs, USDOJ Publication Number NCJ 181584, Contributor to the document as a member of the Editorial Board.

“Standard Practice for Investigating Carbon Monoxide Poisoning Incidents,” ASTM E2292-03, Principal Author as Task Group Coordinator.

“Standard Test Method for Flammable or Combustible Liquid Residues in Extracts from Samples of Fire Debris by Gas Chromatography,” ASTM E 1387-90. Principal Author as Task Group Coordinator.

“Guidelines for Laboratories Performing Chemical and Instrumental Analysis of Fire Debris Samples,” Principal author as Co-Chair of IAAI Forensic Science Committee, June 1988.

### Peer Reviewed Publications

“Fire Investigation: Historical Perspective and Recent Developments,” *Forensic Science Review*, Vol. 31, No. 1, 37-44, January 2019.

“Forensic Science Assessments: A Quality and Gap Analysis, Fire Investigation,” (Co-authored with Jose Almirall, Hal Arkes, Frederick Mowrer and Janus Pawliszyn) AAAS, Washington DC, 2017.

“Pernicious, Pervasive, and Persistent Literature in Fire Investigation,” *Forensic Science Research Evaluation*, edited by Bartick & Floyd, AAAS and George Washington University, 2016.

“Ignitable Liquid Residue Source Elimination by Molecular Weight Estimation,” *Proceedings of the American Academy of Forensic Sciences*, AAFS, Colorado Springs, CO, 2012.

“Totality of the Evidence or Contextual Bias: Where Do You Draw the Line?” *Proceedings of the 5<sup>th</sup> Int’l Symposium on Fire Investigations Science and Technology (ISFI)*, NAFI, Sarasota, FL, 2012.

**Peer Reviewed Publications (continued)**

- “‘Progress’ in Fire Investigation: Moving from Witchcraft and Folklore to the Misuse of Models and the Abuse of Science,” *Proceedings of the 4<sup>th</sup> International Symposium on Fire Investigations Science and Technology* (ISFI), NAFI, Sarasota, FL, 2010.
- “Forensic Science Standards: Where They Come From and How They Are Used,” *Forensic Science Policy and Management: An International Journal*, Vol. 1, No. 1, February 2009.

**Advisory Panels**

- Member, U. S. Dept. of Justice, NIJ Technical Working Group on Fire Investigations, 1997-2000.
- Member, AAFS President’s Panel on Scientific Integrity, 2009.
- Member, Technical Advisory Group for the Houston Forensic Science Center, 2015-present.
- Member, Texas State Fire Marshal’s Science Advisory Workgroup, 2016-present.
- Member, Underwriters Laboratories Fire Safety Research Institute (FSRI) Technical Panel on Fire Forensics, 2016-2019.
- Member, Forensic Fire Analysis Institute Advisory Board, 2018-present.

**Selected Recent Presentations**
