RFP - OFFICE FURNITURE - UC SYSTEMWIDE – JULY182019

Office Furniture and Related Services

On behalf of the University of California and OMNIA Partners and other government agencies and non-profits

RFP EVENT AND PROCESS SUMMARY

SECTION 1 – General Information

A. Purpose & Objectives of the Request for Proposal (RFP):

The purpose of this Request for Proposal (the “RFP”) is to invite qualified furniture manufacturers to prepare and submit proposals to the University of California (“UC”) to provide Office Furniture (“Goods”) and related services, either directly or through a subcontracted dealer network; such services to include (but are not limited to) design/consultation, delivery, and installation (“Services”) (together, the “Goods and Services) all in accordance with Federal and State of California laws and the requirements of the UC as further detailed in this RFP. Potential proposers shall note, the UC has partnered with OMNIA Partners, Public Sector to make the resultant agreement a national cooperative agreement which public agencies, across the country, will be able to utilize. As stated above, this RFP is directed to Manufacturers of Office Furnishings.

The UC system is currently contracted with two manufacturers for the supply of steel and/or wood case furniture (Ergonomic specific contracts, excepted) through October of 2020. The primary contract is delivered through a network of dealers who are integrated with the UC eProcurement platforms for the purchases of Office Furniture and accompanying services. The overall objective of this RFP is to select multiple manufacturers with similar capabilities (detailed herein), to assist the UC, and national participating agencies, in obtaining the best, most cost-effective Goods and Services of the highest quality and standards. Qualified proposers are invited to submit proposals, based on the information provided in this RFP, with the intent to establish a multi-year business alliance with the UC and OMNIA Partners that will maximize the resources of both organizations to most effectively meet the UC’s needs and those of national participating agencies’.

UC system-wide annual spend for Office Furniture (Goods and Services) is approximately \$55M annually. The bulk of these purchases were placed through a primary system-wide contract (75% including services) with the remainder being placed with other manufacturers, through local contracts/bids or through Office Supply Distribution (including SBE). These purchases do include the 5 main categories of Office Furniture (see below). In addition, in 2017 the UC conducted an Ergonomic Furniture RFP for specific categories of furniture (task seating, tall task stools, adjustable height work surfaces, monitors & keyboards) to meet more stringent UC needs and to provide choice of product for Ergonomist recommended furniture.

Utilizing a two-phased solicitation process (see Section L), it is the intent of UC to award approximately three (3) ‘Broad Line’ Manufacturers. If advantageous to the UC, it may elect to make 1-2 additional awards in the area of Architectural Elements, and/or Fixed Seating & Higher Education Classroom Furniture. It is the intent of the UC to limit the offerings of those single awards, however any single awardees will be expected to offer their full product line and service to a national program. All proposers shall note restrictions (ordering process requirements) for those two categories (see Section

2.b.). These single awards (if made) will not preclude Broad Line Awardees from offering their product in those categories or other categories, when approved.

Note: There are no minimum or maximum guarantees in this RFP. However, based on the total UC historical spend, the Proposer shall provide the best pricing for this RFP in Goods and/or Services.

B. Contract Term

The UC anticipates resulting contracts to be 'long term', defined as approximately 9 years for purposes of this RFP. Initial contract term, for resulting Agreements, shall be for a period of four (4) years dating from the contract signature date, and will provide for the possibility of five (5) extension years, exercised individually, in combinations, and/or as a single block of 5 years; to be determined by the UC at the time the option years are considered/exercised. Contract implementation is expected to be 'phased'; 1) availability of the contracts as a national program, to begin after appropriate training, resources, and marketing materials are developed (approximately spring of 2020); 2) availability of contracts to UC after development of resources, e-procurement integrations and/or process, marketing materials, site presentations culminating in service by November 1, 2020.

C. Scope of Work

Although this section reflects the needs and requirements of the UC, OMNIA Partners Participating Agencies may have different requirements. The awarded Proposer will have the ability to offer their comprehensive Office Furniture Goods and Services nationally. OMNIA Partners Participating Agencies may sign a supplemental or usage agreement with the awarded Proposer substantially based on the terms and conditions of the UC Agreement. Participating Agencies may elect to negotiate certain terms to conform to their purchasing and contracting requirements. For the purposes of this RFP and understanding UC requirements to be more rigorous in some areas of furniture specifications and service, this RFP will clearly divide UC Product and UC Service requirements, from Standard Product Specifications and Standard Service Requirements which would be applicable to national participants.

Qualified Proposers shall provide proposals encompassing both Goods and Services. For the purpose of this RFP, 'Qualified Proposers' are defined in [Exhibit 1](#) of this document, with further definition supplied here. A 'Qualified Proposer' manufactures and distributes product covering a minimum of (but not limited to) the five (5) main categories of Office Furniture (Systems, Free Standing Furniture, Storage, Seating, and Tables) which meet RFP specifications (including UC Minimum Sustainability Requirements and Ergonomic Requirements) and is capable of supplying the required services in a consistent manner, either directly or through a dealer network. Additionally, they must demonstrate sufficient 'Breadth of Product' within these categories (as an aggregate) to support a national program and offer an adequate product mix meeting UC requirements. This shall be evidenced in two ways; 1) a manufacturer's completion of Attachment #1, a spreadsheet designed to capture your company's offerings and to identify the percentage of products that will satisfy UC requirements; 2) your completion of all Tabs covering the 5 main categories of Attachment #2 – Pricing – Product and Service (Discount and Service Tabs, Cost Matrix Tab, and Sample Project Quote). Awards shall be made to individual Manufacturers as a single contracting entity, even when represented by its agents, Dealers-Authorized Dealer Services Network, and its other business entities within its supply chain for the purpose of supplying goods and services to UNIVERSITY under a contract. The term Proposer, Manufacturer, or Supplier, can therefore be used interchangeably with, Seller, Dealer, Designer, Installer, or any supply chain entity the Supplier utilizes to carry out its duties and obligations under any proposed contract to the customer.

Goods Scope: As stated above, a Proposer must provide qualifying furniture in the 5 main categories of Office Furniture (Systems, Free Standing Furniture, Storage, Seating, and Tables) and will also be afforded the opportunity to include other Office Furniture (categories and related offerings) within the

Attachment #1- Product Categories and Dealer Network and within Attachment #2 – Pricing – Product and Services; all to be uploaded within Questionnaire Section of this RFP. A Proposer's full product line and number of items carried, shall be listed on Attachment 1 and then further delineated as "Meeting UC Minimum Requirements", "Meeting UC Preferred Requirements", or "Does not Meet UC Minimum Requirements". Breadth of Product will be evaluated utilizing this information. Pricing parameters and instructions for entering that information, is located below in Section O.

Balance of Line/Comprehensive Product Offering is a feature of this solicitation. Each Proposer awarded an item under this solicitation may offer their complete manufactured product and service offering/a balance of line for Office Furniture and Related Service. Pricing for complete product offering/balance of line items will be determined by a percentage discount off the Proposer's retail price list. The pricing percentage discount for these categories/lines should be entered within the Discount & Service Pricing Tabs of Attachment #2 – Pricing – Product and Service, as well as within the Product Cost Matrix Tab 3 (if a Proposer's manufactured product). The UC reserves the right to accept or reject any or all balance of line items offered, which may include specifically limiting categories, for the UC only, if appropriate.

If a Proposer has Partner Lines of product which they are able to offer within their catalog and under the same terms and conditions (including price controls/price changes, dealers used/services, inclusion in proposer's eCommerce catalog, and management by the "Supplier"), a Proposer may include those offerings within Attachment #2, on the Discount Service Pricing Tabs (1&2) . Partner Lines must be identified as such and may not be used to populate the Product Cost Matrix (Tab 3) or for the Sample Project Quote unless approval is granted by the Contract Administrator at least one week prior to submission.

Services Scope: The scope of the services component includes, but is not limited to, the ability to provide field services, design and project management, delivery, and installation services (Basic and Complex/Expanded, as defined within) of Office Furniture. Installation labor may involve standard labor (see definitions) or work requiring prevailing wage. These services are frequently coordinated with a single Customer contact, but may require working in conjunction with various personnel (Project Managers, Architects, Facilities, etc.) for completion of a project. Process requirements, applicable to Fixed seating and Demountable Walls, may require Manufacturer or Dealer to acquire (through UC or an OMNIA Partners Participating Agency, if required) additional clearances/approvals from specific Campus Departments (e.g. Fire Marshall/Design & Construction), prior to placing final sales orders for those items. Specific ordering/process requirements to be determined during the contracting phase.

Descriptions of Basic and Complex or Expanded Installation is found in the Exhibits portion of this document. Pricing for Basic and Complex/Expanded Installation Services, as well as Additional Services, shall be placed within Attachment #2 Pricing - Product and Services.

D. Background and Organizational Context:

University of California

Known for academic excellence, the University of California is a large and complex University system devoted to scholarship, research, and public service. The University of California system currently has ten campuses, five medical centers, and three national laboratories with 238,000 students and more than 190,000 faculty and staff. Additional general information can be found at: <http://www.universityofcalifornia.edu/>.

Since the opening of its first campus in 1868, the University of California system has been committed to responsible stewardship of its resources and education and innovation for the public good. Today,

its ten campuses and five medical centers are nationally recognized living laboratories of sustainability. UC's institutional sustainability commitment began in 2003 through a student initiative that led to the UC Regents to adopt the Presidential Policy on Green Building Design and Clean Energy Standards in 2004. The now named 'Sustainable Practices Policy' (pdf) has been expanded over the years to include climate protection, transportation, recycling and waste management, procurement, food and water. **As part of this RFP, you will be asked to review the policy, with its latest additions** relative to 'Indoor Furniture' and how it relates to your product line offerings. Information can be found in Exhibit 4 of this document or at <https://ucop.edu/sustainability/>. University of California locations, are as listed below:

- Ten Campuses - UC Berkeley, UC Davis, UC Irvine, UC Los Angeles, UC Merced, UC Riverside, UC San Diego, UC San Francisco, UC Santa Barbara, UC Santa Cruz
- Five Medical Centers – UC Davis, UC Irvine, UC Los Angeles, UC San Diego, UC San Francisco
- The UC Office of the President – A central system-wide headquarters with offices primarily located in Oakland and Sacramento, California, and teaching/administrative offices in Washington, D.C.
- The Division of Agriculture and Natural Resources – Comprised of over 60 local offices and Research and Extension Centers located throughout California, and County Cooperative Extension offices.
- UC Hastings College of Law
- Lawrence Berkeley National Lab, which is owned by the Federal Government, but managed by the University of California.
- Additional centers and offices as further detailed at: <http://www.universityofcalifornia.edu/uc-system/parts-of-uc>.

Any awarded Agreement(s) will be available to all current and future locations of the University of California and its Affiliates.

OMNIA Partners

The University of California, as the Principal Procurement Agency, defined in the *National Requirements Document* (see OMNIA Partners Exhibit A within CalUsource), has partnered with OMNIA Partners to make the resultant contract (also known as the "Master Agreement" in materials distributed by OMNIA Partners) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The University of California is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a "Participating Public Agency"). The *National Requirements Documents* (Exhibits A-H under Guidelines) contains additional information about OMNIA Partners and the cooperative purchasing agreement.

OMNIA Partners is the largest and most experienced purchasing organization for public and private sector procurement. Through the economies of scale created by OMNIA Partners public sector subsidiaries, National IPA and U.S. Communities, our participants now have access to more competitively solicited and publicly awarded cooperative agreements. The lead agency contracting process continues to be the foundation on which we are founded. OMNIA Partners is proud to offer more value and resources to state and local government, higher education, K-12 education and non-profits.

OMNIA Partners provides shared services and supply chain optimization to government, education and the private sector. As a channel partner with Vizient (formally, Novation), OMNIA Partners leverages over \$100 billion in annual supply spend to command the best prices for products and services. With corporate, pricing and sales commitments from the Proposer, OMNIA Partners provides marketing and administrative support for the Proposer that directly promotes the Proposer's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis. Public Agencies benefit from pricing based on aggregate spend and the convenience of a contract that has already been advertised and publicly competed. The Proposer benefits from a contract that allows Participating Public Agencies to directly purchase goods and services without the Proposer's need to respond to additional competitive solicitations. As such, the Proposer must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Proposer and respond to the OMNIA Partners documents (The *National Requirements Documents* – see *Exhibits A-H within Guidelines*).

While no minimum or maximum volume is guaranteed to the Proposer, the University of California estimates spending up to 55M annually for Office Furniture equipment, materials, and related supplies and Office Furniture design/consultation, integration, installation and maintenance services. The estimated annual volume of Office Furniture equipment and services purchased under the Master Agreement through OMNIA Partners Public Sector is approximately \$200 million, however, no minimum or maximum volume is guaranteed to Proposer under the OMNIA Partners Master Agreement. This projection is based on the current annual volumes among the University of California, other Participating Public Agencies anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between the Proposer and OMNIA Partners.

E. Joint or Partnering Responses:

Manufacturers (Suppliers) are required to provide services (as detailed within) attendant to the products they offer to the UC. This will require a joint response as it relates to their Dealers; such partnership proposing to participate jointly in performance of proposed work, providing that to be considered a "Qualified Manufacturer/Supplier", any such joint response must conform to all the requirements of this RFP and be submitted by the proposing Manufacturer as the "Primary Supplier" who will assume principal responsibility for this RFP and/or execution of any future contracts awarded as a direct result of this process. Submission of a proposal by a manufacturer, will guarantee that they as the Primary Supplier, will execute and manage the contract and the Dealers submitted, for service, to the UC, have authorized them to represent them in all matters relating to the ensuing contract and will assume all liabilities of any secondary relationship.

The University reserves the right to negotiate directly with dealers for items not carried by the manufacturers. Note: Non-contracted/awarded product lines, purchased from Manufacturer's Dealers, are not excluded from UC bidding requirements and/or authorization processes.

F. Issuing Office and Communications Regarding the RFP:

This RFP, and any subsequent addenda to it, is being issued by UC Procurement Services on behalf of the University of California. UC Procurement Services is the sole point of contact regarding all procurement and contractual matters relating to the requirements described in this RFP. A responsible Proposer is one that is considered capable of performing and is otherwise eligible and qualified to perform in the manner stated in this RFP. O. Pricing and Incentives

1. Pricing for Goods (all categories) is being requested within Attachment 2 to this RFP (to be completed and uploaded within the RFP Questionnaire Section), however, only pricing for the five (5) main categories is mandated for goods. There are four (4) Tabs for this purpose. In Tabs 1 & 2, Proposers will provide a discount percentage off their published Manufacturer's Suggested Retail Price (MSRP) for each product line offered to the UC and National programs. Tab 3 is the Product Cost Matrix for select product types within each Category. Tab 4 requires a Proposer to quote a Sample Project, providing the quote and sample/ example invoice. This upload is also done in answer to questions within the Questionnaire Section of this RFP. NOTE: If a Proposer has partner lines of product, they may refer to Section C above, for more information. which they are able to offer within their catalog and under the same terms and conditions (including price controls/price changes, dealers used/services, inclusion in proposer's eCommerce catalog, and management by the "Supplier"), a Proposer may include those offerings within Attachment #2, Discount Service Pricing Tabs (1&2). A Proposer should note the line of product as a 'Partner Line'. Those offerings should not be used to populate the Product Cost Matrix Form (Tab 3) or within Tab 4 – Sample Project unless approval is granted by the Contract Administrator at least one week prior to submission.

When completing these Tabs, MSRP shall be defined as the product sales price list published in some form by the manufacturer or publisher of a product and available to and recognized by, the trade. In addition, the discount percentages off National Discount Price List and UC Discount Price List quoted shall be held firm for all future purchases during the duration of the initial agreement.

2. Pricing/Discount Structures resulting from this RFP process, shall remain firm for the initial period of any agreement awarded pursuant to this RFP. In addition, actual prices quoted at the time of this RFP, as based on discount off current Manufacturer's National List Price, shall be held firm for a minimum of one year from contract execution, meaning prices quoted cannot increase during the first 12 months period of the agreement, regardless of any change to the Manufacturer's National List Price. All prices must be verifiable and auditable from the date of the contract award.
3. In addition to any decrease in cost during the Contract term, owing to a change in market conditions, a Supplier may conduct sales promotions involving price reductions for a specified lesser period. Supplier may offer Participating Agencies competitive pricing which is lower than the not-to-exceed price set forth herein at any time during the Contract term and such lower pricing shall not be applied as a global price reduction under the Contract.
4. Earned Incentives and discounts - In addition to OMNIA Partners administrative fees associated with manufacturer's sales under this contract, the successful proposer(s) shall provide a UC specific rebate of 2% of manufacturer's product sales to UC Locations only; to be paid quarterly, directly to the UCs, for the duration of any contract resulting from this RFP process. This rebate will be used by UC campuses in support of implementation, administration, and management of the successful Proposer(s) program. The amount of quarterly rebate provided to each UC location will be calculated based on the total of product and service billed and paid for each location. Note: Each UC location will have the right to modify proposal pricing for an individual campus, up to 2%, in the event a UC location decides not to implement a rebate program.

Note: Any proposed price increases will require a notification period of 60 days prior to the desired date of change. In addition, price increases for any renewal periods must be supported by documented evidence of supplier cost increases. UC shall benefit from any lower price offered to other universities, hospitals, government agencies or entities where the economic and service requirements are similar. If the Proposer's list price is reduced, UC shall benefit from a corresponding price reduction based on the discount levels offered by Proposers.

P. No Mandatory Use

Proposer is advised that there is no mandatory use policy at the University of California for agreements. As a result, UC does not guarantee any specific amount of business forthcoming from this RFP. As an example, some of the campuses currently have a Small Business Program/DVBE in place for purchasing items, including Furniture, from Small Businesses or DVBE. The UC may continue or expand purchasing these items through its current Small Business Program/DVBE depending on the results of this RFP. A winning Proposer may still see some competition at any given UC location for any given service. In addition to the above, no amounts of purchase, either quantity, particular products, or dollar value, are guaranteed. In addition, the University reserves the right to separately bid any single procurement involving an expenditure of \$350,000 and any procurement that is part of a construction "project" (as that term is defined in California Public Contract Code section 10500) cannot be made under any contract resulting from this RFP. However, by providing outstanding prices, service, and the overall best total cost and quality to the UC system wide, the winning Proposer is expected to garner a very large percentage of the total available UC business.

Q. Disclosure of Records/Confidentiality of Information

1. All Proposal responses and related documents, submitted to the UC in response to this RFP will become the exclusive property of the UC upon receipt and will not be returned.
2. Proposal response(s), which are incorporated into any resulting contract(s) with the University of California, may be subject to the State of California Public Records Act (CA State Government Code 6250, et. seq.). This Request for Proposal, together with copies of all documents pertaining to any award, if issued, shall be kept for a period of five (5) years from date of contract expiration or termination and made part of a file or record which shall be open to public inspection. Certain private, trade secret or confidential information may be considered exempt from the California Public Records Act. Any trade secret or company confidential information submitted as a part of this proposal shall be clearly marked "Trade Secret Information" or "Confidential Information."
3. Should a request be made of the University of California for access to the information designated confidential or trade secret by the Proposer and, on the basis of that designation, UC denies the request, the Proposer may be responsible for all legal costs necessary to defend such action if the denial is challenged in a court of law.

R. Business Review/Business Reports

Proposer shall meet with the UC for Regular Business Reviews to review contract usage and effectiveness, discuss current Services offerings and provide suggestions and discussion for continuous improvement in Services efficiencies, and address additional topics pertinent to the relationship towards the UC's strategic goals. For each Business Review, the Proposer must provide - pertinent performance and management reports detailing a wide range of information related to the resulting agreement at both the UC-wide level and for each individual UC location.

S. Errors and Omissions:

If the Proposer discovers any discrepancy, error, or omission in this RFP or in any of the attached documents, UC shall be notified immediately, and a clarification/notification will be issued to all Proposers who have access to this RFP. No Proposer will be entitled to additional compensation for any error or discrepancy that appears in the RFP where the UC was not notified and a response provided. All Addendums of Clarification will be distributed to the Proposal Participants via the CalUsource portal

Any exceptions should be noted with your exceptions document, if any.

U. Liquidated Damages (UC specific)

Per Section 2.4, if a Proposer fails to accurately and completely specify Buyer's requirements when placing an order(s) with Manufacturer, Proposer shall bear all liability for damages incurred by Buyer related to such failure by Proposer and liquidated damages may apply, as noted below:

Proposer shall pay Buyer five hundred dollars (\$500.00) per day as liquidated damages for every business day beyond the agreed-upon installation date that Proposer fails to install a material amount of product, as defined below. In the event of such failure, Proposer shall use its best efforts to provide temporary furniture for use by Buyer until the delayed furniture is installed. It is the Buyer's choice to accept or not accept temporary furniture and waive or not waive any associated liquidated damages associated with the delayed furniture. Payment shall be made in the following manner: Proposer shall issue a credit memo in the amount of the liquidated damages, and such amount will be deducted from any monies due Proposer by Buyer. Proposer will not be in default or liable to pay liquidated damages if the delay is due to order changes by Buyer, construction/inspection delays at the site, Acts of God, or any other reason beyond Proposer's reasonable control.

A "material amount of product" means the ordered item(s), functional elements and/or accessories that are necessary to allow a workspace to be utilized fully and immediately following the agreed-upon installation date.

Immediately after or during all installations, Proposer agrees to establish a punch list in cooperation with Buyer. A punch list shall consist of an inventory of any and all missing, damaged, mistakenly shipped, or incorrect installation parts, components, or whole pieces of furniture. The Proposer must correct and remedy all the items on the punch list within 30 calendar days. If Proposer fails to correct and remedy all the items on the punch list by the agreed-upon date (if outside 30 days as if silent 30 days is assumed), Proposer shall deduct 2 1/2% of the total value of the order from the final invoice submitted to Buyer, as liquidated damages. If Proposer fails a second time to correct and remedy all the items in the punch list by the second agreed-upon date, Proposer shall deduct another 2 1/2% (total of 5%); if Proposer fails a third time to correct and remedy all the items in the punch list on the third agreed-upon date, Proposer shall deduct another 2 1/2% (total of 7 1/2%); and if Proposer fails a fourth time to correct and remedy all the items in a punch list on the fourth agreed-upon date, Proposer shall deduct another 2 1/2% (total of 10%). The foregoing liquidated damages charge is applicable regardless of whether and/or when some items on a punch list are corrected or remedied. All items on a punch list must be corrected and remedied on the agreed-upon date, otherwise, the foregoing liquidated damages shall be applicable. On each installation, Proposer shall hold back from invoicing Buyer 10% of the value of the total order to address timely resolution of punch list issues. The final invoice, if any, shall be submitted after Buyer and Proposer mutually acknowledge, in writing, resolution of all items on the punch list.

X. Exceptions:

The submission of a signed proposal will confirm understanding and acceptance of all requirements, terms and conditions of the RFP unless specific exceptions are taken and alternative language or provisions are offered and approved by the University (or Omnia, only if terms are Omnia specific). Please note, any exceptions to Minimum Mandatory Requirements (as explained below) or the Mandatory Product & Service Requirements (within the Guidelines/Prerequisites and within this document), may disqualify a Proposer's submittal.

SECTION 2 – Specifications and Requirements

A. Mandatory vs. Desirable

All requirements listed in this RFP are to be considered as Mandatory, unless noted as Desirable/Graded or Optional. Mandatory Requirements are defined as standards that if not met or supplied by the Proposer, the UC reserves the sole right to reject proposal(s) without limitation. They can be found within the Guidelines/Prerequisites and all portions of this document. In addition, the University reserves the right to disqualify any supplier without experience in servicing a large/similar account as a primary provider of Office Furniture. Financial Statements may also be required of an Apparent Awardee. Submission of a Proposal evidences a Proposer's statement they meet the mandatory requirements of this solicitation. The Questionnaire portion of this RFP

- **Payment: (UC Specific)** The University of California's preferred payment method is by virtual card (PaymentPlus, administered by US Bank) or procurement card (including ghost card for eCommerce). Through these programs, the University of California can extend NET terms, which means that remittance will be transmitted immediately following full approval of an invoice. With PaymentPlus, suppliers receive email remittance information and are able to retrieve a one-time credit card number for the amount of the remittance. Suppliers can utilize their own point of sale solution, or can receive remittance through US Bank at competitive interchange rates. Alternative payment methods for the University include PaymodeX, EFT or paper check, with varying discounts and net terms offered. 5. Services

Specific Delivery & Installation Service Standards, have been detailed for the UC System and National Accounts. All proposers will align their quoted discounts/pricing to those services, while meeting all other mandated requirements.

Prevailing Wages - Proposer understands and acknowledges that prevailing wages must generally be paid for installation services provided under this program to the extent they include modular furniture or any affixing or detachment of goods to or from realty, all as defined by the California Labor Code. Proposer(s) will act as a customer advocate and coordinator for communications with the dealer that is responsible for performance and problem resolution. Proposer(s) responsibility for support continues even if the Proposer discontinues selling a product to the extent that resolution is possible. Proposers must take necessary actions with dealers to reduce, minimize and prevent stock-outs of product (i.e. backorders), and to ensure that promised lead-times/ship dates/arrival

If the service levels do not improve to the satisfaction of the University the issue may ultimately result in termination of the agreement.

Ship to and Consolidation of Orders (UC Specific) – Required 'ship to' for UC locations will be determined at the time of order. It is the responsibility of the manufacturer and servicing dealer to achieve this in the most efficient manner. For incidental (non-project) orders, UC expects the servicing dealer to consolidate orders and deliveries in a manner such that multiple deliveries to the same campus on the same day should not be charged full freight for each individual item delivery. Servicing dealer shall track, receive, warehouse, and deliver the product to the jobsite and perform final inside deliveries to specific office, suite, work space, lab, job site, etc. at all UC delivery accessible locations. Orders shall be shipped "FOB Destination" and all pricing shall be NET less sales tax.

Is your firm able to provide samples at no cost for these labs/showrooms? Also, if a customer would like to evaluate a seat in their work environment how quickly could you provide a sample and would it be at no cost?

Response Times (UC Specific) - Proposers must acknowledge the following service standards and provide minimum guarantees to consistently adhere to the standards. Please provide any exceptions to these response times and specify impacted locations or regions beginning with any exceptions to any UC campus...

The minimum quality of service standards set forth above recognize that occasional errors are likely; however, the Proposer further agrees to use best efforts to achieve 100% quality of service level. Should, however, the quality levels fall below the minimum standards and the supplier does not take corrective action, the UC may terminate the agreement. UC Sustainable Practices Policy – Sustainable Procurement

E-COMMERCE REQUIREMENTS

Awarded suppliers will be required to clearly identify products with UC-recognized certifications, as defined by the Guidelines, in both hosted and punchout catalog e-procurement environments.

- 1) Contract items that meet the UC Green and UC Green Preferred criteria as outlined in the Guidelines will be prioritized in all product searches.
- 2) Unless locations request otherwise, products that do not meet the University’s minimum criteria requirements will be blocked in all hosted catalogs and punchout catalogs upon contract award.

PACKAGING STANDARDS

The University is required to outline the UC Standards for packaging materials in all RFPs. Proposers will be required to demonstrate how their standards and practices for packaging materials meet these Standards. Additional consideration during evaluation will be given to Proposers who meet more than one criteria listed in (a) - (e) below, with preference given to bids meeting (b).

All packaging delivered to the UC must be compliant with the Toxics in Packaging Prevention Act (AB 455) as to be free of any intentionally introduced lead, cadmium, mercury or hexavalent chromium, and containing no incidental concentrations of these regulated metals greater than 100 parts per million (ppm) by weight. In addition, the University requires that all packaging meet at least one of the criteria listed below:

- a) Uses bulk packaging;
- b) Uses reusable packaging (e.g. totes reused by delivery service for next delivery);
- c) Uses innovative packaging that reduces the weight of packaging, reduces packaging waste, or utilizes packaging that is a component of the product;
- d) Maximizes recycled content and/or meets or exceeds the minimum postconsumer content level for packaging in the U.S. Environmental Protection Agency Comprehensive Procurement Guidelines;
- e) Uses locally recyclable or certified compostable material.

PACKAGING FOAM BAN

By 2020, the University will prohibit the sale, procurement or distribution of packaging foam.

Packaging foam refers to any open or closed cell, solidified, polymeric foam used for cushioning or packaging, including but not limited to: Ethylene-vinyl acetate (EVA) foam, Low-density polyethylene (LDPE) foam, Polychloroprene foam (Neoprene), Polypropylene (PP) foam, Polystyrene (PS) foam (including expanded polystyrene (EPS), extruded polystyrene foam (XPS) and polystyrene paper (PSP)), Polyurethane (PU) foams, Polyethylene foams, Polyvinyl chloride (PVC) foam, and Microcellular foam.

*Packaging foam does not include easily biodegradable, plant-based foams such as those derived from corn or mushrooms.

ELECTRONIC TRANSFER OF SUPPLIER INFORMATION

Awarded suppliers, when interacting with the University, shall be prohibited from providing hard copies of presentations or other materials. Suppliers will be required to present all information in electronic format that is easily transferable to University staff, who may choose to print their own copies in accordance with

UC Policy if necessary. Materials may be provided if specifically required or requested by a UC representative.

ENVIRONMENTAL MARKETING CLAIMS

All sustainability-related purchasing claims must be supported with UC-recognized certifications and/or detailed information on proven benefits, durability, recycled content, and recyclability properties, in accordance with the Federal Trade Commission's (FTC) Green Guides for the use of environmental marketing claims (<https://www.ftc.gov/sites/default/files/attachments/press-releases/ftc-issues-revised-green-guides/greenguides.pdf>).

UC Sustainable Procurement Guidelines

GENERAL CHEMICALS OF CONCERN CRITERIA FOR PRODUCTS AND PACKAGING

Products and packaging shall be free of hazardous additives, including those mixed into the product and those used as surface treatments, unless no feasible alternative exists, and it is determined that the benefit outweighs the risk. Products and packaging must meet all eleven of the Kaiser Permanente Chemicals of Concern Criteria (<http://supplier.kp.org/formsreqs/KPEPPStandards.pdf>), including, but not limited to:

- a) Cadmium, mercury, lead, hexavalent chromium, polybrominated biphenyls, and polybrominated diphenyl ethers - All homogenous electronic parts are compliant with all European Union Restriction of the Use of Certain Hazardous Substances (EU RoHS) Directive's restricted limits (excluding exemptions).
- b) Polyvinyl chloride (PVC)
- c) Prop 65 Chemicals - Does not contain intentionally added chemicals listed by the State of California to cause cancer, birth defects, or reproductive harm that require warning or are prohibited from release to the environment under the California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65). If contains Prop 65 chemicals, supplier must disclose Chemical Abstracts Service (CAS) #'s.
- d) Persistent, bioaccumulative and toxic chemicals (PBTs) - All homogeneous materials must contain less than 1000 ppm of PBTs.
- e) Organohalogen-based chemicals (bromine, chlorine, fluorine, and iodine)
- f) Antimicrobial/antibacterial agents - Does not contain intentionally added antimicrobial/antibacterial agents to reduce surface pathogens.

FURNITURE SUSTAINABILITY STANDARDS

These standards are applicable to all new individual (e.g. task chair) and group seating; open-plan and private-office workstations; desks of all types, tables of all types; storage units, credenzas, bookshelves, filing cabinets and other case goods; integrated visual display products (e.g. markerboards and tackboards, excluding electronic display products); hospitality furniture; and miscellaneous items such as mobile carts, freestanding screens, and movable partitions. Movable partitions include office furniture system cubicle panels that are typically integrated with work surfaces, desks, and storage furniture. These standards do not apply to office accessories, such as desktop blotters, trays, tape dispensers, waste baskets, all electrical items such as lighting and small appliances, and accessories such as aftermarket keyboard trays, monitor stands and monitor arms.

In addition, the following Required Sustainability Criteria apply to the finished product as assembled, unless otherwise specified. For example, compliance with the VOC Emission requirements applies to the finished product as assembled and thus, the applicable third-party certification must be for the finished product as assembled, not the individual components.

The Supplier will be expected to limit product finishes and textiles offerings to those that maintain compliance with these requirements. For example, University end-users should not receive information on surface materials or textiles that would conflict with these requirements or otherwise void a VOC Emission certificate (i.e. some surface materials are not included in a product's VOC certification).

Minimum Required Criteria:

1. All furniture must meet one of the following requirements (either (a) or (b)1-5):
 - a) Be certified under BIFMA criteria 7.4.4 – Targeted Chemical Elimination – of ANSI/BIFMA e-3 Furniture Sustainability Standard (2019 version).

b) Be free of the 5 classes of chemicals of concern described below:

1. Flame Retardants: All furniture shall be free of flame retardant chemicals at levels above 1,000 parts per million in both standard and optional components, excluding electrical components.
 - a. All upholstered seating subject to TB 117-2013 shall be labeled as not containing flame retardant chemicals consistent with the manner described in Section 19094 of the California Business and Professions Code.
 - b. A product may contain flame retardants if required to meet code or regulation (e.g., TB 133 or ASTM E 1537), in accordance with the following criteria:
 - i. No halogenated flame retardant chemical may be used at levels above 1,000 parts per million by weight of the homogeneous material, excluding electrical components.
 - ii. Products that contain flame retardant chemicals that have been fully assessed using GreenScreen v1.2 (or newer) and meet the criteria for benchmark 2, 3, or 4 will be preferred.
2. Formaldehyde and Volatile Organic Compounds (VOCs): All furniture shall comply with ANSI/BIFMA e3-2014 Furniture Sustainability Standard, Sections 7.6.1 and 7.6.2, using either the concentration modeling approach or the emissions factor approach.
 - a. Test results shall be modeled using the open plan, private office, or seating scenario in ANSI/BIFMA M7.1, as appropriate.
 - b. Furniture products that additionally meet ANSI/BIFMA e3-2014 Section 7.6.3 and/or California Department of Public Health Standard Method v1.1 (emission testing method for California Section 01350) are preferred.
 - c. Products with UL Environment GreenGuard Gold, or Scientific Certification Systems (SCS) Indoor Advantage Gold third party certifications for CA Standard Method v1.1 2010 are automatically compliant.
 - d. Salvaged and refurbished furniture more than one-year old at the time of re-use is considered compliant, provided it meets the requirements for any site-applied paints, coatings, adhesives, and sealants.
 - e. All composite wood materials, including hardwood plywood, particleboard, or medium density fiberboard, used in office, classroom, or healthcare furniture shall comply with Phase 2 of California's Code of Regulations, Title 17 §93120.2 – Airborne Toxic Control Measure to Reduce Formaldehyde Emissions from Composite Wood Products. Compliance documentation for this requirement may be satisfied by demonstrating applicable components meet the requirement (as opposed to finished product as assembled).
1. Per and Poly-Fluoroalkyl Substances (PFASs) used as stain/water/oil resistant treatments: All furniture shall be free of any long- and/or short-chain per- and poly-fluorinated alkyl compounds and fluorinated polymers used as stain, water, or oil resistant treatments above 100 ppm by weight of the homogenous material.
2. Antimicrobials: All furniture shall be free of any added or built-in chemical antimicrobials. Antimicrobials added to raw materials for the sole purpose of preserving the product are exempt, with the exception of triclosan and triclocarban which are explicitly prohibited. Antimicrobials may be used in a healthcare setting only if they are registered with the U.S. EPA under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), and are part of a comprehensive infection control plan.
3. Polyvinyl Chloride (PVC): All furniture shall be free of polyvinyl chloride (PVC) greater than 1% of product by weight, excluding electrical components. Electrical components that are free of PVC are preferred.

4. All fabrics/textiles utilized on a finished product under this Contract must be cleanable without dry-cleaning chemicals.

Preferred Criteria:

Must meet all of the above Minimum Required Criteria, and have at least one of the following additional certifications or documentation:

- BIFMA Level (preference for Level 2 or 3)
- Cradle to Cradle (C2C) (preference for Silver or Gold)
- Meets the Healthier Hospitals Initiative (HHI) Safer Chemicals Challenge and has published product list on the Healthier Hospitals Healthy Interiors Goal website
- Forest Stewardship Council (for products containing wood)
- Textiles certified by one of the following recognized certifications:
 - GOTS
 - Standard 100 by Oeko-Tex
 - STeP by Oeko-Tex
 - Cradle to Cradle
 - NSF/ANSI 336-2011 (Facts)
- Complete Health Product Declaration (HPD)
- Complete Declare label

Documentation Requirements

Upon request, Supplier will be expected to provide applicable documentation confirming that products meet the University's Sustainability Standards for furniture. As applicable to the individual criteria, documentation will be in the form of third-party certificates, product test results, applicable forms, a formal letter of assurance from the manufacturer stating the product meets individual sustainability criteria, and/or other documentation as needed to meet green building certification documentation requirements (such as for LEED, WELL, Living Building Challenge, etc.). These requests may occur during evaluation of new products to be added to the University standard furniture catalog and/or as part of documentation requests required for LEED or WELL projects.

Flame retardant chemicals:

Any chemical or chemical compound for which a functional use is to resist or inhibit the spread of fire. Flame retardant chemicals include, but are not limited to, halogenated, phosphorous-based, nitrogen-based, and nanoscale flame retardants, flame retardant chemicals listed as "designated chemicals" pursuant to Section 105440 of the Health and Safety Code, and any chemical or chemical compound for which "flame retardant" appears on the substance Safety Data Sheet (SDS) pursuant to Section 1910.1200(g) of Title 29 of the Code of Federal Regulations. "Added flame retardant chemicals" means flame retardant chemicals that are present in any covered product or component thereof at levels above

1,000 ppm.

Per- and poly-fluoroalkyl substances (PFASs) (often referred to as PFCs):

Category of compounds that includes long- and short-chain per- and poly-fluorinated alkyl compounds, fluorinated sulfonate compounds, and fluorinated polymers. PFASs include any compound that meets any one of the following definitions:

- Perfluoroalkyl substances: Compounds for which all hydrogen atoms on all carbon atoms (except for carbons associated with functional groups) have been replaced by fluorine atoms.
- Polyfluoroalkyl substances: Compounds for which hydrogen atoms on at least one, but not all, carbon atoms have been replaced by fluorine atoms.
- Fluoropolymers: Carbon-only polymer backbone with fluorine atoms directly bound to the polymer backbone.
- Perfluoropolyethers: Carbon and oxygen polymer backbone with fluorine atoms directly bound to carbon atoms.
- Side-chain fluorinated polymers: Variable composition non-fluorinated polymer backbone with fluorinated side chains.

Volatile Organic Compounds (VOCs):

VOCs are defined by the California Standard Method for Testing and Evaluation of Volatile Organic Chemical Emissions from Indoor Sources Using Environmental Chambers as carbon-containing compounds (excluding carbon monoxide, carbon dioxide, carbonic acid, metallic carbides and carbonates and ammonium carbonate) with vapor pressures at standard conditions approximately ranging between those for n-pentane through n-heptadecane. Formaldehyde and acetaldehyde are considered to be VOCs.

OMNIA PARTNERS EXHIBITS
EXHIBIT A- RESPONSE FOR NATIONAL COOPERATIVE CONTRACT

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Supplier and OMNIA Partners.

1.1 Requirement

The University of California (hereinafter defined and referred to as “Principal Procurement Agency”), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector (“OMNIA Partners”), is requesting proposals for Office Furniture and Related Services. The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal (“Master Agreement”) be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (“Public Agencies”), through OMNIA Partners’ cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners’ cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Suppliers based on OMNIA Partners’ requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

OMNIA PARTNERS EXHIBITS
EXHIBIT A- RESPONSE FOR NATIONAL COOPERATIVE CONTRACT

These requirements are incorporated into and are considered an integral part of this RFP. OMNIA Partners reserves the right to determine whether or not to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this RFP acknowledges that any award by the Principal Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales and administrative support for Supplier pursuant to this section that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

- B. Website

- B. Joint sales calls

- D. Training sessions for Public Agency teams
- E. Training sessions for Supplier teams

OMNIA PARTNERS EXHIBITS
EXHIBIT A- RESPONSE FOR NATIONAL COOPERATIVE CONTRACT

Suppliers are required to pay an administrative fee of three percent (3%) of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. Supplier will be required to execute the OMNIA Partners Administration Agreement (Exhibit B).

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately \$200 million annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency are subject to modification for each Participating Public Agency as Supplier, such Participating Public Agency and OMNIA Partners shall agree. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (i.e. invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, governing law, etc.). It shall be the responsibility of the Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of this contract and adjust wage rates accordingly. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to OMNIA Partners).

All purchase orders issued and accepted by the Supplier may survive expiration or termination of the Master Agreement. Participating Agencies' purchase orders may exceed the term of the Contract if the purchase order is issued prior to the expiration of the Contract. Supplier is responsible for reporting all sales and paying the

2.0 REPRESENTATIONS AND COVENANTS

As a condition to Supplier entering into the Master Agreement, which would be available to all Public Agencies, Supplier must make certain representations, warranties and covenants to both the Principal Procurement Agency and OMNIA Partners designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Supplier.

2.1 Corporate Commitment

Supplier will identify an executive corporate sponsor and a separate national account manager within the RFP response that will be responsible for the overall management of the Master Agreement.

2.2 Pricing Commitment

Supplier commits the not-to-exceed pricing provided under the Master Agreement pricing is its lowest available (net to buyer) to Public Agencies nationwide and further commits that if a Participating Public Agency is eligible for lower pricing through a national, state, regional or local or cooperative contract, the Supplier will match such lower pricing to that Participating Public Agency under the Master Agreement.

WHEREAS, Master Agreements are made available by Principal Procurement Agencies through the OMNIA Partners Parties and provide that Participating Public Agencies may purchase Products on the same terms, conditions and pricing as the Principal Procurement Agency, subject to any applicable federal and/or local purchasing ordinances and the laws of the State of purchase; and

1. Each party will facilitate the cooperative procurement of Products.
2. 4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law, policies or procedures.

5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.

FEDERAL FUNDS CERTIFICATIONS

FEDERAL CERTIFICATIONS
ADDENDUM FOR AGREEMENT FUNDED BY U.S. FEDERAL GRANT

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non-Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non-Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non-Federal entity that, consistent with 31 U.S.C. 6302-6305:

- (a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non-Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;
- (b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.
- (c) The term does not include:
 - (1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or
 - (2) An agreement that provides only:
 - (i) Direct United States Government cash assistance to an individual;
 - (ii) A subsidy;
 - (iii) A loan;
 - (iv) A loan guarantee; or
 - (v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non-Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

- (a)(1) The Federal financial assistance that a non-Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or
- (2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non-Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.
- (b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.
- (c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).
- (d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Non-Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

- (a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;
- (b) Is not organized primarily for profit; and
- (c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non-Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non-Federal entity during the same or a future period.

Pass-through entity means a non-Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non-Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non-Federal entity may purchase property or services using small purchase methods. Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is \$150,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Termination means the ending of a Federal award, in whole or in part at any time prior to the planned end of period of performance.

The following certifications and provisions may be required and apply when Participating Agency expends federal funds for any purchase resulting from this procurement process. Pursuant to 2 C.F.R. § 200.326, all contracts, including small purchases, awarded by the Participating Agency and the Participating Agency's subcontractors shall contain the procurement provisions of Appendix II to Part 200, as applicable.

In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM
Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a “fair and open” process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
 - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the “County PCD Forms” link on the Pay-to-Play web site at <http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12>. They will be updated from time-to-time as necessary.
 - b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
 - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
 - d. The form may be used “as-is”, subject to edits as described herein.
 - e. The “Contractor Instructions” sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
 - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a “Stockholder Disclosure Certification.” This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

Doc #4, continued **C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM**

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a “fair and open” process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an “interest” ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, “a contribution by that person’s spouse or child, residing therewith, shall be deemed to be a contribution by the business entity.” [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor’s responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor’s submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): “The term “legislative leadership committee” means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures.”
