SUMMER 2016

ISSUE No. 14

It may still be spring as we go to print but the summer weather has officially arrived here in Florida. Our tropical surroundings provided inspiration for a number of new products including our Paradise Gardens calendar, Monstera Leaf print, and Jungle pattern.

In this catalog you'll find new designs in nearly every category, a new holiday collection, and a brand new format – our keepsake address book. The new address book has been a top-requested product for some time and is beautifully bound with book cloth and printed with a metallic copper cover design. Our calendars for 2017 are full of new whimsical florals, iconic destinations and everything in between. It will be hard for me to pick a favorite!

Here at the studio we're reimagining our space with the help of a new 17,000 sq. ft. warehouse that now houses our Assembly and Fulfillment teams under one roof and gives them ample space to fulfill orders. This has allowed us to increase efficiencies and free up studio space for the future expansion of our flagship retail store.

We have many more exciting projects, collaborations, and new formats in the works and look forward to sharing more throughout the year!

A handwritten signature in dark ink, reading "Anna Bond". The signature is written in a cursive, flowing style. Above the name, there is a small, faint mark that appears to be "10".
