RightFax

Ordered through IST

RightFax software allows users to send and receive faxes electronically from their desktop PC. Outbound and incoming faxes are logged and managed into separate folders on your desktop.

Benefits:

- ✓ Monthly Savings! \$\frac{\$21.79}{}\$ to \$2.44
- ✓ Save Trees! Send & Receive from your desktop.
- Increase productivity by speeding up document exchange

Setup RightFax

- ➤ Place Order through BusOps.Berkeley.edu > General Operations
 - o Submit Request "Telephone & Network Services".
 - In the comment box please note that you would like a "Virtual Fax".

The RightFax application allows you to send a fax directly from your Windows XP (or higher) computer. RightFax will maintain a log of all faxes you have sent or received and allows you to manage faxes into various folders. RightFax is not required software if you are simply *receiving* faxes, but it can be a useful tool to keep your incoming faxes well organized.

To Install RightFax:

- 1. Visit the Software Central site online at http://software-central.berkeley.edu.
- 2. In the "Software A-Z" tab, click on **RightFax** from the list.
- 3. Click the **RightFax 9.4** link.
- 4. Click the **Download** link.
- 5. Click the download arrow for the Client.zip file. When prompted, login with your CalNet ID.
- 6. Save the "Client.zip" file to your desktop or another easy location.
- 7. Locate your downloaded file and open it.
- 8. Double-click the yellow **Client** folder.
- 9. Double-click the "Setup.exe" file.
- 10. A Wizard will open. Click **Next** to begin the wizard. Accept the terms of the license on the next screen and click **Next** again to continue.
- 11. At the "Check for Updates" screen, **uncheck** the "Check for updates" box then click **Next**.
- 12. The next screen has the RightFax Product Suite already selected for you. Click Next.
- 13. Choose **Typical** from the installation type, then click **Next**.
- 14. A folder location will appear indicating where the software will install. Click **Next** to continue.
- 15. At the "Apply Settings" screen, click on **Apply.**
- 16. At the "Ready to Configure" screen, click Next.
- 17. At the next screen, enter the Server Name as calvm-rightfax.berkeley.edu and click Next.
- 18. At the "Apply Settings" screen, click on **Apply**.
- 19. The installation will continue. Click the **Finish** button when it appears to complete the installation.

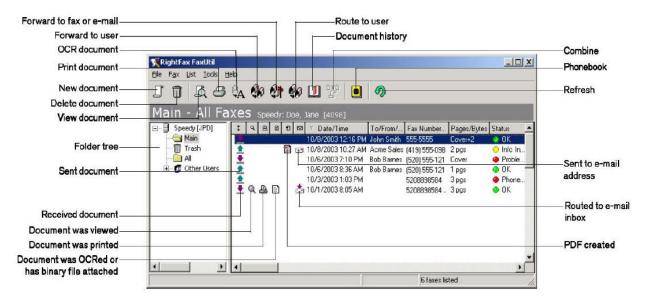

The **RightFax** Program Icon is in your list of Programs under the name "Captaris". A fax icon also appears in the lower right corner of your screen. For assistance with RightFax, please refer to the "Help" menu in your RightFax application or view the **RightFax User Guide** online at http://calvm.berkeley.edu under "Online User Guides". For additional information or support, please contact IST Telecom at 510-642-8500 and press 1, 3 to reach us immediately.

RightFax for Cal Voicemail

Quick Reference Guide

Running FaxUtil

To open FaxUtil, click the RightFax tray icon and on your Windows taskbar, and select **FaxUtil** on the shortcut menu, or select **Start > Programs > FaxUtil**.

Creating and Sending Documents

To Create a New Document to Send:

- 1. Click the **New Document** button . This opens the **Fax Information** dialog box.
- 2. In the **Fax Information** dialog box, add one or more fax or e-mail recipients. Specify your cover sheet notes and options, file and library document attachments, and other sending preferences.
- 3. Click **Send** to send the document.

To Send Your Document to a Fax Address:

- 1. In the **Fax Information** dialog box, click the **Main** tab.
- Click the arrow next to Fax Number and select E-mail Address or SMS Number on the shortcut menu. Enter the recipient's name, e-mail address or SMS number, and other contact information. Entries marked in bold are required. Documents sent to e-mail addresses will be sent as file attachments. Documents sent to SMS numbers will only transmit the cover sheet notes.

To Select an Address from Your Phonebook:

- 1. In the **Fax Information** dialog box, click the **Main** tab.
- 2. Click the **Phonebook** button to display all of the entries in your RightFax phonebook.
- 3. Double-click each phonebook entry to which you want to send the document. Each selected address is displayed in the **Current Recipients** list.
- 4. Click **OK** to return to the **Fax Information** dialog box. If you select one phonebook entry, the recipient's addressing information is automatically listed in the addressing boxes. If you select multiple phonebook entries, the total number of recipients is listed in the **Name** box.

To Include a Cover Sheet with Your Document:

- 1. In the Fax Information dialog box, click the Main tab and select the Use cover sheet option.
- 2. Click the Cover Sheet Notes tab.
- 3. In the **Notes** box, type any notes you want added to the cover sheet (up to 21 lines of text).
- 4. Click the **More Options** tab.
- 5. In the **Cover Sheet File** box, select a cover sheet from the list. The cover sheet can only be changed if you have been granted permission by the RightFax administrator.
- 6. In the **From** boxes, enter the contact information that you want on the cover sheet.

To Attach Library Documents:

Library documents are frequently-used documents that your fax administrator has stored on the server for easy access. Marketing materials, price lists, and product specifications are commonly stored as library documents.

- 1. In the Fax Information dialog box, click the Attachments tab.
- 2. Double-click each library document that you want to attach. Each selected attachment is displayed in the **Selected Attachments** list. Library documents will be added to the end of the document in the order they appear in the **Selected Attachments** list.

To Attach Files to Your Document:

- 1. In the Fax Information dialog box, click the Attachments tab.
- 2. Click the **Browse** button to search for the files to attach. Attach as many files as you want. Each selected file is displayed in the **Selected Attachments** list. File attachments will be added to the end of the document in the order they appear in the **Selected Attachments** list.

When sending to an e-mail address, you can check the **Native** option in the **Selected Attachments** list to send an attached file in its native file format, rather than being converted to fax format.

To Add an Overlay Form to Your Document:

Overlay forms are image files that combine with your document so the two images appear together. Company letterhead is a commonly used overlay form. You can add one overlay form per document.

- 1. In the **Fax Information** dialog box, click the **More Options** tab.
- 2. Select the **Use Form** option, and then select the overlay form you want from the list.

Adding Phonebook Entries

FaxUtil lets you create a personal phonebook of fax and e-mail addresses. You can add both individual entries and group entries that let you easily send one document to multiple recipients. Phonebook entries can be private or published. Private phonebook entries can be viewed only by you. Published phonebook entries can be viewed by any other FaxUtil user on the network.

To Create an Individual Phonebook Entry:

- 1. Click the **Open Phonebook** button <a>I in the FaxUtil toolbar.
- 2. Click New Entry.
- 3. Enter a name for the phonebook entry in the **ID** box.
- 4. To create an entry for a fax address, enter the fax number in the Fax Number 1 box, then complete the remaining address boxes. To create an entry for an e-mail address or SMS number, click the arrow next to Fax Number 1 and select E-mail Address or SMS Number on the shortcut menu. Enter the e-mail address or SMS number, and then complete the remaining address boxes.
- 5. Check any options you want and click OK. The new entry will appear in your phonebook preceded by a Fax Address icon 🗐 , an E-mail Address icon 🗔 , or an SMS Number icon 🦪 .

To Create a Group Phonebook Entry:

- 1. Click the **Open Phonebook** button in the FaxUtil toolbar.
- 2. Click New Group.
- 3. Enter a name for the group phonebook entry in the **ID** box.
- 4. In the list of existing phonebook entries, select each entry you want to add to the new group, and click the **Add to Group** button to move the entry to the **Group Members** list. You can add both individual phonebook entries and group phonebook entries to the new group.
- 5. Check any options you want and click OK. The new entry will immediately appear in your phonebook preceded by a **Group** icon .

Forwarding and Routing Documents

When you forward a document from your FaxUtil mailbox, a copy of the document is sent to the recipient and the original document remains in your mailbox. When you route a document, the original document is sent to the recipient and is *removed* from your mailbox.

To Forward a Document to a Fax Number or E-mail Address:

- 1. Select the document to forward. Click the **Forward to New Number** button in the toolbar.
- 2. Complete the addressing boxes in the Fax Information dialog box and click **OK** to send.

To Forward a Document to Another FaxUtil User on Your Network:

- 1. Select the document to forward and click the **Forward to User** button in the FaxUtil toolbar. This opens a list of FaxUtil users.
- 2. Double-click each user that should receive the document and click **OK** to send. The document is sent to the recipient and the original document remains in your mailbox.

To Route a Document to Another FaxUtil User on Your Network:

- 1. Highlight the document to route and click the **Route to User** button in the FaxUtil toolbar. This opens a list of FaxUtil users.
- 2. Double-click each user that should receive the document and click **OK** to send. The original document is sent to the recipient and is *removed* from your mailbox.

Forwarding and Routing Documents

To Sort Documents:

- Click any column header in the document list to sort the documents in that column in ascending order.
- Click the same column header again to sort the documents in that column in descending order.
- Right-click any column header to open a list of filter options.

To View Other Users' Mailboxes:

RightFax administrators, group administrators, and delegates all have the ability to view the contents of other RightFax users' mailboxes. If you have the ability to view other mailboxes, an **Other Users** entry is included in your FaxUtil folder tree.

- 1. Click + next to **Other Users** in the folder tree to expand the list. The list may include both RightFax groups and individual mailboxes. Continue to expand the tree as necessary until you have listed the folders in the mailbox you want.
- 2. Click a folder to view its contents.
