

PASSION FOR PRECISION

"Passion for Precision" speaks to the core of who we are and our company culture. We align ourselves with competitors and outdoorsmen who share the same ideals of accuracy, consistency and camaraderie. Team Lapua's accomplishments exemplify the fact that we take shooting seriously, pursuing perfection in every product we offer.

World famous quality

Our reputation didn't happen accidentally – rather, it's the result of decades of experience, combining the best materials and processes that yield super precise, ultra-consistent components and ammunition. Add our demanding quality assurance and inspection processes, and our world famous quality and reputation become apparent. Ask any avid shooter about Lapua components and ammunition and they'll tell you there's no equal.

Certified

Nammo Lapua Oy's quality system conforms with both ISO 9001 and AQAP 2110. We have also been awarded the ISO 14001 environmental system certificate

Part of Nammo Group

THE HISTORY OF LAPUA .22 LR RIMFIRE

For over 70 years, Lapua has supplied competitive rimfire shooters with the world's best .22 LR ammunition. Today, Lapua continues our commitment to all rimfire competitors, and works tirelessly to further improve our world renowned products.

Lapua made its first .22 rimfire ammunition just after WWII in 1947.

In a short time, from world shooting championships to the Olympics, Lapua ammunition has become synonymous with accuracy and victory. Lapua had assumed its place at the top of shooting competitions, where it has remained to this day.

Lapua introduced its .22 LR ammunition in its signature blue box where it quickly became a legend among rimfire shooting competitors for its outstanding consistency and accuracy. With products such as Match Grade and Championship, Lapua became world-famous for match-winning results. Lapua took the rimfire ammo technology even further, developing production technology that ensures the ammo maintains its extreme level of quality. In addition, Lapua was the first manufacturer to introduce variations in bullet diameter to their .22 rimfire ammunition, allowing shooters to more precisely tune their ammunition to their firearm platform.

ensure our components ammunition continue to be the best in the world.

HALL OF FAME

Since 1930, the competitive road for Lapua has been paved with gold. Lapua products have been used to win over 100 Gold Medals in the Olympics and World Championships. From junior level competitors, to military shooting disciplines, Lapua cartridges and components have been the common denominator on the winners podium.

The X-ACT ammunition has proven to be the most accurate and most uniform .22 LR rimfire ammunition available.

RIMFIRE PERFECTION

Whatever your competitive shooting discipline, you'll find the perfect offering from our wide selection of .22 LR rimfire cartridges. Whether you are competing in benchrest, pistol, biathlon, or smallbore, Lapua offers ammo specifically designed, and matched to each discipline.

In the early 2000s, Lapua reset the standard for .22 LR match ammunition when it introduced the X-ACT, a round that has proven to be the most uniform and accurate .22 LR ammunition ever offered.

Serious rimfire competitors use the best firearm and ammunition available to them. Lapua continues to deliver exceptional performance – from ISSF disciplines, to benchrest shooting, to biathlon, pistol, and 60-shot prone .22 LR competitions. Continue to feed your competition firearm platforms the ammunition that has no equal. Do you have "Passion for Precision?"

X-ACT

Extreme passion for precision

Lapua's X-ACT .22 LR ammo has been developed after an extensive research program to unite all of the best properties of each of the components. The shooters can depend on the absolute accuracy and consistency of this cartridge, known as an extremely sophisticated product of highest quality. X-ACT has been tested by most of the world's top rimfire shooters, and the comments have been nothing but praise: "The best .22 LR ammunition I ever shot."

Our X-ACT ammunition is the true embodiment of our Passion for Precision.

MIDAS+

The new generation Midas cartridge

Lapua's Midas+ rimfire ammunition is the improved generation of Midas. The long success story of Midas ammo brought a lot of excellent results, which have been used as the basis for the new generation cartridges. Always accurate, this is the .22 LR ammunition of choice for many world class rimfire shooters.

CENTER-X

Versatility and superb perfomance

Lapua's Center-X gives you the confidence of high quality .22 long rifle match ammunition. This ammo is widely used by rimfire enthusiasts around the world. Lapua's Center-X is a versatile .22 LR cartridge known for its superb performance.

PISTOL KING

Loaded for success

This .22 LR ammunition was developed to be an extremely accurate competition cartridge ideal for short barreled firearms. It is consistent, provides excellent accuracy and gives smooth, reliable and dependable functioning. Lapua Pistol King has been loaded for success.

PISTOL OSP

Worldwide pistol ammo favorite

Lapua's Pistol OSP is a specialized ammunition for OSP (Olympic Sport Pistol) disciplines. Constant, accurate and precise, it is a favorite among rapid fire pistol shooters worldwide.

POLAR BIATHLON

Ideal target performance in all conditions

Lapua Polar Biathlon has been the ammunition behind the vast majority of biathlon medals won worldwide for many years. This cartridge is specifically designed for use in the frigid conditions common to most biathlon competitions. Lapua's Polar Biathlon round offers ideal performance under all conditions, with consistent accuracy and reliable ignition.

BIATHLON XTREME

The new best friend of the Biathletes.

The Lapua Biathlon Xtreme cartridge uses a newly developed, temperature insensitive powder that functions in all biathlon conditions. The bullet's special shape ensures reliable and easy functioning and together with the new powder it provides unbeatable accuracy and consistent velocities.

During product development, the Lapua Biathlon Xtreme cartridge endured extensive laboratory testing and calculations as well as demanding field testing for function and accuracy by two of the world's top biathlon teams.

THE LAPUA CLUB **REWARDS ITS MEMBERS**

are currently over 20,000 members, and more than 100 new members joining each week. Becoming a member is easy -By registering your purchases, members may participate in product development surveys, prize campaigns and more! Members also gain access to more detailed Lapua product information, for example, trajectory charts for all cartridges. In addition, members may share their own Lapua success stories in the Lapua Club Story room – a feature unique to only Lapua membership. Join today at club.lapua.com

SCHÖNEBECK, GERMANY

The best shooters understand that the ability to test different types of ammunition as well as ammo from different lots in their own firearms will help them achieve the best outcomes in competition. The 50 m Lapua test range in Schönebeck Germany exists for just this purpose.

A wide range of product as well as various lots are available for testing in both pistols and rifles.

The facility is equipped with high-tech Meyton testing technology. Additionally, a special climate controlled shooting area allows shooters to test their firearms in a climate similar to the one that will exist at their next biathlon.

16 national biathlon teams have visited the test range, and approximately 1000 firearms for over 250 consumers are tested annually.

ADDRESS: Lapua Rimfire Test Range, Nammo Schönebeck GmbH, Wilhelm-Dümling-Straße 12, DE-39210 Schönebeck (Elbe), Germany

BOOKING: Tel. +49 3928 729 100, RimfireTestRange@nammo.com

MESA, ARIZONA, USA

Patterned after the world renowned Lapua Rimfire Test Center in Schönebeck Germany, Mesa's Lapua Rimfire Performance Center opened in 2012. Testing occurs at both 50 meters and 100 meters simultaneously using Meyton testing technology at both target points.

ADDRESS: Lapua Rimfire Performance Center, Capstone Precision Group, 4051 N. Higley Road, Mesa AZ 85215

BOOKING: Tel. +1 480 898 2731 Daniel Cliff, rimfiretest@capstonepg.com

MARENGO, OHIO, USA

Opening in 2020, our new location will be located at the prestigious Cardinal Shooting Center. This new location has all the same great features of our Mesa location, allowing 50 meter and 100 meter testing simultaneously.

ADDRESS: Lapua Rimfire Performance Center, 616 State Route 61, Unite 3-9 Marengo, OH 43334

BOOKING: Tel. +1 480 898 2748 Luke Johnson, rimfiretesteast@capstonepg.com

ROYKEN, NORWAY

The Lapua .22 Test Center in Royken, Norway boasts a 15 m and 50 m shooting range with digital measurement and various bench configurations that allow shooters to test ammunition in their own firearms. The Norway facility also features a cooling chamber that allows biathletes to test firearms and ammunitions in temperatures as low as -25° C.

ADDRESS: Lapua Test Range Norway, Testskyting No DA, Bryhnsveien 5, NO-3440 ROYKEN, Norway facebook.com/Testskytingno

Ballistic coefficients are calculated by Quick Target Unlimited Lapua Edition from V_0 to V_{75} BC G1 for all Rimfire .22 LR bullets = 0.172

It will come as no surprise that Lapua rimfire ammunition receives the same level of focus and attention as our centerfire products. Competitive .22 LR rimfire shooters recognize Lapua rimfire cartridges to be the best in the world. In fact, Lapua compiled more gold medals in the 2018 Olympic Games than all other manufacturers combined. Each cartridge receives a visual inspection, and all lots must pass rigorous test standards for accuracy, velocity and chamber pressure before being released for distribution.
