General Manager's Message

By Bill Wagner, CCM

As I write this, we have reached the hottest part of the South Florida summer, although this year it seems like the rest of the country has outdone us in extreme temperatures. What I have learned over a lifetime of

Florida summers is that just when it seems like there will be no end to the relentless sun and humidity, our glorious winter weather cannot be far behind. With that in our thoughts, the staff is very busy making plans for what we anticipate to be an extraordinary coming year.

We can look back on this summer and note that we have had the most successful junior summer camp in the history of Riviera Country Club. What could be better than seeing our youngest members laughing and having a good time at Camp Riv? I hope you all had the opportunity to look in on the fun.

I am happy to report that we have found our new Food & Beverage Director and his name is Jean Pierre Decrequy. Jean Pierre has worked at some of the finest international hotels and clubs and is a certified executive chef. He will, I am certain, make a fine addition to the Riviera staff.

We hope you will join us at our traditional Labor Day Celebration on September 4, and our Seafood & Lobster Bash on September 29. Labor Day will include a Tennis Round Robin and a Mixed Golf Event, along with the essential hot dogs, all their accompaniments, and beer and sodas. If you love the fruits of the sea, then our Seafood and Lobster Bash is the place to be. Miami's Heat Band will entertain us and we expect this event to be a sellout, so make your reservations early.

On page 6 of this newsletter, you will see an article about Stu Thomas, one of our Members who recently passed away. It will make you smile as you see his old friends gather to memorialize, commemorate, and celebrate his life. A beautiful teak bench with a brass inscription was unveiled on the chipping range, directly across the street from Stu's home. Riviera is home to so many wonderful Members, and their gesture is proof of that camaraderie.

Certified by the American Board of Plastic Surgery

Cosmetic surgery is widely known to enhance, rejuvenate, and return one's face and body to the years of vitality and beauty that we cherished when we were younger. Today's cosmetic surgery approach not only revitalizes the external body, but uses science to rejuvenate the internal physiology as well. With internal changes one can also achieve inner rejuvenation to accompany looking younger. Join us for a discussion on:

Dear Riviera Members,

I am now entering a new and exciting phase of my life. It has been my pleasure to be your catering director for the past thirteen years, since the beautiful renovation of the Club.

My future plan is to take an eighteen-month sabbatical, relaxing, traveling, and making plans for my new endeavor as a wedding planner.

I am proud to have been a part of Riviera Country Club. These years have been very rewarding. I take with me wonderful memories and valued friendships. My "swan song" will be at the Seafood & Lobster Bash on September 29th. I hope to see as many of you as possible that evening.

*Sincerely,
Carol Temple*

Remembering Stewart P. Thomas

On Saturday, July 8th, at 8:34 A.M., Members gathered to remember their good friend and fellow Member, Stewart P. Thomas. A beautiful teak bench with a brass inscription was unveiled on the chipping range, directly across the street from Stu's home.

8:34 A.M. every Saturday morning was Stu's traditional golf starting time, and was deemed the appropriate time for this memorial ceremony. Jim Armstrong, Stu's long-time friend, recounted that we always used to compliment Stu on a great shot, but never his swing – which was unique to Stu. With a Bloody Mary in hand, Jim toasted, “Nice swing, Stu!”

As the RWGA year comes to a close, it is time to thank Dotty Norton for stepping up and taking the presidency and doing an excellent job. The year went very well and the membership appreciates all her hard work and that of her Board. Thanks, Dotty!

Dotty and Ruth Tart, our President-elect, are in the process of planning the 2006-07 year. At the present time, the plan is for the major tournaments to be completed in three days – Tuesday, Thursday, and Friday. This way, we may return to the schedule of former years and include all four major tournaments, with the hope that more Members will participate.

Keep in mind, the new RWGA Board will be in charge after October 1. There will be a joint Board meeting on October 10.

Mark your calendar for these dates:

November 5 RWGA Mixed Event

December 5 Guest Day

Please check the bulletin board in the Ladies' Locker Room for any changes due to hurricanes or such.

If there are any changes in your address, telephone number or e-mail address, please contact Ruth or the new Yearbook Chair.

Also, once again a reminder to all members to record their summer scores and send them to the Golf Pro Shop at Riviera. This is important for handicap purposes.

Stay cool and play well... May the wind be at your back!

Cristina's Corner

With much anticipation, we arrive at the beginning of the fall season. School is back in action, folks start returning to Miami, and golfing and tennis are now back in full swing. With this in mind, it is quite important to have the best clothes to start the season off on the right foot! So without further ado, here's what's coming to the Golf Pro Shop this month:

Women's

1. Tommy Hilfiger makes us shine out on the course with a collection called Once Upon a Picnic. This collection has bright yellows, corals, whites, and blues in very stylish yet quite comfy shirts, shorts, and pants.
2. Lacoste is back with all new fall colors that are new to the store! Great new socks, too!
3. Tail Tennis makes its big fall debut with a fun, colorful collection called Le Batik. The name speaks for itself. The mix of pinks, oranges, and whites is sure to score major points on the court!
4. Lacoste for kids has also arrived in new colors and styles that are great for school. We have long sleeve polos, turtlenecks, and lightweight sweaters for boys and girls.

Men's

1. Although we have not carried Ashworth in our store for a while, we thought it was time to try again. This time, we are bringing in great classic color shirts, with fantastic wick-away technology, that are very comfortable, but best of all...very affordable.
2. Tommy Hilfiger also makes its fall debut in the store, this time bringing great fall colors, such as browns, navys, khakis, and grays. All of these shirts are logo'd with the Riviera crest, which makes them a great gift along with making them good basic shirts to keep in your locker for après-golf activities!
3. Lacoste also returns to the men's section with all new colors and styles. We will be carrying long sleeve striped pique polos as well as lightweight sweaters.

So, after reading about all the fabulous merchandise we will be receiving this month...please make sure you stop by the Golf Pro Shop for all your golf and tennis needs!

Riviera Classic Member-Member Tournament October 19, 20 & 21*

*Golf Course will be
closed all three days

Agronomy Minute

Eric J. von Hofen, Director of Agronomy

I would like to start out by saying I have received a very warm welcome

New Fairway Mowing Line on #12

to the Club by many Members. It is great to hear the stories and history about the Club from many of you. The history and warm welcome has made me very happy to be a part of such a great operation. I look forward to meeting many more of you when you return from your summer vacations and retreats.

The Members that are in town and playing the course over the last three months have surely seen changes. We have planted some new trees, changed the fairway mowing lines to make the course more interesting, grown some rough, and chipped away at the summer cultural maintenance program.

New Palms on #14

and fairways during the month of September. This will happen on Mondays and should not affect play.

This summer's program is an aggressive one. We have had two aerifications and four heavy verticuts on the greens. All of these processes were followed by topdressing and brushing. Three down and one more to go. The last green aerification date is September 18th.

Aerification will also take place on the tees, collars, and fairways during the month of September. This will happen on Mondays and should not affect play.

By performing these necessary processes, we will have made an impact and removed a large amount of organic material built up on the greens. It is the natural desire of the Tif-Eagle bermudagrass to produce thatch. The thatch breaks down and becomes organic material. The material has to be removed so the grass can breathe. I tell people it is like taking off your sweater in the middle of summer.

Verticutting the Greens

I hope my *Riviera Gazette* column will provide you with answers and knowledge on the conditions of the golf course. I look forward to being your Director of Agronomy for many years to come.

From the Green Committee

Leigh Livesay, Chairman

Our putting greens represent less than five percent of our managed turf area, yet their quality can make or break a golfer's experience. By the conclusion of September, we will have ended the summer's heavy maintenance, with the fourth and final green aerification completed by mid-month. We can look forward to great playing conditions this fall and through the spring. All Members can all help by filling our divots, properly repairing ball marks, raking the bunkers, and proper cart use.

LANDSCAPE-ALOOZA!

Two new Canary Island Date Palm trees were planted in front of the Clubhouse last month. One of these lovely palms planted last year didn't make it and was replaced. At the same time, another one was planted in front of the Tennis Pro Shop. Eric von Hofen informs us that the date palm on hole #14 will have to be replaced.

GREAT NEWS FROM THE AQUATIC CORNER...

Aquatrend Water Workout Station – The Cool Way to Workout!

The Aquatrend provides a more efficient way to exercise. It can work isolated body areas, help one lose weight and inches, and facilitate aerobic and anaerobic training. The Aquatrend was designed to work all muscle groups. It provides a quick and safe method for working out and rehabilitation. It is great for swimmers and non-swimmers alike – everyone feels safe because there is

always something to hold onto. It has the added feature of letting you work against the resistance of water. The Aquatrend provides total body conditioning, the cool and easy way, without injury or trauma to your joints.

Vigorous exercise is one of our best defenses against cardiovascular disease, obesity, and premature aging. The Aquatrend Water Workout Station is the only submersible device that allows us to achieve cardiovascular fitness (STAMINA), promote toned muscles (peripheral and core STRENGTH), and do yoga and Pilates type movement (FLEXIBILITY) – the Wellness Trio of Aquatic Exercise: Stamina, Strength, and Flexibility!

For more information about personal training using the Aquatrend Water Workout Station, please contact Ana Oriani, AEA ICATRIC, Aquatic Specialist Instructor. Call 305-546-1373 or email: aquatherapilates@aol.com.
