

2014 Ride Schedule

Rocky Mountain Cycling Club

The following schedule is designed to provide training which challenges riders to plan and develop their conditioning level and cycling ability. Take advantage of our experience, and take your abilities to new levels. Non-members and visitors are cordially invited to join us on any scheduled ride. Membership may

As we have well over 180 scheduled rides, we always need ride starters. If you ride with us on a regular basis, please volunteer to start a ride during the year.

The RMCC offers ride start locations all over the front range to provide a wide variety of terrain and these are considered in all weather, subject to the final decision of the ride starter as to the starting point on the day of the ride. In cases when it is clear ahead of time that conditions will be unsafe for riding, the ride may be cancelled ahead of time. Should this occur, a notice will be placed on the RMCC homepage.

Note on climbing rides from Boulder/Lyons: These routes are all subject to change (including being moved to another start location) depending upon the status of road re-construction.

January

Date	Time	Start	Ride Description	Dist	Ride Starter
Wednesday 1/1	8:00	Northglenn	New Year's Day Century	100	Jim Kraychy
Saturday 1/4	10:45	Northglenn	Northglenn Show-And-Go	30-50	Dan Shields
