Luka encounters a monster sent by flia to kill her
>Contradictory to her ultimate goal, the monster allows him to rest from a previous battle so they can partake in honorable combat
>Luka asks why she would do him such a kindness
>She replies that Master flia control the rest of her kind understandably and made her barren, effectively making the species extinct, and that if she was going to strike down another species only hope for survival she would do it properly
>Luka asks why she opposes co-existence by working with flia
>She replies that she doesn't and would embrace co-existence if it existed
>Luka asks why she is there to kill him at all since she seems agreeable and would naturally oppose flia
>She replies that Master flia will bring back her family, species, and undo the barren curse she lives with if she killed Luka The Betrayer, and that if she failed she would never see her dream of saving the species come to fruition
>Situation: Luka losing dooms mankind, Luka winning dooms another species permanently, but Luka losing after his victory over her dooms both species making Luka's victory over her an especially hollow one

So, would Luka's sway stand up in this situation or is he going to score some major emotional issues from fucking over this monster?

Luka can't answer the issue for Stinegrif's getting fucked over, there's no way he would say this because that would be blatant lying on his part.

>>>432412
She's barren, so her species is still pretty fucked even if she loses and lives through the encounter.

I can imagine her starting to falter against the Swaglord and fucking losing & throwing all earlier pretenses of honor out the window in a blinding whirlwind of rage and cold steel, then making the horrible mistake of putting Luka to sleep followed by Luka's stamping her ass into the ground mercilessly.

Hmmm...
[Fight Euphomet Girl]
[X][Surrender]
I sheath Angel's Halo and get on my knees surrendering! TOO TOO TOO! Her, Her, Her
The Euphomet Girl stares at me confused
"Yo-you're surrendering?"
I quietly nod yes toward her
"Then I uh... lummm"
She hesitantly walks toward me, unsure of what to do from this turn of events
"If you're surrendering to me without a fight then that must mean..."
She looks at me with a faint blush in her cheeks and an unsure smile
She throws her cycles to the ground and quickly grabs me by the back of the head, she clumsily and forcefully shows her face into mine, kissing me and jamming her tongue into my mouth!
The sudden act surprises me and a small surprised gasp escapes the side of my mouth
The surprise quickly dissipates as a pleasant feeling overcomes me starting from my mouth, the warmth of her paws as she rubs the back of my head calming me
She continues sleeping forward in our clumsy kiss, nearly tackling me to the ground as I fall backward and lays on top of me
<Angel's Halo deals 50 damage to Luka!>
The attached sound is stabbing me in the back!
Painful gasps escape my mouth but she's closing her eyes and far to distracted to notice!
<Angel's Halo deals 50 damage to Luka!>
Unable to deal with a sharp blade cutting me, I grab her by the shoulders and quickly flip our positions, pulling away from her tender kiss and sitting on my knees over her looking downward

I reach for Angel's Halo and a look of fearful surprise spreads across her face
I unthinkingly and gently kiss it aside, her fearful face disappearing and replaced by a flushed one from the position we're in
She speedily grabs me by the shoulders and flips us back to the position from before, I land with a rough thump from her forcful maneuvering
"And You're the one that surrendered to me, I get to do what I want, not you, you big dummy!" in a childish demanding voice
She grabs my clothes with her paws and tears them off in one swift motion!
"They, those ve-" she pushes a paw over my mouth stopping my protest
"Shush, I want to make the noise" chiding me in a girlish manner
I stare back at her, the warm fluff of her hand on my face relaxing me, her leg fur brushing against my legs giving me a nice slightly ticklish feeling
I start getting an erection, and my dick pushes against her panties as a small gasp of surprise exits her mouth
She looks down noticing my reaction, and her cheeks flush red even more than before
"So you're enjoying yourself being with me?"
I simply stare back, unable to respond or nod my head no or yes even if I wanted to
A happy smile appears on her face as if she was pleased by this
She lets go of my face and spins around, maneuvering her crotch toward my face while she gets a closer look at my manhood
A pleasant scent emanates from between her legs, clouding my thoughts, as the fur on her legs rubs against the side of my head
"So this is what it looks like up close..." she pokes at my dick with the soft portion below her small claws, examining its reactions, the feeling bring me to a full erection

She continues playing with my dick, pushing it around between her paws, giggling as she enjoys herself
Her motions gently showing her panties across my face bringing an unbearable desire from the scent and feelings she is inflicting on me, I grab her by the thighs, stopping her
"How was your night, I thought I said I'm back!" her words stop as I start licking at her labia through the panties, her wetness already dampening it from before, the taste intoxicating me, making me forget about anything other than pleasing her
"Oh... it a pleasant night comes from how my mouth as I pull her panties down and expose her
She starts licking me as I lick her, her taste amplifying my pleasure and making me desire her more, while her moans continue between licks I can feel pre-cum leak out
She stops licking for a moment, staring at my penis before sensuously licking off my dick
"You, you taste good boy, really good, I want more, give me more, please..." she weakly says that as she jams my dick inside of her mouth, desperate to get what she wants
The licking and sucking from her small mouth is but, a sense of urgency overcomes me to give her what she wants and the combination of everything from before quickly pushes me to the edge
I explode inside her warm mouth, my body shaking all over from the orgasm, as she eagerly drinks everything down never stopping trying to get more as she continues to suck on me
Barely able to move from my orgasm, I weakly continue licking at her before she jams her pussy into my face and stops licking me, gasps of pleasure escaping her mouth as she shivers on top of me

I continue ranshing her pussy with my tongue, her sudden stop at stimulating me allowing me to concentrate on pleasing her
She suddenly arches backward, cinching her thighs around my head and putting the full weight of her body on my face!
I try to use my arms to move her off of my face, and my muffled cries and falling arms go unnoticed as she happily continues to grind against me
My head starts to get hazy, she's going to suffocate me at this rate, was this her plan all along to kill me like this?
My struggles weaken and as my vision fades I can hear her crying in pleasure as she shakes on top of me...
Luka passed out:
[[Play as the Euphomet Girl]]
[[Continue Playing as Luka]]
I slowly open my eyes, a moderate weight is pressing on my chest, I look downward to find the Euphomet Girl staring contently at me as she lays on me petting my chest with her fluffy paws:
I weakly begin talking, "You could have killed me..."
"I know... it was why I was sent after you, remember?"

Amount of people expecting me to strangle Luka - 0 / amount of people expecting me to make a younger virgin Tamamo personality for the Euphomet - a few probably

"Then uh-" She interrupts me with one of her fingers on my mouth and a small "Shh"
"You were my first lover and... and I really like you, so instead of killing you like Mrs flia wanted me to, I decided to bring you back to heaven with me!"
I look around, it looks like a normal home, I feel safe, I feel heavenly at all
"Mrs flia was astonished that I 'defeated' you but said that I'd still have to kill you to get my family and species back."
The fear of dying overtakes me and I try to move my arms but she has me tied to her bed, a bead of cold sweat running down my forehead as I move about trying to escape
She starts patting me on the head trying to calm me down
"Did... I was able to convince her otherwise with a little change on what I originally wanted?"
I sigh in relief, happy about not having to worry about dying but concerned by what she meant
She sits up on me with a smile, I notice that she is completely naked
"Instead of bringing my family back and the rest of my kind, I asked her if she could reverse the curse she put on me and let me keep you alive..."
I suddenly realize what she was planning, the idea goes through my mind and I slowly start getting an erection
"hee hee, I guess you've already figured out my plan!"
