## My MYP German Portfolio

**My MYP German Portfolio** contains 330 questions and answer options that cover the topics of the MYP syllabus. It helps students understand the questions that can be asked about these topics and prepare and practise their personal responses to these questions. The various answer tables are presented in a way that allows the students to pick and choose the parts of the answers that best reflect their own situation.

The Portfolio also encourages the students to review the relevant vocabulary and grammar prior to answering the questions, thus providing a great revision tool in preparation for the different assessment components.

## MYP German Portfolio

Welcome to your German Portfolio. This resource will help you turn your German course into a personal journey and prepare you fully for the final assessments. The German portfolio is designed to be used on a daily basis as you develop your German language proficiency.

### What is the MYP German Portfolio ?

The MYP German course is an organic course. You will learn vocabulary, grammar, syntax, skills and cultural facts throughout the various units that your teacher presents. While the course is open-ended, there are a wide range of themes and topics that *must* be covered and that are the same for all languages.

The following are the MYP Language Acquisition themes and topics presented in this Portfolio :

Identities and relationships	Orientation in space and time	Personal and cultural expression	Scientific and technical innovation	Globalization and sustainability	Fairness and development
Personal attributes	Daily routine	Leisure	Transport	Education	Social issues
Personal relationships	Neighbourhood	Holidays and tourism	Media	The workplace	Climate
Eating and drinking	Physical geography	Festivals and celebrations	Technology	Environment	
Physical well-being		Entertainment		Global issues	

Since the acquisition of a new language is an ongoing and organic process, you are encouraged to develop your personalized German **Portfolio**. The development of a Portfolio is *not* an MYP requirement but will help you a great deal as you expand your knowledge and understanding of spoken and written German and as you undertake progressively more complex readings, writings and oral presentations.

In this Portfolio, your course has been divided up into six themes and twenty topics. For each topic a number of questions have been suggested. The questions range from basic to complex and you are encouraged to answer each one of these questions whilst using the vocabulary and grammar that you learn in your lessons.

This process of answering many questions allows you to familiarize yourself with the topic-specific vocabulary, to revise and practise the grammatical concepts learned and to provide personalized answers in writing and speaking. The creative nature of the Portfolio also allows for differentiation, where you can challenge yourself to provide detailed answers, to explore grammatical variations (eg tenses) and to set minimum requirements for yourself (eg “use at least three adjectives”).

The table on page 4 shows you the various applications of this Portfolio.

<b>Applications of the Portfolio</b>	<b>Writing</b>	<b>Listening</b>	<b>Reading</b>	<b>Oral</b>

By the time you reach the end of the course, you will have a complete set of questions and answers that will, in various forms, be tested in the various assessments.

### **How do I use my MYP German Portfolio ?**

This Portfolio contains a comprehensive list of questions and answer options that have been grouped by theme and by topic.

Your task is to :

- find the questions that you cover as you progress through the course. For example, once you have covered part or all of the topic of “Eating and Drinking”, you should consult the Portfolio section on this topic;
- study the vocabulary and the grammar related to the topic in question before attempting to answer all the relevant questions;
- study the many answer options that have been given and select the ones that apply to your personal situation. From these options, construct your answers in a personalized manner. For example, when you describe yourself, simply select the features that correspond with what you look like. Of course, you are free to add more features or to change what needs to be changed;
- practise your writing but also your speaking : read the questions and the answer options out loud, draft your answer paragraph and learn how to say that paragraph;
- keep up to date with your course. As soon as you have covered a certain topic, or parts thereof, you should work on the corresponding questions. This will prevent your independent work from building up beyond manageable levels. Always remember that a new language is learned on a daily basis, not on the eve of the examination ...

- add your own additional questions at the end of each section. We do not claim to have produced an exhaustive list of questions.

### **Portfolio example**

When you are being asked : « *Can you describe your house/flat ?* » (Question 14), you must not simply say that your house is big or small or that your flat has five rooms. In order to fully exploit this question and show how much you have learned in German, you should differentiate between :

- whether your home is a house, an apartment, a chalet, a mansion
- whether your home is big or small
- whether your home is modern or not
- whether your home is near the city centre, in the suburbs or in the countryside
- whether there is one floor or more than one floor
- whether there is a garden or not
- whether there is a view of the mountains or of the town
- how many rooms there are in your home
- which rooms there are in your home
- etc.

When describing your home, why not include a photo in your write-up, Powerpoint presentation or blog entry ? Be as creative and artistic as you can when working on your Portfolio – it is there for you to enjoy !

### **Possible formats of your Portfolio**

Eventually your Portfolio will become a summary and a record of your language-learning experience. It is something you should celebrate and be proud of, so think of a way in which you can fully express yourself and revise best for your assessments.

Some options include :

- using an exercise book to prepare your answers in writing;
- working on a word-processed Portfolio;
- developing a blog;
- creating Powerpoint presentations;
- producing short video clips;
- etc.

Your teacher may also ask you to produce a combination of the above (and other) options.

The addition of visuals to some of the responses will provide a great creative touch and will, in many cases, also aid recognition and recollection of these responses. Furthermore, you may occasionally present parts of your Portfolio to your classmates, either as practice or as an assessment.

Remember, in order to stand out from the crowd and fully explore your linguistic ability, you must produce answer paragraphs that have a range of vocabulary, grammar and cultural content. Don't be satisfied with one-word answers – they will not earn you good grades and they will limit the communication that you must establish with your audience.

Good luck !

Share the ways in which you use this MYP Portfolio – as a classroom resource, an independent study resource, a differentiation resource or simply to learn a language you will use during your next holiday !
