ROYAL GOVERNMENT OF BHUTAN
ROYAL CIVIL SERVICE COMMISSION

Excellence in Service

FOREWORD

The Royal Civil Service Commission in accordance with the provisions of the Constitution of the Kingdom of Bhutan, Civil Service Act of Bhutan 2010, and the procedures laid down in the Bhutan Civil Service Rules and Regulations carries out the recruitment and selection of university graduates into the Civil Service annually through Bhutan Civil Service Examination (BCSE). Civil Service recruitment examination for the university graduates was introduced since 1983 with the objective of streamlining and instituting a proper selection system. Over the years, the recruitment and selection system has been strengthened to attract and select the best and the brightest graduates through healthy and fair competition for appointment in the Civil Service based on the principle of meritocracy.

In continuation to the 'Report on performance of graduates from different institutions in the Bhutan Civil Service Examination' published for the last seven years (2011-2017), the Royal Civil Service Commission is pleased to publish the report on performance of graduates from different institutes in BCSE for 2018. A total of 3218 candidates who studied in 202 different institutes based in 12 different countries appeared the BCSE in 2018.

While there were few candidates who studied in the institutes based in countries such as Australia, Bangladesh, Singapore, Malaysia, Nepal, Philippines, Sri Lanka, Thailand, UK and USA, most candidates who study outside Bhutan are from institutes based in India given its proximity and affordability. 778 candidates completed their studies from India and 2366 candidates from Bhutan.

In 2018, 40% of the PGDPA selected were from Sherubtse College followed by 17.5% from the College of Natural Resources and 13.04% from the Institute of Language and Culture Studies. While 83% of the PGDFM selected was from Gaeddu College of Business Studies followed by 10% from the Royal Thimphu College. In the PGDE category, including Dzongkha, 57.67% of the selected candidates were from the Institute of Language & Cultural Studies followed by 34.92% from the Sherubtse College.

The performance of the candidates would, besides other factors, depend on the quality of teaching and learning in the respective institutes, calibre of the individual candidates, and availability of approved vacancies in the Civil Service for particular year of examination. The RCSC will leave that for the readers to judge.

The 'Report on performance of graduates from different institutions in the Bhutan Civil Service Examination' is published every year as an advisory for parents and prospective candidates, and feedback for the institutes.

PRELIMINARY EXAMINATION

The Preliminary Examination is conducted to short-list candidates for the Main Examination (ME) and ensure minimum standard required of a candidate. The PE paper is common to all categories of graduates. PE consists of objective type questions designed to test Dzongkha and English communication skills, logic and analytical skills, problem solving and data interpretation abilities of the candidates. The evaluation of the PE answer papers are carried out by Optical Mark Reader (OMR) machine.

PE levels out the differences and variations in subject difficulty levels, assessment schemes and educational standard and quality and provides a level playing field for graduates to compete for the ME. It ensures that graduates meet the minimum core competency standards required of them for recruitment into the Civil Service.

The PE was introduced in 2010 as an additional mechanism to screen potential recruits & ensure minimum standards are met by people who sit for the ME.

ROYAL CIVIL SERVICE COMMISSION

MAIN EXAMINATION – BCSE GENERAL & DZONGKHA CATEGORY

The Main Examination (ME) is conducted to test candidate's core competencies and subject/general knowledge for final selection. Candidates appearing the ME are grouped under the following categories:

a) Post Graduate Diploma in Public Administration (PGDPA);

b) Post Graduate Diploma in Financial Management (PGDFM);

c) Post Graduate Diploma in Education (PGDE);

d) Technical including Post Graduate Diploma in National Law (PGDNL); and

e) Dzongkha.

ME consists of the following three parts with corresponding weightage:

Part I: Academic Achievement (Marks obtained in Bachelors degree) – 10%

Part II: Written Examination – 70%

Part III: Viva Voce – 20%

The total marks obtained by a candidate in the BCSE is an aggregate of the above three components.

Currently, PGDPA, PGDFM and PGDE categories of graduates appear common written examination papers namely Dzongkha language; English language & General Knowledge; and Bhutan and its (i) Socio-Political Institutions and (ii) Socio-Economic Development since 1961. Each paper carries equal weightage and is evaluated out of 100 marks and their aggregate is converted to 70% of the ME.

The written examination for Dzongkha graduates opting for appointment in positions requiring Dzongkha Specialization and teaching comprises of the following three papers namely Dzongkha Language & General Knowledge which carries 20% weightage; English Language & Current Affairs carrying 15% weightage; and Buddhist Studies paper which carries 35% weightage. Each paper is evaluated out of 100 marks and converted to the respective scale of 20% for Paper I, 15% for paper II and 35% for Paper III, and then added to obtain the total marks. Since most candidates appearing BCSE Dzongkha category examination are absorbed for PGDE in Dzongkha, the report on performance of Dzongkha graduates from different institutes have been clubbed under PGDE category.

Note: There were few selected candidates who have withdrawn their candidature from the PG Courses above. The vacancies were offered to the next candidates as per the merit ranking of the result.

MAIN EXAMINATION – BCSE TECHNICAL CATEGORY

The Main Examination (ME) is conducted to test candidate's core competencies and subject/general knowledge for final selection.

Like BCSE General and Dzongkha categories, ME for BCSE Technical Category also consists of the following three parts with corresponding weightage:

Part I: Academic Achievement (Marks obtained in Bachelors degree) – 10%

Part II: Written Examination – 70%

Part III: Viva Voce – 20%

The total marks obtained by a candidate in the BCSE is an aggregate of the above three components.

The Written Examination for technical graduates, including law graduates opting for the PGDNL comprises of the following three papers namely Languages and General Knowledge, (Common Paper to all categories of technical graduates) which carries - 20% weightage; General Subject Knowledge (Common Paper for each professional group) which carries 15% weightage; and Subject Specialisation Paper (Subject specific) which carries 35% weightage. Each paper is evaluated out of 100 marks and converted to the respective scale of 20% for Paper I, 15% for paper II and 35% for Paper III, and then added to obtain the total marks.
