## **☑ Ditch Witch** RT12, RT16, RT20, RT24

# WALK-BEHIND TRENCHERS

Of the leading compact walk-behind trenchers, the Ditch Witch walk-behind trencher family represents the industry's most solid investment:

### **SOLID STRUCTURE.**

With heavy-duty frames and components, these trenchers are built to stand up to the toughest conditions. At the business end of the machine, where the main wear and tear takes place, genuine Ditch Witch digging systems provide unbeatable durability and performance.

### **SOLID RETURNS.**

The Ditch Witch brand has become synonymous with the compact trencher because it has maintained a reputation of enduring quality and performance for more than 60 years. With every Ditch Witch trencher, the return on investment is second to none. Maintained properly, Ditch Witch walk-behind trenchers will provide reliable productivity—job after job, year after year.

### **SOLID SUPPORT.**

The worldwide Ditch Witch dealership network is dedicated exclusively to sales and service of the Ditch Witch product line. Every dealer is extensively trained to provide superior customer support, including genuine Ditch Witch parts that extend the life of your equipment.

### **OitchWitch** WALK-BEHIND TRENCHERS

### **KEY FEATURES**

- All controls—including engine throttle, chain engagement, and boom lift—are grouped conveniently at the operator's station.
- 2 Designed with more weight on the digging chain to put more product in the ground faster.
- Digging systems feature the industry's longest-lasting cupped digging tooth, DuraTooth™, which improves productivity and reduces downtime.
- Digging systems are made of genuine Ditch Witch\* chains, teeth, and sprockets, which are specially manufactured to work together to last longer and provide greater performance than any other digging system.
- Special trail wheel supports the tracks to increase stability over uneven and rough terrain and reduce breakover when loading and unloading.

- RT12, RT20, and RT24 feature low-maintenance, long-lasting engines from Honda<sup>®</sup>, the world's leading manufacturer of small OHV engines; RT16 offers an economical, reliable Briggs & Stratton<sup>®</sup> Vanguard<sup>™</sup> engine.
- Heavy-duty tie-down points increase stability during transport.
- Optional heavy-duty DuraTrak™system provides outstanding stability and traction when traveling over trenches, curbs, and rough terrain.
- Outboard bearing support stabilizes and supports the headshaft and auger for reliable productivity trench after trench.
- Auger drive system eliminates need for sheer bolts on the auger and simplifies changing sprockets and digging chains.

#### COMPLETE SPECIFICATIONS AVAILABLE ON DITCHWITCH.COM.

### PARTS, ACCESSORIES, AND SUPPORT.

The Ditch Witch\* organization has everything you need to successfully complete the task with your walk-behind trencher, including:

#### **CUSTOM TRAILER**

Featuring a durable, high-strength axle and a steel deck, the Ditch Witch S2B single-axle trailer is designed specifically for our walk-behind trenchers. Standard features include ramps for easy loading and unloading, tie-down points, tongue safety chains, and a complete lighting system.

www.ditchwitch.com/trailers

#### **ELECTRONICS**

Before you dig, you must know what's below. Buried telephone, CATV, power, gas or water lines—there's a Ditch Witch locating system to help you identify what and where they are. From our lightweight, hand-held units to our sophisticated ground penetrating radar, Ditch Witch locating systems help improve your efficiency and, more importantly, your safety.

www.ditchwitch.com/electronic-guidance

#### **DEALER SERVICE AND SUPPORT**

Whether it's new or used equipment, parts, service, financing, or all of the above, your Ditch Witch dealer is prepared to offer you the best of everything. Ditch Witch dealers are chosen for their commitment to the underground construction profession, and they are thoroughly trained to represent the highest standards in the industry.
