	Ar Nosurge: Ode to an Unborn Star	PlayStation 3	RPG	2014	<p>Ar Nosurge Ode To An Unborn Star is a Fantasy, Sci-fi, '7 Dimension' RPG, that takes place in a world where music and song can create magic. It tells the compelling story of a civilisation that lost their planet and has been roaming the edge of space for 2000 years in search of a new home.</p> <p>The player follows two sets of characters: Delta and Casty, whose goal is to protect humanity and save the world, and Ion & Earthes, who are trying to find Ion a way home to Earth. The player can interchange between both pairs and soon discover a way to combine their storylines and strengths to eventually solve the mystery that shrouds their ongoing struggle.</p> <p>Much like most titles developed by Gust, this is an intricately deep turn-based RPG and it includes a detailed synthesis system for players to create their own items. Additionally, Ar Nosurge: Ode to an Unborn Star has a unique character development system that focuses more on the bonds/ relationships between the main characters than their success in missions and battles, as the player's party grows stronger if the characters have a closer relationship. Additionally, when in battle, character pairs fight together.</p> <p>One is always the first line of defence, attacking enemies in melee with knives and swords while protecting the other, who is weaving a song to fend off enemies. The longer the song lasts the more damage it creates- not only to enemies visible on screen, but to ones that are in line to attack. FEATURES o Synthesis system for item creation. o Unique</p>

	Children of Mana	Nintendo DS	RPG	2006	<p>In ages past, an island called Illusia floated at the centre of the world. At the heart of the island towered an ancient, enormous tree that stretched up to the very heavens. For ages past, chaos and sorrow had engulfed the world until at last its salvation appeared in the form of a boy, a girl, and a holy sword.</p> <ul style="list-style-type: none"> Time flowed on and peace returned. The sword and the tree remained, and they soon came to be known as the Sword of Mana and the Mana Tree. Followers of the Mana Tree returned to Illusia as the world started slowly but surely down the path to recovery. The eight elemental spirits are a staple of the Mana series. These powerful allies aid you with healing and special status effects. They can also unleash fearsome magic upon your foes. The greatest innovation of this installment of the Mana series is allowing four players to advance the story and solve quests together while maintaining the feel of an action RPG. Players' actions affect each other in a gameplay experience completely unlike previous action RPGS!

Dante's Inferno

PlayStation 3

Action

2010

EA's Dante's Inferno tells an adapted story that focuses on delivering a blockbuster 3rd person action game experience while bringing Alighieri's depiction of Hell to the medium. Players assume the role of Dante, who descends into Hell after returning home to find his beloved Beatrice murdered, with Lucifer seducing her soul into the underworld. Dante sets out on a rescue mission to save Beatrice, but he soon realizes he is also in Hell to face his own demons and ultimately to redeem himself.

Players will take Dante through nine unique circles of Hell as mapped out and described by Alighieri: limbo, lust, gluttony, greed, anger, heresy, violence, fraud and treachery. Each circle will showcase its own distinct look, with demons, monsters, damned and geography that are crafted straight from the poem's vivid descriptions.

To take down the demons of Hell, Dante is outfitted with two primary weapons: the Scythe he takes from Death and the Holy Cross given to him by Beatrice, which has spiritual powers that will help Dante collect souls and spells from the creatures he defeats on his journey. The game also features a deep upgrade system so gamers can customize their abilities to their specific gameplay style, something they'll need as Dante comes face to face with Hell's fiercest beasts and bosses. If successful, Dante will be able to tame certain beasts, exacting their will and turning Hell's punishments back on itself.

Built on the same technology as the award-winning Dead Space, Dante's Inferno will deliver a fast, fluid and responsive combat experience running at 60 frames per second, a must-have for the action adventure genre. The game is being built by Visceral Games, with the same attention to polish the studio has become known for with Dead Space.

- An Epic Adaptation of a Classic – Based on part one of Dante Alighieri's classic poem "The Divine Comedy," Dante's Inferno is a 3rd person action adventure game that takes Dante on an epic journey through Hell as he seeks to rescue the soul of his beloved Beatrice.
- The Nine Circles of Hell – Just like the poem, players will descend through Dante's unique nine circles of Hell: limbo, lust, gluttony, greed, anger, heresy, violence, fraud and treachery. Each circle features distinct environments, enemies and story elements befitting the sins committed by their inhabitants.
- Control the Beasts of Hell – Dante's Inferno features large scale beasts and bosses, some of which Dante will be able to fully tame, utilizing them to throw back Hell's wrath to its minions.
- Fast, Addictive, Responsive Combat – Dante fights through the nine circles armed with Death's Scythe and Beatrice's Holy Cross, with magic powers and a deep, customizable upgrade system helping the player take full advantage of a fast and fluid gameplay experience that will never run at lower than 60 frames per second.

- Bring Hell With You Wherever You Go – Dante's Inferno gives PSP owners the same level of fast, responsive gameplay through all nine detailed and unique circles of hell the team is aiming to achieve on the consoles.
- Visceral Games Stamp of Approval – From the award-winning studio that created the critically-acclaimed Dead Space, Dante's Inferno will receive the same relentless focus on quality and polish Visceral Games has become known for.

Furthermore, the cutting-edge animations for both monster and player characters have been enhanced in the Western versions to make battles more dazzling and dynamic than ever before.

- Since times long forgotten, a forbidden scepter had lain sealed away in Trodain castle. Until one day, a mysterious jester called Dhoulmagus disturbed its rest and freed the scepter from its ancient bonds. Using the scepter's power, Dhoulmagus placed a spiteful curse upon the whole kingdom. In the space of a moment, the people were transformed into thorns and the land was frozen in time. To add insult to injury, the King and the Princess were turned into hideous beasts!
- However, the curse left one person untouched...a young guardsman...You! Now you must embark on an epic journey to save your king and country and lift the shadow of the evil jester's curse!

Dragon Valor	PlayStation	RPG	2000
--------------	-------------	-----	------

Dragon Warrior III	NES	RPG	1992
--------------------	-----	-----	------

Dragon Warrior VII	PlayStation	RPG	2001
--------------------	-------------	-----	------

This sequel to the Dragon Warrior series comes to the PlayStation. This game, immensely popular in Japan under the name Dragon Quest, features the same turn-based battles against 2D animated monsters found in the previous series. True to its pedigree, the Dragon Warrior VII battle systems don't show the player's characters, only the characters' stat information, on the screen. The movements of the enemies use an advanced form of the Monster Action feature first implemented in Dragon Quest VI (not seen in America), resulting in smoother, more numerous actions. There are many nostalgic mini-events brought back for this game, such as the Medal King and Town Building (a powered up version of the classic Dragon Warrior III mini-event). The story starts on Esterd, a little island floating in the middle of a vast ocean. The inhabitants of the island do not believe in such things as monsters or even other lands. A young man in a little fishing village on this island finds a map that may be proof that something exists beyond Esterd Island. This discovery leads him on a journey to the edge of the world--and beyond. Akira Toriyama (the creator of Dragonball) returns once again as the character designer. This RPG brings the pioneering series to new heights of interactive gaming achievement. True to the poignant, delightful themes that have captured the hearts of millions of Dragon Warrior fans, Dragon Warrior VII updates the series to what will be one of the best games ever for the PlayStation game console. Your journey begins on Estard Isle...

Just off the Gransys mainland is the cursed Bitterblack Isle and it is here that gamers will discover an underground realm, complete with new terrifying foes to face and incredible treasure to find as they embark on an all new quest. Owners of the original Dragon's Dogma will be able to export their existing characters and all other saved data, to continue their journey as the Arisen and face this new threat that has emerged from the cavernous depths. Players will be able to take their characters to new heights, with brand new high-level skills and augments as well as all new weapons and armour sets. For those that missed Dragon's Dogma the first time around, Dragon's Dogma: Dark Arisen provides the opportunity to start their journey from the very beginning before tackling the all new content.

Furthermore, owners of the original Dragon's Dogma will receive the following for free on purchasing Dragon's Dogma: Dark Arisen: 100,000 Rift Crystals, unlimited Ferrystones and the Gransys Armour Pack consisting of six brand new costumes.

Based on player feedback, Dragon's Dogma: Dark Arisen will make the Dragon's Dogma gameplay experience even more satisfying, with improvements such as easier travel and a more intuitive menu system. For those who already own Dragon's Dogma and then purchase Dragon's Dogma: Dark Arisen, these improvements will be automatically retrofitted to their original game.

A prequel to the original Drakengard, Drakengard 3 transports players to a medieval world where six sisters wield special magical abilities as the "Intoners." These sisters have brought peace to the earth with their power to manipulate magic through song. Harmony is disrupted, however, when the eldest sister, Zero, attempts to murder her younger sisters with the help of her dragon companion, Mikhail. As the story progresses, players find themselves in a battle to unravel the mystery of Zero and learn her true intentions. The world is ruled by Intoners, sisters whose songs unleash vast powers. One day, the eldest sister Zero appears with her dragon Mikhail in tow, in order to kill her 5 sisters. Why did Zero appear before her sisters? Why does she travel with a dragonkin? What exactly is an Intoner? Darkness is upon the horizon.

- This year marks the 10th Anniversary of the Drakengard series
- Discover how it all began with Drakengard 3, the prequel to the Drakengard series

	Final Fantasy XII	PlayStation 2	RPG	2006	<p>The story of FINAL FANTASY XII takes place in a world called "Ivalice," in an age when magic was commonplace and airships plied the skies, crowding out the heavens. A world of many races, the humes, bangaa, viera and, of course, moogles, all call Ivalice home.</p> <p>War was on the horizon. Seeking to strengthen its base of power, the great Archadian Empire had been invading and subjugating its neighboring kingdoms one by one. The small Kingdom of Dalmasca was one such kingdom.</p> <p>When the occupying Archadian forces established a new consul in Dalmasca's Royal City of Rabanastre, it caught the attention of Vaan, an urchin living on the streets. To Vaan, the Empire was a hated enemy who had taken the life of his brother—his last surviving family member. Vaan hatched a plan to sneak into the castle housing the new consul and unburden him of one or two of his treasures. But before he would have the chance, Vaan got far more than he bargained for; a resistance movement of former Dalmascan soldiers</p>

					<p>rising up against the Archadian Empire was launching an assault! Amid the ensuing confusion that engulfed the castle, Vaan saw something he could scarcely believe. There, among the members of the resistance, was the figure of the sole remaining heir to the Dalmascan throne, the Princess Ashe, who'd been given up for missing...</p> <p>Our story follows Vaan, Ashe, Vaan's friend Penelo, the sky pirate Balthier, his partner Fran and many more on an adventure through Ivalice that traces the mysteries behind the Archadian Empire's invasion. Since 1987, the FINAL FANTASY series has sold over 60 million units. FINAL FANTASY XII carries on the proud tradition, bringing new ideas to the series and innovation to the RPG genre.</p> <ul style="list-style-type: none"> • Every aspect of the graphics brings color to the world of Ivalice—blues and oranges reminiscent of the Mediterranean evoke a landscape alive with a mix of European and Arabian imagery. • Airships feature prominently in FINAL FANTASY XII. They come in all shapes and sizes—the main airship in this story is a medium-sized craft that measures over 1,000 feet from bow to stern. Airships are used for everything from the trading of goods to the waging of war. • The story isn't all that's new—experience an evolved battle system with numerous features never before seen in the FINAL FANTASY series. • 1. ADB – Active Dimension Battle is a shift from ATB (Active Time Battle), lending more realism to the battle by allowing seamless switching between the field and the battle scene. • 2. Load time between the field and the battle scene that is unrelated to actual gameplay has been eliminated, ensuring smoother gaming. • 3. Besides time elements, such as the attack timing, the player can fully utilize the field geography in terms of differences in ground level, intricate terrain, places with low visibility and the like. • 4. Enemy monsters can also take advantage of the varied tactics that ADB offers, possessing sophisticated AI to ambush parties, back up their comrades and restore HP. • Ivalice sounds better, too, with in-game events and movie scenes presented in Dolby Pro Logic II.

- Take Part in a Gaming Experience that Sets New Standards – The first in the series developed for a simultaneous release on multiple high-definition consoles, FINAL FANTASY XIII pushes new boundaries in cinematic presentation, sound and gameplay.
- Experience the Unity of Speed and Strategy with the Ultimate Active Time Battle system – The familiar system has evolved, granting players the freedom of executing numerous commands in a single turn with the multi-slot ATB gauge. Whether inputting singular commands in each slot for consecutive attacks, or expending multiple slots at once to activate a devastating blow, it's up to the players to respond effectively to the battle conditions at hand.
- Adapt to the Ever-Changing Tide of Battle with Paradigms – A brand-new game mechanic enabling players to assign roles to their party members at any time during battle, shifting between combat paradigms. Consisting of various combinations of the game's six roles, ranging from Commando, the offensive specialist, to Medic, the quintessential healer, paradigms allow players to respond and adapt instantly to any given situation to turn the tide and seize victory.
- Witness the Battle Scene Transform with an All-New Summon System – Introducing Gestalt Mode, a powerful dimension of the summon system that elevates the action to a whole new level. In Gestalt Mode, characters and their transformed Eidolons fight as one, dealing massive damage to enemies through simple button commands.
- Delve into an Emotional Experience – An immersive storyline connects players to an intriguing cast of characters. Will they have the strength to confront their cursed fates, or will destiny prevail over all that they believe in?

FINAL FANTASY XIV marks the latest installment to the FINAL FANTASY series, and brings with it unprecedented levels of player choice and freedoms. FINAL FANTASY XIV introduces adventurers to the Armoury system, which influences character development as well as their individual gameplay experience. After choosing a path on which to embark, be it the Discipline of War, Discipline of Magic, Discipline of the Land or Discipline of the Hand, players may then select any of various classes, and need do no more than simply equip the proper weapon or tool to instantly change their active skills.

In their travels, players will come upon massive, crystalline formations known as aetheryte - dense concentrations of Hydaelyn's aether that allow for teleportation throughout Eorzea. By using small, rectangular plates called guildleves, the powers of aetheryte can be unlocked, granting players to ability to travel instantaneously from location to location. A wide variety of guildleves provide levequests tailored for individuals as well as large parties, with the end result being near endless opportunities for exploration and adventure for years to come.

- Conceived and produced from notable FINAL FANTASY developers - Produced by Hiromichi Tanaka (FINAL FANTASY I, II, III and XI), and directed by Nobuaki Komoto (FINAL FANTASY IX, XI), with art direction by Akihiko Yoshida (Vagrant Story, FINAL FANTASY XII) and musical score by Nobuo Uematsu (FINAL FANTASY series).
- In-depth character creation - Choose a race and clan before going on to customize your avatar's face, hairstyle, skin color and more, with subtle adjustments allowing for limitless possibilities.
- The Armoury - With defining emphasis on the game's weapons and tools, the Armoury is a unique class system that influences both character development and an individual's style of play. With it, players have the flexibility and freedom to fight, craft and gather whenever and however they so choose. Simply equipping an item will automatically cause the character to take on the class associated with it.
- Aetheryte transportation - Traverse the realm of Eorzea instantly using this seemingly supernatural teleportation system.
- Solo or Party play - Adventure alone or in the company of others as you undertake quests and engage in battles on your travels through Eorzea.

	Mega Man Legends	PlayStation	Action; Shooter	1998	<p>In a world covered by endless water... People are forced to eke out a living on the small patches of land that remain above the sea. The people of this world rely on ancient technology driven by quantum refractors, a powerful energy source. These refractors lie in ancient ruins underground and in the sea and are sought out by explorers called Diggers. These brave explorers are the sole source of refractor energy which has become a cornerstone of the emerging civilizations. Originally, this was the Diggers' only purpose; to find refractors so that civilization would endure. However over the years, the story of an incredible treasure, the legendary Mother Lode, began to be whispered among the Diggers. The Mother Lode...a treasure so great that were it discovered, it would provide so much power that the world need never fear of running out of energy. In search of this Mother Lode, Diggers travel from one island to another in their flying machines ever hoping that they'll find what they seek just over the horizon. Who can say what truly motivates the Diggers? One day a well-known digger, Barel Casket, found a baby in an archeological site. He named the baby Mega Man Voulnut, and raised him with his granddaughter Roll. Fourteen years have passed since the disappearance of Roll's parents while they were excavating a site. Mega Man and Roll have followed in the footsteps of Roll's parents in an effort to both discover the truth of their mysterious disappearance and to find the long lost family treasure ... the Mother Lode.</p>

2008

In a city where information is heavily monitored, agile couriers called Runners transport sensitive data away from prying eyes. In this seemingly utopian paradise, a crime has been committed, your sister has been framed and now you are being hunted.

You are a Runner called Faith - and this innovative first-person action-adventure is your story. Mirror's Edge delivers you straight into the shoes of this unique heroine as she traverses the vertigo-inducing cityscape, engaging in intense combat and fast paced chases. With a never before seen sense of movement and perspective, you will be drawn into Faith's world. A world that is visceral, immediate, and very dangerous. Live or die? Soar or plummet? One thing is certain, in this city you will learn how to run.

- Move yourself: String together an amazing arsenal of wall-runs, leaps, vaults and more, in fluid, acrobatic movements that turns every level of the urban environment to your advantage and salvation.
- Immerse yourself: In first person every breath, every collision, every impact is acutely felt. Heights create real vertigo, movements flow naturally, collisions and bullet impacts create genuine fear and adrenaline.
- Challenge yourself: Fight or flight. Your speed and agility allow you not only to evade, capture and perform daring escapes, but also to disable and disarm unwary opponents, in a mix of chase, puzzles, strategy and intense combat.
- Free Yourself: Runner vision allows you to see the city as they do. See the flow. Rooftops become pathways and conduits, opportunities and escape routes. The flow is what keeps you running – what keeps you alive.

	Paper Mario: Sticker Star	Nintendo 3DS	Action; Platformer	2012	<p>Paper Mario is back, and finds himself in another sticky situation! Take Mario on an exciting paper adventure and help him repair the mess Bowser has created using the powers of brand new stickers. A cast of colourful characters will keep you laughing along the way as the familiar world of Paper Mario is brought to life in Paper Mario: Sticker Star for Nintendo 3DS! The visually stunning 3D effects make it seem as though you're looking into and exploring a world made up of shoebox dioramas!</p> <p>It's the day of the annual STICKER FEST in the town of Decalburg and the bothersome Bowser has been up to no good! By causing the Sticker Comet to explode, he scatters six Royal Sticker's across the land and it's up to Mario and his ally Kersti - a sticker fairy - to set off on an action-packed adventure to try and recover them.</p> <p>Unfortunately these missing stickers are now stuck onto Bowser and his minions - which means there will be plenty of puzzles to solve and battles to win in order to retrieve them. Mario and Kersti must travel far and wide to prairies, deserts, forests and snowy mountains across the world and hunt them down!</p> <p>Stickers are very important to this fun adventure as Mario will use them to attack his enemies in traditional Paper Mario action-battles. Not only will they help you flatten your enemies, they also help solve puzzles throughout the crazy world of Paper Mario when placed in the correct spots, unfolding the environment to reveal new areas and new ways to progress through the game. They can be found and collected from all corners of the world and the flashier the sticker, the more powerful it is. Collect stickers by peeling them off their environment, buying them in shops, or even making your own, and store them in your notebook for later use. It's also important for Mario to find power-ups to improve his abilities and complete side missions for other characters, as this will increase his strength and ready him for battle. For the first time in the series there are no experience points to collect!</p> <p>This charming, hand-held adventure will have both new and experienced fans of the Paper Mario series hooked as they explore colourful 3D environments, gather heaps of stickers,</p>

					<p>defeat enemies and use collected items to their advantage. Delivering a new twist and combining a traditional action-battle system with sticker-based gameplay, make your way through by flattening characters, rolling out towns, and completing side missions in this brand new Paper Mario adventure on Nintendo 3DS!</p> <p>Peach is enjoying a vacation with her loyal servant, Toadsworth, when a mysterious creature captures her. The one clue is a treasure map she had sent to Mario earlier. When our hero hears news of her capture, he follows the map's clues to the Star Crystals, strange artifacts of unknown power. Complicating the matter are three veiled figures plotting the return of the great shadow witch, an army of strange new enemies and one angry Bowser, who embarks on an adventure of his own to find out who's cutting into his villain business.</p>
	Paper Mario: The Thousand-Year Door	GameCube	RPG; Platformer	2004	<ul style="list-style-type: none"> • Time passes, the pages turn...and a new chapter unfolds in an unfamiliar land! Get ready for a two-dimensional role-playing adventure for the ages, as Mario™ returns to paper form in pursuit of a threat unlike any he's ever faced. • Take to the stage! Paper Mario 2 builds on the action-packed battle system of the original RPG with the addition of audience participation. Not only will timing Action Commands help you dodge or inflict damage, but impressing the crowd will help you build power for super attacks! Try not to disappoint the audience, though, or you'll pay! • Don't fold under pressure! This time, Mario will have to make full use of his papery qualities to survive. Fold into a paper airplane and take to the air, turn sideways to slip through narrow passages and roll into a tube to bounce to safety. • No need to go it alone! Many strange friends will join your party, and you'll have to rely on their skills to survive. Even former enemies may bail you out, so keep an open mind!
	Parasite Eve	PlayStation	RPG; Adventure	1999	A police drama delves into the supernatural when a monstrous force threatens the world at the sub-cellular level. Based on the Japanese science fiction novel by Hideaki Sena, Parasite Eve features a science-fiction/horror story line told through incredible 3D computer graphic visuals; detailed film-quality story sequences blend seamlessly with the realistic gameplay environments. The motion-picture-style effects complement the intricate storyline based on a best-selling Japanese sci-fi novel. The gamer assumes the role of Aya Brea, a young female cop on the NYPD faced with the task of defeating Eve, an evil entity representing the will of the mitochondria. (Mitochondria are micro-organisms with unique DNA that live and work symbiotically inside of human cells.) The game takes place entirely in New York City, with many backgrounds based on actual locations in the Big Apple. There, Aya must use her police training, weaponry, and latent "mitochondrial energy" to prevent Eve from destroying the human race. Like Final Fantasy VII, PE portrays Aya and other characters as 3D polygonal characters against beautiful static backgrounds. With PE, Square has opted to use more realistically proportioned characters than those found in FFXVII, and the game's two CDs are packed with copious amounts of gorgeous full-motion video to advance the story.

Kor, a young man living in a small village by the sea, is enhancing his sword fighting skills under the careful supervision of his grandfather. Impressed by Kor's growing skill, his grandfather bequeaths to him an unusual weapon known as a Soma.

Soon afterwards, while watching the house in his grandfather's absence, Kor meets a young woman named Kohaku who has come searching for his grandfather. Kor is enchanted with the young woman, the first girl he's ever met from outside his village.

However, a mysterious witch soon appears who casts a spell on Kohaku's Spiria, the embodiment of her heart and soul. Kor attempts to lift the spell by connecting to her Spiria through a technique known as a Spiria Link, but while doing so he accidentally shatters her Spiria Core, the source of her emotions.

Kor, armed only with the Soma given to him by his grandfather, must now set out on a journey to find a way to make Kohaku's Spiria whole once more.

- Players can enjoy the huge game content and long play hours anywhere and anytime they want!
- Beautiful anime-style character designs by Mutsumi Inomata, who has designed many characters for previous games in the Tales of series.
- Aerial Chase Linear Motion Battle System enables players to blow an enemy with "Break Attack" and to speedily catch up with it with "Chase Link" that allows players to use "Chase Dash". In this way, the players can move freely in the air and experience the innovative aerial battles!

Tales of Legendia	PlayStation 2	Action; RPG	2006
-------------------	---------------	-------------	------

The renowned Tales series comes to the PlayStation® 2 with the extraordinary depth of an RPG and the furiously fast real-time battles of an authentic fighting game. In development for several years (the team includes members of the Soul Calibur development team), Tales of Legendia offers fantastic 3D graphics, dynamic battle scenes and an emotionally-charged storyline. Players can now battle huge monsters with fighting-game like controls with X-LiMBS, Namco's new Crossover Linear Motion Battle System.

Tales of Legendia features a unique cast of characters designed by Kazuto Nakazawa, the internationally renowned Japanese artist acclaimed for his amazing character designs in Kill Bill: Vol. 1.

Tales of Legendia is an epic tale of love and heroism that explores the ties that bind us all. Senel Coolidge, a young expert in the special skill called "eres," was drifting in the misty ocean on a small boat with his younger sister Shirley. As food ran out and their strength deteriorated, an island suddenly burst through the mist and approached the boat with astonishing speed, engulfing it with perilous waves. When they awoke on the shore, the siblings realized it was not an ordinary island, but actually the deck of the mysterious giant ship called Legacy. Have they stumbled upon an unknown civilization, or is the Legacy a relic of something long past?

- Battle Huge Enemies Like Never Before. The depth you'd expect from an epic RPG, combined with real-time battles that feel more like a fighting game.
- X-LiMBS Battle System. Battle huge monsters with fighting-game-like controls with the X-LiMBS (Crossover Linear Motion Battle System) battle system.
- Fantastic 3D graphics. A stunning, fully 3D setting that has a unique look perfectly suited to the game.
- Uniquely Designed Characters. A unique cast of characters designed by internationally renowned artist Kazuto Nakazawa, acclaimed for his amazing animation sequences in Kill Bill: Vol.

In the world of Sylvarant the land is dying due to a steady loss of Mana, the energy source that is needed for both magic and life itself. As crops begin to wither and hardship sets in, the people turn their hopes to the Chosen, who can reverse the ills of the world by completing the Journey of World Regeneration. Lloyd Irving and his friends must find a way to help the Chosen awake the Summon Spirits, but they'll soon discover the fate of a second world is tightly linked to their actions...

Tales of Symphonia: Dawn of the New World follows the journey of two young heroes, Emil and Marta in a world of chaos as their fates intertwine with Lloyd, Colette, and Ratasok, a summon spirit rumored to be the lord of all monsters.

With Tales of Symphonia Chronicles, players will be able to experience the most celebrated Tales of game to date, Tales of Symphonia, again for the first time with crisp and colourful high definition graphics and additional content along with its 2008 sequel Tales of Symphonia: Dawn of the New World. Both titles will be fully subtitled in English, German, French, Italian and Spanish, and for the first time ever, will also include English and Japanese voiceover.

Using characters designed by renowned Japanese artist Kosuke Fujishima, Tales of Symphonia unfolds with beautiful anime-style cel-shaded graphics that make the expansive 3D worlds feel like a 2D comic book. The storyline is an emotionally charged, epic adventure that redefines the role-playing genre.

- The most renowned Tales of game comes back in HD
- The possibility to play with the Japanese voiceover
- The whole saga of Tales of Symphonia combined in one game
- More than 90 hours of Gameplay in total

--------------------	---------------	-------------	------

Luke fon Fabre, sole heir to a family of aristocrats. He was kidnapped seven years ago, and the shock left him with no memories of his life before. For his own protection since his return, he has been confined to a quiet, boring life within the family's residence, learning little of the world beyond the palace walls.

Luke is suddenly thrust into the outside world, caught in the workings of the Order of Lorelei, keepers of the prophecy known as the Score. No longer in the shelter of the palace, Luke must get along in the confusing and often hostile world. He knows nothing about those who might be his friends, or those who already are his enemies.

Alone, naive, and spoiled, Luke must learn of friendship and sacrifice, of duty and choice, of what is written and what will be. The world collapsing around him, Luke's actions could save the world or destroy it.

- Characters Come to Life Like Never Before. The most realistic character models ever used in the series. More detailed expressions allow players to connect with the characters even more with stunning character designs by Kosuke Fujishima.
- Roam free in a Flexible Motion Battle System. Not only does the player control his character by focusing on the targeted enemy, but a groundbreaking twist to the Tales series allows the character to run freely around the battlefield.
- A Stunning World Awaits. A fully 3D setting and beautiful anime cutscenes by Production I.G. immerse the player in one of the most stunning Tales games ever produced.
- New Town Link System. The actions of the story and characters reflect the world around them. The prices and availability of certain goods will change depending on the characters' actions, giving the player the feeling that his or her actions truly affect the world of the game.

Every treasure has its cost and this adventure will test Drake's physical limits, his resolve, and ultimately what he's willing to sacrifice to save the ones he loves.

UNCHARTED 4: A Thief's End is the latest installment of the award winning UNCHARTED series from acclaimed developer Naughty Dog. Launching exclusively for the PlayStation® 4 system, A Thief's End delivers the most thrilling UNCHARTED adventure yet with new gameplay mechanics, larger, more open environments, and enhanced graphics and animations that showcase the power of the PS4 system.

Set three years after UNCHARTED 3: Drake's Deception, Nathan Drake has presumably left the world of fortune hunting behind. It doesn't take long for adventure to come calling when Drake's brother, Sam, resurfaces seeking his help and offering an adventure Drake can't resist. On the hunt for Captain Henry Avery's long-lost treasure, Sam and Drake set off to find Libertalia, the pirate utopia deep in Madagascar. UNCHARTED 4: A Thief's End takes players on a journey through jungle isles, urban cities and snow-capped peaks on the search for Avery's fortune.

- **Next-Gen Blockbuster Adventure:** UNCHARTED 4 ushers in a more cinematic experience on the PS4 system with real-time cut scenes and new character animations to highlight Naughty Dog's signature storytelling.
- **Dynamic Gameplay:** Evolved mechanics give players many fresh approaches to gameplay, including new rope and grappling mechanics, added climbing moves and equipment, and seamless fluidity between melee, stealth, and combat.
- **Expansive Environments:** Varied and richly detailed environments open up with multiple navigation paths to encourage exploration. Gameplay and enemy AI strategically leverage the wider design and added verticality.
- **Drivable Vehicles:** For the first time in UNCHARTED history, drive vehicles during gameplay to make big moments even more spectacular and interactive.

Valkyrie Profile

PlayStation

Action; RPG

2000

Ragnarok, the end of the world, is coming. The forces of evil are gathering. You are the Valkyrie, one of the three goddesses who oversee the fates of men after death. Odin, lord of the gods, has ordered you to find suitable human souls to serve as his warriors, his Einherjar, for the upcoming apocalyptic war. Are you up to the challenge? Valkyrie Profile is an RPG that draws on elements of side-scrolling action games to produce a game with a flavor all its own. You, as the Valkyrie, will select one of three different difficulty levels, each with its own distinct features, and meet over ten characters to recruit and train in the ways of battle. Test their skills in a unique combo-based combat system that requires as much timing and speed as it does strategy. As your characters become stronger, customize their skills by distributing Capacity Points to give them new abilities, improve their statistics, or even to make them better people. Attack with punishing sword and spear moves, or cast spells with dazzling graphics that can fill the entire screen at once. Valkyrie will explore side-scrolling dungeons with a 3-D design, with richly detailed backgrounds and insidious puzzles. Climb, jump, run, and shoot beams of ice to overcome wandering monsters and difficult obstacles. Battle huge bosses to obtain artifacts that may help you along in your quest. However, remember your duty to Odin; send your strongest Einherjar to Valhalla, and track their progress in the great war through regularly timed events. Time marches onward, and you only have a limited number of actions with which to complete your quest, so use them wisely. Please Odin, and you will obtain useful items and weapons to help you along. Remember that how you perform, the decisions you make, will affect the path you take towards one of three different endings, so choose carefully. Enjoy the detailed and twist-filled storyline, and find out if you have what it takes to help the Aesir gods win the final battle of battles...

Valkyrie Profile 2:
Silmeria

PlayStation 2

RPG

2006

Hundreds of years before Lenneth's tale, another saga lies concealed by the gods. The valkyrie Silmeria once served Odin loyally, but after an incident ignited a conflict between them, Odin forcefully reincarnated her as a human. The human soul that would carry her spirit was that of Alicia, Princess of Dipan. Ordinarily, Silmeria's consciousness would have been sealed, her spirit dormant until she was next summoned... However, the forced transmigration causes Silmeria's spirit to awaken within Alicia, leaving two souls to inhabit a single body. The spirit that should have been sealed has awakened—a situation Odin will not ignore for long.

- This instalment introduces the new Photon Action System to the classic side-scrolling action format found in the original. Projecting photons grants players more freedom to explore and expands the action, resulting in challenging puzzles with clever solutions. Add to that "sealstones" that affect the laws of nature in dungeons, launching strategy to new heights.
- The unique, highly acclaimed battle system of the previous game has evolved into the Advanced Tactical Combination Battle System. Feel the exhilaration of accelerated battles raging across 3D environments for more spectacular and more strategic combat than ever before!

	Wild ARMs 2	PlayStation	RPG	2000	The rebirth of a legend. Filgaia is faced with a new crisis. The people who are struggling to keep world peace establish the Awkward Rush & Mission-Savers (ARMS). Three young heroes join as members of the ARMS in the search for peace. And so the journey begins. From the producers of Legend of Legaia, Wild Arms 2 offers an intricate and rich story line that plunges players into an epic adventure full of impassioned characters, intense action, strategic battles, and powerful magic. While this sequel to the popular Wild Arms is still set in the world of Filgaia, it stars a completely new cast of characters. This new generation of heroes recalls the past game's crew, as the spunky Ashley, lovely Lilka, and banzai Brad recast the party roles from the first game. These three make up the ARMS team, or Agile Remote Mission Squad. Graphically, this sequel outshines its predecessor, featuring a polygonal field screen, the ability to rotate the camera, and more detailed characters. RPG fans that complain about too many random encounters will enjoy the new Encounter Canceling System. Players can also assign Personal Skill points to their character with every level up, allowing a level of customization absent from many console RPGs.

	Xenosaga Episode III: Also Sprach Zarathustra	PlayStation 2	RPG	2006	<p>Xenosaga® EPISODE III: Also sprach Zarathustra ("Thus Spoke Zarathustra") A year has passed since Xenosaga II. Shion has resigned her post at Vector Industries after realizing that the company is deeply connected to the cause of the Gnosis phenomenon. She has thus joined Scientia, an underground organization, in order to unveil Vector's true objectives. The development of KOS-MOS is to be cancelled, and a mysterious android, T-elos appears to be taking KOS-MOS' place. Shadows of suspicion and conspiracy surround T-elos. Uncover the future of mankind in this much-anticipated conclusion to the Xenosaga trilogy.</p> <ul style="list-style-type: none"> • Over 8 Hours of Movies Including Voiced Cut Scenes. Pre-rendered cut scenes and real-time cut scenes with dramatically enhanced models, as well as in-game voiced cut scenes with anime-style 2D portraits unveil an epic story. • The Exciting Conclusion to an Epic Trilogy. Building on the deeply philosophical and existential storyline of the first two titles, the concluding chapter in the series brings closure to the remaining mysteries in the highly acclaimed story. • Updated Battle System. Battles are intuitive and fun, combining the best aspects of the first two games' battles, while introducing the new Break system. • Customize Your Characters. A branching skill set promotes character specialization and diversification. Strategic party management is more highly rewarded, adding another level of depth to game strategy. • Money/Shops Are Back! Buy, barter, and sell any items or equipment, allowing you to upgrade your characters and E.S.s frequently. • An In-Game Database is Your Veritable "Xeno Bible". An easily accessible database of every detail: important events, people, items, keywords, locations, weapons, back-story, phenomenon, townspeople, associations and companies. • Challenge Yourself and Friends with new Mini-games. With 60 pre-made levels to complete, the Xenosaga puzzle mini-games add a new type of challenge for the player, and rewards his performance. The mini-game map editor also lets players create, play and share their own custom maps with friends.
