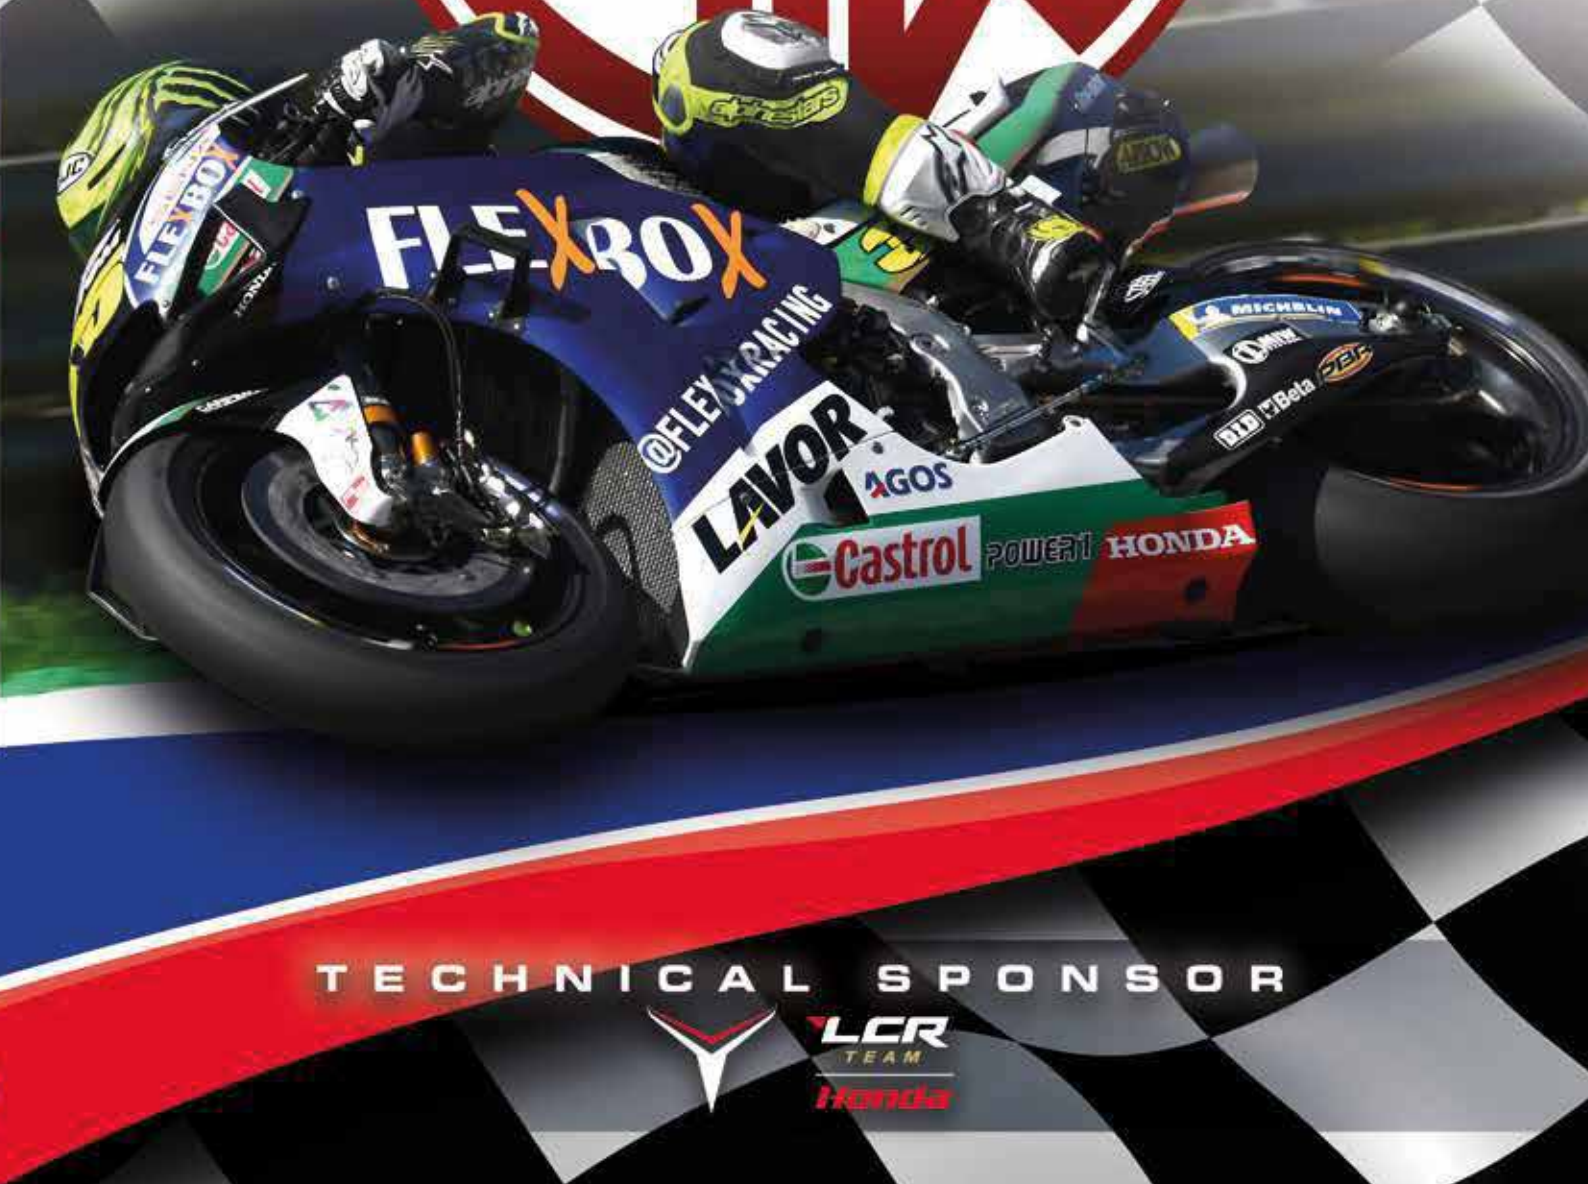
OIL/AIR & POWER FILTER ELEMENT



TECHNICAL SPONSOR

LCR TEAM Honda

YOUR TRUSTED ENGINE PARTNER

TECNOLOGIA GIAPPONESE

Sviluppati a Shizuoka, Giappone, per essere utilizzati sia nelle applicazioni OEM che nel mercato after market, i filtri MIW utilizzano la tecnologia "**Multi Stage Filtration**" per assicurare la protezione del motore dalle impurità e dai detriti trasportati dall'olio.

Incorporando, inoltre, un sistema di stabilizzazione della pressione, i filtri MIW offrono un **afflusso omogeneo di olio** più pulito e filtrato al motore.

La stessa cura per i dettagli viene data alla qualità dei nostri filtri aria.

La protezione del vostro motore è garantita con i filtri olio e aria MIW.

QUALITÀ ALL'AVANGUARDIA

I filtri dell'olio MIW sono prodotti perseguendo gli standard qualitativi più alti richiesti dai motocicli moderni. Il metodo da noi creato per il filtraggio è basato su **carta microporosa impregnata di resina**; utilizzando carta composta da una grande percentuale di fibre di cotone, per offrire un filtraggio di durata e qualità senza pari.

Le fibre di cotone sono composte da filamenti di spessori differenti, più spesse verso le pareti esterne del filtro, per catturare le particelle di metallo più grandi, e più sottili verso l'interno, per filtrare anche le particelle più microscopiche. Questo metodo, alla base del "**Multi Stage Filtration**", permette una incredibile capacità di filtraggio del flusso dell'olio, anche dopo la contaminazione prolungata del filtro.

VASTA SCELTA PER UN'OTTIMA COPERTURA DEL MERCATO

Il marchio MIW (conosciuto anche come Meiwa Company ltd.) è **da oltre 40 anni** uno dei marchi leader nella tecnologia dei filtri, producendo una delle più apprezzate linee di filtri olio e aria per motocicli presenti sul mercato. Ma questo non ci basta.

Da oggi MIW è più forte che mai, con un nuova gamma di filtri aria e olio per tutti i più popolari modelli di moto e scooter. Scegliere MIW come vostro partner è scegliere uno dei marchi con più esperienza nel campo del filtraggio applicato.
