### ASSESSMENT:

- **Unit NG1** – Open Book Examination
- **Unit NG2** – A practical assessment to be carried out in your workplace (or other workplace) and submitted by e-mail to SETA after the course end date.
- The NEBOSH National General Certificate is made up of two units which must be completed successfully within five years to achieve this qualification.

### COURSE SYLLABUS:

#### ➔ Unit NG1: Management of Health & Safety

- Element 1: Why we should manage workplace health and safety
- Element 2: How health and safety management systems work and what they look like
- Element 3: Managing risk – understanding people and process
- Element 4: Health and safety monitoring and measuring

#### ➔ Unit NGC2: Risk Assessment

- Element 5: Physical and psychological health
- Element 6: Musculoskeletal health
- Element 7: Chemical and biological agents
- Element 8: General workplace issues
- Element 9: Work equipment
- Element 10: Fire
- Element 11: Electricity

All courses can be delivered on site subject to delegate numbers

## 50 YEARS OF COMMITMENT TO EXCELLENCE

SETA Training & Advisory Services Ltd is a wholly owned subsidiary of Stockport Engineering Training Association Ltd which was founded in 1966 to provide a technical and safety training service to the private and public sectors.

SETA provides specialist training and consultancy services nationally and globally with many large multi-national companies especially in the Apprenticeships, Industrial Safety, Supervisory and Skills Development areas.

Through several years of organic growth, SETA now provides training across UK, the Eastern Mediterranean and Middle East.
