Finding information

To answer questions, we need to find information in a text.
We only need to find out the information that the questions ask.

Finding information—the steps:

- 1 Read the question.
- 2 Find the keyword(s) in the question.
- 3 Find the keyword(s) in the text.
- 4 Read the text around the keyword(s).
- 5 Find out the answer.

Look at this example:

1 Read the question.

4 Read the text around the keyword: 'She wears dresses.'

My English teacher

Miss Leung is my English teacher. She is tall and thin. She has long hair and big eyes.

She wears dresses. We all like her very much.

Blacken the circle next to the best answer.

1 What does Miss Leung wear?

A dresses

B jeans

C shirts

D socks

5 The answer is 'dresses'.

2 The keyword in the question is 'wear'.

Have a try!

Read the personal recount and the questions. Write the keywords. Then blacken the circle next to the best answer.
