NACCAS Samples and Guidelines Preface – A Must Read

INTRODUCTION

Congratulations! You hold in your hands a comprehensive sample of forms and policies designed to help you comply with NACCAS standards, policies, and requirements. NACCAS is one of the few, if not the only accrediting agency that provides such a tool for use by its constituency.

NACCAS GENERAL GOALS OF ACCREDITATION

- A. To foster and improve post-secondary education and training in career arts and sciences.
- B. To establish and enforce minimum standards of performance towards ensuring that accredited post-secondary schools offer, and can be reasonably expected to continue to offer, successful programs to prepare graduates for licensure, certification and/or employment in these areas.
- C. To ensure that each accredited institution carries out its educational activities in ethical and responsible ways.

PURPOSE OF THE SAMPLES AND GUIDELINES BOOKLET

The purpose of this booklet is to aid NACCAS-accredited schools in meeting the goal of improving post-secondary education and complying with NACCAS requirements. It is designed to serve as a partner in making sure your institution meets all applicable standards, criteria, and policy requirements. It is important to remember that it contains samples and guidelines only. The information is provided to assist institutions in developing documents and policies. *Use of these forms and information does not guarantee compliance or ensure that the school will not receive limitations.* However, use and proper implementation of these documents may well improve the success of the institution's initial or renewal process.

HOW TO USE THIS BOOKLET

- 1. Review the entire booklet thoroughly.
- 2. Determine which documents and policies apply to your institution, in whole or in part.
- 3. Download the applicable documents from the NACCAS website into a "word" file on your computer.
- 4. Edit the forms and policies to ensure they comply with your institution's needs.
- 5. Place your personal brand onto the forms if you desire to do so.
- 6. Properly implement the forms and policies.
- 7. Maintain proper documentation of the forms and policies at the institution and/or in student files.

EDUCATIONAL OBJECTIVES AND INSTITUTIONAL EVALUATION

SAMPLE FORMS AND GUIDELINES

Standard I: Educational Objectives and Institutional Evaluation

MISSION STATEMENT GUIDELINES

Following are examples of mission statements. Schools should bear in mind that the mission statement can be as broad or as specific as they choose based on the training offered in its programs. Schools should bear in mind that when counting a graduate as successfully placed on its annual report, they will have needed to prepare the graduate to do the job more effectively. Schools should be able to substantiate the results of the mission statement through their curriculum.

"It is the mission of ABC Beauty Academy to provide an opportunity to achieve a quality education for a group of learners who have the ability to benefit from the program."

"It is the mission of Design Institute to provide a quality cosmetology education that prepares the graduate for licensure and job entry-level skills."

"It is the mission of ABC Beauty Academy to provide an opportunity to achieve a quality education for a group of learners who have the ability to benefit from the program by developing the requisite skills in business and customer service for success in the workplace."

"It is the mission of The Design Institute to provide a quality education in the practical skills necessary for licensure and success including business skills, customer service, retailing, and communications."

"It is the school's mission to provide graduates with the understanding of the business skills needed to be a top salon or spa professional."

"ABC College of Cosmetology is dedicated to student success by enriching lives and cultivating professionals through innovative, personalized education in a creative and inspiring environment that prepares graduates in the business skills and fiscal responsibility necessary for success in the workplace."

"It is the hope and purpose of Design School of Cosmetology to provide students with a positive learning environment and a pathway to career success."

BACK UP DATA FOR THE SCHOOL'S MOST RECENT ANNUAL REPORT YEAR

The school should download the Cohort Grids from the NACCAS Web-site for the most recent Annual Report and fill in all three for each course offered. The on-site evaluation team will use the grids to verify the school's annual report as accurate and to ensure that the minimum thresholds are met for completion, licensure, and placement.*

Schools that do not meet the minimum thresholds for the most recent Annual Report Year may provide at least six months of preliminary data for the current or more recent year to show compliance with the threshold requirements. That data will also be verified by the on-site evaluation team. They will also be required to submit a preliminary report for the subsequent year by the first quarter of the following year.

Examples of other information the school may provide to verify their annual report would be reports generated by the school's computerized student tracking software, hard copies of final transcripts, copies of licenses, state board examination reports, self-certification by graduates of employment, copies of business cards of employed graduates, graduate surveys, etc.

Standard I – Educational Objectives and Institutional Evaluation

GUIDELINES FOR OBTAINING FEEDBACK AND DEVELOPING AN IMPROVEMENT PLAN

All NACCAS-accredited institutions are required to solicit annual feedback from current students, graduates and the institution's advisory committee member(s). The primary purpose of soliciting such feedback is to improve the overall quality of the institution and to ensure the achievement of the institution's mission and educational objectives. These guidelines have been developed to assist institutions in assessing feedback and performance outcomes.

Conducting surveys allows the institution to review both positive and negative feedback about the curriculum, the facilities and equipment, the student support services, the institutional performance statistics, etc. This information allows the institution to evaluate itself and implement changes to improve the overall quality of the institution.

- A. The school should develop applicable surveys to solicit relevant information as follows:
 - 1. Current Students: The survey should request information from students in areas such as relevance of instruction, availability of instructional materials, program content, and student support services. (See Sample Current Student Survey.)
 - 2. Graduates: The survey should request information from graduates in areas such as achievement of educational objectives, effectiveness of licensure preparation, job search skills, preparation for employment, effectiveness of instruction, etc. (See Sample Graduate Survey.)
 - 3. Advisory Committee: Information should be solicited from the advisory committee, either through meetings, conference calls, or surveys that address the effectiveness of the institution's curriculum, facilities and equipment, performance outcomes, and student support services as relevant to industry trends and needs. (See Sample Advisory Committee Survey.)
- B. The institution compiles its annual performance statistics based on the results of its most recent NACCAS Annual Report and determines if the rates are congruent with the institution's mission.
- C. The institution conducts an annual meeting with relevant personnel to review the feedback received from the surveys and/or meetings. The institution summarizes the feedback received from the current students, graduates, and the advisory committee. Based on the summarized feedback, recommendations for improvement are discussed and agreed upon, if applicable. An action plan for implementing desired changes is defined. Time lines for implementation are defined. Responsible personnel are identified. A follow-up meeting is scheduled to review effectiveness of improvements. The minutes of the meeting are recorded and maintained.
- D. Improvements are implemented and results are monitored and documented.
- E. The follow-up meeting is conducted, results are reported, and a determination is made as to whether the new procedures should continue or further changes are needed. Solicitation of feedback, assessment of feedback, implementation and monitoring of improvements is an ongoing cycle.

PLAN FOR IMPROVEMENT

Pursuant to Section 5.0 (d) (4) of the Rules of Practice and Procedure, an institution may use the following format to submit its Plan for Improvement when placed on Low Outcomes Monitoring.

C	CI	П	1		١T	T) A	Т	ES	ł
	\ .		•	и.	,,	, ,	►		1/1/2	,

State the school's current rates as calculated from the most recent Annual Report.

A.	Completion:	9
B.	Licensure or Certification	9
C.	Placement	9/

II. TARGETED RATES

State the school's targeted rates that it hopes to achieve with the submission of the next Annual Report as a result of implementation of the improvement plan.

4.	Completion:	%
В.	Licensure or Certification	%
Ξ.	Placement	%

III. PLAN FOR IMPROVEMENT

- A. Analyze specific areas of the school's recruitment and admissions, faculty, student support services, curriculum, facilities and equipment.
- B. Identify areas needing improvement that could specifically affect the school's outcomes rates.
- C. Develop strategies that will improve the school's outcomes rates.
- D. Monitor and evaluate the plan for improvement.

INTERNAL ANALYSIS

The institution should ask a series of questions regarding the three performance areas to determine where improvement may be needed.

COMPLETION RATE

Answer the following questions to determine areas where improvement might be needed.

- 1. How many students withdrew during the most recent annual report year?
- 2. Did most of the withdrawals fall into a specific demographic? If so, which demographic?
- 3. When did the majority of the withdrawals occur?
- 4. Can the withdrawals be tied to a specific instructor or class level such as the first phase of study or just after advancing to the student salon?
- 5. Do the institution's course hours exceed the hours required by the State? If yes, are withdrawals occurring when state requirements are met?
- 6. Are withdrawals occurring when the hours requirement of a neighboring state are met?
- 7. What is the institution's attendance policy?
- 8. Does the institution allow students to make up missed time or assignments?
- 9. Do students understand program objectives and requirements?
- 10. Do students fully understand the requirements for maintaining satisfactory academic progress?
- 11. Are students fully aware of all graduation requirements?
- 12. Are the reasons for student absences analyzed?
- 13. Can the institution change policies or assist in providing services to overcome the reasons for absences?
- 14. What reasons did withdrawals give for withdrawal?
- 15. What steps can the institution take to help overcome the causes of withdrawal?
- 16. Does the institution provide any special recognition or rewards other than a diploma or certificate of completion to those who graduate?

LICENSURE RATE

Answer the following questions to determine areas where improvement might be needed.

- 1. Are students made aware of licensure requirements prior to enrollment?
- 2. Are course requirements and expectations stressed throughout the program?
- 3. Are state exam requirements emphasized with each practical lesson taught?
- 4. Is State Law taught as part of the curriculum?
- 5. Are state board preparation classes part of the structured curriculum?
- 6. Does the institution conduct simulated state board examinations?
- 7. Does the institution provide the graduate with information regarding the licensing examination?
- 8. Does the institution provide guidance on when, where and how to take the state licensing examination?
- 9. Does the institution provide incentives to graduates to return with evidence of satisfactory completion of the licensing examination?
- 10. How much time elapses between graduation and the ability to take the licensing examination? Is this impacting licensure success?
- 11. Does the institution offer review or refresher courses to prepare for licensure or re-examination?
- 12. Do many of the licensing exam failures occur in special needs students?

PLACEMENT RATE

Answer the following questions to determine areas where improvement might be needed.

- 1. What is the institution's placement policy?
- 2. Does the institution teach the importance of professionalism throughout the curriculum?
- 3. Does the institution teach students how to write an achievement-oriented resume?
- 4. Does the institution provide opportunities for students to experience success and demonstrate achievement that will enhance the resume?
- 5. Does the institution teach students how to participate in a successful employment interview?
- 6. Does the institution teach students effective job search skills?
- 7. Does the institution maintain a relationship with area salons and other potential employers?
- 8. Does the institution make known area job opportunities to students?
- 9. Does the institution facilitate job fairs attended by local employers?
- 10. Does the institution invite area employers as guest speakers during job readiness classes?
- 11. Does the curriculum include development of an effective employment portfolio?
- 12. Does the institution facilitate field trips to area salons/spas/establishments?
- 13. Does the curriculum focus on the importance of developing a strong work ethic?
- 14. Does the curriculum place emphasis on important soft skills such as communication, building a business, retail sales, and customer service?
- 15. Does the institution provide any incentives to graduates to return and document their employment?

THE FORMAL PLAN FOR IMPROVEMENT

followin	tions: Download the following Plan and complete the applicable information for submission to NACCAS. Each of the grategories must be addressed <i>only</i> for the outcomes rate(s) that is/are below the threshold. Indicate the rate(s) for which the plies. Check the applicable areas in Item 1 of each category that may need improvement and answer items 2 through angly.

ADVISORY COMMITTEE GUIDELINES

All NACCAS-accredited institutions are required to have an external advisory committee.

Advisory Committee Definition: A committee composed of employers (at least one of whom is not otherwise affiliated with the institution) and may include other industry representatives, students, staff, graduates, and consumers, with emphasis placed on employers in the fields of study for which the institution prepares graduates. The focus of the committee should be curriculum, facilities and equipment, and institutional outcomes.

Guidelines for Development and Use of an Advisory Committee

Composition: The Committee must be composed of at least one employer or employers representing the field(s) of study offered by the institution. A committee member may represent multiple fields. The school should determine whether one employer would be able to provide the feedback that needs to be provided. The advisory committee can be comprised of one employer and the school owner. One employer could be able to comment on all fields and whether the school's curriculum is effectively preparing graduates for employment. If the school has one advisory committee member who is not qualified to provide feedback in all areas, then the school must have another member. However, it is recommended that the school consider using other key individuals as suggested in the definition of an advisory committee.

Consultation: The school shall consult with the members of the Advisory Committee at least annually to obtain feedback in those areas relevant to their experience and/or background. The consultation may be completed by way of an annual meeting, an annual or periodic conference call, or surveys conducted via mail or email.

Topics of Consultation: The feedback must include, but does not have to be limited to, information about the institution's curriculum, facilities and equipment, and outcomes statistics (completion, licensure, and placement rates). Other topics the institution might consider include:

- Admission procedures and goals
- Review of student and graduate surveys
- Current industry trends
- Salon employment needs
- Educational program offerings
- Entry-level skills needed by graduates

SAMPLE OF SUMMARIZED FEEDBACK (Standard I, Criterion 10)

Current student surveys and feedback indicated that the institution is doing an excellent job overall. There were some suggestions that the students would like to learn more on retailing and how to build a clientele. In addition, some students felt that the haircoloring unit of study could be expanded. Both current students and graduates indicated there were times when they have had to wait for a shampoo bowl on busy days and perhaps some additional shampoo bowls could be added. Advisory committee feedback also provided praise for the state-of-the-art facilities and curriculum, but indicated that the school should expand its curriculum and product lines to include more ethnic products. The advisory committee also suggested adding a supplement to the curriculum in the fundamentals of building a business that includes developing people skills, tracking clientele, upselling, and client retention. Overall, the feedback was highly positive and the institution is proud of its performance.

SAMPLE DESCRIPTION OF CHANGES OR IMPROVEMENTS

(ISS Standard I, Criterion 11)

Based on feedback from student, graduate, and advisory committee surveys, the Institute of Beauty plans to take the following actions:

- Incorporate more business skills training effective with January, 2011 start class
- Supplement the haircolor unit with more guest speakers effective immediately
- Add an additional multi-culture product line to the school's inventory effective immediately
- Install two new shampoo bowls by year end
- Add a cooperative learning CD ROM to the student book bundle effective with January, 2010 start class

STANDARD II INSTRUCTIONAL STAFF SAMPLE FORMS AND GUIDELINES

STANDARD II – Instructional Staff

While job descriptions are no longer required with the Institutional Self-Study effective July 1, 2010, schools are still required to have in place written operating procedures. It is logical that those procedures would include applicable job descriptions. An example of an Instructor Job Description is found below to aid schools in developing such documents.

SAMPLE INSTRUCTOR JOB DESCRIPTION

MAJOR GOAL: To instruct students effectively and prepare them for successful employment in their chosen field which helps assure the school achieves its mission and educational objectives.

JOB DUTIES:

Teaching Responsibilities (90% or more of daily scheduled work time)

- 1. Gain a working knowledge of the school's satisfactory academic progress policy, the standards of conduct, practical course requirements, grading policies and criteria, and state regulations within 30 days of employment.
- 2. Teach and follow the school's published curriculum, using all teaching aids and handouts provided unless deviations are approved.
- 3. Learn any new course or teaching methods introduced during employment and follow them consistently.
- 4. Maintain a thorough knowledge of the school's mission and educational objectives and strive to attain them at all times.
- 5. Prepare for and participate in new student orientation according to school policy and as assigned.
- 6. Organize and prepare for each class presentation. Organize the necessary handouts, teaching aids, and equipment prior to starting the class.
- 7. Follow and supplement published lesson plans. Present the information without reading from the text or lesson plan.
- 8. Project enthusiasm and excitement. Practice proper grammar and pronunciation. Be careful of tone, volume and clarity of expression.

SAMPLE SUBSTITUTE INSTRUCTOR ORIENTATION CHECKLIST

In accordance with the school's policy, all substitute instructors are required to complete routine employment paperwork and provide the additional following documents:
Copy of current instructor license.
Documentation of any continuing education credits earned in the past 12 months, if applicable.
Substitute instructors are to check the following forms, policies, and procedures as reviewed:
The written Operating Procedures
The Program Outlines for each program of study
The Class Schedules for each program of study
The Lesson Plans for each course of study
The handouts and other teachings aids that support the lesson plans
The Practical Grading Criteria and Procedures
The Satisfactory Academic Progress Policy
I hereby certify that I have reviewed the required information and will follow the institution's policies and procedures while I am acting as a substitute instructor.

SAMPLE STAFF MEETING MINUTES POLICY

All instructors are expected to attend monthly meetings during which the following topics, as applicable, will be discussed:

- Education, teaching schedules, student evaluations
- Student Council activities
- Student recruitment and admissions
- New Student Orientations
- Job Readiness Training
- Student Salon Activities
- Licensure Exams and Results
- Student Retention (withdrawals and graduates)
- Student/Graduate Feedback
- Staff Image and Professional Development

Staff meetings will be held more frequently if needed. Assessment of feedback from students, graduates, and advisory committee members will be reviewed and any applicable improvements or changes will be documented.

GUIDELINES FOR DEVELOPING A CONTINUING EDUCATION PLAN

Policy Development: The policy should take into consideration any specific state requirements for license renewal as WACCAS' requirement for twelve hours per year, at least four of which must be devoted to teaching methodology. Completion of the requisite continuing education or professional development hours may be linked to the instructor's annual performance.

Programs or Courses: The types of educational seminars, workshops, courses, or programs that would meet the requirements of the criterion are broad in nature. Examples of teaching methodology include topics such as: classroom management, lesson plan development, course development, delivery methods, presentation skills, development and use of teaching aids, student motivation and learning, evaluation and assessment of student progress, qualities of an effective educator, managing the learning environment, basic learning styles and principles, student counseling/advising, career and employment preparation, teaching in the student salon, teaching learning-disabled students, developing effective educational relationships, teaching study and testing skills, teamwork, communications, professional development of the instructor, student retention, etc.

Sources for Continuing Education:

- a. Community colleges or universities
- b. Association for Career and Technical Education
- c. Cosmetology Educators of America
- d. Product Manufacturers
- e. In-house continuing education provided by qualified individuals
- f. NACCAS workshops and seminars
- g. Various state and national associations representing related fields
- h. Publishers in the applicable fields of study
- i. Approved providers of continuing education and recognized industry experts/trainers

Documentation of Compliance:

- a. Transcript or certificate from a college course or program, distance learning course or program, or adult education course or program that indicates the number of credits or hours obtained.
- b. Certificate of attendance from an educational provider that indicates the date and number of hours or credits completed.
- c. Letters from manufacturers, who provide product knowledge classes, indicated the subject matter taught, the number of credits/hours of the training, and a list of instructors attending.
- d. Tickets for trade shows including a copy of the program or flyer that describes the event attended.
- e. Course outline, date, name of instructor, instructor's qualifications, and a list of attendees for in-house training seminars.
- f. Letters from guest speakers indicating the length of the presentation, date, and subject matter presented.

For certificates that do not indicate the number of credits/hours attended, an agenda or program schedule may be appended that indicates the amount of time scheduled in the course/program.

SAMPLE INSTRUCTOR CONTINUING EDUCATION PLAN

All instructors are required by the school to complete a minimum of 12 contact hours per year (based on employment anniversary) of continuing education training, at least four of which must be devoted to academic and practical learning delivery methods. It is the personal responsibility of each instructor to meet this requirement and provide documentation of such training to management for his/her personnel file. The school may periodically require employees to participate in job training or career development activities in addition to the regular work schedule. It is the goal of the school to actively participate in the development of its employees. However, it is believed that employees must be willing to invest both time and, if necessary, money toward self-improvement and professional development. Tuition for school sponsored events will be waived.

SAMPLE ORGANIZATIONAL CHART

While an organizational chart is no longer required with the Institutional Self-Study effective July 1, 2010, schools are still required to have in place written operating procedures. It is logical that those procedures might include an organization chart. An example is found below to aid schools in developing such documents.

PRIVACY POLICIES

Effective July 1, 2010, the Standards and Criteria require institutions to be in compliance with FERPA. To aid schools in developing FERPA policies, the following guidance obtained from the Family Policy Compliance Office and the United States Department of Education Handbook have been provided.

INFORMATION REGARDING FERPA AND SAMPLE POLICIES

Family Educational Rights and Privacy Act (FERPA) Family Policy Compliance Office (FPCO) Home

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained
 by the school. Schools are not required to provide copies of records unless, for reasons such as great
 distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for
 copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

School officials with legitimate educational interest;

Other schools to which a student is transferring;

Specified officials for audit or evaluation purposes;

Appropriate parties in connection with financial aid to a student;

Organizations conducting certain studies for or on behalf of the school;

Accrediting organizations;

To comply with a judicial order or lawfully issued subpoena;

Appropriate officials in cases of health and safety emergencies; and

State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

For additional information, you may call 1-800-USA-LEARN (1-800-872-5327) (voice). Individuals who use TDD may call 1-800-437-0833.

Federal Student Aid Handbook, Volume II, Recordkeeping

Privacy of Student Information (FERPA Rules)

The Family Educational Rights and Privacy Act (FERPA) sets limits on the disclosure of personally identifiable information from school records, and defines the rights of the student to review the records and request a change to the records.

With exceptions such as those noted in this section, FERPA generally gives postsecondary students the right

- to review their education records.
- to seek to amend inaccurate information in their records, and
- to provide consent for the disclosure of their records.

These rules apply to all education records the school keeps, including admissions records (only if the student was admitted) and academic records as well as any financial aid records pertaining to the student. Therefore, the financial aid office is not usually the office that develops the school's FERPA policy or the notification to students and parents, although it may have some input.

Student's & parents' rights to review educational records

A school must provide a student with an opportunity to review his or her education records within 45 days of the receipt of a request. A school is required to provide the student with copies of education records, or make other arrangements to provide the student access to the records, if a failure to do so would effectively prevent the student from obtaining access to the records. While the school may not charge a fee for retrieving the records, it may charge a reasonable fee for providing copies of the records, provided that the fee would not prevent access to student records.

While the rights under FERPA have transferred from a student's parents to the student when the student attends a postsecondary institution, FERPA does permit a school to disclose a student's education records to his or her parents if the student is a dependent student under IRS laws.

Note that the IRS definition of a dependent is quite different from that of a dependent student for FSA purposes. For IRS purposes, students are dependent if they are listed as dependents on their parent's income tax returns. (If the student is a dependent as defined by the IRS, disclosure may be made to either parent, regardless of which parent claims the student as a dependent.)

Prior written consent to disclose the student's records

Except under one of the special conditions described in this section, a student must provide written consent before an education agency or school may disclose personally identifiable information from the student's education records. The written consent must—

- state the purpose of the disclosure,
- specify the records that may be disclosed,
- identify the party or <u>class of parties</u> to whom the disclosure may be made, and
- be signed and dated.

If the consent is given electronically, the consent form must—

- identify and authenticate a particular person as the source of the electronic consent, and
- indicate that person's approval of the information contained in the electronic consent.

The FERPA regulations include a list of exceptions where the school may disclose personally identifiable information from the student's file without prior written consent. Several of these allowable disclosures are of particular interest to the financial aid office, since they are likely to involve the release of financial aid records.

Disclosures to school officials

Some of these disclosures may be made to officials at your school or another school who have a legitimate interest in the student's records. Typically, these might be admissions records, grades, or financial aid records. Disclosure may be made to:

- other school officials, including teachers, within the school whom the school has determined to have legitimate educational interests.
- to officials of another postsecondary school or school system, where the student receives services or seeks to enroll.

If your school routinely discloses information to other schools where the student seeks to enroll, it should include this information in its annual privacy notification to students. If this information is not in the annual notice, the school must make a reasonable attempt to notify the student at the student's last known address.

Disclosures to government agencies

Disclosures may be made to authorized representatives of the U.S. Department of Education for audit, evaluation, and enforcement purposes. "Authorized representatives" includes employees of the Department—such as employees of the Office of Federal Student Aid, the Office of Postsecondary Education, the Office for Civil Rights, and the National Center for Education Statistics—as well as firms that are under contract to the Department to perform certain administrative functions or studies. In addition—

- Disclosure may be made if it is in connection with financial aid that the student has received or applied for. Such a disclosure may only be made if the student information is needed to determine the amount of the aid, the conditions for the aid, the student's eligibility for the aid, or to enforce the terms or conditions of the aid.
- A school may release personally identifiable information on an F, J, or M nonimmigrant student to U.S. Immigration and Customs Enforcement (formerly the Immigration and Naturalization Service) in compliance with the Student Exchange Visitor Information System (SEVIS) program without violating FERPA.

Disclosures in response to subpoenas or court orders

FERPA permits schools to disclose education records, without the student's consent, in order to comply with a lawfully issued subpoena or court order.

In most cases, the school must make a reasonable effort to notify the student who is the subject of the subpoena or court order before complying, so that the student may seek protective action. However, the school does not have to notify the student if the court or issuing agency has prohibited such disclosure.

A school may also disclose information from education records, without the consent or knowledge of the student, to representatives of the U.S. Department of Justice in response to an *ex parte* order issued in connection with the investigation of crimes of terrorism.

Documenting the disclosure of information

Except as noted below, school must keep a record of each request for access and each disclosure of personally identifiable student information. The record must identify the parties who requested the information and their legitimate interest in the information. This record must be maintained in the student's file as long as the educational records themselves are kept.

FERPA RESPONSIBILITIES AND STUDENT RIGHTS

A school is required to—

- ✓ annually notify students of their rights under FERPA;
- ✓ include in that notification the procedure for exercising their rights to inspect and review education records; and
- ✓ maintain a record in a student's file listing to whom personally identifiable information was disclosed and the legitimate interests the parties had in obtaining the information (does not apply to school officials with a legitimate educational interest or to directory information).

A student has the right to—

- ✓ inspect and review any education records pertaining to the student;
- ✓ request an amendment to his/her records; and
- ✓ request a hearing (if the request for an amendment is denied) to challenge the contents of the education records, on the grounds that the records are inaccurate, misleading, or violate the rights of the student.

<u>DEPARTMENT OF EDUCATION'S MODEL NOTIFICATION OF RIGHTS UNDER FERPA FOR POSTSECONDARY INSTITUTIONS</u>

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

(1) The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

(2) The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the University to amend a record should write the University official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to provide written consent before the University discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The University discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted as its agent to provide a service instead of using University employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University.

[Optional] Upon request, the University also discloses education records without consent to officials of another school in which a student seeks or intends to enroll. [NOTE TO UNIVERSITY: FERPA requires an institution to make a reasonable attempt to notify each student of these disclosures unless the institution states in its annual notification that it intends to forward records on request.]

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202-5901

[NOTE: In addition, an institution may want to include its directory information public notice, as required by § 99.37 of the regulations, with its annual notification of rights under FERPA.]

For more information regarding FERPA, HIPPA, documents required in each student's file identifying that the student's records were disclosed to representatives of the Department of Education, the E-Sign Act and Information Security, and the FTC Standards for Safeguarding Customer Information, please refer to Volume 2 of the current SFA Handbook, the chapter on Recordkeeping.

STANDARD IV – ADMISSIONS POLICIES AND PROCEDURES

Institutions should review NACCAS Pol. IV.01 for more information on developing admissions policy and/or entering into Training Agreements with other entities.

SAMPLE ADMISSIONS AND ENROLLMENT REQUIREMENTS

ADMISSIONS AND ENROLLMENT REQUIREMENTS

The school does not discriminate in its employment, admission, instruction, or graduation policies on the basis of sex, age, race, color, religion, or ethnic origin nor does it recruit students already attending or admitted to another school offering similar programs of study. The school requires that each student enrolling in the Cosmetology or Esthetics programs must:

- Complete an application for enrollment
- Provide proof of secondary education such as a diploma, a GED certificate, an official transcript of secondary school completion, or a state certification of home-school completion.

In the absence of the above documentation, the applicant must take and pass an approved ability-to-benefit test administered according to the test publisher's guidelines by an approved Independent Test Administrator. In lieu of passing an ability-to-benefit test, the applicant may enroll in and successfully complete at least 6 credit hours or 225 clock hours.

Instructor applicants must meet all of the above requirements and:

- hold a current license as a practitioner in the field they wish to teach
- complete an application for enrollment
- complete an instructor in training application to be forwarded to the State Board of Cosmetology

Students enrolling under a training agreement with another entity, the applicant must meet the admissions requirements set forth in the training agreement with the other entity.

CATALOG REQUIREMENTS AND CHECKLIST FOR CROSS-REFERENCING

Catalog Requirements and Checklist

All NACCAS-accredited institutions are required to submit a cross-referenced student catalog as an exhibit to the Institutional Self Study. The abbreviated version of the checklist found on the next page may be used for cross-referencing. However, the institution should carefully review NACCAS Pol. # IV.02 to ensure full understanding of each checklist requirement.

- Shall provide programs of study that meets minimum curriculum requirements as prescribed by the state regulatory agency.
- · May change kit contents, textbooks, dress code, curriculum format, teaching materials or educational methods at its discretion.
- Will grant a diploma of graduation and Official Transcript of Hours for the applicable course when the student has successfully completed all
 phases of study, required tests, practical assignments; passed a final comprehensive written and practical examination; completed the program
 of study according to State requirements; completed all exit paperwork; attended an exit interview and made satisfactory arrangements for payment
 of all debts owed to the school.
- Will issue an Official Transcript of Hours to students who withdraw prior to program completion when the student has successfully completed the required exit paperwork, attended an exit interview and made satisfactory arrangements for debts owed the school as approved by the School.
- Will assist graduates in finding suitable employment by posting area employment opportunities and teaching Job Readiness classes, but placement
 is not guaranteed.
- May terminate a student's enrollment for noncompliance with General Policies, this contract, or State Laws and Regulations; Improper conduct or
 any action which causes or could cause bodily harm to a client, a student, or employee of the school; willful destruction of school property; and
 theft or any illegal act.

Student:

- Agrees to pay applicable school and state fees and provide all required registration paperwork in a timely manner.
- Agrees to comply with all Standards of Conduct, General Policies, State Laws and Regulations, and educational requirements including clinic assignments.
- Agrees not to refuse to perform client services or other program requirements.
- Agrees to provide all financial aid documents, if applicable, in the designated time frame.
- Agrees to comply with the school's dress code at all times and project a professional image representative of the cosmetology and image industry.
- Agrees to comply with the assigned schedule for the applicable program of study which may change from time to time at the discretion of the school.
- Agrees to attend theory class as scheduled for the duration of the course of study regardless of whether all required tests have been taken and passed.
- Understands that if he/she is a Title IV financial aid recipient,* minimum attendance and grade requirements must be maintained for satisfactory academic progress; failure to comply will result in loss of eligibility for financial aid according to the policy found in the catalog.
- Understands that he/she is responsible for the state licensing exam fee and other examination or licensing related expenses.

REFUND POLICY - NOTICE OF CANCELLATION

- For applicants who cancel enrollment or students who withdraw from enrollment a fair and equitable settlement will apply. Applicants not accepted by the school shall be refunded all monies paid to the school. If student (or in the case of student under legal age, his/her parent or guardian) cancels the enrollment in writing within three business days of signing the enrollment agreement, all monies collected by the school will be refunded even if the student has begun classes. The "formal cancellation date" will be determined by the postmark on written notification, the date said notification is delivered to the school in person, the date of expulsion by the school, or 30 days after the last day of attendance or the expiration date of an approved Leave of Absence.
- If a student cancels the enrollment more than three business days after signing the contract but prior to starting classes, a refund of all monies paid to the school less the registration fee in the amount of \$175 will be made. For students who enroll and begin classes but withdraw prior to course completion (after three business days of signing the contract), the following schedule of tuition earned by the school applies. All refunds are based on scheduled hours:

PERCENT OF SCHEDULED TIME	TOTAL TUITION SCHOOL		
ENROLLED TO TOTAL COURSE OR PROGRAM	SHALL RECEIVE/RETAIN		
0.01% to 04.9%	20%		
5% to 09.9%	30%		
10% to 14.9%	40%		
15% to 24.9%	45%		
25% to 49.9%	70%		
50% and over	100%		

- Any monies due the applicant or student shall be refunded within 45 days of formal cancellation date as defined above. In the case of disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances, a reasonable and fair refund settlement will be made. If permanently closed or no longer offering instruction after a student has enrolled, the school will provide a pro rata refund of tuition to the student. If the course is canceled subsequent to a student's enrollment, the school will either provide a full refund of all monies paid or completion of the course at a later time. The school does not participate in any teach-out plans with other institutions.
- Students who withdraw or terminate prior to course completion are charged a cancellation or administrative fee of \$150.00. This refund policy applies to tuition and fees charged in the enrollment agreement. Other miscellaneous charges the student may have incurred at the institution (EG: extra kit materials, books, products, unreturned school property, etc.) will be calculated separately at the time of withdrawal. All fees are identified in the catalog and in this enrollment agreement.
- If a Title IV financial aid recipient* withdraws prior to course completion, a calculation for return of TIV funds will be completed and any applicable returns by the school shall be paid, as applicable, first to unsubsidized Federal Stafford Student Loan Program; second to subsidized Federal Stafford Student Loan Program; third to Federal Pell Grant Program; fourth to other Federal, State, private or institutional student financial assistance programs; and last to the student. After all applicable returns to TIV aid have been made, this refund policy will apply to determine the amount earned by the school and owed by the student. If the student has received personal payments of Title IV aid, he/she may be required to refund the aid to the applicable program.

*The School is not currently eligible to participate in federal Title IV Financial Aid Programs

SAMPLE ARTICULATION AGREEMENT

Articulation Agreement Between ABC Academy and M&M Academy

Purpose and Scope

This Articulation Agreement has been established to facilitate the continuation of study and the granting of transfer credit for students from the M&M Academy Cosmetology Program to ABC Academy.

Awarding of Credit

This agreement provides for the full and unrestricted transfer of credit for all courses, laboratory experiences, and the like successfully completed by students in the M&M Academy Cosmetology Program. Official transcripts with documentation of classes taken and grades earned will be required.

Procedure

- 1. Applicants must meet all of the ABC Academy admissions requirements.
- 2. Applicants must meet with an admission's representative and furnish an official transcript that documents all courses taken and grades earned.

Representatives from each institution shall meet annually or more frequently, if needed, to evaluate the articulation process so as to ensure a smooth transition for students.

SAMPLE JOB PLACEMENT POLICY

While the school cannot guarantee employment for graduates, assistance in finding suitable employment is provided by posting area job openings on a career opportunities bulletin board for students to review. Students also receive training in professionalism and job search skills including how to write a resume, complete an employment application and prepare for an effective interview. The curriculum places a great deal of emphasis on how to obtain and retain employment after graduation. Graduates are encouraged to maintain contact with the school and follow-up with the school on current employment or employment needs. In addition, the school maintains a network of relationships with professionals and employers who provide mentoring to students while they are in school. Job referrals are made known to interested graduates as available.

SAMPLE STUDENT GRIEVANCE PROCEDURE

In accordance with the institution's mission statement, the school will make every attempt to resolve any student complaint that is not frivolous or without merit. Complaint procedures will be included in new student orientation thereby assuring that all students know the steps to follow should they desire to register a complaint at any time. Evidence of final resolution of all complaints will be retained in school files in order to determine the frequency, nature, and patterns of complaints for the institution. The following procedure outlines the specific steps of the complaint process.

- 1. The student should register the complaint in writing on the designated form provided by the institution within 60 days of the date that the act which is the subject of the grievance occurred.
- 2. The complaint form will be given to the school Director.
- 3. The complaint will be reviewed by management and a response will be sent in writing to the student within 30 days of receiving the complaint. The initial response may not provide for final resolution of the problem but will notify the student of continued investigation and/or actions being taken regarding the complaint.
- 4. If the complaint is of such nature that it cannot be resolved by the management, it will be referred to an appropriate agency if applicable.
- 5. Depending on the extent and nature of the complaint, interviews with appropriate staff and other may be necessary to reach a final resolution of the complaint.
- 6. In cases of extreme conflict, it may be necessary to conduct an informal hearing regarding the complaint. If necessary, management will appoint a hearing committee consisting of one member selected by the school who has had no involvement in the dispute and who may also be a corporate officer, another member who may not be related to the student filing the complaint or another student in the school, and another member who may not be employed by the school or related to the school owners. The hearing will occur within 90 days of committee appointment. The hearing will be informal with the student presenting his/her case followed by the school's response. The hearing committee will be allowed to ask questions of all involved parties. Within 15 days of the hearing, the committee will prepare a report summarizing each witness' testimony and a recommended resolution for the dispute. School management shall consider the report and either accept, reject, or modify the recommendations of the committee. Corporate management shall consider the report and either accept, reject, or modify the recommendations of the committee.
- 7. Students must exhaust the institution's internal complaint process before submitting the complaint to the school's accrediting agency, if applicable.

CURRICULUM: COURSE/PROGRAM OUTLINE GUIDELINES

A student is entitled to sufficient information regarding an intended course/program; therefore an institution is obligated to provide a detailed course/program outline at the beginning of each course/program to ensure that a student clearly understands his or her obligations for successful completion of the course/program.

The outline shall include a description of the course/program's academic and practical learning in related knowledge and skills. The content of each unit of study shall be kept current with changing occupational requirements and shall contain the required information to prepare a graduate in job entry-level skills in the field of cosmetology or related discipline. A course/program shall be designed to develop abilities in: desirable work habits and attitudes, pride in work, acceptable personal grooming and dress, appropriate employer-employee relationships, personal and business ethics, customer relations, and effective communication skills.

The following checklist has been prepared to assist institutions in interpreting the NACCAS Standards and Criteria and to serve as a guide in preparing course/program outlines. Each course/program shall include the following items as a minimum:

- 1. Name of Course/Program
- 2. Description of Course/Program: A brief overview of the course/program content and identification of whether the course/program is measured in credits, clock hours, and/or competencies.
- 3. Instructional methods used to teach the course/program.
- 4. Course/Program Objectives: An outline of what the course/program hopes to accomplish.
- 5. Grading Procedures Methods used to determine grades.
- 6. For Clock Hour or Competency-Based Programs: Content of Units of Instruction A unit outline for the entire program that includes:
 - a) The units of instruction to be covered:
 - b) The number of hours devoted to each unit of instruction; and
 - c) The integration of academic and practical learning during the course/program.

For Credit Hour Programs:

- a) Brief description of the subject matter content of each course;
- b) Number of credits for each course;
- c) Any prerequisites for enrollment into a specific course.
- 7. Other pertinent characteristics such as instructor names, text(s), reference materials, and required levels of achievement.

SAMPLE COSMETOLOGY PROGRAM OUTLINE

1500 HOURS

DESCRIPTION: The Cosmetology Course is designed to train the student in the basic manipulative skills, safety judgments, proper work habits, business skills, and desirable attitudes necessary to obtain licensure and for competency in job entry-level positions in Cosmetology or a related career field.

OBJECTIVES: Upon completion of the course requirements, the determined graduate will be able to:

- 1. Project a positive attitude and a sense of personal integrity and self confidence.
- 2. Project professionalism, visual poise and proper grooming.
- 3. Communicate effectively and interact appropriately colleagues, supervisors and clients.
- 4. Respect the need to deliver worthy service for value received in an employment environment.
- 5. Perform the basic manipulative skills in the areas of hair styling, hair shaping, haircoloring, texture services, scalp and hair conditioning, skin and makeup, and nail care.
- 6. Perform the basic analytical skills to advise clients in the total look concept.
- Apply academic learning, technical information and related matter to assure sound judgments, decisions, and procedures.

To ensure continued career success, the graduate will continue to learn new and current information related to skills, trends, and methods for career development in cosmetology and related fields.

REFERENCES: A comprehensive library of references, periodicals, books, texts, audio/video tapes and web-based materials are available to support the program of study and supplement the program of study. Students should avail themselves of the opportunity to use these extensive materials.

TEACHING AND LEARNING METHODS: The clock hour education is provided through a sequential set of learning steps which address specific tasks necessary for state board preparation, graduation and job entry level skills. Clinic equipment, implements, and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative, and productive career oriented activities. The course is presented through comprehensive lesson plans which reflect effective educational methods. Subjects are presented by means of interactive lecture, demonstration, cooperative learning, labs, student salon activities, and student participation. Audio-visual aids, guest speakers, field trips, projects, activities, and other related learning methods are used in the course.

GRADING PROCEDURES: The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

- 93 100 EXCELLENT
- 85 92 VERY GOOD
- 75 84 SATISFACTORY
- 70 74 BELOW STANDARDS UNSATISFACTORY

KIT LIST

While kit lists are no longer required with the Institutional Self-Study effective July 1, 2010, schools are still required to describe how it makes available to students textbooks and/or text materials, supplementary instructional resources, applicable equipment, products, supplies, and access to current written reference materials. It is logical that providing students with applicable kits will fulfill many of those requirements. An example of a Nail Technology Kit List is found below as an example.

STANDARD VII

FINANCIAL PRACTICES AND MANAGEMENT

SAMPLE FORMS AND GUIDELINES

SAMPLE REFUND POLICY

- For applicants who cancel enrollment or students who withdraw from enrollment a fair and equitable settlement will apply. Applicants not accepted by the school shall be refunded all monies paid to the school. If student (or in the case of student under legal age, his/her parent or guardian) cancels the enrollment in writing within three business days of signing the enrollment agreement, all monies collected by the school will be refunded even if the student has begun classes. The "formal cancellation date" will be determined by the postmark on written notification; the date said notification is delivered to the school in person, the date of expulsion by the school, or 30 days after the last day of attendance or the expiration date of an approved Leave of Absence.
- If a student cancels the enrollment more than three business days after signing the contract but prior to starting classes, a refund of all monies paid to the school less the registration fee in the amount of \$175 will be made. For students who enroll and begin classes but withdraw prior to course completion (after three business days of signing the contract), the following schedule of tuition earned by the school applies. All refunds are based on scheduled hours:

PERCENT OF SCHEDULED TIME	TOTAL TUITION SCHOOL
ENROLLED TO TOTAL COURSE/PROGRAM	SHALL RECEIVE/RETAIN
0.01% to 04.9%	20%
5% to 09.9%	30%
10% to 14.9%	40%
15% to 24.9%	45%
25% to 49.9%	70%
50% and over	100%

- Any monies due the applicant or student shall be refunded within 45 days of formal cancellation date as defined above. In the case of disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances, a reasonable and fair refund settlement will be made. If permanently closed or no longer offering instruction after a student has enrolled, the school will provide a pro rata refund of tuition to the student OR provide course completion through a pre-arranged teach out agreement with another institution. If the course is canceled subsequent to a student's enrollment, the school will either provide a full refund of all monies paid or completion of the course at a later time.
- Students who withdraw or terminate prior to course completion are charged a cancellation or administrative fee of \$150.00. This refund policy applies to tuition and fees charged in the enrollment agreement. Other miscellaneous charges the student may have incurred at the institution (EG: extra kit materials, books, products, unreturned school property, etc.) will be calculated separately at the time of withdrawal. All fees are identified in the catalog and in this enrollment agreement.
- If a Title IV financial aid recipient withdraws prior to course completion, a calculation for return of TIV funds will be completed and any applicable returns by the school shall be paid, as applicable, first to unsubsidized Federal Stafford Student Loan Program; second to subsidized Federal Stafford Student Loan Program; third to Federal Pell Grant Program; fourth to other Federal, State, private or institutional student financial assistance programs; and last to the student. After all applicable returns to TIV aid have been made, this refund policy will apply to determine the amount earned by the school and owed by the student. If the student has received personal payments of Title IV aid, he/she may be required to refund the aid to the applicable program.

SAMPLE EXTRA-INSTRUCTIONAL CHARGES POLICIES

Sample One:

Each course/program has been scheduled for completion within an allotted time frame. A grace period of approximately ten percent has been added to the calculated completion date for each program. It is not realistic to expect to receive an education for free. The school has reserved space, equipment, and licensed instructors for each student and course/program. If a student does not graduate within the contract period, additional training will be billed at the rate of \$250 per week, or any part thereof, payable in advance, until graduation. Students will not be allowed to clock in until applicable weekly payments are made.

PRACTICAL SKILLS COMPETENCY EVALUATION CRITERIA

The skills category is graded by dividing the number of criteria rated yes into the total number of criteria. At least 75% in each applicable category must be attained for a passing score. Practical skills are evaluated according to text procedures and performance standards established by the state licensing agency.

- 93 100 Excellent
- 85 92 Very Good
- 75 84 Satisfactory

Sample provided by TEAM, Inc.

74 - 0 Needs Improvement; Does not meet standards

To calculate the overall competency evaluation score, the evaluator averages the percentages for all categories and converts to the above scale. Each student is counseled regarding evaluation results and the permanent record is signed by the verifying instructor and the student examination candidate.

NOTE TO RATER: Check item if performed correctly. Leave blank if unsatisfactory. Divide the number correct into the number possible to determine the score using a 100% scale.

SAMPLE SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology 450, 900, 1350 clocked (actual) hours Esthetics 300, 600 clocked (actual) hours

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements of at least one evaluation by midpoint in the course.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED		
	WEEKS	SCHEDULED HOURS	
Cosmetology (Full time, 37.5 hrs/wk) - 1500 Hours	60 Weeks	2250	
Cosmetology (Part time, 20 hrs/wk) – 1500 Hours	112 Weeks	2250	
Esthetics (Full time, 37.5 hrs/wk) – 600 Hours	24 Weeks	900	
Esthetics (Part time, 20 hrs/wk) – 600 Hours	45 Weeks	900	

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 67% of the scheduled hours.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

93 - 100 EXCELLENT

85 - 92 VERY GOOD

75 - 84 SATISFACTORY

70 - 74 BELOW STANDARDS – UNSATISFACTORY

^{*}Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

NONCREDIT AND REMEDIAL COURSES

Noncredit and remedial courses do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.
