NOTES:

1. The relative explanatory statement pursuant to Section 102 of the Companies Act, 2013 (“Act”), setting out material facts concerning the business under Item Nos. 3 to 4 set out above and details under Regulations 26(4) and 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Paragraph 1.2.5 of the Secretarial Standard on General Meetings, in respect of the Director seeking re-appointment at the Annual General Meeting (AGM) are annexed hereto.
2. In view of the continuing Covid-19 pandemic, the Ministry of Corporate Affairs (“MCA”) has vide General Circular No. 14/2020 dated April 8, 2020, General Circular No. 17/2020 dated April 13, 2020 and General Circular No. 20/2020 dated May 5, 2020 (collectively “MCA Circulars”), permitted companies to conduct Annual General Meeting (AGM) through Video Conferencing (VC) / Other Audio Visual Means (OAVM), without the physical presence of the Members subject to compliance of various conditions mentioned therein. In compliance with the MCA Circulars and applicable provisions of Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the 37th AGM of the Company is being convened and conducted through VC.
3. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/ her behalf and the proxy need not be a Member of the Company. Since 37th AGM is being held pursuant to the MCA Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the 37th AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
4. As per the provisions under the MCA Circulars, Members attending the 37th AGM through VC shall be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
5. In compliance with the aforesaid MCA Circulars and SEBI Circular dated May 12, 2020, Notice of the 37th AGM along with the Annual Report for the year 2019-20 are being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories. Members may note that this Notice and Annual Report 2019-20 will also be available on the Company’s website www.saraswaticommercial.com and websites of BSE Limited at www.bseindia.com and on the website of NSDL (agency for providing the Remote e-Voting facility) i.e. www.evoting.nsdl.com.
6. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and the Circulars issued by the Ministry of Corporate Affairs dated April 08, 2020, April 13, 2020 and May 05, 2020, the members are provided with the facility to cast their vote electronically, through the e-voting services provided by NSDL, on all the resolutions set forth in this Notice. The instructions for participation by Members are given in the subsequent paragraphs. Participation at the AGM through VC shall be allowed on a first-come-first-served basis.
7. The Company has provided the facility to Members to exercise their right to vote by electronic means both through remote e-voting and e-voting during the AGM. The process of remote e-voting with necessary user id and password is given in the subsequent paragraphs. Such remote e-voting facility is in addition to voting that will take place at the 37th AGM being held through VC.
8. Members joining the meeting through VC, who have not already cast their vote by means of remote e-voting, shall be able to exercise their right to vote through e-voting at the AGM. The Members who have cast their vote

by remote e-voting prior to the AGM may also join the AGM through VC but shall not be entitled to cast their vote again.

9. Corporate Members are required to send email of certified copy of the Board resolution to the Scrutinizer at njawsa@yahoo.co.in with a copy marked to evoting@nsdl.co.in authorizing their representative to attend the AGM through VC and vote on their behalf.

10. Members who have not registered their e-mail address are requested to register the same in respect of shares held in electronic form with the Depository through their Depository Participant(s) and in respect of shares held in physical form by writing to the Company's Registrar and Share Transfer Agent, TSR Darashaw Consultants Private Limited at 6-10 Haji Moosa Patrawala Industrial Estate, 20 Dr. E Mosses Road, Mahalaxmi, Mumbai- 400011 or may write to company secretary at saraswati.investor@gcvl.in.

11. In case of joint holders attending the AGM, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.

12. All documents referred to in the accompanying Notice and the Explanatory Statement shall be available for inspection electronically. Members seeking to inspect such documents can send an email to saraswati.investor@gcvl.in.

13. The details of the Directors seeking appointment/ re-appointment at the 37th AGM is provided as Annexure to this Notice. The Company has received the requisite consents/declarations for the appointment/re-appointment under the Companies Act, 2013 and the rules made thereunder.

14. Members are requested to send all their documents and communications pertaining to shares to TSR Darashaw Consultants Private Limited at 6-10 Haji Moosa Patrawala Industrial Estate, 20 Dr. E Mosses Road, Mahalaxmi, Mumbai- 400011, (Maharashtra), Telephone: 022- 66568484, Fax: 022- 66568494 for both physical and demat segments of Equity Shares. Please quote on all such correspondence- "Unit – Saraswati Commercial (India) Limited."

15. The Securities and Exchange Board of India ("SEBI") has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to the Registrars and Share Transfer Agents, M/s. TSR Darashaw Consultants Private Limited.

16. The shares of the Company are under Compulsory Demat trading. Members holding shares in physical form are requested to convert their shares into dematerialized form in their own interest. As per SEBI Notification No. SEBI/LADNRO/GN/2018/24 w.e.f. 5th December, 2018 shares are required to be held in dematerialized form only. Members holding shares in physical form are requested to do the needful. For assistant/information required in this matter, kindly contact to our Registrar & Share Transfer Agent and/or Company Secretary.

17. Benefits of Dematerialization: Shares held in dematerialized form have several advantages like immediate transfer of shares, faster settlement cycle, faster disbursement of non-cash corporate benefits like rights, etc., lower brokerage, ease in portfolio monitoring, etc. The risks as addressed are registered with the Company/Depositories, unless any member has requested for a physical copy of the same. Members may note that the Notice and the Annual Report 2019-2020 will also be available on the Company's website

www.saraswaticommercial.com . To support “Green Initiative”, Members who have not registered their e-mail addresses are requested to register the same with M/s. TSR Darashaw Consultants Private Limited / their Depository Participants, in respect of shares held in physical or electronic mode respectively.

18. Since the 37th AGM will be held through VC / OAVM, the Route Map is not annexed in this Notice.

19. Register of Directors and Key Managerial Personnel and their shareholding, and the Register of Contracts or Arrangements in which the Directors are interested, as maintained under the Companies Act, 2013 will be available for inspection by the Members electronically during the 37th AGM. Members seeking to inspect such documents can send an email to saraswati.investor@gcvi.in.

20. Information and instructions relating to E-voting are as under:

In compliance with provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended by the Companies (Management and Administration) Amendment Rules, 2015 and Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is pleased to provide members facility to exercise their right to vote on resolutions proposed to be considered at the Annual General Meeting (AGM) by electronic means. The facility of casting the votes by the members using an electronic voting system from a place other than venue of the AGM (“remote e-voting”) will be provided by National Securities and Depositories Limited (NSDL).

THE INSTRUCTIONS FOR MEMBERS FOR REMOTE E-VOTING ARE AS UNDER:-

The remote e-voting period begins on Saturday, 12th December, 2020 at 09:00 A.M. and ends on Tuesday, 15th December, 2020 at 05.00 P.M. The remote e-voting module shall be disabled by NSDL for voting thereafter.

How do I vote electronically using NSDL e-Voting system?

The way to vote electronically on NSDL e-Voting system consists of “Two Steps” which are mentioned below:

Step 1: Log-in to NSDL e-Voting system at <https://www.evoting.nsdl.com/>

Step 2: Cast your vote electronically on NSDL e-Voting system.

Details on Step 1 is mentioned below:

How to Log-in to NSDL e-Voting website?

1. Visit the e-Voting website of NSDL. Open web browser by typing the following URL: <https://www.evoting.nsdl.com/> either on a Personal Computer or on a mobile.
2. Once the home page of e-Voting system is launched, click on the icon “Login” which is available under ‘Shareholders’ section.
3. A new screen will open. You will have to enter your User ID, your Password and a Verification Code as shown on the screen.

Alternatively, if you are registered for NSDL eservices i.e. IDEAS, you can log-in at <https://eservices.nsdl.com/> with your existing IDEAS login. Once you log-in to NSDL eservices after using your log-in credentials, click on e-Voting and you can proceed to Step 2 i.e. Cast your vote electronically.

4. Your User ID details are given below :

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:
a) For Members who hold shares in demat account with NSDL.	8 Character DP ID followed by 8 Digit Client ID For example if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****.

- b) If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
- c) How to retrieve your 'initial password'?
 - (i) If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
 - (ii) If your email ID is not registered, please follow steps mentioned below in **process for those shareholders whose email ids are not registered**

6. If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:

- a) Click on "Forgot User Details/Password?" (If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com.
- b) Physical User Reset Password? (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
- c) If you are still unable to get the password by aforesaid two options, you can send a request at

evoting@nsdl.co.in mentioning your demat account number/folio number, your PAN, your name and your registered address.

- d) Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.
7. After entering your password, tick on Agree to “Terms and Conditions” by selecting on the check box.
8. Now, you will have to click on “Login” button.
9. After you click on the “Login” button, Home page of e-Voting will open.

Details on Step 2 is given below:

How to cast your vote electronically on NSDL e-Voting system?

1. After successful login at Step 1, you will be able to see the Home page of e-Voting. Click on e-Voting. Then, click on Active Voting Cycles.
2. After click on Active Voting Cycles, you will be able to see all the companies “EVEN” in which you are holding shares and whose voting cycle is in active status.
3. Select “EVEN” of company for which you wish to cast your vote.
4. Now you are ready for e-Voting as the Voting page opens.
5. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on “Submit” and also “Confirm” when prompted.
6. Upon confirmation, the message “Vote cast successfully” will be displayed.
7. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
8. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

General Guidelines for shareholders:

ANNEXURE TO THE NOTICE**EXPLANATORY STATEMENT PURSUANT TO THE SECTION 102 OF THE COMPANIES ACT, 2013****Item no. 3**

Mr. Ketan Desai was appointed as an Independent Non- Executive Director of the Company by the members at the Extra Ordinary General Meeting of the Company held on 20th March, 2015 for a period of five consecutive years. As per Section 149(10) of the Act, an Independent Director shall hold office for a term of upto five (5) consecutive years on the Board of a Company, but shall be eligible for re-appointment on passing a special resolution by the Company for another term of up to five consecutive years on the Board of a Company.

The Nomination and Remuneration Committee (NRC) at its meeting held on 12th February, 2020 has unanimously recommended to the Board the re-appointment of Mr. Ketan Desai as an Independent Director for a further term not exceeding five (5) consecutive years on passing of a special resolution by the Company. The NRC while recommending the reappointment of Mr. Ketan Desai, has considered various factors viz. the number of Board meetings, Committee meetings and General Meetings attended by him, his knowledge and experience, his participation in the decisions taken by the Board, summary of his performance evaluation and his independent judgment in the opinion of the Board.

Accordingly, based on the recommendation of NRC and in terms of the provisions of Sections 149, 150, 152 read with Schedule IV and any other applicable provisions of the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board at its meeting held on 12th February, 2020 has unanimously re-appointed Mr. Ketan Desai, who being eligible for re-appointment as an Independent Director and offering himself for re-appointment for second term of five consecutive years with effect from 12th February 2020 to 11th February, 2025, subject to the approval of members at the 37th AGM of the company.

Mr. Ketan Desai has been an active member of the Board and the committees of the Board of which he is a member. He brings independent judgment to the Board of the Company and his continued association will be valuable and positive. With his entrepreneur skills and vast management experience, the Company has benefited immensely.

The Company has received a declaration from him stating that he meets the criteria of Independence as prescribed under sub-Section (6) of Section 149 of the Companies Act, 2013 and Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. He has also given his consent to continue to act as Director of the Company, if so appointed by the members. In the opinion of the Board, Mr. Ketan Desai fulfills the conditions specified under Section 149 (6) of the Act, the Companies (Appointment and Qualification of Directors) Rules, 2014 and Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for his reappointment as an Independent Non-Executive Director of the Company and is independent of the management.

Copy of the draft letter for appointment of Mr. Ketan Desai as an Independent Non-Executive Director setting out terms and conditions would be available for inspection without any fee by the members electronically during the 37th AGM of the Company. Members seeking to inspect such document can send an email to saraswati.investor@gcvl.in.

The Board considers that his continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Mr. Ketan Desai as an Independent Director.

Accordingly, the Board recommends passing of the Special Resolution in relation to re-appointment of Mr. Ketan Desai as an Independent Director of the Company for another term of five consecutive years with effect from 12th February 2020 to 11th February, 2025, for the approval by the shareholders of the Company.

Except Mr. Ketan Desai, being an appointee, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item No. 3 of the accompanying Notice of the AGM. Mr. Ketan Desai is not related to any Director of the Company. A brief profile of Mr. Ketan Desai for his appointment as Independent Director is mentioned in the table annexed to the notice.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Management Discussion & Analysis Report:

Saraswati Commercial (India) Limited ('SCIL' or 'the Company') is a non deposit-taking Non-Banking Financial Company (NBFC-NDSI) registered with the Reserve Bank of India (RBI). It has two subsidiaries namely; Arkaya Commercials Pvt Ltd and Sareshwar Finance and Trading Pvt Ltd. The Company is engaged in the business of investment in shares and securities and lending activities.

The COVID pandemic

The coronavirus COVID-19 pandemic is the defining global health crisis of our time and the greatest challenge we have faced since World War Two. But the pandemic is much more than a health crisis, it's also an unprecedented socio-economic crisis. The COVID-19 pandemic has spread across the world. In India too, which implemented a lockdown since 25 March 2020, the pandemic has created shocks ripping through society and the world of business. Governments and municipalities around the world instituted measures in an effort to control the spread of COVID-19, including restrictions on international and local travel, public gatherings and participation in physical meetings, as well as closure of non-essential services, universities, schools, stores, restaurants and other key service providers, with some countries imposing strict curfews.

It is difficult to assess definite future impact of COVID -19 on business operations at this point of time where lifting of 100% lockdown is not certain. The situation is still evolving, and it is not possible to hazard a guess on how this pandemic will evolve.

(a) Economic review

• Global economy

The COVID-19 pandemic has spread with alarming speed, infecting millions and bringing economic activity to a near-standstill as countries imposed tight restrictions on movement to halt the spread of the virus. As the health and human toll grows, the economic damage is already evident and represents the largest economic shock the world has experienced in decades. The initial outlook for the ensuing year was for stronger growth, especially over the subdued 2019 economic performance, buoyed by favourable development on US-China trade negotiations, the UK transitioning to a new economic relationship with Europe by December 2020 and a healthy performance of emerging markets. However, 2020 saw a significantly changed scenario with the outbreak of the COVID-19 pandemic.

According to the World Bank, the baseline forecast envisions a 5.2 percent contraction in global GDP in 2020, using market exchange rate weights—the deepest global recession in decades, despite the extraordinary efforts of governments to counter the downturn with fiscal and monetary policy support. Over the longer horizon, the deep recessions triggered by the pandemic are expected to leave lasting scars through lower investment, an erosion of human capital through lost work and schooling, and fragmentation of global trade and supply linkages. The pandemic is expected to plunge most countries into recession in 2020, with per capita income contracting in the largest fraction of countries globally since 1870. Advanced economies are projected to shrink 7 percent.

Global coordination and cooperation—of the measures needed to slow the spread of the pandemic, and of the economic actions needed to alleviate the economic damage, including international support—provide the greatest chance of achieving public health goals and enabling a robust global recovery.

• Indian Economy

Growth in India continued to slow in Financial Year ("FY") 2020, akin to FY19. According to the International Monetary Fund ("IMF"), this was primarily due to domestic problems-i) sharper-than-expected slowdown in local demand and ii) stress in the NBFC sector. Consequently, the IMF downgraded India's growth forecast from 7.3% YoY in Apr'19 to 4.1% by Jan'20. Data from the Central Statistical Office (CSO) revealed that the slowing growth for successive quarters- 5.6%/5.1%/4.7% in 1Q/2Q/3QFY20 was driven by the i) decline in private consumption growth, and ii) contraction in capital formation in 2H2019. Even as some signs of bottoming growth were

observed in Jan'20 (strong GST collections, robust manufacturing PMI), the outbreak of COVID-19 in 4QFY20 reinforced growth pressures. India entered into a lockdown phase on 22Mar'20. For 2020, the IMF has slashed growth projection for India to 1.9%.

The economic slowdown directly reflected in stagnant tax collections. This took a toll on the fiscal deficit targets and the Centre revised its gross-fiscal deficit-to-GDP target for FY20 from 3.5% earlier to 3.8%. Despite the 50bps slippage, fiscal deficit targets seem unachievable for FY20 given that by Feb'20 the Centre's cumulative fiscal deficit already exceeded the revised target by 35%. For FY21, the deficit target has been set at 3.5% with aggressive revenue assumptions. This is further rendered unrealistic on account of likely receipt shortfall and relief packages in light of COVID-19.

(b) Outlook

Strict containment and social distancing policies will bring economic activity to a near standstill, and lead to a sharp contraction in growth for the second quarter. Despite relief measures provided in the form of easing of monetary policy by central banks and fiscal packages announced by some governments, we are expected to see a contraction in global economy. Currently, the consensus of analysts is a degrowth in 2020 and subsequently a gradual recovery in 2021. However, it is marked with uncertainty depending on the ground reality, that is, the duration of lockdown, growth in infection rate with the opening up of economies, timeline for development of the vaccine and other factors.

(c) Industry structure and developments

India has a diversified financial sector undergoing rapid expansion with many new entities entering the market along with the existing financial services firms. The sector comprises commercial banks, insurance companies, NBFCs, housing finance companies, co-operatives, pension funds, mutual funds and other smaller financial entities. After the COVID-19 impact gradually tapers off, the financial services sector is poised to grow eventually on the back of strong fundamentals, adequate liquidity in the economy, significant government and regulatory support, and the increasing pace of digital adoption. In fact, digital transactions will play a larger role in the financial eco-system than hitherto witnessed.

• NBFC Industry:

Over the past few years, NBFCs have undergone a significant transformation and today they form an important component of India's financial system. Playing a critical role in the development of infrastructure, transport and employment generation, NBFCs are changing the business loan landscape in the country. Most NBFCs, leverage alternative and tech-driven credit appraisal methodologies to assess the credit worthiness of prospective borrowers. This difference in approach allows them to meet loan requirements of individuals and businesses left traditionally underserved by banks.

In response to current turmoil, RBI and the Government of India has come up with a slew of reforms such as reductions of repo rate, regulatory relaxation by extending moratorium and several measures to boost liquidity in the system howsoever the pandemic has impacted the premise of the corporate sector.

With the introduction of e-KYC, making borrowing an instant and hassle-free experience, NBFCs are already offering the right financial products to consumers and small businesses in a customised manner. The use of technology to optimise business processes also keeps cost overheads to a minimum, enabling credit to be availed at highly competitive interest rates.

Outlook of COVID on NBFC Industry:

- ✓ Payment defaults
- ✓ Delayed EMI payments
- ✓ Loss of credit
- ✓ Depleting Capital

✓ Overall earnings

The actual impact is still difficult to predict, and it will depend upon the time frame required to curb the pandemic and the various relief measures, which the government is expected to roll out. The NBFC/ HFC sector, which has managed to sustain amid a challenging funding scenario by taking various mitigating steps, will now have to weather the COVID-19 disruption. While the sector remains fairly well-capitalised, the trend in delinquencies in retail asset classes will be a key factor to monitor for the sector over the next few quarters, along with resource mobilisation capabilities.

Thanks to its investment exposure in riskier domains, the NBFC industry is facing serious challenges as it tries to combat the economic impact of the COVID-19 outbreak. Even as the Indian economy is likely to reopen towards the later part of the year, NBFCs will continue to face challenges in improving their asset quality and cash crunch.

• **Capital Markets:**

Financial year 2019-2020 was a volatile year for equity markets. Pre COVID-19, market capitalisation on each major exchange in India was about \$2.16 trillion. The 2019 stock market rally was limited to 8-10 stocks within the large caps. The Sensex returned around 14% (excluding dividends) for the year. However, in the start of 2020, there was overall recovery which led to both NSE and BSE traded at their highest levels ever, hitting peaks of 12,362 and 42,273 respectively.

Ever since COVID 19 strike, markets loom under fear as uncertainty prevails. It has sent markets around the world crashing to levels not witnessed since the Global Financial Crisis of 2008. Following the strong correlation with the trends and indices of the global market as BSE Sensex and Nifty 50 fell by 38 per cent. The total market cap lost a staggering 27.31% from the start of the year. The stock market has reflected the sentiments this pandemic unleashed upon investors, foreign and domestic alike. Companies have scaled back; layoffs have multiplied and employee compensations have been affected resulting in negligible growth in the last couple of months. Certain sector such as hospitality, tourism and entertainment have been impacted adversely and stocks of such companies have plummeted by more than 40%.

While the world has witnessed many financial crises in the past, the last one being the global recession of 2008, the current coronavirus crisis is different from the past fallouts.

Outlook of COVID on NBFC Industry:

As for the outlook for the market, we only need to look back at its history. Drops in BSE sensitive index is temporary, and each dip provides investors with the opportunity to enter the market and earn a higher return especially for those with long term horizon. Moreover, the higher the fluctuations, the higher chances of getting better returns. While these crises are real and it impacts the world economy, but historically, such crisis has not lasted long, as the world is competent enough to come up with answers to combat these challenges. Despite the fact that it's hard to predict the magnitude and impact of Coronavirus on the economy, but it is certain that the markets will bounce back soon the crisis gets over. With an average annual return (CAGR) of around 15 per cent, by growing from 100 points in 1979 to over 41,000 points in 2019, Sensex has proven time and again that corrections are temporary, but growth is permanent.

Opportunities and threats

Indian Economy provides excellent growth opportunities as the increased thrust to power, road, ports, telecom and other infrastructure projects will create a positive environment for the Investment and Financial Services Industry in India. Further, growth of service sector also presents new opportunities for Investment and Financial Services Industry in India.

With increasing globalization, integration of world markets, it not only provides new avenues for earning opportunities for our investment business but is also impacted / threatened by domestic and global events. The Company believes that it has to adopt robust risk management practices and continuously monitor and adapt to changing dynamics to not only take advantage of the earnings opportunities but also mitigate the risks and threats posed by the local and global events.

The most significant threat for any lending activity is to constantly exhibit operational excellence and contain the loss given defaults within the acceptable limits. The Company believes that this task is to be worked upon continuously through a very sharp learning and unlearning in order to achieve operational excellence.

(e) Risks and Concerns

INDEPENDENT AUDITORS' REPORT

To

The Members of

Saraswati Commercial (India) Limited

Report on the audit of the Standalone Ind AS financial statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of **Saraswati Commercial (India) Limited** ("the Company"), which comprise the balance sheet as at 31st March, 2020, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and notes to the standalone Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the **Companies Act, 2013, as amended** ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2020 and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for year ended then ended on that date.

Basis for opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report. We are independent of the Company in accordance with the "Code of Ethics" issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone Ind AS financial statements.

Emphasis of Matters

We further draw your attention to Note 46 of Standalone Ind AS Financial Statements, as regards the management's assessment of the financial impact due to restrictions and conditions related to Covid-19 pandemic situation.

Our report is not modified in respect of this matter.

Key Audit matters

Key Audit Matters are those matters that, in our professional judgments, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and informing our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	How our audit addressed the key audit matter
(a) Adoption of new accounting framework (Ind AS)	
<p>Refer Note No. 2.2. and 36 to the standalone Ind AS financial statements</p> <p>The Company adopted the Ind AS, with the effect from 1st April, 2019, notified by the Ministry of Corporate Affairs with the transition date of 1st April, 2018.</p> <p>The following are the major impact areas for the Company upon transition:</p> <ul style="list-style-type: none"> • Classification and measurement of financial assets • Additional disclosures as per the requirements of the new financial reporting framework. <p>Transition to the new financial reporting framework is an intricate process involving multiple decision points for management i.e. Ind AS 101. First Time Adoption prescribes choices and exemptions for first time application of Ind AS principles at the transition date.</p> <p>We identified the transition date accounting as a key audit matter because of the significant degree of management judgement in the first-time application of Ind AS principles as at the transition date particularly in the areas noted above and the additional disclosures associated with transition to Ind AS.</p>	<p>We have assessed the design, implementation and operating effectiveness of key internal controls over management's evaluation of exceptions and exemptions availed in line with the principles under Ind AS 101.</p> <p>We evaluated management's exception and exemptions for compliance / acceptability under Ind AS 101. We understood the methodology implemented by management to give impact on the transition.</p> <p>We assessed areas of significant estimates and management judgement in line with principles under Ind AS.</p> <p>We compared the reasonableness of management assumptions in respect of recognition and measurement of financial instruments etc.</p> <p>We performed the audit procedures on transition adjustments and subsequent measurements and found management's assessment to be reasonable and the disclosures are appropriate</p>
(b) Fair Valuation of investments	
<p>The Company's investments (other than investment in Associate and Subsidiaries) are measured at fair value at each reporting date and these fair value measurements significantly impact the Company's results.</p>	<p>We have assessed the Company's process to compute the fair value of various investments. For quoted instruments we have independently obtained market quotations and calculated the fair valuations. For the unquoted instruments,</p>

	we have obtained an understanding of the valuation methods used by management and analysed the reasonableness of the principal assumptions made for estimating the fair values and various other data used while arriving at the fair value measurement.
(c) Impairment of financial assets (expected credit losses) (ECL)	
<p>Ind AS 109 requires the Company to provide for impairment of its financial assets.</p> <p>ECL is a probability weighted estimate of credit losses. It is measured as the present value of cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with contract and the cash flows that the Company expects to receive).</p> <p>The Company applies following quantitative and qualitative criteria to assess whether there is significant increase in credit risk or the asset has been credit impaired :</p> <ul style="list-style-type: none"> (a) Historical trend of collection from counterparty; (b) Company's contractual rights with respect to recovery of dues from counterparty; (c) Credit rating of counterparty and any relevant information available in public domain; <p>After applying above criteria, Management has decided to make minimum ECL provision as the provisioning rates as per RBI prudential norms unless higher provisioning is required as per above criteria.</p>	<p>We have assessed the Company's accounting policies for impairment of financial assets and their compliance with Ind AS 109 and the governance framework approved by the Board of Directors pursuant to Reserve Bank of India guidelines issued on 13th March 2020.</p> <p>We have obtained an understanding of the ECL model used by management and analysed the reasonableness of the principal assumptions made for ECL Calculation.</p>

Information other than the Standalone Ind AS financial statements and auditors' report thereon

The Company's boards of directors are responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Management Discussion and Analysis, Corporate Governance Report in Annual Report of The Company for the Financial Year 2019-20, but does not include the Standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the Standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Standalone Ind AS financial statements

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standard) Rules 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The boards of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Standalone Ind AS financial statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Ind AS financial statements, including the disclosures, and whether the Standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because

the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure "A"**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The balance sheet, the statement of profit and loss (including other comprehensive income), the Statement of changes in Equity and the Cash flow statement dealt with by this report are in agreement with the books of account;

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "**Annexure B**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
- g) In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to any director of the Company. However sitting fees paid to Independent directors are within the limit prescribed under section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us;
- a. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements – Refer Note 30 to the Standalone Ind AS financial statements;
- b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
- c. There were no amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE IND AS STANDALONE FINANCIAL STATEMENTS OF SARASWATI COMMERCIAL (INDIA) LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Saraswati Commercial (India) Limited** ("the Company") as of 31st March, 2020 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March , 2020, based on, the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

1. CORPORATE INFORMATION:

Saraswati Commercial (India) Limited referred to as (“The Company”) is a non-banking financial company (NBFC) registered with the Reserve Bank of India under the category of Investment Company and has its registered office in Mumbai, Maharashtra, India.

The Company is engaged in the business of investment and trading in shares and securities and lending activities. The shares of company are listed on the BSE (The Bombay Stock Exchange). The Company follows the Systemically Important Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2016.

The Standalone Financial Statements for the year ended 31st March, 2020 have been reviewed by the Audit Committee and approved by the Board of Directors at their meetings held on 22nd July, 2020.

2. SIGNIFICANT ACCOUNTING POLICIES AND KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

SIGNIFICANT ACCOUNTING POLICIES:

2.1 STATEMENT OF COMPLIANCE

Standalone Financial Statements have been prepared in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) prescribed under the Section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and relevant provisions of the Companies Act, 2013.

Accordingly, the Company has prepared these Standalone Financial Statements which comprise the Balance Sheet as at 31 March, 2020, the Statement of Profit and Loss for the year ended 31 March 2020, the Statement of Cash Flows for the year ended 31 March 2020 and the Statement of Changes in Equity for the year ended as on that date, and accounting policies and other explanatory information (together hereinafter referred to as ‘Standalone Financial Statements’ or ‘financial statements’).

2.2 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (‘the Act’) read together with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, other relevant provisions of the Act on an accrual basis. The financial statements have been prepared on a going concern basis.

The financial statements for the year ended 31st March, 2020 are the first financial statements of the Company prepared under Ind AS. The Company followed the provisions of Ind-AS 101 in preparing its opening Ind AS Balance Sheet as of the date of transition i.e 1st April, 2018. Some of the Company’s Ind-AS accounting policies used in the opening Balance Sheet differed from its policies applied under Indian GAAP as at 31st March, 2018 and accordingly the

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

adjustments were made to restate the opening balances as per Ind-AS. The resulting adjustment arose from events and transactions before the date of transition to Ind-AS were recognized directly through retained earnings as at 1st April, 2018 as required by Ind-AS 101. Refer note 36 of balance sheet for an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

The financial statements have been prepared on a historical cost basis, except for certain financial assets and financial liabilities that are measured at fair value.

The financial statements are presented in INR, which is also the Company's functional currency and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise indicated.

2.2.1 Presentation of financial statements

The Company presents its Balance Sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date and more than 12 months after the reporting date is presented in Note 32.6 of the financial statement.

The Company generally reports financial assets and financial liabilities on a gross basis in the Financial statement. They are offset and reported net only when Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event. Similarly, the Company offsets incomes and expenses and reports the same on a net basis when permitted by Ind AS specifically unless they are material in nature.

Critical accounting estimates and judgments

The preparation of the Company's financial statements requires Management to make use of estimates and judgments. In view of the inherent uncertainties and a level of subjectivity involved in measurement of items, it is possible that the outcomes in the subsequent financial years could differ from those on which the Management's estimates are based. Accounting estimates and judgments are used in various line items in the financial statements for e.g.:

- Business model assessment (Refer Note No 2.5)
- Fair value of financial instruments (Refer Note No 2.5)
- Effective Interest Rate (EIR)
- Impairment on financial assets (Refer Note No 2.5)
- Provisions and other contingent liabilities (Refer Note No 2.13)
- Provision for tax expenses (Refer Note No 2.11)

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

2.3 PROPERTY, PLANT & EQUIPMENT (PPE) :

Transition to Ind AS

Under the previous Indian GAAP, property plant and equipment were carried in the balance sheet at cost less accumulated depreciation / amortization and impairment losses, if any. The Company has elected to regard those values of property, plant and equipment as **deemed cost** at the date of transition to Ind AS i.e. April 1, 2018.

Recognition and initial measurement

Property, plant and equipment are stated at cost less accumulated depreciation/amortization and impairment losses, if any.

Cost comprises the purchase price and any attributable / allocable cost of bringing the asset to its working condition for its intended use. The cost also includes direct cost and other related incidental expenses. Revenue earned, if any, during trial run of assets is adjusted against cost of the assets. Cost also includes the cost of replacing part of the plant and equipment.

Borrowing costs relating to acquisition / construction / development of tangible assets, if any, which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Subsequent measurement (depreciation and useful lives)

When significant components of property and equipment are required to be replaced at intervals, recognition is made for such replacement of components as individual assets with specific useful life and depreciation, if these components are initially recognized as separate asset. All other repair and maintenance costs are recognized in the statement of profit and loss as incurred.

Depreciation / amortization is recognized on a written-down basis as under:

Assets	Useful life
1. Land	60 years
2. Computers	3 years
3. Vehicles	10 years
4. Telephone	5 years

Assets costing less than Rs. 5,000/- are fully depreciated in the year of purchase.

Depreciation method, useful life and residual value are reviewed periodically.

The carrying amount of PPE is reviewed periodically for impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of assets exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use.

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

De-recognition

PPE are de-recognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the statement of profit and loss in the period of de-recognition.

2.4 INVESTMENTS IN ASSOCIATE & SUBSIDIARIES :

Associate:

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but does not have control or joint control over those policies.

Subsidiaries:

A subsidiary is an entity over which the Company has a control. Control is achieved when only if the Company:

- Has power over investee
- Is exposed or has right to variable return from its involvement with the investee, and
- Has ability to use its power over investee to affect its return.

Investments in subsidiaries and associates is recognized at cost and are not adjusted to fair value at the end of each reporting period as allowed by Ind AS 27 'Separate financial statement'. Cost of investment represents amount paid for acquisition of the said investment. The same has been classified under Level 3 Investments.

2.5 FINANCIAL INSTRUMENTS:

Recognition of Financial Instruments

Financial instruments comprise of financial assets and financial liabilities. Financial assets and liabilities are recognised when the company becomes the party to the contractual provisions of the instruments.

Financial assets primarily comprise of Trade receivables, loan receivables, investments in securities etc.

Financial liabilities primarily comprise of borrowings, trade payables and other financial liabilities etc.

Initial Measurement of Financial Instruments

Recognised financial assets and financial liabilities are initially measured at fair value. Transaction costs and revenues that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

Fair value through profit & loss (FVTPL)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs and revenues directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in profit or loss.

If the transaction price differs from fair value at initial recognition, the Company will account for such difference as follows:

- a. if fair value is evidenced by a quoted price in an active market for an identical asset or liability or based on a valuation technique that uses only data from observable markets, then the difference is recognised in profit or loss on initial recognition (i.e. day 1 profit or loss);
- b. in all other cases, the fair value will be adjusted to bring it in line with the transaction price (i.e. day 1 profit or loss will be deferred by including it in the initial carrying amount of the asset or liability).

After initial recognition, the deferred gain or loss will be released to the Statement of profit and loss on a rational basis, only to the extent that it arises from a change in a factor (including time) that market participants would take into account when pricing the asset or liability.

Subsequent Measurement of Financial Assets

All recognised financial assets that are within the scope of Ind AS 109 are required to be subsequently measured at amortised cost or fair value on the basis of the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

Company recognizes all the financial assets, other than measured at fair value or amortised cost, which are realized within 12 months, from reporting date, are recorded at cost & not at fair value or amortised cost but are tested for impairment.

Business model assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Company's business model is assessed on an instrument by instrument basis.

• **Classification of Financial Assets**

For the purpose of subsequent measurement, financial assets are classified into four categories:

- Debt instruments at amortised cost
- Debt instruments at FVOCI
- Debt and equity instruments at FVTPL
- Equity instruments designated at FVOCI

➤ **Debt instruments at amortised cost :**

The Company measures its financial assets at amortised cost if both the following conditions are met:

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

- The asset is held within a business model of collecting contractual cash flows; and
- Contractual terms of the asset give rise on specified dates to cash flows that are Sole Payments of Principal and Interest (SPPI) on the principal amount outstanding.

To make the SPPI assessment, the Company applies judgment and considers relevant factors such as the nature of portfolio and the period for which the interest rate is set.

The business model of the Company for assets subsequently measured at amortised cost category is to hold and collect contractual cash flows. However, considering the economic viability of carrying the delinquent portfolios in the books of the Company, it may sell these portfolios to the other entities.

After initial measurement, such financial assets are subsequently measured at amortised cost on effective interest rate (EIR).

➤ **Debt instruments at FVOCI:**

The Company subsequently classifies its financial assets as FVOCI, only if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets; and
- Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

Debt instruments included within the FVOCI category are measured at each reporting date at fair value with such changes being recognised in other comprehensive income (OCI). The interest income on these assets is recognised in profit or loss.

On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified to profit or loss.

➤ **Debt / equity instruments at FVTPL**

The Company classifies financial assets which are held for trading under FVTPL category. Held for trading assets are recorded and measured in the financial statement at fair value. Interest and dividend incomes are recorded in interest income and dividend income, respectively according to the terms of the contract, or when the right to receive the same has been established. Gain and losses on changes in fair value of debt and equity instruments are recognised on net basis through profit or loss.

The Company's investments into mutual funds, bonds, shares held for trading have been classified under this category.

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

➤ **Equity instruments designated at FVOCI:**

All equity investments in scope of Ind AS 109 'Financial Instruments' are measured at fair value. The Company has strategic investments in equity for which it has elected to present subsequent changes in the fair value in other comprehensive income. The classification is made on initial recognition and is irrevocable.

All fair value changes of the equity instruments, excluding dividends, are recognised in OCI and not available for reclassification to profit or loss, even on sale of investments.

De-recognition of Financial Assets

A financial asset is de-recognised only when:

- The Company has transferred the right to receive cash flows from the financial assets; or
- The right to receive cash flows from the asset have expired; or
- Retains the contractual rights to receive the cash flows of the financial assets, but assumes contractual obligations to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Write-off

Loans and debt securities are written off when the Company has no reasonable expectations of recovering the financial asset (either in its entirety or a portion of it). This is the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. A write-off constitutes a de-recognition event. The Company may apply enforcement activities to financial assets written off. Recoveries resulting from the Company's enforcement activities will result in impairment gains.

Reclassifications

If the business model under which the Company holds financial assets changes, the financial assets affected are reclassified. The classification and measurement requirements related to the new category apply prospectively from the first day of the first reporting period following the change in business model that result in reclassifying the Company's financial assets. Such reclassification needs to be approved by the Board of Directors of the Company.

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

Impairment of Financial Assets

The Company recognises loss allowances using the expected credit loss (ECL) model for the financial assets which are not FVTPL. Expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk or the assets have become credit impaired from initial recognition in which case, those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date is recognised as an impairment gain or loss in the Statement of Profit and Loss. Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Measurement of expected credit loss

Expected credit losses are a probability weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows which the Company expects to receive).

Asset Classification and Provisioning

Loan asset classification and requisite provision made under RBI prudential norms are given below:

Particulars	Criteria	Provision
Standard asset	The asset in respect of which, no default in repayment of principal or payment of interest is perceived and which does not disclose any problem nor carry more than normal risk attached to the business.	0.40% of the outstanding loan portfolio of standard assets
Sub-standard assets	An asset for which, interest/principal payment has remained overdue for more than 3 months and less than 12 months.	10% of the outstanding loan portfolio of sub-standard assets
Loss assets	An asset for which, interest/principal payment has remained overdue for a period of 12 months or more	100% of the outstanding loan portfolio of loss assets.

The Company continuously monitors all financial assets subject to ECLs. In order to determine whether an instrument is subject to 12 month ECL (12m ECL) or life time ECL (LTECL), the Company assesses whether there has been a significant increase in credit risk or the asset has become credit impaired since initial recognition. The Company applies following quantitative and qualitative criteria to assess whether there is significant increase in credit risk or the asset has been credit impaired:

- (a) Historical trend of collection from counterparty;
- (b) Company's contractual rights with respect to recovery of dues from counterparty;
- (c) Credit rating of counterparty and any relevant information available in public domain;

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

After applying above criteria, Management has decided to make minimum ECL provision as the provisioning rates (as given in above table) as per RBI prudential norms unless higher provisioning is required as per above criteria.

Financial liabilities

A financial liability is a contractual obligation to deliver cash or another financial asset or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Company or a contract that will or may be settled in the its's own equity instruments and is a non-derivative contract for which the Company is or may be obliged to deliver a variable number of its own equity instruments, or a derivative contract over own equity that will or may be settled other than by the exchange of a fixed amount of cash (or another financial asset) for a fixed number of the its own equity instruments.

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

Subsequent measurement

Financial liabilities are subsequently carried at amortized cost using the EIR method. For trade and other payables maturing within operating cycle, the carrying amounts approximate the fair value due to the short maturity of these instruments.

Interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Method (EIR) method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized.

Company recognizes all the financial liabilities, other than measured at fair value or amortised cost, which are settled within 12 months, from reporting date, are recorded at cost & not at fair value or amortised cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transaction cost. The EIR amortization is included as finance costs in the statement of Profit and Loss.

De-recognition

A financial liability (or a part of a financial liability) is de-recognised from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the De-recognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid is recognized in the Statement of Profit and Loss.

Fair value measurement

The Company measures financial instruments at fair value on initial recognition and uses valuation techniques that are appropriate in the circumstances and for which sufficient data

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Level 1 hierarchy includes financial instruments measured using quoted prices in an active market. This included listed equity instruments, traded debentures and mutual funds that have quoted price. The fair value of all equity instruments (including debentures) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV as published on Association of Mutual Funds of India (AMFI).

Level 2 - Level 2 hierarchy includes financial instruments that are not traded in an active market (for example, traded bonds/debentures, over the counter derivatives). The fair value in this hierarchy is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3 - If one or more of the significant Inputs is not based on observable market data, the instrument is included in level 3. Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. Financial instruments such as unlisted equity shares, loans are included in this hierarchy.

For unlisted group companies and other unlisted companies, for which latest consolidated audited balance sheet are available are classified under level 3. Accordingly, their fair value can be derived from the latest audited balance sheet by applying below formula:

“(Share capital + other equity - prepaid expenses) / no of equity shares = value per share.”

Any reciprocal interest held by the group company reduced from above formula & calculate the value per share

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

Derivative financial instruments

The Company uses derivative financial instruments for trading purpose. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit and loss under the head "Net loss on fair value changes."

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet only if there is an enforceable legal right to offset the recognised amounts with an intention to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

2.6 FINANCIAL GUARANTEE OBLIGATION

Financial Guarantees are initially measured at their fair values and, are subsequently measured at the higher of the amount of loss allowance determined or the amount initially recognized reduced by the cumulative amount of income recognized.

2.7 REVENUE RECOGNITION

A. Interest Income

For all financial instruments measured at amortised cost, interest income is recognised using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial assets.

B. Dividend Income

Dividend income is recognized when the Company's right to receive payment is established.

C. Net gain on fair value changes

Financial assets are subsequently measured at fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI), as applicable. The Company recognizes gains/losses on fair value change of financial assets measured as FVTPL and realised gains/losses on derecognition of financial asset measured at FVTPL and FVOCI.

D. Other revenue from operations

a. Fees

A fee on financial guarantee is recognized based on term of engagement, if any.

E. Other Income

Other incomes are accounted on accrual basis.

2.8 EXPENDITURES

A. Finance costs

Borrowing costs on financial liabilities are recognised using the EIR.

B. Others

Other expenses are accounted on accrual basis.

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

2.9 FOREIGN CURRENCY TRANSACTIONS

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in the Statement Profit and Loss in the period in which they arise.

2.10 CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.11 BORROWING COSTS

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets as defined in Ind AS 23 are capitalized as a part of costs of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use.

Interest expenses are calculated using the EIR and all other Borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred.

2.12 INCOME TAXES

A) Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities using the tax rates and tax laws that are in force at the reporting date.

Current income tax relating to items recognised outside the statement of profit and loss is recognized outside the statement of profit and loss (either in other comprehensive income or in equity). Current income tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The Company offsets current tax assets and current tax liabilities where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis, or to realize the assets and settle the liability simultaneously.

B) Deferred tax

Deferred income tax is recognised using the balance sheet approach.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

a) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction affects neither the accounting profit nor taxable profit or loss.

b) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Deferred taxes are not provided on the undistributed earnings of subsidiaries where it is expected that the earnings of the subsidiary will not be distributed in the foreseeable future. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax relating to items recognized outside the statement of profit and loss is recognised outside the statement of profit and loss. Such deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Minimum Alternative Tax (MAT) is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. The Company reviews the same at each balance sheet date and recognise MAT entitlement to the extent it will be utilised. The said asset is created by way of credit to the statement of profit and loss / Other Comprehensive income and included in deferred tax assets.

Presentation of current and deferred tax:

Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income, in which case, the current and deferred tax income/expense are recognized in Other Comprehensive Income.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. Deferred tax assets and

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority

2.13 IMPAIRMENT OF NON-FINANCIAL ASSETS

An assessment is done at each Balance Sheet date to ascertain whether there is any indication that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of asset is determined. If the carrying value of relevant asset is higher than the recoverable amount, the carrying value is written down accordingly.

2.14 PROVISIONS AND CONTINGENT LIABILITIES

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. The Company also discloses present obligations for which a reliable estimate cannot be made. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

STATEMENT OF CASH FLOWS

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method adjusting the net profit for the effects of:

- i. changes during the period in inventories and operating receivables and payables transactions of a non-cash nature;
- ii. non-cash items such as depreciation, provisions, deferred taxes, unrealized foreign currency gains and losses, and undistributed profits of associates and joint ventures; and
- iii. all other items for which the cash effects are investing or financing cash flows. Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items which are not available for general use as on the date of Balance Sheet.

2.15 EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the net profit or loss (before Other Comprehensive Income) for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss (before Other Comprehensive Income) for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

NOTES FROMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

2.16 RETIREMENT BENEFITS

Short-Term Employee Benefits

Liabilities for salaries and bonus, including non-monetary benefits, if any and accumulating leave balance in respect of employees' services up to the end of the reporting period, are recognised as liabilities (and expenses) and are measured at the amounts expected to be paid when the liabilities are settled.

Defined Contribution Plan and Defined Benefit Plan

Retirement benefits in the form of provident fund under the Employees Provident Fund (Misc. Provisions) Act, 1952 and gratuity under the Payment of Gratuity Act, 1972 are not applicable to the Company as the total numbers of employees are below the minimum required number of employees as specified in respective acts.

Other Long-Term Benefits

The expected costs of other long-term employee benefits such as accumulated leaves are accrued over the period of employment and same has been provided based on accrual basis at year end.

2.17 SHARE CAPITAL

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options and buyback of ordinary shares are recognized as a deduction from equity, net of any tax effects.

2.18 SEGMENT REPORTING

According to Ind AS 108, identification of operating segments is based on Chief Operating Decision Maker (CODM) approach for making decisions about allocating resources to the segment and assessing its performance. The business activity of the company falls within one business segment viz. "Investment, trading in shares and securities & Lending Activities".

2.19 STANDARDS ISSUED BUT NOT EFFECTIVE

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

Nature and Purpose of Reserves

1) Capital Redemption Reserve

It represents the reserves which is created on buy back of equity shares made out of free reserve. The redemption value equivalent to the nominal value of shares so purchased is transferred to this reserved out of profit of the company. This reserve can be utilised for issuing fully paid-up bonus shares.

2) Statutory Reserves under Sec 45 IC of The RBI Act, 1932

Reserve fund is created as per the terms of section 45-IC(1) of the Reserve Bank of India Act, 1934 as a statutory reserve.

3) General Reserves

Amounts set aside from retained profits as a reserve to be utilised for permissible general purpose as per applicable Law.

4) Retained Earnings

Retained earnings represents profits that the company earned till date, less any transfers to General Reserve, Statutory Reserves, Dividends and other distributions paid to the shareholders.

5) Capital Reserve

Capital reserves represents reserves created pursuant to the business combination.

6) Other Comprehensive income

The Company has elected to recognise changes in the fair value of certain investments in equity shares in other comprehensive income. These changes are accumulated in the FVOCI equity investments reserve. The Company transfers amounts from this reserve to retained earnings when the relevant equity shares are derecognised.

Loan:

The Company considers default in all cases when the borrower becomes 90 days past due on its contractual payments. All the loans are classified under Stage 1 loan i.e. Performing Standard Assets as per RBI per RBI prudential norm.

Expected Credit Loss (ECL) on Financial Assets

The Company continuously monitors all financial assets subject to ECLs. In order to determine whether an instrument is subject to 12 month ECL (12m ECL) or life time ECL (LTECL), the Company assesses whether there has been a significant increase in credit risk or the asset has become credit impaired since initial recognition. The Company applies following quantitative and qualitative criteria to assess whether there is significant increase in credit risk or the asset has been credit impaired :

- (a) Historical trend of collection from counterparty.
- (b) Company's contractual rights with respect to recovery of dues from counterparty.
- (c) Credit rating of counterparty and any relevant information available in public domain.

ECL is a probability weighted estimate of credit losses. It is measured as the present value of cash shortfalls(i.e. the difference between the cash flows due to the Company in accordance with contract and the cash flows that the Company expects to receive). The Company has following types of financial assets that are subject to the expected credit loss:

- (a) Cash and cash equivalent
- (b) Loans
- (c) Other receivables

After applying above criteria, Management has decided to make minimum ECL provision as the provisioning rates as per RBI prudential norms unless higher provisioning is required as per above criteria.

b Fair value hierarchy

The following table presents the fair value hierarchy of assets and liabilities measured at fair value basis,

Particulars	31st March, 2020			31st March, 2019			1st April, 2018		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Financial Assets									
(a) Investments	3,849.52	-	20.40	10,713.87		20.40	13,288.61		191.59
(b) Stock in Trade (Securities held for Trading)	1,386.98	-	1.21	769.69	4.73	-	648.91	1.21	-
Total Financial Assets	5,236.49	-	21.61	11,483.56	4.73	20.40	13,937.52	1.21	191.59

Fair value hierarchy:

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

(a) Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices in an active market. This included listed equity instruments, traded debentures and mutual funds that have quoted price. The fair value of all equity instruments (including debentures) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV as published on Association of Mutual Funds of India (AMFI).

(b) Level 2: Level 2 hierarchy includes financial instruments that are not traded in an active market (for example, traded bonds/debentures, over the counter derivatives). The fair value in this hierarchy is determined using valuation techniques and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

(c) Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. Financial instruments such as unlisted equity shares, loans are included in this hierarchy.

c Inter level transfers:

There are no inter level transfers made during the year.

d Valuation technique used to determine fair value

1. Closing NAV Statement from Mutual fund is used to determine fair value of unquoted Mutual Fund, if any.
 2. Fair values of quoted investments held for trading and other than held for trading purpose under FVTPL are valued using the closing price of NSE / BSE as at the reporting period, if any.
 3. Fair values of quoted investments routed through FVTOCI are valued using the closing price of NSE / BSE as at the reporting period, if any.
 4. For unlisted group companies investments, for which latest consolidated audited balance sheet are available (not later than 1 year) are classified under level 3. Accordingly, their fair value can be derived from the latest Consolidated audited balance sheet by applying below formula: "Share capital + other equity - prepaid expenses) / no of equity shares = value per share."
- Any reciprocal interest held by the group company reduced from "no of equity shares" in above formula & calculate the value per share accordingly.

Valuation Techniques:**Short-term Financial assets and liabilities**

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and cash equivalents, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity. Such amounts have been classified as Level 1 / Level 2 / Level 3 on the basis that no adjustments have been made to the balances in the balance sheet.

Note 33: Capital Management

For the purpose of the Company's capital management, capital includes issued capital and other equity reserves attributable to the equity shareholders of the Company. The primary objective of the company, when managing capital, is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure, so as to maximize shareholders' value. As at 31st March, 2020, the Company has only one class of equity shares and has debt of Rs 1,000. Consequent to such capital structure, there are no externally imposed capital requirements. In order to maintain or achieve an optimal capital structure, the Company allocates its capital for distribution as dividend or reinvestments into business based on its long term financial plans.

The Company monitors capital structure on the basis of total debt to equity and maturity profile of overall debt portfolio of the Company.

The Company is subject to the capital adequacy requirements of the Reserve Bank of India (RBI). Under RBI's capital adequacy guidelines, the Company is required to maintain a capital adequacy ratio consisting of Tier I and Tier II Capital. The minimum capital ratio as prescribed by RBI guidelines and applicable to the Company, consisting of Tier I and Tier II capital, shall not be less than 15 percent of its aggregate risk weighted assets on-balance sheet and of risk adjusted value of off-balance sheet. The Tier I capital, at any point of time, shall not be less than 10%.

The Company has complied with all regulatory requirements related capital and capital adequacy ratios as prescribed by RBI.

Note 33: Capital Management...Continued..

"Tier I Capital" means owned fund as reduced by investment in shares of other non-banking financial companies and in shares, debentures, bonds, outstanding loans and advances including hire purchase and lease finance made to and deposits with subsidiaries and companies in the same group exceeding, in aggregate, ten per cent of the owned fund.

"Owned Fund" means paid up equity capital, preference shares which are compulsorily convertible into equity, free reserves, balance in share premium account and capital reserves representing surplus arising out of sale proceeds of asset, excluding reserves created by revaluation of asset, as reduced by accumulated loss balance, book value of intangible assets and deferred revenue expenditure, if any

"Tier II Capital" includes the following:

- (a) preference shares other than those which are compulsorily convertible into equity;
- (b) revaluation reserves at discounted rate of fifty five percent;
- (c) General provisions (including that for Standard Assets) and loss reserves to the extent these are not attributable to actual diminution in value or identifiable potential loss in any specific asset and are available to meet unexpected losses, to the extent of one and one fourth percent of risk weighted assets.
- (d) hybrid debt capital instruments; and
- (e) subordinated debt to the extent the aggregate does not exceed Tier I capital.

Aggregate Risk Weighted Assets

Under RBI Guidelines, degrees of credit risk expressed as percentage weightages have been assigned to each of the on-balance sheet assets and off-balance sheet assets. Hence, the value of each of the on-balance sheet assets and off-balance sheet assets requires to be multiplied by the relevant risk weights to arrive at risk adjusted value of assets. The aggregate shall be taken into account for reckoning the minimum capital ratio."

Note 34: Segment Reporting

The Company is engaged in the business of investment and trading in shares and securities & Lending Activities. As per Ind AS 108 "Operating Segments", specified under Section 133 of the Companies Act, 2013, there are no reportable operating or geographical segments applicable to the Company.

Note 36 : Disclosures as required by Ind AS 101 "First Time Adoption of Ind AS"**Transition to Ind AS**

The financial statements for the year ended 31st March, 2020 are the first financial statements of the Company prepared under Ind AS.

The accounting policies set out in Note No. 2 have been applied in preparing the Standalone Ind AS financial statements for the year ended 31st March, 2020. The comparative information presented in these Standalone Ind AS financial statements for the year ended 31st March, 2019 and the information presented in the preparation of an opening Ind AS balance sheet at 1st April, 2018 were restated as per Indian Accounting standard.

In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act ("previous GAAP"). The exemptions and exceptions applied by the Company in accordance with Ind AS 101 'First-time Adoption of Indian Accounting Standards' along with the reconciliations of equity, total comprehensive income and statement of cash flows in accordance with Previous GAAP to Ind AS are explained below:

A. Ind AS mandatory exceptions:

a. Estimates: On assessment of the estimates made under the Previous GAAP financial statements, the Company has concluded that there is no necessity to revise the estimates under Ind AS, as there is no objective evidence that those estimates were in error. However, estimates, if any, that were required under Ind AS but not required under previous GAAP are made by the Company for the relevant reporting dates reflecting conditions existing as at that date.

b. Classification and Measurement of Financial Assets: Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS. Accordingly the Company has classified the financial assets as per Ind AS 109 on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

B. Ind AS Optional exemptions:

a. Property, plant and equipment and Investment Property: Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition. This exemption can also be used for investment properties covered by Ind AS 40 "Investment Property".

Accordingly, the Company has elected to measure all of its property, plant and equipment and investment properties at their previous GAAP carrying value.

b. Investment in Subsidiaries and Associates: Ind AS 101 gives an option to recognize the investment in associate at cost. Consequently, the Company has availed such option to value its investments in Subsidiaries and Associates at cost.

NOTES FORMING PART OF STANDALONE THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

(All amounts in ₹ Lakhs, unless otherwise stated)

Notes to reconciliation:**1. Fair valuation of Financial Instruments****a. Fair valuation of investments (Mutual funds) :**

Under the previous GAAP, long term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments were carried at lower of cost and fair value. Under Ind AS, these investments are required to be measured at fair value. Fair value changes with respect to investments in Mutual fund designated as at fair value through Profit & loss (FVTPL) have been recognized in Equity (net of related deferred taxes) as at the date of transition and subsequently in the profit & loss for the year ended 31st March, 2019.

b. Fair valuation of investments (Preference shares) :

Under the previous GAAP, long term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments were carried at lower of cost and fair value. Under Ind AS, these investments are required to be measured at fair value. Fair value changes with respect to investments in preference shares designated as at fair value through Profit & loss (FVTPL) have been recognized in Equity (net of related deferred taxes) as at the date of transition and subsequently in the profit & loss for the year ended 31st March, 2019.

c. Fair valuation of investments (Listed Equity shares) :

Under the previous GAAP, long term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments were carried at lower of cost and fair value. Under Ind AS, these investments are required to be measured at fair value. Fair value changes with respect to investments in Listed Equity shares (not held for trade) designated as at fair value through Other comprehensive Income (FVTOCI) have been recognized in Equity (net of related deferred taxes) as at the date of transition and subsequently in the Other comprehensive Income for the year ended 31st March, 2019.

d. Fair valuation of investments (Unlisted Equity shares) :

Under the previous GAAP, long term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments were carried at lower of cost and fair value. Under Ind AS, these investments are required to be measured at fair value. Fair value changes with respect to investments in Unlisted Equity shares (not held for trade) designated as at fair value through Other comprehensive Income (FVTOCI) have been recognized in Equity (net of related deferred taxes) as at the date of transition and subsequently in the Other comprehensive Income for the year ended 31st March, 2019. Their fair value can be derived from the latest audited balance sheet by applying below formula: "Net worth of company / no of equity shares = value per share."

2. Deferred Tax

Indian GAAP requires deferred tax accounting using the statement of profit and loss approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under Indian GAAP.

Under the previous GAAP, MAT credit entitlement was presented as part of long-term loans and advances. Under Ind AS, MAT credit entitlement is required to be presented as part of Deferred tax assets. There is no impact on the total equity or profit as a result of this adjustment.

3. Income on Financial Guarantees :

Under the Previous GAAP, Financial Guarantees was treated as contingent liability. Under Ind AS, Financial Guarantees are required to be measured at fair value which is as per IND AS 109- Financial Instruments. Accordingly company has recovered Financial guarantee income from group company on account of shares pledge for availing short term borrowings to one of group company.

4. Other Comprehensive Income :

Under Ind AS, all items of income and expenses recognized in a period should be included in the Statement of Profit and Loss for the period, unless a standard requires or permits otherwise. Items of income and expenses that are not recognized in profit or loss but are shown in the Statement of Profit and Loss as 'other comprehensive income' includes fair value changes in equity shares which are not for trading purpose. The concept of other comprehensive income did not exist under previous GAAP.

5. Impairment of financial assets

Under previous GAAP, loan losses and provisions were computed basis RBI guidelines and Management estimations. Under Ind AS, the same is required to be computed as per the impairment principles laid out in Ind AS 109 – 'Financial Instruments' which prescribes the expected credit loss model (ECL model) for the same. Accordingly, the difference between loan losses and provisions as computed under previous GAAP and as computed under Ind AS, if any is adjusted in retained earnings (net of related deferred taxes) as at the date of transition and subsequently in the profit & loss for the year ended 31st March, 2019.

6. Erstwhile reported IGAAP figures have been regrouped wherever necessary to correspond with IND AS classification and disclosures.

Note 46: Covid-19 Impact

The rapidly developing spread of Novel Coronavirus Disease (COVID-19) has caused serious disruption on the global economic and business environment. There is a huge uncertainty with regard to its impact which cannot be reasonably determined at this stage.

The Company is an Non-Banking Finance Company & is mainly engaged in Investment & Trading in Shares and Securities. Company's profitability is primarily dependent on performance of its Investments. The Company did not face any major operational issues but due to volatile equity market the Company has suffered mark to mark losses on its long term investments in the financial year 2019-2020, thereby reducing the value of Company's investments. As the situation continues to evolve with significant level of uncertainty, the Company is unable to reasonably estimate time line for recovery from negative impact of the COVID-19 outbreak on its investments. However, the Company expects recovery in value of its Investments with recovery of equity market in subsequent quarters.

The Company is monitoring the situation closely and to mitigate the aforementioned financial impact, it is conscientiously managing its investment portfolio with a proper risk management strategy and conserving liquidity by investing in low risk investments.

Note 47: There are no significant subsequent events that would require adjustments or disclosures in the financial statements as on the reporting date

Note 48 : Previous year's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosure.

**CONSOLIDATED
FINANCIAL
STATEMENTS**

INDEPENDENT AUDITORS' REPORT**TO THE MEMBERS OF SARASWATI COMMERCIAL (INDIA) LIMITED****Report on the Audit of the Consolidated Ind AS Financial Statements****Opinion**

We have audited the accompanying Consolidated Ind AS financial statements of Saraswati Commercial (India) Limited ("hereinafter referred to as Holding Company") and its Subsidiaries (the Holding Company and its Subsidiaries together referred to as "the Group") and its Associate Company which comprises of the Consolidated Balance Sheet as at 31st March, 2020, the Consolidated Statement of Profit and Loss, (including other comprehensive income), the Consolidated Statement of Cash Flows and the consolidated statement of changes in Equity for the year then ended and notes to the consolidated financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of its Associate referred to in the Other Matters paragraph below, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its Associate as at 31st March, 2020, their consolidated profit / loss, including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its Associate in accordance with the "Code of Ethics" issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated Ind AS financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Emphasis of Matters

We further draw your attention to Note 40 of Consolidated Ind AS Financial Statements, as regards the Group assessment of the financial impact due to restrictions and conditions related to Covid-19 pandemic situation.

Our report is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated Ind AS financial statements. The results of audit procedures performed by us, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated Ind AS financial statements.

Key Audit Matters	How our audit addressed the key audit matter
(a) Adoption of new accounting framework (Ind AS)	
<p>Refer Note No 2.2 and 37 to the Consolidated Ind AS financial statements</p> <p>The Group and its Associate adopted the Ind AS, with the effect from 1st April, 2019, notified by the Ministry of Corporate Affairs with the transition date of 1st April, 2018.</p> <p>The following are the major impact areas for the Company upon transition:</p> <ul style="list-style-type: none"> • Classification and measurement of financial assets • Additional disclosures as per the requirements of the new financial reporting framework. <p>Transition to the new financial reporting framework is an intricate process involving multiple decision points for management i.e. Ind AS 101. First Time Adoption prescribes choices and exemptions for first time application of Ind AS principles at the transition date.</p> <p>We identified the transition date accounting as a key audit matter because of the significant degree of management judgment in the first-time application of Ind AS principles as at the transition date particularly in the areas noted above and the additional disclosures associated with transition to Ind AS.</p>	<p>We have assessed the design, implementation and operating effectiveness of key internal controls over management's evaluation of exceptions and exemptions availed in line with the principles under Ind AS 101.</p> <p>We evaluated management's exception and exemptions for compliance / acceptability under Ind AS 101. We understood the methodology implemented by management to give impact on the transition.</p> <p>We assessed areas of significant estimates and management judgement in line with principles under Ind AS.</p> <p>We compared the reasonableness of management assumptions in respect of recognition and measurement of financial instruments etc.</p> <p>We performed the audit procedures on transition adjustments and subsequent measurements and found management's assessment to be reasonable and the disclosures are appropriate</p>

Information Other than the Consolidated Ind AS Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, , Corporate Governance and Shareholder's Information, but does not include the consolidated Ind AS financial statements and our auditor's report thereon

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group and its Associate in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standard) Rules 2015, as amended . The respective Board of Directors of the companies included in the Group and its associate are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associate and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group and its associate are responsible for assessing the Group ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and its associate are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company and its Subsidiaries has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS financial statements, including the disclosures, and whether the Consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED IND AS FINANCIAL STATEMENTS OF SARASWATI COMMERCIAL (INDIA) LIMITED**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31st March, 2020, We have audited the internal financial controls over financial reporting of Saraswati Commercial (India) Limited (hereinafter referred to as "the Holding Company") and its Subsidiaries (the Holding Company and its Subsidiaries together referred to as "the Group") and its Associate Company which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding Company, its subsidiaries and its associate company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Group and its associates internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Group and its associates internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group and associate companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the Internal Financial controls over financial reporting in so far as it relates to subsidiaries and associate

company which is incorporated in India, is based on the corresponding reports of the auditors of such company incorporated in India.

Our opinion is not modified in respect of the above matters.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

1. REPORTING ENTITY:

The consolidated financial statements relate to Saraswati Commercial (India) Limited (the Company), its Subsidiaries and its Associate (The Group). The Consolidated Financial Statements have been prepared in accordance with Indian Accounting Standard 110 "Consolidated Financial Statements" (IND AS 110) and Indian Accounting Standard "Investments in Associates in Consolidated Financial Statements" (IND AS 23) specified under Section 133 of the Companies Act, 2013, read with Rule 3 of the Companies (Accounts) Rules, 2015.

1.1 The financial statements of the following subsidiaries have been consolidated as per Indian Accounting Standard 110 on "Consolidated Financial Statements" as specified under Section 133 of the Companies 2013 Act.

Name of Subsidiary Company	For the year ended 31 st March, 2020	For the year ended 31 st March, 2019
	Extent of holding (%)	Extent of holding (%)
Sareshwar Trading and Finance Private Limited	60.77%	60.77%
Arkaya Commercial Private Limited	61.83%	61.83%

All the subsidiaries mentioned above are incorporated in India.

1.2 The following associate, investment in which is accounted using equity method 'as per Indian Accounting Standard 28 on "Investments in Associates in 'Consolidated Financial Statements" as notified by the Companies (Indian Accounting 'Standards) Rules, 2015:

Name of Associate Company	For the year ended 31 st March, 2020	For the year ended 31 st March, 2019
	Extent of holding (%)	Extent of holding (%)
Arcies Laboratories Limited	31.03%	31.03%

1.3 Basis of consolidation

The Consolidated Financial Statements incorporate the financial statements of the Company and entities controlled by the Company. Control is achieved when only if the Group:

- Has power over investee
- Is exposed or has right to variable return from its involvement with the investee, and
- Has ability to use its power over investee to affect its return.

Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the Consolidated Financial Statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the Consolidated Financial Statements to ensure conformity with the Group's accounting policies. The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the Company, i.e., year ended on 31st March.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

1.4 Procedure for Consolidation

- Combine like items of assets, liabilities, equity, income, expenses, other comprehensive income and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the Consolidated Financial Statements at the acquisition date.
- Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- Eliminate in full intra group assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intra group transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intra group losses may indicate an impairment that requires recognition in the Consolidated Financial Statements. Appropriate adjustments for deferred taxes are made for temporary differences that arise from the elimination of unrealised profits and losses from intra group transactions or undistributed earnings of Group's entity included in consolidated Profit & Loss, if any.

2 SIGNIFICANT ACCOUNTING POLICIES AND KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

SIGNIFICANT ACCOUNTING POLICIES:

2.1 STATEMENT OF COMPLIANCE

Consolidated Financial Statements have been prepared in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) prescribed under the Section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and relevant provisions of the Companies Act, 2013.

Accordingly, the Company has prepared these Consolidated Financial Statements which comprise the Balance Sheet as at 31 March, 2020, the Consolidated Statement of Profit and Loss for the year ended 31 March 2020, the Consolidated Statement of Cash Flows for the year ended 31 March 2020 and the Consolidated Statement of Changes in Equity for the year ended as on that date, and accounting policies and other explanatory information (together hereinafter referred to as 'Consolidated Financial Statements').

2.2 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 ('the Act') read together with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, other relevant provisions of the Act on an accrual basis. The financial statements have been prepared on a going concern basis.

The consolidated financial statements up to year ended 31st March 2019 were prepared in accordance with the Accounting Standards notified under the section 133 of the Companies

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014, as amended and the Companies (Accounting Standards) Amendment Rules, 2016, other relevant provisions of the Act (Indian GAAP or previous GAAP).

The consolidated financial statements for the year ended 31st March, 2020 are the first financial statements of the Company prepared under Ind AS. The Company followed the provisions of Ind-AS 101 in preparing its opening Ind AS Balance Sheet as of the date of transition i.e 1st April, 2018.

Some of the Company's Ind-AS accounting policies used in the opening Balance Sheet differed from its policies applied under Indian GAAP as at 31st March, 2018 and accordingly the adjustments were made to restate the opening balances as per Ind-AS. The resulting adjustment arose from events and transactions before the date of transition to Ind-AS were recognized directly through retained earnings as at 1st April, 2018 as required by Ind-AS 101. Refer note 36 of balance sheet for an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows. Refer note 36 of consolidated balance sheet for an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

The consolidated financial statements have been prepared on a historical cost basis, except for certain financial assets and financial liabilities that are measured at fair value.

The financial statements are presented in INR, which is also the Company's functional currency and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise indicated.

2.2.1 Presentation of financial statements

The Company presents its Balance Sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date and more than 12 months after the reporting date is presented in Note 32.6 of the financial statement.

The Company generally reports financial assets and financial liabilities on a gross basis in the financial statement. They are offset and reported net only when Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event. Similarly, the Company offsets incomes and expenses and reports the same on a net basis when permitted by Ind AS specifically unless they are material in nature.

Critical accounting estimates and judgments

The preparation of the Company's financial statements requires Management to make use of estimates and judgments. In view of the inherent uncertainties and a level of subjectivity involved in measurement of items, it is possible that the outcomes in the subsequent financial years could differ from those on which the Management's estimates are based. Accounting estimates and judgments are used in various line items in the financial statements for e.g.:

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

- Business model assessment (Refer Note No 2.5)
- Fair value of financial instruments (Refer Note No 2.5)
- Effective Interest Rate (EIR)
- Impairment on financial assets (Refer Note No 2.5)
- Provisions and other contingent liabilities (Refer Note No 2.13)
- Provision for tax expenses (Refer Note No 2.11)

2.3 PROPERTY, PLANT & EQUIPMENT (PPE):

Transition to Ind AS

Under the previous Indian GAAP, property plant and equipment were carried in the consolidated balance sheet at cost less accumulated depreciation / amortization and impairment losses, if any. The Company has elected to regard those values of property, plant and equipment as **deemed cost** at the date of transition to Ind AS i.e. April 1, 2018.

Recognition and initial measurement

Property, plant and equipment are stated at cost less accumulated depreciation/amortization and impairment losses, if any.

Cost comprises the purchase price and any attributable / allocable cost of bringing the asset to its working condition for its intended use. The cost also includes direct cost and other related incidental expenses. Revenue earned, if any, during trial run of assets is adjusted against cost of the assets. Cost also includes the cost of replacing part of the plant and equipment.

Borrowing costs relating to acquisition / construction / development of tangible assets, if any, which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Subsequent measurement (depreciation and useful lives)

When significant components of property and equipment are required to be replaced at intervals, recognition is made for such replacement of components as individual assets with specific useful life and depreciation, if these components are initially recognized as separate asset. All other repair and maintenance costs are recognized in the statement of profit and loss as incurred.

Depreciation / amortization is recognized on a written-down basis as under:

Assets	Useful life
1. Land	60 years
2. Computers	3 years
3. Vehicles	10 years
4. Telephone	5 years

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

Assets costing less than Rs. 5,000/- are fully depreciated in the year of purchase.

Depreciation method, useful life and residual value are reviewed periodically.

The carrying amount of PPE is reviewed periodically for impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of assets exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

De-recognition

PPE are de-recognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the statement of profit and loss in the period of de-recognition.

2.4 INVESTMENTS IN ASSOCIATES:

Associates:

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but does not have control or joint control over those policies.

Investments in Associates are accounted at cost as per Ind AS 27 and the same has been classified under Level 3 Investments.

2.5 FINANCIAL INSTRUMENTS:

Recognition of Financial Instruments

Financial instruments comprise of financial assets and financial liabilities. Financial assets and liabilities are recognised when the company becomes the party to the contractual provisions of the instruments.

Financial assets primarily comprise of Trade receivables, loan receivables, investments in securities etc.

Financial liabilities primarily comprise of borrowings, trade payables and other financial liabilities etc.

Initial Measurement of Financial Instruments

Recognised financial assets and financial liabilities are initially measured at fair value. Transaction costs and revenues that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at Fair value through profit & loss (FVTPL)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs and revenues directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in profit or loss.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

If the transaction price differs from fair value at initial recognition, the Company will account for such difference as follows:

- a. if fair value is evidenced by a quoted price in an active market for an identical asset or liability or based on a valuation technique that uses only data from observable markets, then the difference is recognised in profit or loss on initial recognition (i.e. day 1 profit or loss);
- b. in all other cases, the fair value will be adjusted to bring it in line with the transaction price (i.e. day 1 profit or loss will be deferred by including it in the initial carrying amount of the asset or liability).

After initial recognition, the deferred gain or loss will be released to the Statement of profit and loss on a rational basis, only to the extent that it arises from a change in a factor (including time) that market participants would take into account when pricing the asset or liability.

Subsequent Measurement of Financial Assets

All recognised financial assets that are within the scope of Ind AS 109 are required to be subsequently measured at amortised cost or fair value on the basis of the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

Company recognizes all the financial assets, other than measured at fair value or amortised cost, which are realized within 12 months, from reporting date, are recorded at cost & not at fair value or amortised cost but are tested for impairment.

Business model assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Company's business model is assessed on an instrument by instrument basis.

• Classification of Financial Assets

For the purpose of subsequent measurement, financial assets are classified into four categories:

- Debt instruments at amortised cost
- Debt instruments at FVOCI
- Debt and equity instruments at FVTPL
- Equity instruments designated at FVOCI

➤ Debt instruments at amortised cost:

The Company measures its financial assets at amortised cost if both the following conditions are met:

- The asset is held within a business model of collecting contractual cash flows; and

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

- Contractual terms of the asset give rise on specified dates to cash flows that are Sole Payments of Principal and Interest (SPPI) on the principal amount outstanding.

To make the SPPI assessment, the Company applies judgment and considers relevant factors such as the nature of portfolio and the period for which the interest rate is set.

The business model of the Company for assets subsequently measured at amortised cost category is to hold and collect contractual cash flows. However, considering the economic viability of carrying the delinquent portfolios in the books of the Company, it may sell these portfolios to the other entities.

After initial measurement, such financial assets are subsequently measured at amortised cost on effective interest rate (EIR)

➤ **Debt instruments at FVOCI:**

The Company subsequently classifies its financial assets as FVOCI, only if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets; and
- Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

Debt instruments included within the FVOCI category are measured at each reporting date at fair value with such changes being recognised in other comprehensive income (OCI). The interest income on these assets is recognised in profit or loss.

On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified to profit or loss.

➤ **Debt / equity instruments at FVTPL**

The Company classifies financial assets which are held for trading under FVTPL category. Held for trading assets are recorded and measured in the consolidated financial statement at fair value. Interest and dividend incomes are recorded in interest income and dividend income, respectively according to the terms of the contract, or when the right to receive the same has been established. Gain and losses on changes in fair value of debt and equity instruments are recognised on net basis through profit or loss.

The Company's investments into mutual funds, bonds, shares held for trading have been classified under this category.

➤ **Equity instruments designated at FVOCI:**

All equity investments in scope of Ind AS 109 'Financial Instruments' are measured at fair value. The Company has strategic investments in equity for which it has elected to present subsequent changes in the fair value in other comprehensive income. The classification is made on initial recognition and is irrevocable.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

All fair value changes of the equity instruments, excluding dividends, are recognised in OCI and not available for reclassification to profit or loss, even on sale of investments.

De-recognition of Financial Assets

A financial asset is de-recognised only when:

- The Company has transferred the right to receive cash flows from the financial assets; or
- The right to receive cash flows from the asset have expired; or
- Retains the contractual rights to receive the cash flows of the financial assets, but assumes contractual obligations to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Write-off

Loans and debt securities are written off when the Company has no reasonable expectations of recovering the financial asset (either in its entirety or a portion of it). This is the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. A write-off constitutes a de-recognition event. The Company may apply enforcement activities to financial assets written off. Recoveries resulting from the Company's enforcement activities will result in impairment gains.

Reclassifications

If the business model under which the Company holds financial assets changes, the financial assets affected are reclassified. The classification and measurement requirements related to the new category apply prospectively from the first day of the first reporting period following the change in business model that result in reclassifying the Company's financial assets. Such reclassification needs to be approved by the Board of Directors of the Company.

Impairment of Financial Assets

The Company recognises loss allowances using the expected credit loss (ECL) model for the financial assets which are not FVTPL. Expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk or the assets have become credit impaired from initial recognition in which case, those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date is recognised as an impairment gain or loss in the Statement of Profit and Loss. Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

Measurement of expected credit loss

Expected credit losses are a probability weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows which the Company expects to receive).

Asset Classification and Provisioning

Loan asset classification and requisite provision made under RBI prudential norms are given below:

Particulars	Criteria	Provision
Standard asset	The asset in respect of which, no default in repayment of principal or payment of interest is perceived and which does not disclose any problem nor carry more than normal risk attached to the business.	0.40% of the outstanding loan portfolio of standard assets
Sub-standard assets	An asset for which, interest/principal payment has remained overdue for more than 3 months and less than 12 months.	10% of the outstanding loan portfolio of sub-standard assets
Loss assets	An asset for which, interest/principal payment has remained overdue for a period of 12 months or more	100% of the outstanding loan portfolio of loss assets.

The Company continuously monitors all financial assets subject to ECLs. In order to determine whether an instrument is subject to 12 month ECL (12m ECL) or life time ECL (LTECL), the Company assesses whether there has been a significant increase in credit risk or the asset has become credit impaired since initial recognition. The Company applies following quantitative and qualitative criteria to assess whether there is significant increase in credit risk or the asset has been credit impaired:

- (a) Historical trend of collection from counterparty;
- (b) Company's contractual rights with respect to recovery of dues from counterparty;
- (c) Credit rating of counterparty and any relevant information available in public domain;

After applying above criteria, Management has decided to make minimum ECL provision as the provisioning rates (as given in above table) as per RBI prudential norms unless higher provisioning is required as per above criteria.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

Financial liabilities

A financial liability is a contractual obligation to deliver cash or another financial asset or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Company or a contract that will or may be settled in the its's own equity instruments and is a non-derivative contract for which the Company is or may be obliged to deliver a variable number of its own equity instruments, or a derivative contract over own equity that will or may be settled other than by the exchange of a fixed amount of cash (or another financial asset) for a fixed number of the its own equity instruments.

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

Subsequent measurement

Financial liabilities are subsequently carried at amortized cost using the EIR method. For trade and other payables maturing within operating cycle, the carrying amounts approximate the fair value due to the short maturity of these instruments.

Interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Method (EIR) method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized.

Company recognizes all the financial liabilities, other than measured at fair value or amortised cost, which are settled within 12 months, from reporting date, are recorded at cost & not at fair value or amortised cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transaction cost. The EIR amortization is included as finance costs in the statement of Profit and Loss.

De-recognition

A financial liability (or a part of a financial liability) is de-recognised from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the De-recognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid is recognized in the Statement of Profit and Loss.

Fair value measurement

The Company measures financial instruments at fair value on initial recognition and uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

Level 1 - Level 1 hierarchy includes financial instruments measured using quoted prices in an active market. This included listed equity instruments, traded debentures and mutual funds that have quoted price. The fair value of all equity instruments (including debentures) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV as published on Association of Mutual Funds of India (AMFI).

Level 2 - Level 2 hierarchy includes financial instruments that are not traded in an active market (for example, traded bonds/debentures, over the counter derivatives). The fair value in this hierarchy is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3 – Level 3 If one or more of the significant Inputs is not based on observable market data, the instrument is included in level 3. Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. Financial instruments such as unlisted equity shares, loans are included in this hierarchy.

For unlisted group companies and other unlisted companies, for which latest consolidated audited balance sheet are available are classified under level 3. Accordingly, their fair value can be derived from the latest audited balance sheet by applying below formula:

“(Share capital + other equity - prepaid expenses) / no of equity shares = value per share.”

Any reciprocal interest held by the group company reduced from above formula & calculate the value per share

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

Derivative financial instruments

The Company uses derivative financial instruments for trading purpose. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit and loss under the head “Net loss on fair value changes.”

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet only if there is an enforceable legal right to offset the recognised amounts with an intention to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

2.6 FINANCIAL GUARANTEE OBLIGATION

Financial Guarantees are initially measured at their fair values and, are subsequently measured at the higher of the amount of loss allowance determined or the amount initially recognized reduced by the cumulative amount of income recognized.

2.7 REVENUE RECOGNITION

A. Interest Income

For all financial instruments measured at amortised cost, interest income is recognised using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial assets.

B. Dividend Income

Dividend income is recognized when the Company's right to receive payment is established.

C. Net gain on fair value changes

Financial assets are subsequently measured at fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI), as applicable. The Company recognizes gains/losses on fair value change of financial assets measured as FVTPL and realised gains/losses on derecognition of financial asset measured at FVTPL and FVOCI.

D. Other revenue from operations

a. Fees

A fee on financial guarantee is recognized based on term of engagement, if any.

E. Other Income

Other incomes are accounted on accrual basis.

2.8 EXPENDITURES

A. Finance costs

Borrowing costs on financial liabilities are recognised using the EIR.

B. Others

Other expenses are accounted on accrual basis.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

2.9 FOREIGN CURRENCY TRANSACTIONS

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in the Statement Profit and Loss in the period in which they arise.

2.10 CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.11 BORROWING COSTS

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets as defined in Ind AS 23 are capitalized as a part of costs of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use.

Interest expenses are calculated using the EIR and all other Borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred.

2.12 INCOME TAXES

A) Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities using the tax rates and tax laws that are in force at the reporting date.

Current income tax relating to items recognised outside the statement of profit and loss is recognized outside the statement of profit and loss (either in other comprehensive income or in equity). Current income tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The Company offsets current tax assets and current tax liabilities where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis, or to realize the assets and settle the liability simultaneously.

B) Deferred tax

Deferred income tax is recognised using the balance sheet approach.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

a) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction affects neither the accounting profit nor taxable profit or loss.

b) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Deferred taxes are not provided on the undistributed earnings of subsidiaries where it is expected that the earnings of the subsidiary will not be distributed in the foreseeable future. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax relating to items recognized outside the statement of profit and loss is recognised outside the statement of profit and loss. Such deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Minimum Alternative Tax (MAT) is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. The Company reviews the same at each balance sheet date and recognise MAT entitlement to the extent it will be utilised. The said asset is created by way of credit to the statement of profit and loss / Other Comprehensive income and included in deferred tax assets.

Presentation of current and deferred tax:

Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income, in which case, the current and deferred tax income/expense are recognized in Other Comprehensive Income.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority

2.13 IMPAIRMENT OF NON-FINANCIAL ASSETS

An assessment is done at each Balance Sheet date to ascertain whether there is any indication that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of asset is determined. If the carrying value of relevant asset is higher than the recoverable amount, the carrying value is written down accordingly.

2.14 PROVISIONS AND CONTINGENT LIABILITIES

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. The Company also discloses present obligations for which a reliable estimate cannot be made. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.15 STATEMENT OF CASH FLOWS

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method adjusting the net profit for the effects of:

- i. changes during the period in inventories and operating receivables and payables transactions of a non-cash nature;
- ii. non-cash items such as depreciation, provisions, deferred taxes, unrealized foreign currency gains and losses, and undistributed profits of associates and joint ventures; and
- iii. all other items for which the cash effects are investing or financing cash flows. Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items which are not available for general use as on the date of Balance Sheet.

2.16 EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the net profit or loss (before Other Comprehensive Income) for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss (before Other Comprehensive Income) for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2020

2.17 RETIREMENT BENEFITS

Short-Term Employee Benefits

Liabilities for salaries and bonus, including non-monetary benefits, if any and accumulating leave balance in respect of employees' services up to the end of the reporting period, are recognised as liabilities (and expenses) and are measured at the amounts expected to be paid when the liabilities are settled.

Defined Contribution Plan and Defined Benefit Plan

Retirement benefits in the form of provident fund under the Employees Provident Fund (Misc. Provisions) Act, 1952 and gratuity under the Payment of Gratuity Act, 1972 are not applicable to the Company as the total numbers of employees are below the minimum required number of employees as specified in respective acts.

Other Long-Term Benefits

The expected costs of other long-term employee benefits such as accumulated leaves are accrued over the period of employment and same has been provided based on accrual basis at year end.

2.18 SHARE CAPITAL

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options and buyback of ordinary shares are recognized as a deduction from equity, net of any tax effects.

2.19 SEGMENT REPORTING

According to Ind AS 108, identification of operating segments is based on Chief Operating Decision Maker (CODM) approach for making decisions about allocating resources to the segment and assessing its performance. The business activity of the company falls within one business segment viz. "Investment, trading in shares and securities & Lending Activities".

2.20 STANDARDS ISSUED BUT NOT EFFECTIVE

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

Nature and Purpose of Reserves

1) Capital Redemption Reserve

It represents the reserves which is created on buy back of equity shares made out of free reserve. The redemption value equivalent to the nominal value of shares so purchased is transferred to this reserved out of profit of the company. This reserve can be utilised for issuing fully paid-up bonus shares.

2) Statutory Reserves under Sec 45 IC of The RBI Act, 1932

Reserve fund is created as per the terms of section 45-IC(1) of the Reserve Bank of India Act, 1934 as a statutory reserve.

3) General Reserves

Amounts set aside from retained profits as a reserve to be utilised for permissible general purpose as per applicable Law.

4) Retained Earnings

Retained earnings represents profits that the company earned till date, less any transfers to General Reserve, Statutory Reserves, Dividends and other distributions paid to the shareholders.

5) Capital Reserve

Capital reserves represents reserves created pursuant to the business combination.

6) Other Comprehensive income

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated in the FVOCI equity investments reserve. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

7) Capital Reserve (Bargain Purchase Gain) (Ind AS 28)

Bargain purchase gain on acquisition represent assets acquired at less than the fair market value.

Note 33 : Financial Instruments**A Financial Risk Management (Ind AS 107)**

The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Market risk
- Interest rate risk
- Currency risk

Risk management framework

Risk management forms an integral part of the business. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors are responsible for developing and monitoring the Company's risk management policies. The Company's Risk Management committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

1 Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. Credit risk arises primarily from financial assets such as trade receivables, investments, other balances with banks, loans another receivables.

The Company has adopted a Policy of dealing with counter parties that have sufficiently high credit rating. The Company's exposure and credit ratings of its counter parties are continuously monitored. Credit risk arising from trade receivables are reviewed periodically and based on past experience and history. Management is confident of recovering all the dues. Credit risk arises from balances with banks is limited and there is no collateral held against these because the counter parties are bank.

Credit exposure

Company's credit period generally ranges from 20 to 30 days

Particulars	31st March, 2020	31st March, 2019	1st April, 2018
Trade receivables	11.68	0.12	0.17
Other receivable	-	-	-

Investment in debt instruments

Expected Credit Loss (ECL) on Financial Assets

The Company continuously monitors all financial assets subject to ECLs. In order to determine whether an instrument is subject to 12 month ECL (12m ECL) or life time ECL (LTECL), the Company assesses whether there has been a significant increase in credit risk or the asset has become credit impaired since initial recognition. The Company applies following quantitative and qualitative criteria to assess whether there is significant increase in credit risk or the asset has been credit impaired :

- (a) Historical trend of collection from counterparty.
- (b) Company's contractual rights with respect to recovery of dues from counterparty.
- (c) Credit rating of counterparty and any relevant information available in public domain.

ECL is a probability weighted estimate of credit losses. It is measured as the present value of cash shortfalls(i.e. the difference between the cash flows due to the Company in accordance with contract and the cash flows that the Company expects to receive). The Company has following types of financial assets that are subject to the expected credit loss:

- (a) Cash and cash equivalent
- (b) Loans
- (c) Other receivables

After applying above criteria, Management has decided to make minimum ECL provision as the provisioning rates as per RBI prudential norms unless higher provisioning is required as per above criteria.

2 Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Company's principal sources of liquidity are cash and cash equivalents, investment in liquid mutual and the cash flow that is generated from operations. In case of any shortfall, company has availed revolving loan facilities from its Group Companies.

(All amounts in ₹ Lakhs, unless otherwise stated)

Fair value hierarchy:

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

(a) Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices in an active market. This included listed equity instruments, traded debentures and mutual funds that have quoted price. The fair value of all equity instruments (including debentures) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV as published on Association of Mutual Funds of India (AMFI).

(b) Level 2: Level 2 hierarchy includes financial instruments that are not traded in an active market (for example, traded bonds/debentures, over the counter derivatives). The fair value in this hierarchy is determined using valuation techniques and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

(c) Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. Financial instruments such as unlisted equity shares, loans are included in this hierarchy.

c Inter level transfers:

There are no inter level transfers made during the year.

d Valuation technique used to determine fair value

1. Closing NAV Statement from Mutual fund is used to determine fair value of unquoted Mutual Fund, if any.

2. Fair values of quoted investments held for trading and other than held for trading purpose under FVTPL are valued using the closing price of NSE / BSE as at the reporting period, if any.

3. Fair values of quoted investments routed through FVTOCI are valued using the closing price of NSE / BSE as at the reporting period, if any.

4. For unlisted group companies investments, for which latest consolidated audited balance sheet are available (not later than 1 year) are classified under level 3. Accordingly, their fair value can be derived from the latest Consolidated audited balance sheet by applying below formula: "Share capital + other equity - prepaid expenses) / no of equity shares = value per share."

Any reciprocal interest held by the group company reduced from "no of equity shares" in above formula & calculate the value per share accordingly.

(All amounts in ₹ Lakhs, unless otherwise stated)

Valuation Techniques:**Short-term Financial assets and liabilities**

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and cash equivalents, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity. Such amounts have been classified as Level 1 / Level 2 / Level 3 on the basis that no adjustments have been made to the balances in the balance sheet.

Note 34: Capital Management

Equity share capital and other equity are considered for the purpose of Company's capital management. The Company manages its capital in a manner which enables it to safeguard its ability to continue as a going concern and to optimise returns to the Shareholders. (All amounts in ₹ Lakhs, unless otherwise stated)

Note 37 : Disclosures as required by Ind AS 101 "First Time Adoption of Ind AS"**Transition to Ind AS**

The Consolidated financial statements for the year ended 31st March, 2020 are the first Consolidated financial statements of the Company prepared under Ind AS.

The accounting policies set out in Note no 2 have been applied in preparing the Consolidated Ind AS financial statements for the year ended 31st March, 2020. The comparative information presented in these Consolidated Ind AS Financial statements for the year ended 31st March, 2019 and the information presented in the preparation of an opening Ind AS Balance sheet at 1st April, 2018 were restated as per Indian Accounting standard.

In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act ("previous GAAP"). The exemptions and exceptions applied by the Company in accordance with Ind AS 101 'First-time Adoption of Indian Accounting Standards' along with the reconciliations of equity, total comprehensive income and statement of cash flows in accordance with Previous GAAP to Ind AS are explained below:

A. Ind AS mandatory exceptions:

a. Estimates: On assessment of the estimates made under the Previous GAAP financial statements, the Company has concluded that there is no necessity to revise the estimates under Ind AS, as there is no objective evidence that those estimates were in error. However, estimates, if any, that were required under Ind AS but not required under previous GAAP are made by the Company for the relevant reporting dates reflecting conditions existing as at that date.

b. Classification and Measurement of Financial Assets: Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS. Accordingly the Company has classified the financial assets as per Ind AS 109 on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

B. Ind AS Optional exemptions:

a. Property, plant and equipment and Investment Property : Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition. This exemption can also be used for investment properties covered by Ind AS 40 "Investment Property". Accordingly, the Company has elected to measure all of its property, plant and equipment and investment properties at their previous GAAP carrying value.

b. Investment in Associates:

Ind AS 101 gives an option to recognize the investment in associate at cost. Consequently, the Company has availed such option to value its investments in associate at cost.

Notes to Reconciliation:**1. Fair valuation of Financial Instruments****a. Fair valuation of investments (mutual funds) :**

Under the previous GAAP, long term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments were carried at lower of cost and fair value. Under Ind AS, these investments are required to be measured at fair value. Fair value changes with respect to investments in Mutual fund designated as at fair value through Profit & loss (FVTPL) have been recognised in Equity (net of related deferred taxes) as at the date of transition and subsequently in the profit & loss for the year ended 31st March, 2019.

b. Fair valuation of investments (preference shares) :

Under the previous GAAP, long term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments were carried at lower of cost and fair value. Under Ind AS, these investments are required to be measured at fair value. Fair value changes with respect to investments in preference shares designated as at fair value through Profit & loss (FVTPL) have been recognised in Equity (net of related deferred taxes) as at the date of transition and subsequently in the profit & loss for the year ended 31st March, 2019.

c. Fair valuation of investments (Listed Equity shares) :

Under the previous GAAP, long term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments were carried at lower of cost and fair value. Under Ind AS, these investments are required to be measured at fair value. Fair value changes with respect to investments in Listed Equity shares (not held for trade) designated as at fair value through Other comprehensive Income (FVTOCI) have been recognised in Equity (net of related deferred taxes) as at the date of transition and subsequently in the Other comprehensive Income for the year ended 31st March, 2019.

d. Fair valuation of investments (Unlisted Equity shares) :

Under the previous GAAP, long term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments were carried at lower of cost and fair value. Under Ind AS, these investments are required to be measured at fair value. Fair value changes with respect to investments in Unlisted Equity shares (not held for trade) designated as at fair value through Other comprehensive Income (FVTOCI) have been recognised in Equity (net of related deferred taxes) as at the date of transition and subsequently in the Other comprehensive Income for the year ended 31st March, 2019. Their fair value can be derived from the latest audited balance sheet by applying below formula: "Net worth of company / no of equity shares = value per share."

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

(All amounts in ₹ Lakhs, unless otherwise stated)

Notes to Reconconciliation (Cont...)**2. Deferred Tax**

Indian GAAP requires deferred tax accounting using the statement of profit and loss approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under Indian GAAP.

Under the previous GAAP, MAT credit entitlement was presented as part of long-term loans and advances. Under Ind AS, MAT credit entitlement is required to be presented as part of Deferred tax assets. There is no impact on the total equity or profit as a result of this adjustment.

3. Income on Financial Guarantees :

Under the Previous GAAP, Financial Guarantees was treated as contingent liability. Under Ind AS, Financial Guarantees are required to be measured at fair value. Accordingly company has recovered Financial guarantee income from group company on account of shares pledge for availing short term borrowings to one of group company.

4. Other Comprehensive Income :

Under Ind AS, all items of income and expenses recognised in a period should be included in the Statement of Profit and Loss for the period, unless a standard requires or permits otherwise. Items of income and expenses that are not recognised in profit or loss but are shown in the Statement of Profit and Loss as 'other comprehensive income' includes fair value changes in equity shares which are not for trading purpose. The concept of other comprehensive income did not exist under previous GAAP.

5. Impairment of financial assets

Under previous GAAP, loan losses and provisions were computed basis RBI guidelines and Management estimations. Under Ind AS, the same is required to be computed as per the impairment principles laid out in Ind AS 109 – 'Financial Instruments' which prescribes the expected credit loss model (ECL model) for the same. Accordingly, the difference between loan losses and provisions as computed under previous GAAP and as computed under Ind AS, if any is adjusted in retained earnings (net of related deferred taxes) as at the date of transition and subsequently in the profit & loss for the year ended 31st March, 2019.

6. Erstwhile reported IGAAP figures have been regrouped wherever necessary to correspond with IND AS classification and disclosures.

Note 40: COVID-19 Impact on reporting company:

The rapidly developing spread of Novel Coronavirus Disease (COVID-19) has caused serious disruption on the global economic and business environment. There is a huge uncertainty with regard to its impact which cannot be reasonably determined at this stage. The Company is a Non-Banking Finance Company & is mainly engaged in Investment & Trading in Shares and Securities. Company's profitability is primarily dependent on performance of its Investments. The Company did not face any major operational issues but due to volatile equity market the Company has suffered mark to mark losses on its long term investments in the financial year 2019-2020, thereby reducing the value of Company's investments. As the situation continues to evolve with significant level of uncertainty, the Company is unable to reasonably estimate time line for recovery from negative impact of the COVID-19 outbreak on its investments. However, the Company expects recovery in value of its Investments with recovery of equity market in subsequent quarters.

The Company is monitoring the situation closely and to mitigate the aforementioned financial impact, it is conscientiously managing its investment portfolio with a proper risk management strategy and conserving liquidity by investing in low risk investments.
