# School Accountability Report Card Reported Using Data from the 2018-19 School Year California Department of Education 

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC).The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### Abstract

About Our School Paramount High School is a comprehensive high school serving over 4,700 students in grades nine through twelve. The school, located in a diverse urban community, consists of two sites whose field are joined. One site focuses on students in the ninth grade, and the other site serves students in grades ten through twelve and special populations. The Paramount High School community adheres to the Paramount Unified School District's Mission Statement to "ensure learning and success for each student by providing a quality education." Professional Learning Communities focus on curriculum, quality instructional strategies and assessments that foster student success. State standards coupled with researched-based curricula are delivered via high quality instruction and professional development experiences for staff are provided on an ongoing basis. Paramount High School teachers participate in collaborative meetings regularly to discuss collected data, curriculum delivery and student interventions. There is a focus on students, which includes high academic expectations, collective responsibility for success, and consistent monitoring of student learning by all stakeholders. Students have access to a wide variety of coursework including Career Technical Education, Honors, Advanced Placement, AVID, JROTC and a wide variety of Visual and Performing Arts programming. In addition, students are provided a variety of supports during, before, and after school to assist struggling learners. Overall, Paramount High School offers an extensive extracurricular program with a wide variety of student clubs and includes a successful athletic program that consistently earns San Gabriel League Championships in a variety of sports.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4)

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## Career Technical Education (CTE) Programs (School Year 2018-19)

Paramount Unified School District is committed to delivering a high quality Career and Technical Education (CTE) program to all students. With the support of the community, local business partners, local college representatives, teachers, counselors, parents and administrators, students within the CTE pathways are strengthening both their academic and career readiness skills to prepare for 21st century careers. With the guidance of school counselors and classroom teachers, each student creates a post-secondary plan.

Paramount High School currently offers seven pathways: Architectural Design; Engineering Design; Design, Visual, and Media Arts; Food Service and Hospitality; Patient Care; Entrepreneurship; and Computer Science. Currently, $100 \%$ of CTE courses are A-G approved, providing students with both a rigorous college preparatory experience and career skill development. Core content areas are infused with CTE through the integration of Buck Institute's Project Based Learning as well as Linked Learning. Additionally, seven courses are articulated with local community colleges, allowing CTE students to accrue college credit while still in high school. Students in all seven pathways participate in a variety in work-based learning opportunities ranging from field trips to local businesses to paid pathway internships.

In order to ensure continuous improvement, the CTE program is evaluated through the analysis of end of year data including the number of completers, high school graduation rates, number of work based learning opportunities, and the number of students eligible for credit by exam. The CTE Advisory Committee is comprised of business partners from all seven pathways, teachers, students, community college representatives, administrators, counselors, and students and meets once a year to provide feedback to the program.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

## Opportunities for Parental Involvement (School Year 2019-20)

Parents are invited to join in the effort of our academic and extracurricular program through our School Site Council, English Language Advisory Committee, Parent Teacher Student Association (PTSA), and athletic booster clubs. The School Site Council and English Language Advisory Committees are elected parent advisory groups that assist the principal and staff in planning the educational programs at the school. Several parent meetings are held during the course of the year to update parents and programs such as Title 1, English Learners, and the state and school's assessment program.

Parents are encouraged to be a part of their student's education and are welcome to meet with staff members to improve the learning experiences for their students. Each year, the school surveys parents regarding the effectiveness of school programs and uses the parent responses to improve the educational program. Invitations for parents to participate in campus activities are publicized via home mailers, marquee announcements, calls home, backpack letters, and school website calendars. Parents are encouraged to join committees that help to plan support for specific subpopulations, workshops and conferences. Parents are offered field trips to college campuses to promote a community-wide college-going culture. Students and their families are encouraged to visit the College and Career Centers at both sites which include the support of three College and Career Center counselors and one Guidance Technician.

Individual parent conferences are facilitated by the counselors on an as-needed basis. Parents are informed of students' academic progress on a regular basis via progress reports and quarterly grade reports. Parent education activities include workshops on how to help your student with homework, the importance of good attendance, how to help your child in core classes, and different parenting skills topics.

Parents are encouraged to become involved in a variety of school activities:

- Paramount High School Parent Teacher Student Association (PTSA)
- English Learner Advisory Committee (ELAC)

School Site Council (SSC)
Coffee Corner \& Coffee Cup Parent Meetings
Annual Black Family Forum

- Black Student Union Parent Meetings
- Annual Unity Day

Back to School Night and Open House

- Parent Development Workshops (High School Graduation Requirements, A-G Requirements, UC/CSU/Private College/Community College/Trade Technical

School Overview, Financial Aid/FAFSA/CA Dream Act, NCAA Eligibility, Scholarships, How to help your child succeed)

- Cerritos College K16 Bridge Program \& Cerritos College Middle College Teacher TRAC Parent Workshops
- College Application Support
- Title 1 Parent Meeting

Teacher-Parent-Counselor-Student Conferences

- 9th \& 10th Grade Parent Orientation Events
- Parent College Fieldtrips
- Young Women's Empowerment Conference

Districtwide College Fair

- District Committees (LCAP, Strategic Plan, High School Promise)
- Development of New Parent Center

## State Priority: Pupil Engagement

## School Safety Plan (School Year 2019-20)

The school's 2019-2020 comprehensive safety plan was last reviewed, discussed, updated and approved on February 27, 2019 with the School Site Council. The brief description of the key elements of the comprehensive safety plan was reviewed with staff in September 2019. The plan includes the following: assessment of the current status of the school crime data, child abuse reporting procedures, student conduct including bullying, disaster procedures, suspension/expulsion policies, procedures to notify teachers of dangerous pupils, sexual harassment policy, school wide dress code, procedures for ingress and egress, procedures to ensure a safe and orderly environment conducive to learning, rules and procedures on school discipline.

Paramount High School provides a safe, clean campus to promote a positive environment for students. Administrators, counselors, teachers, staff assistants, security personnel, and instructional support staff provide supervision and guidance for students on campus at all times. The Senior Campus is equipped with 10 Campus Safety Personnel (CSP) and West Campus has 3 CSPs to provide support during school hours and beyond. Communication between administration, CSPs, and front office staff is accomplished through a hand-held radio system. Each teacher's classroom is equipped with a telephone, which provides direct access to all offices. Emergency drills, such as fire, earthquake, lockdown/lockout, are held every month. Should a disaster occur, specialty teams have been established for search and rescue, first aide, security, student accountability, and reunification. A systematic evacuation plan has been established for students and staff. The two campuses maintain individual School Safety Plans that are annually reviewed and approved by the respective School Site Councils, with specific instructions for handling a variety of incidents that may occur during the school day.

With funding made available through passage of a bond measure, multiple additional state-of-the-art facilities have been added to the campus over the last few years including a new Library, Health Sciences Building, Stadium, Field House and practice Gymnasium at both campuses. Improvements have been made to the school facilities of each site including classroom modifications, painting of exterior walls, carpet and tile replacement, grounds beautification, and widening of walkways. The custodial staff for the ten through twelfth site consists of three full-time day custodians; the ninth grade site has one full-time day custodian. Both sites have a crew of district custodians for the evening maintenance. The custodial staff maintains the cleanliness of the campus as well as the classrooms. Administration and campus security personnel also play a role in keeping the grounds clean.
