**OUR REDESIGNED LEVEL III NICU AND PEDIATRIC UNITS
ARE OPEN AND MORE IS COMING SOON!**

FAMILY-FRIENDLY CARE

We've designed and built our all-new Level III Neonatal Intensive Care Unit (the only one in South Central Indiana) and our Pediatric Unit around two principles: exceptional patient care combined with a family-friendly environment.

If your newborn or child faces days – even weeks or months – in the hospital, your convenience and comfort is important too. Our rooms are spacious enough to accommodate several visitors, allow for a parent to comfortably stay overnight and provide plenty of privacy for rest and healing.

Our NICU has 24 private rooms, allowing parents to comfortably bond with their newborn

and not miss a moment of his or her first days. Our pediatric unit has 9 kid-friendly rooms complete with an activity area.

Several of our expanded and newly remodeled labor and delivery suites are now open, along with our first floor outpatient area for Maternal Fetal Medicine, Pelvic Health and Rehab, Massage Therapy and Acupuncture services.
