TRUSTED CANADIAN SOURCES FOR EVIDENCE-BASED TREATMENT INFORMATION

A trusted Canadian source for evidence-based treatment information for all health care practitioners involved in therapeutic decision-making. Practical, bottom-line, clinical information covering more than 200 common medical conditions is referenced and organized in a concise format by therapeutic condition. More than 72 chapters cover drug therapy during pregnancy and breastfeeding. The content is based on the best available evidence, subject to a rigorous peer review process.

2014 • ISBN: 978-1894402-89-7 • \$199.00

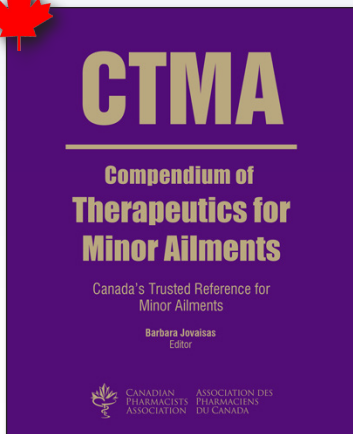

"I use CTC 7 on a regular basis to support clinical assessment, differential diagnoses, and decision making for conditions that may be common but are less commonly seen in my daily practice.

I don't have to search several resources to find information that is pertinent, up-to-date, and Canadian. CTC 7 is a quick refresher on what Canadian guidelines/recommendations I need to consider. It is a must have for novice and experienced practitioners alike."

Cindy Fehr BSN, MEd, MSN, NP(F) (Manitoba)

Barbara Jovaisas, BSc(Pharm), RPh

This book allows you to quickly search for nonprescription therapy options and make informed recommendations for treatment of minor ailments. It offers the practical knowledge to initiate dialogue with patients, assess their needs and help them manage conditions that can be treated without a prescription. Includes updated, evidenced-based therapeutic information on over 100 minor ailments.
