ACCOUNTING OF STUDENT HOURS AND OPERATIONS

Full time: Any student scheduled to attend 40 hours or more per week are considered to be full-time student. Part-time enrollment is defined as at least 32 but less than 40 hours per week. Less than 20 hours per week is less than half time. Half time enrollment requires a minimum of 20 hours per week. All students are responsible for the accuracy of their time sheets. Students must clock in and out at the required times and record all hours of classroom attendance and operations completed on the time sheet in the appropriated space. The student must present the completed time sheet to an instructor for verification of accuracy and a signature by the instructor at the end of each day of class. If the time sheet is not sign by an instructor, the student will not receive credit for the days of operation. Students are not to remove time sheets from the school premise at any time. Forged or altered time cards are grounds for immediate expulsion.

All time clock hours, classroom hours, and operations hours are posted weekly using the school's computerized attendance system. The time sheets are then filed in the student's time sheet folder. Students wishing to review their time sheets with the school Director must make their requests in writing. An appointment to review the time sheets will be scheduled within five days.

Student Clock Hour Policy

The California Board of Barbering and Cosmetology will only recognize time-clock punched hours of attendance. As a result of this requirement, the school can only give clock hour credit to students who record their attendance by using the time clock to punch in and out at the start and end of their class

day and lunch period. You will be given up to seven minutes to clock in and receive credit for the quarter (1/4) hour. This seven minute period applies to starting of the class day only. If you do not arrive and clock in by 8:38 a.m., you may not clock in for the day without excused permission. Students who are habitually tardy, (four times in one month), will be counseled and if the tardiness continues, the student may be suspended or be placed on probation until the tardiness ceases. A 30 minute lunch break shall be taken for students who attend a six hour class day or more. If you are attending less than a 6 hour class day and desire to take a 30 minutes lunch break, then the 30 minutes shall be deducted from your daily total hours and you must clock in and out on your time card for the lunch break. Once classes have started, no one from outside will be admitted to the classroom. **Instructors may not sign a student in or out. If an error is made on the student time card, the instructor must draw a line through the error and make the appropriate correction. The student and instructor must initial the change.**

You must clock in and out for the lunch break, and you must leave your time card in the designated area. Failure to clock in and out for lunch break will be subject to disciplinary action. If a student is unable to take his/her lunch break at the designated time (11:15 a.m. – 12:15 p.m.), he/she must report to the instructor to be assign a different lunch time. The time card must be signed by the student and instructor daily.

Time Card Credit

The following is a guideline for the instructor to issue credits:

Each theory credit must be initialed in the proper category. If that category is complete, the instructor may issue credit in a comparative category. The portion of the time card reflecting hours are in the theory hours earned and any classes the instructor has taught. The portion of the time card concerning operations is to be applied efforts of the students, as they manually perform a practical subject. According to the students, some practical operations may take longer to perform. STUDENT TUITION RECOVERY FUND DISCLOSURES

“The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.”

“It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916)431-6959 or (888)370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.”

Effective **February 8, 2021**, the Student Tuition Recovery Fund (STRF) assessment rate changed from zero (\$0) per one thousand dollars (\$1,000) of institutional charges to fifty cents (\$.50) per one thousand dollars (\$1,000) of institutional charges.

WITHDRAWAL AND REFUND POLICY

Student’s Right to Cancel

The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session (first day of classes), or the seventh day after enrollment (seven days from the date when enrollment agreement was signed), whichever is later. All funds paid will be returned if the student is rejected for enrollment. Cancellation shall occur when you give written notice of cancellation at the institution’s address. You can do this by mail or hand delivery. The written notice of cancellation, if sent by mail, will be accepted when it is deposited in the mail and properly addressed with prepaid postage. The written notice of cancellation need not take on any particular form, however expressed; it will be accepted only when submitted directly to the Financial Office stating that you no longer wish to be bound by the enrollment agreement. A withdrawal may also be effectuated by the school due to the student’s conduct, including, but not necessarily limited to, a student’s lack of attendance.

Refund Policy

After the cancellation period, the institution provides a pro rata refund of all funds paid for tuition charged to students who have completed 60% or less of the period of attendance. When more than 60% of the enrollment period in the course has incurred (including absences), there will be no refund to the student. A registration fee of \$75.00 is a non-refundable item. Equipment, books, supplies, tools, uniforms, kits and any other items issued and received by the student are not returnable. Once received by the student, they are the property of the student and will represent a liability to the student. If you cancel the agreement, the school will refund any money that you paid, less any deduction for registration fee and equipment received. If you withdraw from school after the cancellation period, the refund policy described above will apply. If the amount that you have paid is more than the amount that you owe for the time you’ve attended, then a refund will be made within 45 days of the official withdrawal. If the amount that you owe is more than the amount that you have already paid, then you will have to pay for the remaining difference owed. Official withdrawal date is on the student’s notification or school’s determination

*** Books, Uniforms and Tool Kits will be provided after the cancellation period, and shall be non-refundable if used or removed from packing**

Determination of withdrawal from school

The withdrawal date shall be the last date of recorded attendance. The student would be determined to have withdrawn from school on the earliest of:

The date you notify the Financial Office of your intent to withdraw.
The date the school terminate your enrollment due to academic failure or for violation of its rules and policies stated in the catalog
The date you fail to attend classes for a two week period, and fail to inform the school that you are not withdrawing
The date you failed to return as scheduled from an approved leave of absence. The date of the determination of withdrawal will be the scheduled date of return from leave of absence

Course Cancellation

If a course is cancelled subsequent to a student’s enrollment and before enrollment and before instruction in the course has begun, the school shall at its option: 1. Provide a full refund of all money paid; or 2. Provide for completion of the course at schools in the neighborhood.

Withdrawal Calculations

This is a calculation mandated by the state agency, and the institution itself. The formula takes into account the percentage of the course completed and it applies that percentage to the school charges to determine how much the school earned of those charges, how much was paid toward those charges and the amount owed, if any, by the student to the school

The following table outlines the refund due based on percentage of training completed, using scheduled hours (including absences):

Total Tuition	Less Registration Fee	Less Books and Supplies	Less STRF Fee	Tuition Cost
\$12,006.00	\$75.00	\$675.00	\$6.00	\$11,250.00

Tuition Cost	Course Hours	Hourly Fee	Tuition Paid	Hours Attended	Tuition Owed	Refund Due
\$11,250.00	1600	\$7.03/hr	\$11,250.00	700	\$4,921.00	\$6,329.00

SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY

Jasmine Beauty School expects all students to maintain Satisfactory Academic Progress (SAP) as established by this institution, the student must:

- A. Maintain a cumulative academic average of “C” (70%) or better on all exams, work projects (operations), and other required course work.
- B. Maintain a cumulative average attendance level of at least two-thirds (2/3) (67%) of the scheduled hours indicated on their enrollment contract. For example, a student scheduled to complete 33 hours per week would have to maintain an average weekly attendance of at least 22 hours per week ($2/3 \times 33 = 22$).

Regardless of the average level of attendance, students who have more than two consecutive weeks of absences (14 calendar days) will be dismissed. This standard shall apply to all students except those on an approved Leave Of Absence. Students who expect to be absent 14 or more days up to 180 days are encouraged to request a Leave Of Absence. In addition to attendance standards relating to SAP, students are also required to adhere to certain general institutional policies relating to attendance and tardiness.

Complete the course within one and a half times (150%) the length of the course as defined in the catalog. For example, a student who enrolls in a 600 hour/30 week long Esthetician program must complete the program within 45 weeks. For the purpose of determining the maximum time frame, transfer hours from another institution that are accepted toward the student’s educational program are counted both as attempted and completed hours.

- C. Students must meet minimum academic and attendance requirements for each evaluation period of the course to be considered as making satisfactory academic progress until the next scheduled evaluation.

Evaluation Periods

Students are evaluated for Satisfactory Academic Progress as follows:

- **Cosmetology:** When a student is scheduled to complete 450, 900, 1250, and 1600 hours
- **Barbering:** When a student is scheduled to complete 450, 900, 1250, and 1500 hours
- **Esthetician:** When a student is scheduled to complete 300 and 600 hours
- **Manicuring:** When a student is scheduled to complete 200 and 400 hours
- **Manicuring 102:** When a student is scheduled to complete 300 and 600 hours
- **Massage Therapy:** When a student is scheduled to complete 350 and 700 hours

Grading System

Students are evaluated on a regular basis on theory, practical, and clinical work. The evaluations are measured on a standard percentile basis which equates to a letter grade. All copies of evaluation forms are issued to students upon completion of each increment of the course hours as explained above for students’ review. This evaluation form reflects the overall Attendance and Academic progress of the student. Students must maintain a minimum of “C” (70%) cumulative grade average or practical evaluation to maintain satisfactory academic progress status. Numerical grades are considered according to the following scale:

90% - 100% A.....Excellent

80% - 89% B.....Above Average

70% - 79% C....Average

60% - 69% D....Unsatisfactory

00% - 59% F.....Fail

Academic Probation

Students who meet the minimum requirements for attendance and academic performance are considered to be making satisfactory academic progress until the next scheduled evaluation. Students who fail to meet the SAP standards during a given evaluation period will be placed on SAP probation for one additional evaluation period. If the student successfully appeal the negative progress determination, and the school determines that SAP can be met by the end of the subsequent evaluation period or the school develops an academic plan for the student ensuring that he/she is able to meet the school's SAP requirement by a specific point within the maximum time frame established for the individual student.

For the students under SAP probation, satisfactory academic progress will be reinstated only after the student has re-established SAP in accordance with the attendance and grading standards stated in Standards A,B, C, & D of SAP, (see page 27 of the school catalog). Probationary students who meet SAP by the conclusion of the probationary period will be removed from academic probation and will be considered making SAP. Probationary students who fail to meet SAP by the conclusion of the probationary period will be deemed not to be making satisfactory academic progress, and his/her enrollment may be terminated at the discretion of the school. In the event a student enrollment is terminated due to not making the Satisfactory Academic Progress, all policies regarding the school refund policy will apply.

Re-establishment of Satisfactory Academic Progress

Students may re-establish satisfactory academic progress by meeting the minimum attendance and academic requirements by the end of the probationary period.

Interruptions, Course Incompletes, Withdrawals

If an enrollment is temporarily interrupted due to a Leave of Absence, the student will return to school in the same progress status as prior to the Leave of Absence. Hours elapsed during a Leave of Absence will extend the student's contractual period, and the maximum time frame by the same number of days taken in the Leave of Absence, and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course, and wish to re-enroll in the school will return in the same Satisfactory Academic Progress status as at the time of the withdrawal.

Appeal Procedure

Students who wish to appeal the decision that they are not making Satisfactory Academic Progress must submit a written request to the school's administrator. The written request should be received within ten calendar days of the school's determination. The written request must describe why the student failed to meet satisfactory academic progress standards, along with supporting and verifiable documentation of the reasons why the school determination should be reversed. Some of the reasons for which students may appeal a negative progress determination are death of a relative, or an injury or illness of the student. Not all appeals will be approved. Appeals will only be considered for circumstances that were beyond the control of the student. This information should also include what has changed about the student's situation that will allow him/her to achieve Satisfactory Academic Progress by the next evaluation period. Appeal documents/written request will be reviewed, and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon the appeal, the Satisfactory Academic Progress determination will be reversed. If an appeal result in a denial and the original determination is upheld, the student will be unable to take further action.

A license will be issued through the State for applicants who successfully passed the examinations. The school will help each student to apply for their State examination. All graduates must hold a valid State license prior to entering the job field.

Distance Education Policy

Effective 7/28/2020

Jasmine Beauty School will offer Distance Education to currently enrolled students who apply to take selected portions of their program and are accepted by the Director to take that portion as a Distance Learner.

Distance education as defined in section 94834 of the California Code, does not require the physical presence of students and faculty at the same location but provides for interaction between students and faculty by means such as telecommunication, correspondence, electronic and computer augmented educational services, postal service, and facsimile transmission.

Distance Learning at Jasmine Beauty School will take place in real time via Zoom or similar platform on computers, tablets and smartphones.

Attendance and interaction with instructors during online presentations will be validated by instructors as clock hours.

All assessments that will be used for calculating a student's GPA must be completed while the student is physically on campus.

The student will participate in learning activities while physically present at least once every 5 business days for the length of a scheduled class day, 5 clock hours, as outlined in the enrollment agreement.

To assess if the student is a viable candidate for Distance Learning, the student must show the device that will be used for viewing Distance Learning lessons and upload all applications while physically at Jasmine Beauty School to prove that the device is compatible for the programs that will be used and to determine if the student can login, view and chat on applicable platform(s). If the student is planning to use a desktop computer for classes, the Director will coordinate a time to test the student and computer compatibility with the platform before accepting the student as a Distance Learner.

All transcripts and Proofs of Training (official and unofficial), listing academic attainment received will identify the distance learning component; and prior to enrollment, students are provided with a disclaimer that academic achievement earned via distance education may not be accepted for reciprocity or eligible licensure in other states. A signed and dated copy of the disclosure will be found in the student's file.

In the event of an emergency shutdown (i.e. COVID-19), all students will be allowed to complete online lessons and submit Theory assessments to instructors and/or the Director via email. Practical assessments will be completed using real time demonstrations via Zoom or similar platforms by the student who will schedule an assessment time with the instructor for the practical assessment. Theory and Practical assessment results will be provided to the student within 5 school days of the completion of the assessment. If a student is not comfortable with Distance Learning, the student has the option to request a Leave of Absence or to withdraw from the program until the school resumes in person instruction.
