Recognition Items:

Corry Lambie recognized:

Ryan and Lori Hmielewski – Thank you to the Hmielewski' s for their generous donation to our tech ed department. Our new tech ed teacher, Mr. Eric Cooley, is working to create a robotics program and courses. We have already connected with NWTC to offer the courses for college credit, once fully approved.

Emily Alger-Feser – Along with one other student-teacher (from Wisconsin) last year, will be recognized as the student-teacher of the year at the Wisconsin Council of Teachers of English Conference. Nominees should have a strong commitment to teaching, show leadership in and out of the classroom, possess strong communication skills, maintain rapport with students, and develop effective professional relationships with colleagues. Letters of recommendation should emphasize these criteria. Emily will be on a panel during the WCTE Convention to share her thoughts and experiences as a student teacher and a first year teacher.

ACT ASPIRE TEAM – Every ninth grade student in the state of Wisconsin was expected to take the ACT Aspire. Our carrying out of this huge task was handled smoothly. Thank you to Sarah Learst, Heidi Beimer, Dee Morin, Keran DeCamp, Adam Grace, Matt Piechota, Becky Roetzer and other students and staff who assisted in the process. This was a huge undertaking! With the help of these people, our staff adjusted very well and moved through the process quite seamlessly.

Pam/Leif Berg – The Bergs have been working with administration and the counselors to review our grade reports and create intervention plans for some of our struggling learners. This is an RtI extension to our Anchor Hour.

"Corry, I just wanted to let you know that a few weeks ago, I had 17 9th grade students with D's and F's. Due to Anchor Hour intervention, I now only have 5 students with a D or an F. One of those students is OSS and the other hasn't been coming to school. Thought you might like to know that it IS working!!!!"

NWTC and Jan Scoville – our counselors have worked with NWTC to have presentations on Wednesdays during Anchor Hour. Thus far, we have had Fire Protection Engineering and Nursing. Tomorrow will be professions utilizing technology and next week will be welding. Students have an opportunity to sign up during their Monday Homeroom to attend the NWTC informational sessions.

Feldstein Jewelers – Feldstein Jewelers and our Student Senate collaborated to raise over 1200 dollars for our Senate to use. This was done in conjunction with the M&M Game/Week of Festivities.

1989 State Champs – Thank you to Kurt Gundlach and his efforts to recognize and reunite the State Championship Football Team of 1989.

Tim Stauss, Jim Wagner, Kurt Gundlach – as well as several other community members who contributed to a successful, inaugural MHS Athletic Hall of Fame induction ceremony in early October.

Alyssa Landenberger, Alexis Teske, Jacob Techmeier and Daniel Scott – this quartet sang the National Anthem on Parents' Night on Friday, October 10 and did an amazing job.

Leif Berg and Brenda Blystone – Another great M&M Week! We brought in over 1300 cans for our in-school pantry and NEWCAP. Our students were well behaved and the events ran very smoothly.

MHS Staff – We are closing in on the completion of our first quarter and our high school staff has been amazing! We have gotten over some of the bumps of Flexi-shed and Anchor Hour; two huge changes this school year that have been handled with class and hard work. Secondly, with Educator Effectiveness being fully implemented, our staff continues to work hard to gain confidence and understanding in the process. I am proud of our staff and what they collectively continue to do for kids.

Mary Kaye Wolf recognized:

Alisha Caylor for her work with the Park staff on Educator Effectiveness.

Tim Baneck recognized:

- **Oct. 5-11th School Board Recognition week.**
- **Donations: Thank you to all our donors. We really appreciate it.**

Cindy Russell Smith:

IT department, Dee Morin, Keran Decamp, Adam Grace and Matt Piechota, Becky Roetzer, Heidi Beimer, Sarah Learst and Carla Dionne for their assistance with the ASPIRE testing.
