# SCHOOL OF ARCHITECTURE OKLAHOMA STATE UNIVERSITY

The vision of the School of Architecture is to empower students to make creative contributions in the cause of architecture.

## **WELCOME**

#### Hello!

Architects and architectural engineers are part of the long tradition of the building arts - creating spaces and places for people. Every day we imagine, draw, and create 3D models of our design ideas. We use computers for our work, of course, but we also utilize the simple tools of pen and paper in our quest to quickly see our ideas. Inside this journal is a selection of activities designed to allow you to have some fun while exploring your own creativity!

No matter if you are a potential student or a graduate of the School of Architecture, you are welcome to visit us in Stillwater to see what our students are creating.

Until then, have fun drawing and designing!
