Nursing and Midwifery

Other considerations

- Certain subjects limited or excluded from entry tariff, such as A level General Studies, and limited study skills units in Access courses (check prospectus)
- Entry to all are by interview
- Declaration form and DBS clearance is required for the profession
- Occupational Health clearance is required
- Dual registration is an option in Nursing

Nursing and Midwifery

Comments

- Number of student places are fixed externally by the East Midlands Learning and Education Training Board (EMLETB)
- Entry to both Nursing and Midwifery is competitive, particularly in child nursing and midwifery
- Number of interview days are limited due to practitioner presence being required at every interview
