Greetings, Fellow Shooters!

Welcome to the 12th Annual Wisconsin IDPA Championship.

It is a great honor to serve once again as your Match Director. For those attending the Wisconsin State IDPA Championship for the first time, welcome! For those that have shot one of our matches previously, welcome back! I'm confident that we will challenge your shooting skills and that your experience today will keep you coming back in following years.

As we all know, matches like this only happen through the unselfish dedication from every one of our volunteers. Please take a moment to thank our Safety Officers and Staff when you see them on the range today.

We also could not have a quality match without quality sponsorship! As you tour the prize table today, take note of the businesses that are supporting you both as an IDPA shooter and as a firearm owner. Be sure to let them know that you saw them at the 2012 Wisconsin IDPA State Championship and to thank them for their support.

Enjoy the match and best of luck to you!

Match Briefing

THESE POLICIES ARE JUST AS IMPORTANT AS THE RULES. YOU ARE EXPECTED TO READ AND UNDERSTAND ALL THE CONTENTS OF THIS MATCH PUBLICATION. QUESTIONS WILL BE ANSWERED AT THE SAFETY BRIEFING.

We will be shooting 9 stages in single flight, one day format. Most of the staff will have already shot on Friday. This will be a lost brass match, all brass will go to the range staff. If you have a scoring dispute, please allow the range staff to continue running their stage and seek out the Chief Safety Officer, Craig Dilley, or the Match Director, Tom Ropers. If it is a target scoring issue, the target will be pulled and replaced with a new one. The Match Director will have the final word in any dispute.

RULES: The match rules are found in the IDPA Rulebook, dated April 15, 2005, and the IDPA Rules Addendum, dated July 6, 2010. There are additional rules contained in this briefing.

OBEY YOUR S.O.'s: Safety Officers are here to assist you in completing a safe shooting contest. If there are indications that you are becoming unsafe, attempts will be made to warn you. If your gun handling has become unsafe, you will be stopped. When you hear STOP! You should immediately STOP with the gun muzzle pointing safely down range, finger outside the trigger guard, safety on, and await further instructions. **SET/PAINT STEEL & TAPE TARGETS**: Competitors are expected to stay together as a squad, and to tape, set/paint steel, and help maintain efficiency on each stage. DO NOT paste targets until they have been scored! The S.O.'s and Scorekeepers will set any moving targets.

ALCOHOL/DRUGS: Alcohol and recreational drugs may not be consumed anywhere on the range. Competitors violating this policy will be disqualified and asked to leave the range.

DRESS CODE: No items of dubious taste are to be displayed or worn. The Match Director will be the final arbiter of dubious taste.

SCHEDULING: Competitors must compete for score according to the published match schedule. A competitor who is not present at the scheduled time and date for any stage may not attempt that stage without the prior approval of the Match Director, failing which the competitor's score for that stage will be a DNF. If a Competitor fails to attend the Safety Briefing, he or she will not be allowed to participate in the match.

WALK-THROUGHS: When the entire squad is assembled and the Scorekeeper has all of the squad's score sheets, a brief stage walkthrough will be given. **Per IDPA rules, no individual rehearsals of a CoF will be permitted.** This includes the taking of sight pictures or using your hands to visualize angles, etc. Shooters who violate this rule will incur penalties ranging from procedurals to a Match DQ. Please do not ask the S.O. or Scorekeeper for hints or strategy as to how to best complete the stage, as they will not be able to provide them.

TIME TO SHOOT: The range is closed to all regular competitors prior to the scheduled

match opening on August 4th, 2012. Attempts to view the stages prior to the start of shooting may incur penalties.

When called to the line, competitors are expected to load and make ready quickly. Shooters not ready within a reasonable time may be asked to move aside for the next competitor. If you show up without your gun or gear when your name is called, your score sheet goes to the bottom of the pile. Doing this intentionally may result in penalties.

EYE & EAR PROTECTION: All competitors and spectators must wear eye and ear protection while on the range.

D.Q. POLICY: Violation of safety and sportsmanship rules *anywhere* on the facility will result in match disqualification. This applies to any side matches, vendor tents, function fire and sign-in areas, as well as the match stages.

CHRONOGRAPH: Each Competitor's ammunition will be chronographed. A sample will be retrieved at random from each Competitor at some point during the match. The goal is to compete with "service type" ammunition, not light target ammunition. Therefore, the following minimum power floors will be in effect, per IDPA rules:

SSP- 125,000 ESP- 125,000 CDP- 165,000 ESR- 165,000 SSR- 105,000

Calculate power floor by multiplying the bullet weight in grains by the muzzle velocity in feet per second. Any non-tracer, non-armor piercing ammunition meeting or exceeding the power floor for the Division being competed in will be acceptable.

Official Chronograph Procedure Chronograph three (3) rounds at a distance of ten (10) feet using a gun of MAXIMUM barrel length for the DIVISION. If two (2) of the three (3) rounds exceed the power floor, the competitor is in compliance. Prior to each shot, the muzzle of the gun should be elevated to move the powder charge to the rear of the case, thus giving the competitor every chance to achieve maximum velocity. Should the competitor's ammunition fail to meet the power floor, the competitor will have the option to chronograph three (3) additional rounds through his or her gun. Prior to each shot, the muzzle of the gun should be elevated to move the powder charge to the rear of the case, thus giving the competitor every chance to achieve maximum velocity. If there is any question as to the bullet weight, a bullet should be pulled and weighed using a powder scale. Should the competitors declared bullet weight and the actual weight deviate by more than 3 grains lower than the declared weight, the competitor will receive a FTDR penalty. Any competitor whose ammunition fails to meet the minimum power floor will be disgualified from the entire match and will receive a DNF score. **EQUIPMENT:** Your equipment must be IDPA Legal per the current rules. Safety Officer's may require you to submit to inspection at any time. If the Safety Officer believes you are using illegal equipment, the Chief Safety Officer or Match Director will

be called. Use of illegal equipment will result in a disqualification and match DNF.

IMPENETRABLE: All hard cover zones are impenetrable to a full bullet diameter. Bullets holes that are partially or fully in the non-scoring border will score according to the circumstance. All walls, barricades, vision barriers and other props are considered hard cover unless otherwise noted.

TARGETS: IDPA cardboard targets and steel Poppers will be used. Steel must fall to score. Non-Threat targets will have obvious markings per IDPA rules.

METAL TARGET CALIBRATION: If a steel target has failed to fall and appears to be out of calibration, challenge it during the scoring. It will be checked and if recalibrated, a reshoot is required for that stage. If a popper has been shot down, it is asserted to be calibrated. Poppers are calibrated with .38 Special loads chronographed to a power factor as close as possible, but not less than 105,000.

MATCH SCORING: The championship will use the Beach Bunny Scoring Software. COMPETITOR AGREEMENT: By competing in this event, you attest that you have read, you understand, and you agree to comply with the match rules and regulations. DRAWINGS & DIMENSIONS: Drawings and dimensions shown in this booklet are approximate and may change due to safety or production considerations. There may be additional non-threat targets, vision barriers, or other changes. Listen to the CoF briefing, as it contains the final information about the stage.

REST ROOMS: Portable toilets are located conveniently around the range.

FOOD SERVICE: Lunch is free to all competitors. Spectators may purchase lunch tickets at the registration desk.

PARKING: Competitors may park in designated parking areas only. GUN HANDLING IN THE PARKING AREA IS PROHIBITED. Safety areas will be available to bag and unbag guns.

SPECTATORS: Spectators are welcome, however climbing on berms or otherwise interfering with the match is not allowed. Children must be under the direct supervision of a parent or guardian.

PRIZE TABLE: Donated and purchased prizes will be awarded on a random basis. Prize drawings will take place before awards ceremony. A ticket will be included in the shooter packet to claim a prize at the drawing. You must be present to win.

AWARDS: Awards will be given per the IDPA rulebook. Personalized Plaques will be handed out at the awards ceremony to all winners.

COLD RANGE: This is a cold range. Firearms are to be handled only in a safety area or under the direct command and supervision of a Safety Officer. You will find safety areas clearly marked in convenient locations around the range. Do not handle ammunition or ammunition carriers in the safety areas. Handling firearms in the parking lot is considered unsafe gun handling. Handling ammunition or ammunition carriers (magazines, speedloaders, etc.) in a safety area, or handling a firearm outside of a safety area and not under the direction of a Safety Officer will result in a match disqualification and a match DNF.

Now that the match is over, the range is cleaned up, and the competitors have headed back home, I'd like to offer a few words of thanks. First off, a heartfelt thanks to all of our volunteers this year. Based on the feedback I've received so far, everybody agrees that the staff were top notch. As we all know, it's impossible to put on a great match without great staff, and all of our volunteers stepped on whenever necessary to make sure that this match went well.

Another thanks is due to all of you, our Shooters! There's not much of a match if no one attends, and it's obvious that all of you did your share to keep the match moving along. We managed to just squeak in the awards ceremony before the weather turned sour. With the record turnout for the WI State Championship that we had this year, this speaks well of all of you- nine stages completed plus a lunch break in five and a half hours. Again, thanks!

If anyone has any feedback that they would like to share, positive or negative, please feel free to contact me. Any feedback will be kept private, unless you indicate that it should be shared. Thanks again for participating, and we hope to see you next year!
