

# **SCOPE OUTGOINGS ANNOUNCEMENT 2018-2019**

Preface,

SCOPE (Standing Committee on Professional Exchange) CIMSA was established since 2001. Arranged by NEO (National Exchange Officer) and the National Exchange Committee, together we are developing this program to become the biggest medical student exchange in Indonesia. Sixteen years has passed and each year we facilitate approximately more than 200 outgoing and incoming exchange students to and from many countries worldwide.

We have 13 locals available for the incoming, spread from the very North of Sumatera until the east of Java. Helping foreign students who want to experience clinical clerkship in hospitals in Indonesia through administration procedures as well as helping the exchange student to adapt during the period of his/her clerkship in Indonesia.

For the Outgoings, we facilitate Indonesian medical students who have the interest and ability to experience clerkship abroad through a qualified selection and after that ensure each students processing the documents and administration required by the destination country that we already have contract with in accordance with the regulations.

So congratulation for those who are mentioned below. You have passed the selection and become our next outgoing students. Please behave as a good representative of Indonesian student that uphold our nation's value of courtesy and politeness, and please do arrange all your pre departure needs punctually. I hope you gain all the knowledge to improve your capacity for becoming the agent of change of this world as a health care provider in the future.

We, SCOPE Indonesia, affiliated with SCOPE IFMSA are more than pleased to give you a medical clerkship worldwide experience.

Best Regards,

Nadya Stefanie Andhika

National Exchange Officer for Outgoing 2017/2018
