MISSION STATEMENT

The mission of the Pleasant Valley Elementary School is to inspire all students toward physical, intellectual, emotional, and social growth as life long learners.

June 2015

Dear Parent/ Guardian:

I am writing this letter to ask for your support over the summer months. As we transition into the summer break and begin to prepare for the 2015-2016 school year we are working to come up with new ideas to keep students interested in Math and Reading.

As you may have been hearing, we have purchased a few very exciting prizes for our students to win. The prizes include one IPAD Mini, two mountain bikes, two Lego sets and two \$50 gift cards. The I pad and gift cards were donated by the PVE PTO. Attached are activity coupons with Math and Reading questions on them in addition to a math summer packet. Students will have the opportunity to complete the coupons over the summer break. Upon return to school the students will be able to enter each coupon into a drawing for the prize or prizes of their choice.

Help us keep our students excited about school by supporting them as they participate in this exciting summer activity. Also don't forget to practice math facts regularly throughout the summer and spend time reading together. Thank you in advance for your support.

Yours in Education,

Erica L. Greer

Dear PVE Parents, Guardians and Students,

Pleasant Valley Elementary School is committed to bringing unique learning opportunities to our students and we are pleased to introduce a free reading service providing digital books through OverDrive.

Why OverDrive?

The OverDrive collection is an extension of Pleasant Valley Elementary physical library, only it's online with 24/7 access to eBooks and audiobooks. It's convenient for students to check out titles anytime, anywhere with no worry about misplacing a book – these digital titles automatically return at the end of the lending period!

OverDrive can help students of all ages read more and improve comprehension. Struggling or reluctant readers, learning-challenged, second language learners, and gifted readers can all benefit from this service.

- Enrich vocabulary and improve comprehension and pronunciation
- Introduce students to books above their reading level
- Teach critical listening
- Help busy kids find time to read

How does it work?

To use OverDrive, students browse the secure website of titles, borrow with their student ID number, and enjoy on your computer, tablet, smartphone or eReader device.

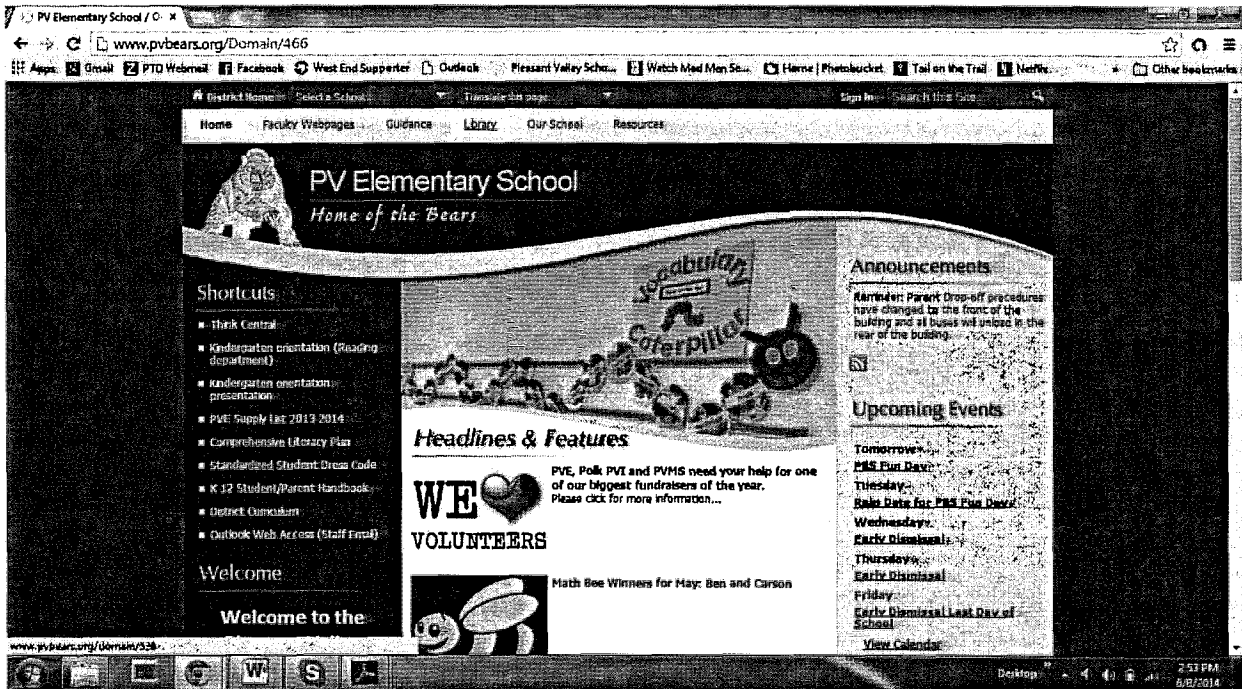

Whether a student's interest lies in the latest popular elementary fiction, study guides, or classics for required reading, they can find it all in the digital collection through OverDrive at the PVE Library website.

Where can I find more information?

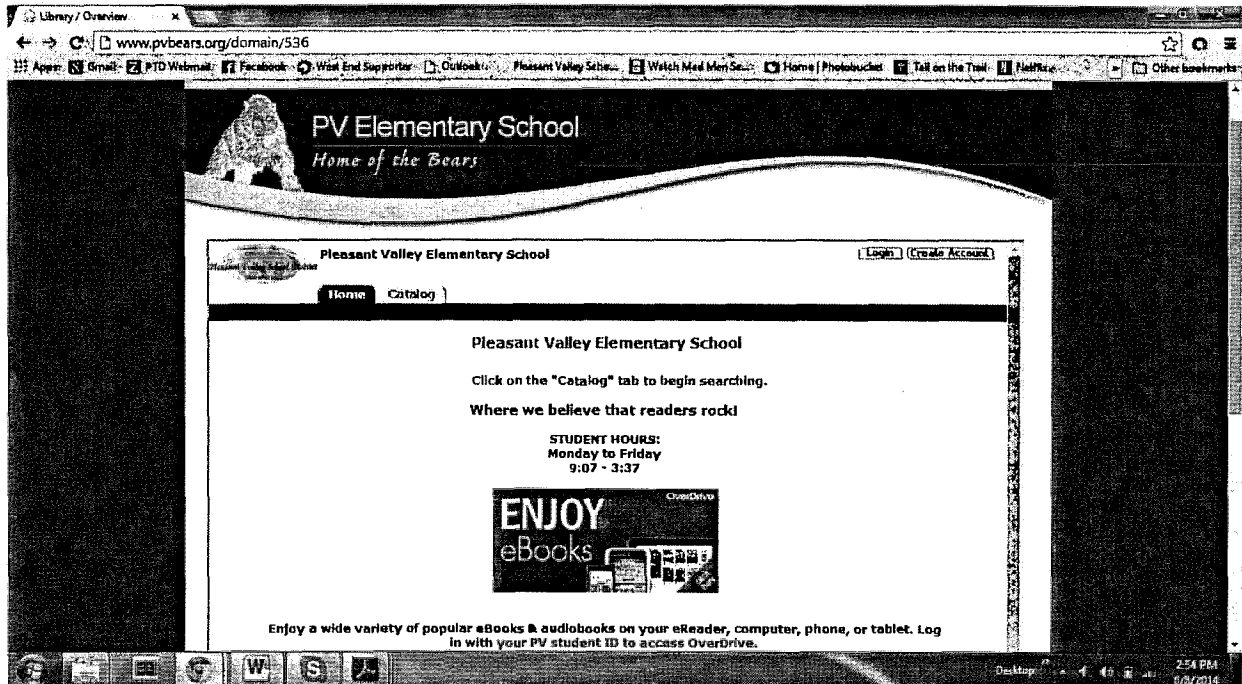

Go to the Pleasant Valley School District website. Select Pleasant Valley Elementary in the drop down box for select a school.

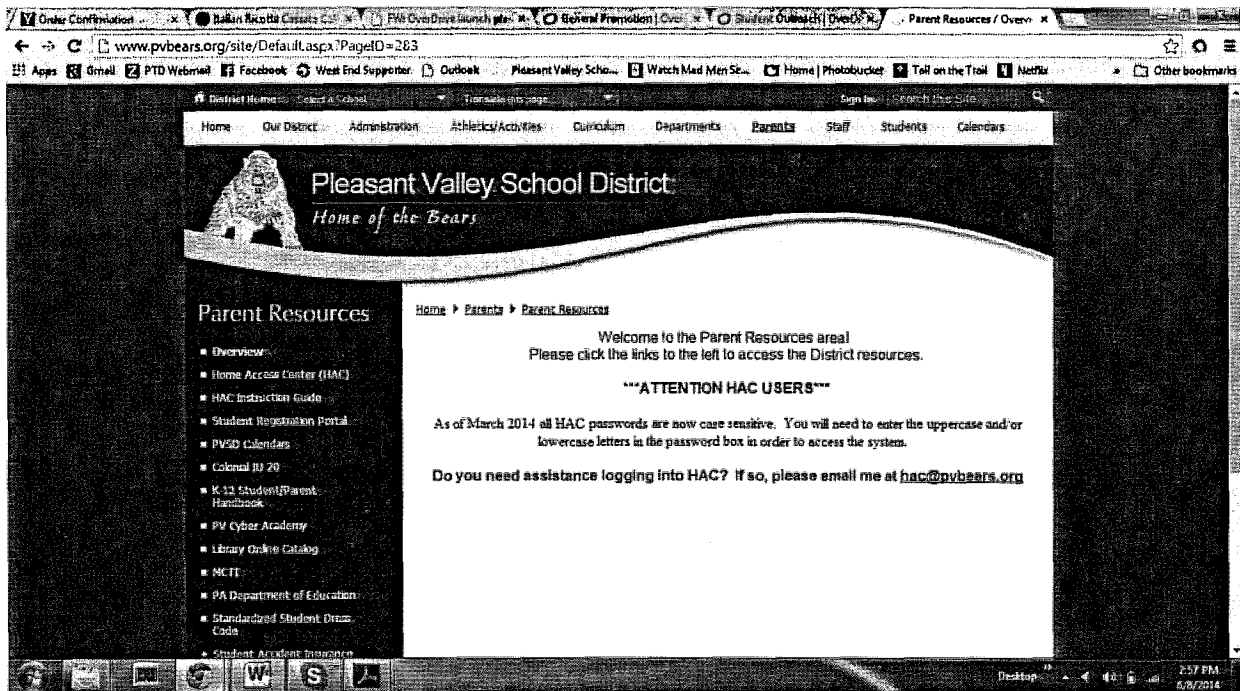

Click on Library in the grey bar near the top of the page.

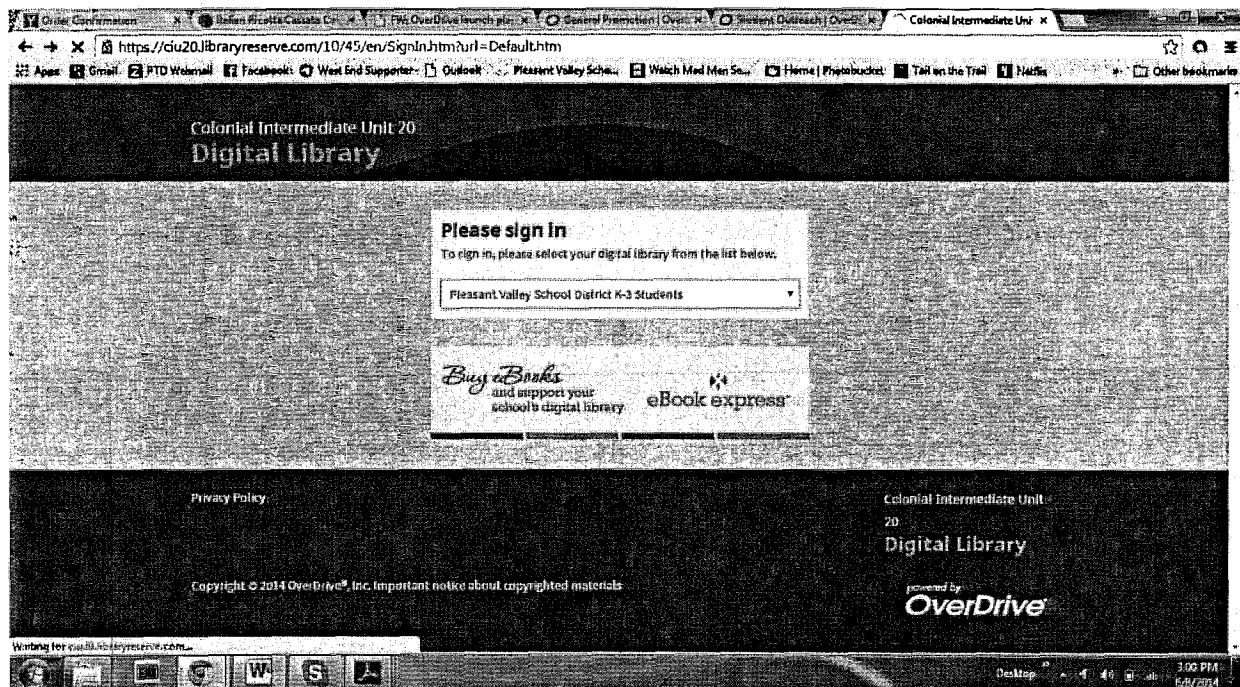

Click on the Overdrive Enjoy eBooks icon.

Select Pleasant Valley School District K-3 Students. Type in your student ID number and sign in!
Don't know your ID number? Go to the Home Access Center from the District's website.

Log in using your user name and password. Log in to HAC to access your student's ID Number. Once you have your ID number, go back to the Library website and log in to Overdrive.

Select Pleasant Valley School District K-3 Students. Type in Student ID number.

Once you've logged in, begin searching for eBooks or audiobooks to borrow!

Sincerely,

Lorraine Cangialosi and Mary Keller
