# Second Step® Elementary and Second Step® Middle School Digital Programs

As a convenience to elementary and middle schools, the Second Step Elementary and Second Step Middle School digital programs are purchased as K–8 schoolwide licenses. A single license aligns to your school and can be used with any configuration of Grades K–8, as long as the Second Step® programs are being implemented at a single school. For districts purchasing for multiple schools, each schoolwide license serves one school, whether an elementary school, middle school, or combined K–8 school.

If you're purchasing for a single school, pricing varies by enrollment. For multisite purchases, pricing varies by number of schools. Pricing for both is discounted to provide economies for multiyear purchases.
