Through the gastronomic workshops, dishes from selected historical periods important for Topusko (Roman period, Cistercian period, 19th century) were made. For preparing dishes, locally grown food was used in cooperation with the Association of producers of Sisak-Moslavina County.

Presentations of everyday life were performed by school students at specific historical sites. The Roman period was painted in the locality of the votive altar, the cistercian period at Opatovina park site, and the 19th century on the site of the terrace and promenade at the foot of the Nikola hill.

To carry out this continuous activity, replica clothing was used from every historical period. Part of the clothes were made during this project, while part are the donation of the Dvorska lepeza Association which stopped working
