## Point of Care

# What is Optima's Point of Care Technology?

---

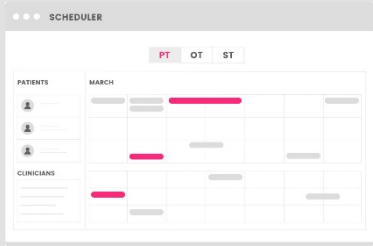

Optima's Point of Care technology is uniquely designed for therapists, allowing **true mobility**, so they can access the medical record and document offline while with the patient.

It works with Apple, Windows or Android devices giving you the **freedom to choose** the technology that is most comfortable for your therapists and your organization.

# Point of Care Long Term Strategy

## CURRENTLY

### COM

- Scheduling
- Administration
- Clinical Documentation
- Billing Entry

and Culture Management

TRANSITIONAL  
*care*  
MANAGEMENT

# About Transitional Care Management

---

## TRANSITIONAL *care* MANAGEMENT

Provides comprehensive consultative and management services that enhance patient satisfaction, reduce cost and improve outcomes in a variety of post acute settings including:

- Transitional Care
- Healthcare Centers and Skilled Nursing
- Hospital-Based Skilled Nursing
- Post Acute Services and Network Development

# 100% Paperless Goal

---

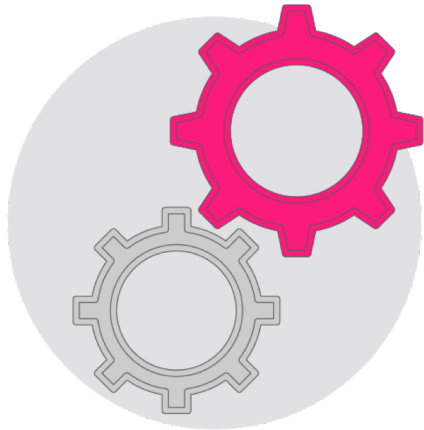

## Prior Challenges

- “Remembering” Game
- Inefficient Documentation Process
- Manual Schedules
- No Access to Patient/Guest Record at Bedside
- Imbalanced Hardware : Staff Ratio

# Putting the Plan into Action

---

- Hardware
- Work Environment
- Hiring
- Training

# Achieving Results

---

- High Therapists' Satisfaction
- Improved Patient Engagement
- Increased Accuracy
- Boosted Efficiency
- Consistent Productivity
- Delivering Quality Care

# Questions

# Thank You
