

See the forest *and* the trees.

Get the whole story. Time and again, since 1982, Statgraphics products have provided innovative quality assurance solutions to major corporations around the globe and across the industrial spectrum. The new Version 17 is packed with tools you need to visualize your business in a novel and enlightened new way.

Attain the confidence to act decisively. Discover trends. Gain perspective. Achieve goals. Increase revenue and profitability. Chart your success!

Now there are three choices...

- **Statgraphics Centurion XVII** - over 230 procedures from basic statistics to design of experiments. Powerful new features include the Deviation Dashboard and 18 other Statlets for dynamic data visualization.
- **Statgraphics Sigma *express*** - adds a Six Sigma DMAIC menu to Microsoft Excel.
- **Statgraphics *stratus*** - brings statistical analysis and data visualization to the Cloud. Use on your PC, Mac, tablet or smartphone.

SPONSOR AND EXHIBITOR GUIDE

2015 WORLD CONFERENCE ON QUALITY AND IMPROVEMENT

May 4 – 6, 2015 | Gaylord Opryland Resort & Convention Center | Nashville, TN

wcqi.asq.org

2015 World Conference on Quality and Improvement:

ASQ's World Conference on Quality and Improvement in May will draw thousands of quality professionals from around the globe to its more than 100 sessions focused on the theme—Transforming the World Through Innovation, Inspiration, and Leadership—and to meet and learn from the dozens of exhibitors and sponsors that will crowd the exhibit floor. Even if you can't attend this year, this guide provides the information you'll need to choose the tools and products to meet your goals. If you are in Nashville, be sure to visit the company booths listed in this section.

More information can be found at wcqi.asq.org/sponsor-exhibits.html. This year's conference takes place May 4-6 at the Gaylord Opryland Resort & Convention Center in Nashville.

A special thank you to all of our exhibitors and sponsors!

AQS

**Powerful
solutions.**

**Innovative
technology.**

**Clear
impact.**

Solving complex problems demands more than just big ideas. It requires inspired thinking. Now in our second century, Booz Allen Hamilton is the essential partner for corporate and government leaders. Driven by our culture of innovation and commitment to quality, we collaborate with clients to help them achieve their goals. We devise breakthrough solutions through our expansive network and unparalleled expertise in technology, engineering, and analytics. See our ideas in action at boozallen.com

Booz | Allen | Hamilton
100 YEARS

**Make the
System
Your Own**

Make sure to add in the ability to configure the layout of the forms and the look and feel.

**Search &
Report**

Look for a solution with the ability to make sense of the data with searching and reporting tools.

**Software
Should be
Scalable**

The system should be scalable to build up from a single site to multiple sites, supporting your business long-term.

**Know Your
Audience**

Take into account the end user experience. Their opinion ensures if your investment is well made.

What to Look for When Selecting a Quality Management Solution

Visit us at booth 727 at the ASQ World Conference on Quality and Improvement.

The 5 Minute Webinar On... Selecting a Quality Management Solution

With so many options in the market, it can be difficult to determine the most important elements for applying technology into your Quality Management System.

In just 5 minutes, you'll learn some of the key areas to look for in an automated Quality Management Software Solution.
