- DO NOT iron.

Washing & Storing Instructions

1. Remove Mattress from rolled up position and let the mattress inflate. Retighten valve caps.
2. Using mild soapy lukewarm water wipe down the mattress.
3. Allow it to air dry in the shade.
4. Store unrolled with the valve caps open.

NOTE: Leaving the mattress deflated and rolled up for long periods of time will shorten the mattresses life span. Avoid packing away the mattress if wet. If the mattress has been stored wet, open it at as soon as possible to stop any chance of mould or mildew growing.

Instructions - Set Up

1. Pull your mattress out of the carry bag in a suitable open space. Unclip the 3 clips (shown left) and roll the mattress out so it is fully unfolded and flat.

2. Your mattress will now look like this and it's time start the inflation process.

Start by unscrewing the 4 caps found on the (logo) end of the mattress. Ensure they're fully unscrewed and the holes are open for air to enter. Keep the caps open until the mattress is fully inflated.

NOTE: Your air mattress will come vacuum sealed to reduce the packaging size. Please allow 2 hours for first inflation. After the first use, allow 5-10 minutes to inflate for each use.

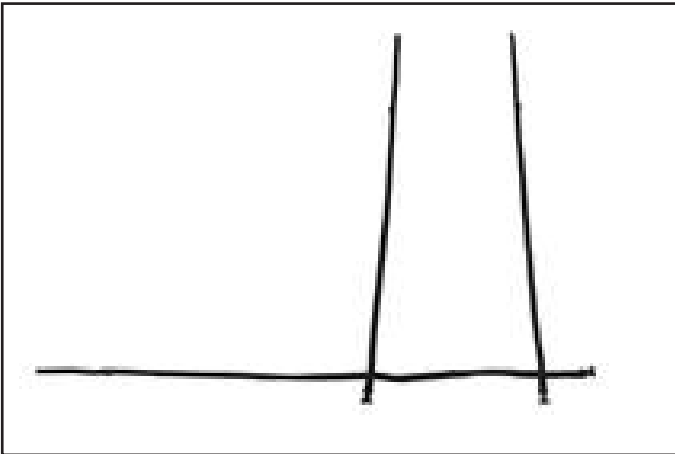

3. Once the mattress is inflated tighten the air caps firm enough that air won't escape. **DO NOT** overtighten them!

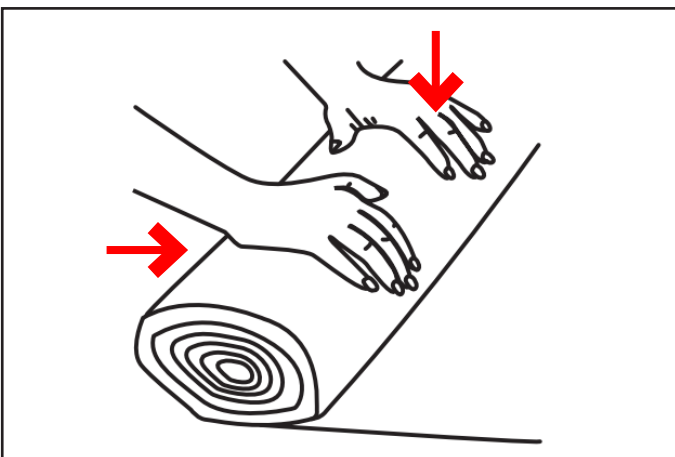

Instructions - Pack Up

1. Start by unscrewing the air caps on your Adventure Kings Self Inflating Mattress:

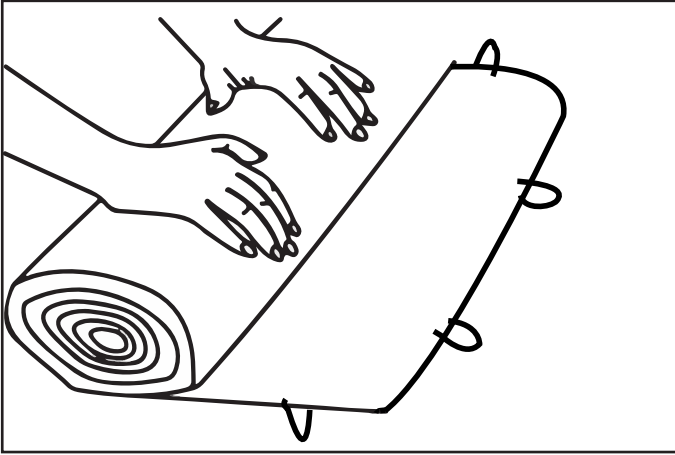

2. Lay your Self Inflating Mattress straps on the ground, flat, so they are easy to wrap around the mattress once folded.

3. Starting at the opposite end of the air caps, roll the mattress towards the air vents applying pressure downwards.

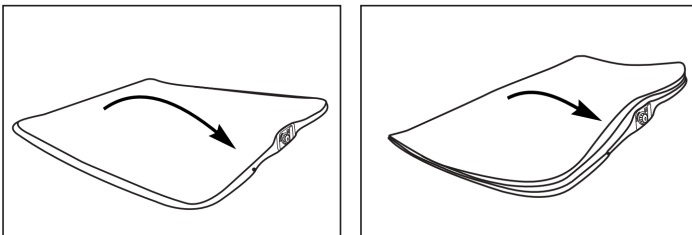

Instructions - Pack Up Cont.

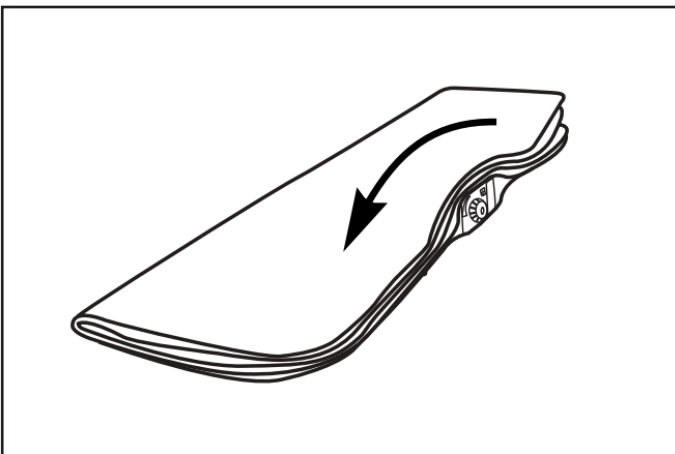

4. When you reach the end of the roll, push firmly on the mattress to push out the last of the air. Then screw on all four of the air caps. Now no air should be able to enter the mattress.

5. Un-roll the now deflated mattress back.

6. Fold the length of the deflated mattress back over itself.

7. Then fold the mattress over itself again.

Instructions - Pack Up Cont.

8. Put the folded & deflated mattress onto the straps, wrap them around the mattress and connect them. They should be firm against the sides of the mattress.

9. Place the folded, deflated and strapped mattress into the included bag.
