Bred Heifer - Consigned by Double RD Ranch - Bred to a homozygous bull, registration #HB003542. His sire was JN Balder 0449 from the Triple L Ranch. 1302 is heterozygous. She was exposed in the latter part of April & all of May; sonogrammed positive in Aug. as 3 months bred. I would suspect she is due in February or early March.

Bred Heifer - Consigned by Triple L Ranch - This is one of the best! 0449 daughter Al'd to Kansas in Sept. Watching 0449 and Kansas as full grown bulls and watching their offspring top our sales in the past few years. We figured we couldn't lead anyone wrong by offering a heifer like this bred back to Kansas. We don't offer many of our 0449 daughters. Most of these heifers are kept for replacements in our herd. You should take advantage of this offering. There may not be many of them!
