1. INTRODUCTION

The Ministry of Education, Arts and Culture thoroughly revised the curriculum for Pre-primary to Grade 12. A revised Textbook Catalogue format and procedures will go hand in hand with the implementation of the revised curriculum, which started in 2015 with the JP phase. Up to 2011 there was no limitation to the number of titles included in the Textbook Catalogue. However, since the evaluation of Junior Primary learning support materials in April 2014 the number of titles are limited to the best three titles per subject per grade.

This Textbook Catalogue for the Senior Primary phase (Grades 4-7) gives the revised, comprehensive list of textbooks and other instructional materials for use in government schools in the following subjects:

Languages	Content Subjects	Pre-vocational subjects	Support Subjects
<ul style="list-style-type: none"> - Afrikaans First Language - Afrikaans Second Language - English First * - English Second Language Language (the Teacher's Guide must include a CD) - German First Language - Khoekhoegowab First Language - Oshikwanyama First Language - Oshindonga First Language - Otjiherero First Language - Rukwangali First Language* - Rumanyo First Language* - Setswana First Language* - Silozi First Language - Thimbukushu First Language - Ju 'hoansi First Language (Grade 4 only)* 	<ul style="list-style-type: none"> - Mathematics - Natural Science and Health Education - Social Studies 	<ul style="list-style-type: none"> - Elementary Agriculture - Home Ecology - Design and Technology 	<ul style="list-style-type: none"> - Life Skills - Religious and Moral Education - Information and Communication (Teacher's Guide only) - Physical Education (Teacher's Guide only) - Arts (Teacher's Guide only)*

The list of approved titles includes learner's books, teacher's guides and other instructional materials such as class readers. Currently some subjects in this catalogue have less than three titles. Titles for subjects indicated with an asterisk (*) above are not included in this catalogue due to limited submissions and other factors.

The Curriculum Panels for these subjects were instructed by the Ministry to select and recommend the best **two** titles from the previous Textbook Catalogue (2013). The recommended titles will be on this Senior Primary (Grades 4-7) Textbook Catalogue for **one year** (2016) only while gap

submissions are awaited. For Arts, a teacher's manual developed by the Finnish Art Project at NIED in cooperation with the Finnish Namibian Society will be used. An updated Senior Primary (SP) list of approved titles will be provided to schools after the evaluation of gap submissions in April 2016.

Note that the evaluation and vetting of the materials was guided by the quality and relevance of the materials to the level of the learner. Furthermore, the changes in the newly revised Senior Primary curriculum have been addressed. The curriculum will be reviewed every five years and the life span of a textbook should be five years. The Ministry will continue to request submissions in order to achieve the desired three titles per subject to be used for a period of five years.

It should be noted that books currently available in the schools should not be regarded as completely obsolete as they can still be used as resources.

Schools are expected to select all their books from this Senior Primary Textbook Catalogue and ensure that they examine the relevant books before they decide on the books to be purchased, using the criteria and procedures laid down in the *School Textbook Management Handbook (2013)* produced by the Directorate: Programmes and Quality Assurance (PQA).

It is important to note that schools should select only one series per subject. The whole series, meaning the same title from Grade 4 to 7, should be used per subject. It is recommended that teachers/schools order one copy of the other approved titles for a subject listed in the catalogue and use them for enrichment purposes and as a resource for teachers.

The listing of the learner's books is done alphabetically according to subjects. The list of titles within each subject does not in any way suggest an order of preference or evaluation ranking.

Each senior primary school in Namibia will be supplied with a free copy of the Textbook Catalogue through their respective REOs. A school can order any textbook or other instructional materials that may be needed for any class and in any subject as long as these titles/items are contained in this 2015 Textbook Catalogue. The list will be revised regularly to include new instructional materials approved by the Ministry and to update prices.

2. MINIMUM LEARNING SUPPORT MATERIALS PROFILE

The Minimum Learning Support Materials profile is an agreed *minimum* list of learning support materials needed by learners and teachers in order for all learners to achieve the learning objectives of the curriculum. The minimum LSM profile is qualified with quantities (e.g. 1 per learner; 5 per class; 1 per teacher; etc). The minimum LSM profile is specified by grade level and by subject. It must be affordable to Government, it must fit Namibia's educational approach and it must be sustainable.

The minimum LSM profile that follows is based on the revised curriculum (2014 onwards), which is still a work in progress for some areas. It thus assumes a gradual introduction staged over a number of years and capable of taking into account changes initiated by future curriculum reviews.

Teacher's guides for English Second Language should be supported by a CD containing pronunciation guidance to teachers as well as audio recordings of texts (paragraphs, poems, stories) included in the learner book.

¹ Some publishers produce an anthology containing poetry, prose and drama texts.

² The ideal situation is that every learner should have a book, but a teacher could also have a full class set which is used by all class groups to which a teacher teaches.

³ Orthographies and glossaries are for African languages only.

3. HOW SHOULD SCHOOLS SELECT THEIR INSTRUCTIONAL MATERIALS?

The *School Textbook Management Handbook* gives detailed step by step advice on how schools should select their instructional materials. Nevertheless, here is a summary of the the steps to be taken and the traps to avoid:

3.1 The Procedures

- The school should set up a School Textbook Selection Committee (STSC) and list the members of the committee in the Minute Book.
- Subject teachers should be involved in selecting the books.
- The STSC should first make a list of the textbooks, teachers' guides and other instructional materials that are already in the school so that the most urgent priorities for new books can be decided.
- The committee should study the present Junior Primary Textbook Catalogue to determine which books and other instructional materials to purchase. It should be noted that no books/items outside the approved list issued by NIED can be purchased using funds given to schools. Beware of "false" or locally made textbook catalogues; some have been known to be in circulation.
- When the STSC have all the information that they need, another STSC meeting should be called to decide on the books/items to order.
- The total cost of the selected items must not be more than the budget that the school has been allocated.
- All the decisions on selection should be recorded in the STSC Minute Book which must be signed by the chairperson and the secretary of the STSC.

3.2 Textbook selection advice and criteria

Although all the books in the official Textbook Catalogue have been evaluated by NIED subject evaluation panels, the school will still need to consider the following factors in relation to their own requirements:

Content of books

How appropriate is the vocabulary and general language level to the specific school's learners?

Are the content and activities relevant to the children's needs and interests?

Does the accompanying teacher's guide fit the needs of your teachers?

Price

Are the specific titles (that the school wants to order) affordable?

Overall Assessment

What are the books' strong points?

What are the books' weak points?

How well do they compare with other books on the Textbook Catalogue?

3.3 Explanation of columns used in the Textbook Catalogue

Grade: This is a Grade for which a title has been approved.

Title: This column lists the title of the textbook. At Senior Primary level, where subjects are presented in the mother tongue, the titles are listed in the various languages followed by the name of the title concerned to indicate to teachers which textbooks have actually been approved for use in schools.

Type: The following types of text are indicated in this column:

R: Reader

LB: Learner's book

L: Literature texts

SM: Supplementary materials (should only be ordered once the school has enough copies of the learner's book: 1 per learner). If separately listed CDs are ordered, only one copy should be ordered per school.

TG: Teacher's guide (one copy per teacher should be ordered)

Author: This column lists the authors (s) of a given item.

Date of publication: This column contains the year in which a given title was first published. This provides the teacher with an indication as to the age of the book and also allows the user to determine whether the title might in fact comply with the latest version of the syllabus in use for a given subject.

Publishers: The publishers who produced the given title or the agent who represents such a publisher.

ISBN: This number is used mainly for ordering purposes to ensure that the correct title is supplied.

Price: The prices listed in this column include VAT. Although the prices of Namibian published titles apply for the whole of 2015/16 financial year, the prices for some imported titles (if any) might be subjected to exchange rate fluctuations in the course of the year, and teachers and administrators should bear this in mind when ordering.

ANNEXE B: PUBLISHERS' CODE OF CONDUCT

This Code of Conduct is designed to ensure that unacceptable pressure is not brought to bear on schools during marketing and sales visits by publishers and/or their representatives. Publishers and their representatives will be required to abide by the following Code of Conduct during all school visits or promotional workshops.

- Publishers and their representatives will approach every school with politeness and with a proper concern for the education of the pupils. Thus, they will not attempt to halt, interrupt or curtail lessons in order to meet teachers.
- Publishers' representatives will always carry identification on visits to schools so that schools know the name of the representative and the contact address of the publishing company.
- Publishers will always inform the appropriate Regional Education Office (REO) of the schools that they intend to visit prior to the visits taking place.
- Any workshops, exhibitions or seminars proposed by a publisher or group of publishers, which comprise more than one school from a district must be approved by the REO in advance.
- Publishers' representatives will always sign the school visitors book in a legible fashion so that there is a record of their visit.
- Publishers will neither offer cash nor provide financial or any other inducements to teachers or schools in pursuit of orders.
- Promotional materials given away free to schools will be restricted to materials of educational interest or value or to low value promotional items, which clearly bear the name of the publisher e.g. brochures, catalogues, plastic carrier bags, pens, pencils, calendars, diaries, posters, charts or maps, etc.
- Publishers will not harass or pressurise teachers in pursuit of orders.
- Publishers will not make false or derogatory statements about the textbooks of competing and rival publishers.
- Publishers will always concentrate more on the strong points of their own titles. If it is necessary to identify weaknesses in competing titles, these will be presented in a reasonable and objective way.
- Publishers will not attempt to pass off non-evaluated or non-approved titles as 'selected'.
- Publishers will not be present when schools are filling in or making-up their order forms.

- Publishers will not seek to have a sight of the completed, or partially completed, order forms of any school.
- The terms and conditions under which any sample copies are provided must be made clear to all schools, preferably in writing. Schools should not be given sample copies, which publishers then invoice and refuse to accept back. All sample copies must be returnable without payment at the discretion of the teacher within the examination period established in writing by the publisher. All schools should be able to ask for a printed hand-out that specifies clearly the inspection copy policy of the publisher.
- Publishers' representatives, when visiting schools, must always carry a copy of this Code of Conduct and must make a copy available to any school on request.

Schools should notify their district education office in the event that any publishers' representative breaches any of the undertakings specified above.
