Dear Customer

Perhaps the most anticipated release for September is the final volume in BIS' epic **Sibelius Edition!** Vol.13 (Miscellaneous Works) becomes available on 12th September and we anticipate it being one of the month's bestsellers. You will find a leaflet enclosed with this catalogue containing details on all titles in the series. Each volume is now available (until 26th October) for just £28.95, so now is the time to explore this magnificent series, or perhaps fill in the gaps of a collection already started.

There are other new box sets being released in September also worth a mention: 5 great new **Collector's Edition** titles from **Decca** and **DG**, available at very special prices for a limited period (see p.2). **Harmonia Mundi** are also issuing 3 limited edition box sets containing titles from their popular **HM Gold** series. Each contains 10 CDs and they are available for just £18.95 each (see p.2).

Amongst the special offers this month, we have **Signum Classics**, **Ondine**, **Australian Eloquence** and 6 labels from the **Outhere** stable. There are also selected titles reduced from young musicians **Lang Lang** and **Gustavo Dudamel**. **Lang Lang** features at the Last Night of the Proms this year and is sure to attract much attention.

As always, don't hesitate to get in touch if you have any questions!

Best regards from,
The Europadisc Team
