INSIDE

You're Indestructible!

■ By Pastor Chris

“*“Being born again, not of corruptible seed, but of incorruptible, by the word of God, which liveth and abideth for ever” (1 Peter 1:23).*”

Jesus said in **Luke 8:11** that the Word of God is seed. That means you were born of God's incorruptible seed when you were born again. The word 'seed' is translated from the Greek word '*sperma*'. That's where the English word 'sperm' came from. So the opening scripture actually says that you're born of God's incorruptible sperm, which is the Word.

Understand that being born of the Word of God makes you indestructible. The life in you is resistant to sickness, disease and death. You have the very life of God and that makes you supernatural. The same life that makes God who He is now flows through your physical body.

The blood of man is the life of his flesh (**Leviticus 17:11**), but when you get born again and become a child of God, you become a new creation (**2 Corinthians 5:17**). Your blood ceases to be what sustains your life.

As a child of God, it's wrong for you to be afraid of anything. In **Matthew 28:18**, Jesus said, ***“All power is given unto me in heaven and in earth.”*** Notice He said 'all power', not some power; meaning there's none left for the devil. Jesus took a spoil of the devil

and his demons; He dislodged and dispossessed them of their powers! He stripped them of everything that's of value, leaving Satan and his cohorts helpless. Then, He gave you authority over them.

No wonder the Bible says, ***“...as many as received him, to them gave he power to become the sons of God, even to them that believe on his name: Which were born, not of blood, nor of the will of the flesh, nor of the will of man, but of God” (John 1:12-13).*** You're born of God; you have the life of God in you. Therefore, you cannot fail, you cannot be poor and you cannot be destroyed. The life in you is not susceptible to sickness, death or infirmity.

You ought to live in faith in God and in His Word. No matter what happens around you – in your life, your health, your job or in your finances – refuse to fear. Rather, surround yourself with the Word of God. His Word produces faith and faith destroys fear, causing you to operate with the Spirit of dominion.

Jesus said, ***“...nothing shall by any means hurt you” (Luke 10:19).*** He's letting you know that you're indestructible. Nothing, absolutely nothing, can hurt or destroy you when you're conscious of who you are in Christ.

Miracles at the Healing School

HEALING
SCHOOL
Testimonies

Shereen Govindasamy

Shereen Govindasamy is a 47-year-old lady from Durban, South Africa, who has been touched and forever changed by the power of God at the Healing School. Looking at her bubbling with life and full of joy, one cannot fathom the extent of her miracle and how God's love made the difference in her life.

What started out as a standard surgical procedure for removing ovarian cyst had developed into a series of operations because her colon was mistakenly cut; all attempts to correct the complication further worsened her condition. This was the case until she came to the Healing School; she recounts her story.

"In 2007, I had the ovarian cyst removed; that's when I had an injury to the colon. They were supposed to remove the ovarian cyst, but the ovaries were stuck onto the food bag, so they mistakenly cut it. From that time, they've been doing several other operations, trying to rectify the problem.

"This condition really affected me because there were so many things I couldn't do. I couldn't just eat anything; in order to have a proper meal, I'd have to take my medication in the morning and in the afternoon. If I skipped a dosage, I would feel a lot of discomfort and then start throwing up. The doctor said that the medication was to help me with the pain and to help me eat, but I still had a problem eating.

"I couldn't shop, push a trolley or carry heavy stuff. The moment I got home after the shopping, I would feel sick and be in bed for 2 or 3 days. I always needed assistance. I needed my children to help with the shopping. At home, I needed a maid to help me do the work in the house.

“Life was not normal for me because anything that a normal person would do, I could not do. I was always in pain; there were days when I would lie in bed, unable to even get up and have a bath. Because I couldn't eat, I would get so sick; it would drain me out completely.”

Relating what brought about the pivotal decision to attend the Healing School, Shereen says, *“Just before Easter in 2014, I was at home, and at about 4:00am, I started throwing up. Normally, I would throw up liquids, but this time, I didn't know what this strange thing was that I was vomiting. I was in pain and unable to breathe, so my girls took me to the hospital. Tubes attached to a stoma bag were inserted into my nostrils and into my tummy. Then we discovered that the funny stuff I noticed was faeces coming out through my mouth. It disgusted me so much to have such a thing coming out of my mouth.*

“At this point, I was told that the colon which is about the size of my palm had become only half its normal size; the doctors counselled that I would be in lifelong pain and I should learn to live with it. That's when I decided that I'd had enough of hospitals and I pulled out all the tubes. I said 'I'm not going to die', and then I decided that I would come to the Healing School and I made my way here!”

One year later, a new Shereen recalls her experience with the anointing at the Healing School, *“I know that coming to the Healing School was the best decision I*

ever made. When the man of God, Pastor Chris, came to me, I clearly remember looking directly into his eyes. He stood in front of me and I felt electricity going through my body, like there was a knot being untied in my tummy. When he blew the anointing on me, I said 'Lord, this is my set time; I know I'm healed.' I remember that I got up rejoicing and laughing because I knew that it was over.

“In December (2014) I went to the hospital for an examination and the doctor reported that there was no trace of peptic ulcer anymore! That was the end of all medications and that's the last time I went to the hospital.

“Now, I can do everything! I've actually put on some weight. I'm eating normally and life is normal again. Everything that I couldn't enjoy, I'm enjoying it because of the glory of God. Now, people look at me and they want to know, 'How come you're looking so well and you're looking younger?' All I say to them is, 'Come to Jesus'. I've prayed for a lot of people who were sick and God has used that anointing to heal them.”

Shereen is a living testimony of God's goodness; she has been made free of every sickness that held her bound. This is God's love – unconditional and unrestrained – demonstrated in her life. Glory to God!

? - testify

Richard Gwara from South Africa

I woke up one beautiful morning to prepare for my usual daily activities; when I felt a slight pain on my back, I didn't pay attention to it as I assumed it was something normal. The pain worsened till I could no longer bend, run, jump or even carry heavy objects. It also affected my mobility; I could no longer do my job effectively as a lot of moving around is involved. Then, I reported to the doctor's office and after several tests, painkillers were recommended to manage the pain, but all to no avail. I heard about the Healing School and made up my mind to go in search of a lasting solution. My experience at the Healing School was exceptional; the Word I received made a huge difference in my life. When the man of God ministered to me on the healing service day, it was an out-of-the-body experience; I was instantly healed and the pain left me. I can now lift heavy objects, bend, run and even jump. Above all, I received understanding of how to interact with the Word and what to do with the Word. I'm so grateful to God!

Maria Figi from Switzerland

I was in Canada at the Christ Embassy Healing School for 18 days. I had decided to visit the School after I realised that I only had 2 years to live. At the Healing School, I learnt what faith is and how I can put it to practice; I was taught to make faith proclamations. After the first week, it was clear to me that I had already received my healing the moment I surrendered my life to Christ in August 2011. Up until then, I had no idea that I had received not just eternal life, but the whole package; a package I had not yet unwrapped. I found out that in this package was the total redemption, deliverance, healing and health, prosperity, protection and success that I required for a truly beautiful and glorious life. I have so much to thank Pastor Chris for, because he makes available that which is important to people without reservation, and has given my life a completely healthy aspect. Thanks be to our God for equipping men and anointing them for such a great assignment.

Jie Qiong Yuki Weng from China

I came to the Healing School in April 2015 and since then, my faith has grown. I now confess the Word of God upon my life. My life has grown so much, beyond anything I could ever have hoped for. Before I came to the Healing School, I didn't think that God does marvellous things, even though I thought I truly believed in God. Now, I know our Lord is able to do exceeding abundantly and above all that we can ask for. When I came to the Healing School, I was suffering from depression, I always felt so much pressure and there were times when I wanted to commit suicide. I also suffered frequent back pain and dizziness. All that is gone now; I have my life back and I'm living it to the glory of God!

HEALING SCHOOL PARTNERSHIP Online

No matter where you are,
you can be a life changer through
your partnership commitment
to the Healing School.

Be a part of those transforming lives all
around the world today

MAKING THE DIFFERENCE BECAUSE EVERY LIFE COUNTS

- Trauma Care International Foundation

The Trauma Care International Foundation (TCIF), a non-governmental organization specialised in the provision of trauma care and emergency response services, is the first of its kind in Nigeria.

Over time, TCIF has played a very vital role in ensuring an improvement in community emergency response and public awareness of innovative first responder care techniques. Thousands of men, women and children have benefitted immensely from programmes and events organised by the TCIF including:

- * *Child Safety Awareness Campaigns*
- * *Campaigns for Improved Trauma and Emergency Response*
- * *Basic Emergency Response Trainings*
- * *'Health for All' Programmes*

Thousands of children, teenagers, parents, teachers and minders have been trained in various locations on basic first aid techniques, as well as health and safety measures for emergencies through the Child Safety Awareness Campaign. These locations include schools, summer camps and churches. TCIF First Aid Clubs have been formed in schools, availing students the opportunity to enjoy continuous access to mentorship, regular training and free resource materials on first aid and safety.

The Campaigns for Improved Trauma and Emergency Response are focused on educating organized local communities, students in higher institutions and members of road transport associations on effective responses to common emergencies. Beneficiaries of this programme include students in Ladoko Akintola University of Technology, Oyo State; bus and taxi drivers' associations as well as other commercial transporters; Parents-Teachers' Associations; personnel of media houses and corporate

organizations within Lagos, Kogi and Ekiti States of Nigeria.

Through the 'Health For All' programmes which took place in different states in Southwest Nigeria, free medical screening and consultation services were made available to members of selected communities who benefitted from free blood pressure, blood sugar and HIV screening as well as free medical consultation and drugs.

TCIF's Basic Emergency Response Training is specially designed to produce skilled 'first responders' by training public officials like the members of the Nigerian Police and the Federal Road Safety Commission on how to effectively administer first aid. Two participants gave feedback on the effects of the training.

"I used the knowledge I received from TCIF's training to save the life of a friend who was choking by giving her back slaps and abdominal thrusts. She is well

now," said Mr. Ekwe Stephen of the FRSC Anambra Sector Command.

"During an emergency rescue operation, I saved a life. The baby was said to be lifeless but by the grace of God, I applied CPR as taught by TCIF and she eventually came back to life." said Koufa Dio James of the FRSC, Delta Sector Command.

The TCIF has also made tremendous impact via different media channels; many have benefitted from hundreds of print and online publications of articles and health tips, as well as informative radio presentations on pertinent health issues.

You too can make a difference, one life at a time. Get involved with Trauma Care International Foundation programmes by signing up as a volunteer or by sponsoring or hosting a programme. For more information, visit www.traumacareinternational.org.

MAINTAINING A HEALTHY HOME

The Kitchen

Good preventive medicine – the practical steps one should take to avoid disease and injury – starts with maintaining a safe and healthy home for you and your family. Humans interact with the environment constantly; so, maintaining a healthy environment is central to maintaining and improving the quality of life.

Your home should be a haven of comfort and safety. However, there are unseen dangers that may threaten your family's wellbeing. Chemicals, germs, viruses, and other pests can do you harm if left unchecked. In this edition, we'll share a few tips on what you can do to create or improve a healthy environment in your kitchen. Everyone drifts in and out of the kitchen at various times of the day; it is one of the central areas in a home. It's also a major target area; practically every surface is a magnet for bacteria, viruses, germs, roaches, and other pests.

Sponges/Dish Towels

The sponge can hold mold, as well as thousands of germs and food-borne pathogens if not cleaned or stored properly. Cloth dish towels can also harbour unhealthy microorganisms, even if they are only used for drying clean dishes.

Health Tips: Place the sponge in the dishwasher with the drying cycle on or get it wet and put it in the microwave to sanitize. Wash dish towels often, using the hot cycle of your washing machine.

Cutting Board

Never cut vegetables or fruit on the same cutting board that you use to slice raw meat, unless you thoroughly clean it between chops. Keeping veggies and raw meat separated will avoid cross contamination and the possible spread of salmonella, E. coli, and other bacteria.

Health Tip: For added safety and peace of mind, have two cutting boards – one for raw meat and one for fruits, vegetables, and everything else.

Countertops

Keep all surfaces cleaned and sanitized after you cook. This extra step will help eliminate food bacteria such as campylobacter (a common cause of diarrhoea) and will discourage roaches from feasting on the leftovers. These household pests carry a number of germs and can also trigger asthma and allergies.

Health Tip: Sanitize the counter after wiping down with soap and water; one teaspoon of chlorine bleach for every 4 cups of water will do the trick. This extra step will help kill any remaining germs.

Extra Tips:

- 1) Keep a lid on possible roach infestation by washing dishes immediately after meals
- 2) Store food in tightly sealed containers
- 3) Keep trash in a container with a top on it

Faith's Proclamations OF HEALING AND HEALTH

“And the inhabitant shall not say, I am sick...” (Isaiah 33:24).

The twentieth verse of the chapter above reveals that the man was talking about the inhabitants of Zion. We know from the Word of God that this scripture refers to the new creation in Christ Jesus.

Throughout the New Testament, God's Word clearly shows us that every form of sickness has no place in the new creation. James asked, ***“Is any sick among you? let him call for the elders of the church; and let them pray over him...”*** (James 5:14). Notice he didn't say, *“those of us who are sick,”* because sickness is supposed to be a strange thing in the church.

Some Christians crave sympathy so much that they attribute all sorts of diseases to their bodies. This is really sad, because they're walking contrary to the Word of God, and soon enough, the devil afflicts them with the backache, headache or stomach ulcer they've always said they had.

Others base their lives on their feelings. Once they feel a headache, they say, *“I have a fever.”* They always voice their feelings. They even become angry when you try to correct their careless utterances; they'll ask defensively, *“Are you saying I should lie about the way I'm feeling?”* **1 Peter 2:24** says ***“by whose stripes ye were healed.”*** If you were healed then, you're still healed now! It's unnatural for the new creation to be sick!

If you're born again and filled with the Holy Ghost, and you couldn't walk, say, *“I walk in the name of Jesus!”* Then get up and walk! Don't 'try' or 'see if you can,' just get up! A man who is healed doesn't try

to stand up, he just stands up!

CONFESSIONS

I don't get sick because it is not in my nature! I'm a new creation in Christ Jesus; old things are passed away – the man that could get sick is dead. The new man that's alive today has zoe – the indestructible, indefatigable, unconquerable and invincible life of God.

I have a life that is superior to Satan, sickness and disease, economic situations and all other problems of the world. I was born to have dominion, and to have a superior life, because the Greater One lives in me. I am a victor, now and always. Hallelujah.

The life and nature of God is at work in me, in every fibre of my being, in every cell of my blood and in every bone of my body. Thus, I'm an overcomer, victorious and triumphant over sickness, disease and all circumstances of life.

The Spirit of God vitalises my mortal body! The God-life in me destroys sickness, disease and infirmities! I'm healthy and strong! Only the nature of Christ – His beauty and glory – are manifested in my physical body. Praise the Lord!

Every part of me is fully yielded to the Lord to carry out His divine plans through me. I'm His living tabernacle! He talks through me, and expresses His love and righteousness through me. My spirit, soul and body are sanctified for the Master's use and His glory is revealed in me, today and always.
