Message from the President

Happy Fall – what does Fall mean to me – cooler weather – oh please, beginning of Fall dog show season, get plans finalized for attending the GSDC National. If you haven't attended a National – you need to add it to your bucket list. This year's National is in Loveland, CO – long drive or fly to Denver and rent a car. You see everything related to GSDs in one week or so – herding, tracking, nose work, obedience, rally, agility, educational seminars, best of the best in conformation, National finals for Maturity and Futurity, and did I mention shopping. Some years terrific shopping other years good shopping. Next year's National returns to Purina Farms, I believe for two years. If you can't make it this year – add it to next year's to do list.

I'm very proud of the direction our club is heading – great programs scheduled – wide variety, renewed focus on mentoring new club members and assisting current members with support and assistance.

I would like to take this opportunity to thank everyone who reached out to me regarding the death of Lucy. It was such a heartbreaker that at one point I just wanted to walk away from the dog world. The love and support of our club members helped me refocus and continue in the sport that I love.

THE EVOLUTION OF TAKE THE LEAD

SO, HERE'S WHAT YOU DO KNOW ABOUT TAKE THE LEAD...

- + WE'VE BEEN HERE TO SERVE AS A LIFELINE FOR THE FANCY SINCE 1993.
- + WE ORIGINALLY BEGAN SIMPLY: TO LEND A LEVEL OF SUPPORT TO THOSE IMPACTED BY THE AIDS EPIDEMIC.
- + THE PURE-BRED DOG FANCY, OUR GRASS-ROOTS COMMUNITY, ARE OUR MAIN CONTRIBUTORS AND MAKE ALL OF THIS HAPPEN. DOG PEOPLE HELPING OUR OWN. THIS HAS NEVER CHANGED!

OUR EVOLUTION...

- ➔ WE SOON REALIZED WE COULD DO MUCH MORE AND EXPANDED OUR MISSION TO INCLUDE ASSISTING THOSE WITH ALL LIFE THREATENING OR TERMINAL ILLNESSES. THESE INCLUDE (BUT ARE NOT LIMITED TO) CANCER, HEART DISEASE, KIDNEY DISEASE AND MORE.
- ➔ AN ENDOWMENT FUND WAS ESTABLISHED TO ENSURE FUNDS WOULD ALWAYS STILL BE AVAILABLE TO THE FANCY FAR INTO THE FUTURE.
- ➔ LAST YEAR, WE ONCE AGAIN REVIEWED AND RENEWED OUR MISSION AND ADDING OUR ABILITY TO NOW PROVIDE TEMPORARY EMERGENCY ASSISTANCE TO THOSE AFFECTED BY DISASTERS SUCH AS FIRES, FLOODS, EARTHQUAKES AND THE LIKE. THIS IS ACCOMPLISHED THROUGH A SEPARATE AND EXPEDITED APPLICATION. (BOTH APPLICATIONS ARE AVAILABLE ON OUR WEBSITE).
- ♥ THANKS TO DONORS SUCH AS YOU, WE CONTINUE TO BE A LIFELINE FOR OUR FRIENDS.

YES, A GOOD TIME IS HAD AT OUR EVENTS, BUT WE THOUGHT IT WAS TIME TO REMIND EVERYONE; WHILE WE'RE PARTYING, WE ARE REMEMBERING THOSE WE HAVE AIDED AND HAVE YET TO HELP.

Protect Your Pets from Harmful Algal Blooms

Cyanobacteria can form harmful blooms in lakes, ponds, and rivers that make the water murky or look like pea soup or paint. These blooms may produce toxins that could kill or sicken pets.

- Do not allow your pet to swim in or drink water that may have a bloom.
- If pets do come into contact with an algal bloom, don't allow pets to groom themselves and rinse them off immediately.
- If any pet toys are exposed to the algae, thoroughly clean them or throw them away.

Call your vet immediately if your pet has been around an algal bloom and shows symptoms such as vomiting, staggering, drooling, or convulsions.

For more information and to report a bloom, go to www.deq.idaho.gov/recreation-health-advisories.

If in doubt, stay out!

A Fun Day for Smart, Well-behaved Dogs!

German Shepherd Dogs, an Australian Shepherd, a Golden Retriever, an All American dog, and a toy fox terrier convened at Anne Jones' Alchemy Dog Training facility on Saturday, August 17, 2019, with their people and several spectators, and great fun ensued! Many dogs completed the requirements for their Canine Good Citizen or Trick Dog Novice titles, and Tyler the little terrier performed a terrific skit to try to earn AKC's Trick Dog Performer Elite title. Chris Bowker, his owner handler, will give our club access to the video of his amazing performance after a big November competition. Even the dogs who didn't complete titles had a good time, and Anne gave good advice to everyone. Thanks to everyone who came out with their dogs, and to Anne for hosting us and working as our tester/evaluator!

Stay tuned: in the future, we may try to put on introduction to Rally and intro to agility workshops - not for titles, just for fun.

Fast CAT

What's this thing you keep hearing about called Fast CAT? Fast CAT stands for Coursing Ability Test, and it's a 100-yard dash where dogs run one at a time chasing a lure.

We were at a show recently where Fast CAT was offered so we walked over to check it out. There were people whooping and hollering at the end of this long-enclosed area and dogs were running faster than we'd ever seen before. The dogs were "enthusiastic" to say the least! We talked to a worker and signed up. I remember telling my husband, "these folks are nuts" as they were hollering and waving their arms as their dogs ran feverishly to the end toward their owner. Well, I quickly became "one of them".

You see there has to be a "release" person and a "catcher" person. My husband was the release person and I was the catcher at the end. I was shocked that my dog, Maverick, was so excited at the start line. Then my husband released him and I quickly caught myself jumping up and down, waving my arms and hollering as my dog ran toward me at the finish line. Maverick ran like the wind and I'd never seen him have so much fun...ever! Fast forward to now...

Maverick has completed the requirements for his first Fast CAT title which is BCAT.

Our club will be hosting Fast CAT in Augusta, GA at our shows in May of 2020. There is no training needed as it's a dog's natural instinct to run. Each run is timed and the time will be shown on the back of the ribbon. A dog's 100-yard dash time must be converted into MPH using the formula below, rounded to the nearest hundredth of a mile:

$$204.545 / \text{dog's time} = \text{MPH}$$

Example: The dog's time is 8.14 seconds.

$$204.545 / 8.14 = 25.13 \text{ MPH}$$

A handicap system is applied to a dog's MPH to determine the number of points earned. The handicap system is based on the height of the dog at its withers:

18" or greater = handicap 1.0.

12" up to less than 18" = handicap 1.5.

Below 12" = handicap 2.0.

Points = MPH multiplied by the dog's handicap. Titles are earned by accumulating points. BCAT = 150 points; DCAT = 500 points; FCAT = 1,000 points. These suffix titles will appear on a dog's pedigree, with the higher-level title superseding a lower level title. There are many more titles, I've only listed a few.

The AKC publishes the rankings by breed. It reflects the average of each dog's three fastest runs for the year. Just as a reference for those of you that know our dog, Maverick, his average MPH is 22.59 and he earned his title in 7 runs. His last run took 8.7 seconds which equals 23.51 MPH. This pic is of Maverick on that last run in Perry, GA. He seems to get faster each time.

For more information on Fast CAT we encourage you to visit: www.akc.org/coursing/fast-cat/ or go to YouTube and search Fast CAT to watch videos.

We hope everyone coming to Augusta in May will give it a try, your dogs will thank you!!

BOOK REVIEW

Hero Dogs: How a Pack of Rescues, Rejects, and Strays Became America's Greatest Disaster-Search Partners

Wilma Melville

with Paul Lobo

\$18.68 plus tax on Amazon

Black and white photos

Wilma Melville singlehandedly founded the National Disaster Search Dog Foundation (SDF). This is the story of how she achieved that remarkable feat. She was motivated by the Oklahoma City bombing. Later her SDF dogs served with distinction in the rubble of 9/11. Warning: Politics reared its ugly head during her initial efforts, and nay-sayers abounded. Nothing stopped her. Next warning: Although there is a German Shepherd Dog on the book's cover, hardly any GSDs are mentioned in the text of the book. It's worth a read anyway. "Finding the Talented Misfits" is Wilma's theme, and the book tells the stories of Dusty, Harley, Ana, Murphy, Sherman, Duke, Manny, Lola, Abby, Billy, Ace, Recon, and Cody, all of whom found their true calling, most after having been thrown away. Any reader with a beating heart will cry.

Lengthy and disturbing quote from the book's conclusion: "...since the live finds (in Haiti after the earthquake there) of 2010, combined human and canine USAR (Search and Rescue) efforts have yielded live rescues only in the single digits. In Wilma's mind, this is a number that has to change...the general consensus is that if a rescue team was able to get on a rubble pile faster – within a matter of hours – the probability of locating a live victim would increase substantially. Wilma's new vision involves a tiny private force, six individuals and two dogs, that would act almost as a 9-1-1 service for disaster searches...the money and logistics needed to meet these requirements represent a tremendous obstacle. Some would say near insurmountable. Wilma has heard that before...She approaches it like she does every task – one persistent foot after the other."

As of the book's publication in 2019, the SDF had trained 210 search dogs. Stories of these dogs and their handlers leap straight off the pages of news we have all read. Wilma is now over 80 years old. The National Disaster Search Dog Foundation (www.SearchDogFoundation.org) was established in 1996. It raises funds for search dog training and approved this book.
