

**SHARP CHULA VISTA MEDICAL CENTER  
PGY1 PHARMACY RESIDENCY PROGRAM**

**June 29th, 2020 - June 25th, 2021**

**PROGRAM GOALS**

Sharp HealthCare is a not-for-profit integrated regional health care delivery system based in San Diego, California. The Sharp HealthCare system is comprised of four acute-care hospitals, three specialty hospitals, two medical groups, and a proprietary health plan, in addition to hosting a full spectrum of inpatient and outpatient facilities and services.

Sharp Chula Vista Medical Center (SCVMC) residents are hired by, and the program is accredited and conducted through, SCVMC.

This ASHP-accredited pharmacy practice (PGY1) residency provides opportunity for residents to enhance their ability to provide effective pharmaceutical care in a wide variety of settings. Sharp Chula Vista Medical Center serves as the home base of the residency program but residents also complete their learning experiences at Sharp Memorial Hospital, Sharp Grossmont Hospital, Sharp Mary Birch Hospital for Women & Newborns and Sharp Mesa Vista Hospital. Through this health care system approach, the resident obtains experience in multiple diverse patient care settings. Unique and distinctive training may include: Emergency Medicine, Transitions of Care, Critical Care, NICU, Infectious Disease, Oncology, Trauma, Nutritional and Metabolic Support, Safe Medication Practice, Solid Organ Transplant, Psychiatry, and Specialty Pharmacy.

Residents work under the mentorship of pharmacy resident advisors and preceptors. This program enables the resident to improve communication and leadership skills with health care professionals, pharmacy students, and patients. Residents participate in the development of their own residency plan, which reflects their interests and builds upon their previous experiences. Upon successful completion of our program, the resident will be equipped to become an asset to the pharmacy community.

I've lived in the San Gabriel Valley my entire life so boba has been coursing through my veins for nearly two decades. I'm a bobaholic and can't live without it, and no, I'm not diabetic 😊 I LOVE to eat and am always down to try new food, so if you have a favorite spot in San Diego, please share it with me! I really like traveling and being immersed into new settings. I'm sort of directionally challenged but enjoy getting lost because it's led me to some hidden gems.
