

Side storage model

TECHNICAL INFORMATION

Chassis & Body

INCLUDED

SLIDE-OUTS

Hydraulic Slide-Outs	3 pcs. in side storage model in the front on the right side in the front rear on the left side 2 pcs. in garage models in the front on the right side In the front and rear on the left side, with pneumatic sealing system
----------------------	---

COMPARTMENTS

Bottom luggage compartments	Fully insulated, felt covered, with heating, lighting, electric door lock, without door handle
-----------------------------	--

SUN VISOR

Sun visor	600x350 cm Integrated in the side wall of the vehicle with automatic wind sensor LED lighting without outrigger leg. For up to 39 kmph windspeed
-----------	---

SEATS

Driver/passenger	With pneumatic suspension and massage function
------------------	--

WINDOWS

Electric window lift system	In cabin doors
Windscreen	Heated, made of tinted composite glass
Skylight in the cockpit	Electrically operated With blinds and mosquito net
Real glass window	Integrated into the plane of the vehicle, can be opened, thermally insulated
Skylight	Heat-insulated, with electrically operated blinds, window heating option

STAIRS AND DOORS

Tilting side stairs	Electrically operated TÜV certified, EU type approval
Entrance door	with servo locking
Middle box doors	with servo locking

LIGHTS

Daytime running light /curve light	LED
Headlights	Bi-XENON
Lights	Hella LED rear fog light, reverse light, rear lights

PARTS

Chassis	Auxiliary chassis made of galvanized steel profiles. MB Actros 2553 LLL 6x2 390 kW (530 PS) Euro VI engine, 2600 Nm
Body	Made of stainless steel. Insulated sandwich panel roof, floor plate, side walls. Side walls with 3mm aluminium casing
Three-axle	
Engine	Diesel, Six-cylinder, With turbocharger, Charge air cooling and exhaust gas recirculation (EGR)
Particulate filter	With SCR catalytic converter, 12,800 cm ³ , 390 kW/530 HP, 1800 RPM, EURO VI, 2600 Nm, 1100 RPM
Braking system	Electropneumatic (EPB), ABS, ASR and ESP
Engine brake	High performance
Pneumatic suspension	

Chassis & Body

INCLUDED

Gear box	Automatic 12-speed, Mercedes-Benz PowerShift 3
Tank	Diesel: 390 l, AdBlue: 60 l
Secondary water retarder	for iVm with CCS1I
Steering wheel	multi-function, with immobilizer, with leather cover, power-assisted steering, adjustable steering column
Wheel rims	8 pcs. aluminium, ALCOA Dura Bright 11.75x22.5" VA/9" x 22.5" HA / 11.75x22.5"
Hydraulic outriggers	4 pcs. automatic horizontal adjusting of vehicle, with LCD monitor

FUNCTIONS

Differential lock	
Air conditioning	automatic in the driver's cabin
Lane departure warning + active brake assist (emergency brake assist)	
Remote assistant	including start-stop in traffic and monitoring assistant
Adaptive Cruise control	
Outdoor temperature display	
Electronic anti-theft/immobilizer system	
Radio	FM radio RDS-EON, MW, LW, KW, front AUX port, bluetooth hands-free system
Truck navigation	The system (takes into account the length /width/height/weight of the vehicle) The MB-Predictive Powertrain Control supports adaptive cruise control based on GPS data from the navigation system and taking into account the topography
Camera monitor system	Brigade electronics BN360-200 for large rigid vehicles 26 cm (10.4") LCD TFT monitor vertical orientation, four pcs. of 180° cameras active from 0 to 30 kmph, does not distract the driver's attention at higher speeds
Front door lock	electrically operated control options: pushbutton, fingerprint sensor or card

Chassis & Body

OPTIONAL

UNIQUE DESIGN

Custom combination of internal and external colours

Leather covered dashboard elements In beige colour

Insulated side walls backwards from column B

Textil cover

BED IN THE CAB

Double bed in the cab electrically operated 1550×2000 mm cold foam mattress textile wall covering custom storage compartment

SUN VISOR

Sun visor 630×350 cm integrated in the side wall of the vehicle with automatic wind sensor LED lighting without outrigger leg for up to 39 kmph wind speed

600×300 cm integrated in the side wall of the vehicle with electrical Valance function automatic wind sensor. LED lighting without outrigger leg for up to 39 kmph wind speed

without designation BRUSTOR and Dembell

SEATS

Rotatable second row of seats in the cockpit* 2 pcs. GRAMMER comfort seats with: leather cover, integrated three-point seat belt, height and tilt adjustment, seat cushion depth adjustment, armrests and integrated headrest, seat heating and seat ventilation.
*Windows in the cockpit next to the auxiliary seats on the right and left side cannot be opened

ACCESSORIES

Mosquito net on the entrance door

Snow chain for the driving wheel

Alloy wheels 385/55 R22.5 front axle

Drag hook 3500 kg, 12 V socket

Load distribution plates 4 pcs. for 400×400 mm sleepers, for loose ground, 40 mm high, 10t load capacity, 6 kg/pcs.

DESIGNATION

Motorhome cabin without designation 2553 and ACTROS

Model with side storage

INCLUDED

INTERIOR

Interior furniture	Real wood veneer, veneered interior, multiple colour options, real wood floor finish. With electric locks that close automatically when the vehicle is started.
Bed	1800×2000 mm bed with spring-mattress according to individual needs for the highest comfort. Bedding with logo.
Living area	Removable carpet
Tableware	Genuine ceramic and glass, with anti-crash stainless steel spikes in the cabinets

KITCHEN

Kitchen floor	Covered with genuine wood
Worktop	Made of tempered glass
Back wall	Wood veneer
Furniture	Real wood veneer, veneered interior, several colours to choose from
Extractor hood	with external socket MIELE DA2360
Induction hob	MIELE, two zones, 230 V
Refrigerator and freezer	LIEBHERR, net refrigerating volume 184 litres, net freezing volume 59 litres
Dishwasher	FISHER&PAYKEL, six place settings, four recessed 230 V sockets
Combi oven	MIELE, microwave/hot air
Kitchen hood	MIELE, with external outlet
Microwave/ Hot air oven	MIELE_H7240 BM

BATHROOM

Wall covering	Ceramic bath
Washbasin	Ceramic
Mirrors	Uniquely designed bathroom mirror with round lighting, beautifying mirror with lighting
Bathroom accessories	GEDY
Floor	Heated, Covering of genuine lacquered wood
Towel drying radiator	
Toilet	TECMA BREEZE
Wasching machine	MIELE
Tumble dryer	MIELE

MULTIMEDIA

TV in the living area	50" flat screen LED TV, Ultra HD, 4K
TV in the sleeping area	50" flat screen LED TV, Ultra HD, 4K
Amplifier	HARMAN KARDON, with bluetooth connection
Ceiling speaker	BOSE VIRTUALLY INVISIBLE 590, 2 pcs.

ELECTRICAL

Batteries	24V energy storage system, Board batteries 4×25.9V/130Ah (520Ah) with mechanical isolating switches, intelligent charge/load isolation.
On-the-go charging of board batteries	with 140A charging current, with intelligent control, power supply for a group of 230V consumers from a sinusoidal inverter with a power output of 6500-13000 W

Model with side storage

INCLUDED

Stationary start batteries	With 16A charging current with intelligent control when the vehicle is stationary
----------------------------	---

Power supply	Each 230V supply and output circuit of the vehicle is protected by a residual-current device, its 24/12V circuits are protected by a fuse. 2x230 V/16A power supply (Priority + Alternative) from shore side + generator's Auto Start/Stop system. Priority supply can be set between 1-16 A. Board batteries have a maximum charging current of 200 A.
--------------	---

Solar system	
--------------	--

Full monitoring/controlling with touch screen display	10" in the living area and 10" tablet7" in the living roomcab, accessible from remote devices (mobile phone, tablet).
---	---

ighting circuits with dimming control	soft on/off.
---------------------------------------	--------------

GENERATOR

Diesel generator	ONAN, 4.8 kW, 230 V, 2400 RPM
------------------	-------------------------------

Engine	Two cylinder KUBOTA diesel engine, water-cooled, with cooling/fan unit, built-in sound-insulated box, exhaust system
--------	--

Control panel	LCD control panel in external storage compartment
---------------	---

AIR CONDITIONING

Air conditioning	FUJITSU duct-type, circular concealed air supply
------------------	--

Multi split air conditioner	FUJITSU duct-type, 6.8 kW, R410A Invert heat pump
-----------------------------	---

Sleeping area indoor unit	cooling: 3.5 kW, heating: 4.1 kW
---------------------------	----------------------------------

Living area indoor unit	cooling: 4.3 kW, heating: 5.0 kW
-------------------------	----------------------------------

HEATING

Boiler	SCHEER MH 10/17 Hybrid combi boiler, heat output: 10,000/17,000 W, Automatic burn control for max. 3,000 metres above sea level (9,842 feet), 100% sootless burning, efficiency: approximately 92%, built-in, buffer for hot water preparation with constant temperature
--------	--

Temperature control	In each room
---------------------	--------------

Radiator	In each room (towel drying radiator in the bathroom)
----------	--

Underfloor heating	In the living area, kitchen, bathroom and sleeping area
--------------------	---

Storage rooms and garage heating	
----------------------------------	--

Electric heating	230 V/1000 - 2000 W, (if the vehicle is connected to an external electrical system, heating to a moderate temperature can also be achieved electrically)
------------------	--

WATER SUPPLY

Fresh water tank	capacity: 1,000 liters (264.17 US gallons), filling of the fresh water tank with GARDENA®, connection in the storage compartment, automatic level control, water disinfection equipment (UV lamp) installed in the water tank, 18.9 l/min, 3.8-4.5 bar water pressure pump
------------------	--

Fresh water tank in the storage compartment	with GARDENA® connection and automatic level control, Water disinfection device (UV lamp), built into the water tank
---	--

Grey water tank	capacity: 460 l (121.5 US gallons), insulated and heated, 1.5" connection, the drain valve can be controlled from the inside
-----------------	--

Pump	With a delivery rate of 18.9 l / min and with 3.8 - 4.5 bar water pressure
------	--

Toilet tank	capacity 400 litres (105.7 US gallons), insulated and heated, with 3" connection, the drain valve can be controlled from the inside
-------------	---

PAINT

The highest category "A" AXALTA metallic paint on the entire vehicle, three-layer metallic paint, four-layer anti-graffiti crystal lacquer

Model with side storage

OPTIONAL

KITCHEN

Induction hob MIELE, four zones, 230 V

BATHROOM

Toilet TECMA BREEZE, clean and modern design, extremely silent operation, easy and fast installation, reliable operation, high quality components, integrated bidet

TECMA E-BREEZE, electronic bidet features, Posterior, feminine and 'kids' cleaning program, Massage function, Heated seat with variable temperature setting, Warm water with variable temperature setting, Dryer, Deodorized, Function IIP (intensive impulse pulsation). Variable spray, Automatic cleansing of the wands

Rain shower

MULTIMEDIA

Sound HARMAN KARDON Citation Amp multiroom amplifier
Two BOSE 791® II Virtually Invisible® ceiling speakers
BOSE Bass Module 500B subwoofer

Satellite reception system OYSTER V 85 Vision Twin, 85 cm parabolic antenna, fully automatic adjustment, control panel

Wi-Fi router OYSTER Connect, with SIM card adapter

Repeater unit for remote access

Multimedia system JVC KW-R930BT 2DIN, with Bluetooth, CD/USB/AUX

ELECTRICAL

Inverter A total capacity 600 Ah or 800 Ah

VICTRON Quattro 24/8000/200-100/100 charger/sine wave inverter combination, charging power 24 V/max. 200 A, external power supply connection adjustable between 2-16 A, sinusoidal inverter with 24 - 230 V/6500 VA, Colour Control GX panel, three lithium batteries, LFP smart 25.9/200 A

Battery 3x or 4x or 5x or 6x Lithium batteries
LFP smart 25.9/200 A
total capacity 600Ah or 800 Ah or 1000 Ah or 1200 Ah

Solar system 2x330 W or 3x330 W or 4x330 W
with intelligent charging controller, mechanical isolating switch

Phone chargers induction-type, integrated in the bedside table, 2 pcs.

Central vacuum cleaner

Ultrasonic alarm system With door/storage area opening sensors, interior protection, can be deactivated with remote control

CO sensor HONEYWELL, in the sleeping area and living area

Lights Additional reverse lights, four mounted on the vehicle chassis

Electric mosquito nets and blinds

GENERATOR

Diesel generator FISCHER PANDA, 5 kW, 230 V, 2200-2800 RPM

Model with side storage

OPTIONAL

STORAGE

Ladder Telescopic, 4.1 m straight + ladder fixing in the garage

Foldable, multifunctional telescopic aluminium ladder, 280 to 560 cm + ladder fixing in the garage

Support structure For two bicycles in the rear garage with floor rails

Middle box doors with unlock button

Handwashing basin For the side-loading design built into the door

Extra cooler For the side-loading design in the storage compartment

Fire extinguisher 2 kg

Scooter holder With electric winch, including brackets and ramp

Hydraulic pusher 3 pcs. with pneumatic, sealing system in the rear left

HEATING

Windows Heated side windows and skylights for even more comfort

WATER SUPPLY

Positioning camera for an electric wastewater drain valve

PAINT

The highest category "A" AXALTA metallic paint on the entire vehicle, three-layer metallic pearl paint, four-layer anti-graffiti crystal lacquer
