## Compare

### **HOW THINGS ARE ALIKE**

When you compare two or more things, you show how they are alike, or similar.

examples of Opening Statements			
•	There are several ways that	and	
	are alike.		

•	and	have several	things in
	common		

- are alike in several ways. and
- are alike because .

### **Examples of How to Bring a Conclusion to a Comparison**

- Both like to
  - Both seem to
- · They agree. Neither one likes it.
- Each has .
- Neither is .
- Both contain .

### Signal Words and Phrases

in similar fashion alike along the same lines just as just like also at the same time least and less than like as as well as likewise more than both by the same token most important neither can be compared comparable resemble comparatively same compare same as correspondingly share similar each equal, equally similar to similarly even in common so too in comparison the same the same as In like manner in the same manner too in the same way twin

### Questions

- What two or more things are being compared?
- What feature or features of the things are being compared?
- In what ways are these things alike?
- In what ways are and similar?

### **Examples of Statements that Compare**

- First, they both have .
- Second, they both have .
- Another way they are alike is
- One thing they both have in common is that they \_\_\_\_.
- Just like , rode the bus to school every day.
- and have an equal position on the issue.
- Neither one believes that .
- · Both twins have brown hair and brown eyes.
- That is the best band I have ever seen.
- He is the funniest person in our class. (Quality, best/better)
- I have as many issues as her.
- She is as tall as her sister. (Height, short/tall)
- Dogs are usually friendlier than cats. (Compare sentences talk about the same adjective.)
- Renee is wiser than Deb.
- Music is as important to Justin as reading is to Deb. (Hobbies, music/reading)

# Compare How Things Are Alike

RI.9-10.2.07	Identify text structures (e.g., sequence/chronological order, classification, definition, process, description, <b>comparison</b> , problem/solution, cause/effect).
RI.9-10.7.03	<b>Compare</b> and contrast coverage of the same event, person, or story in different media and by different people. Determine what details are emphasized in each account.
RL.11-12.9.03	<b>Compare</b> and contrast how authors from the same time period deal with a particular theme or topic.
RI.11-12.5.01	Examine the structure (order of importance, cause and effect, <b>compare</b> /contrast, etc.) chosen by the writer and determine whether it enhances the work's clarity or appeal.
W.9-10.1.C.03	Use transitions that match the text structure (e.g., in a <b>compare</b> and contrast structure, students use words such as however, even though, in contrast, similarly, etc.).
W.9-10.2.A.09	Use an organizational structure that is appropriate for the topic and purpose of the paper. Examples of organizational structures include: advantages/disadvantages, problem/solutions, <b>comparing</b> and contrasting, order/sequences, definitions, descriptions, cause and effect, categories, hierarchy, investigation, inductive/deductive, listing.
W.9-10.2.C.03	Use transitions that match the text structure (e.g., in a <b>compare</b> and contrast structure, students use words such as however, even though, in contrast, etc.).
W.9-10.2.C.09	Use transitions that match the text structure (e.g., in a <b>compare</b> and contrast structure, students use words such as however, even though, in contrast, similarly, etc.).
W.11-12.2.C.3	Use transitions that match the text structure (e.g., in a <b>compare</b> and contrast structure, students use words such as however, even though, in contrast, etc.).

## **Contrast**

### How Things are Different

When you contrast two or more things, you show how they are different.

Contrasting does not always mean good vs. bad. It also means how one thing is simply different from another.

### **Examples of Opening Statements**

•	There are several ways that _	and
	are different.	

•	There are several ways that	and
	differ	

•	and	are different in several
	wavs.	

•	While is the main difference
	between these two things (people,
	events, places, etc.), there are others.
	These include and

and	are different because

### Signal Words and Phrases

although	neither/nor
and yet	nevertheless
better	nonetheless
but	on the contrary
by contrast	on the other hand
conversely	opposite
despite	otherwise
differ	regardless
difference	still
different	though
different from	unequal
differently	unless
either/or	unlike
even though	variations
however	vary
in contrast	whereas
instead	while
former/latter	yet
more/less than	

### **Examples of Ending Statements**

- People tend to prefer dogs as pets and adventure novels in books.
- The setting in the book was fall, while the setting in the movie was winter.

### **Examples of Statements of How Things are Different**

<ul> <li> has while has</li> </ul>
<ul> <li> does, but does not.</li> </ul>
<ul> <li> acted with honor, but did not.</li> </ul>
They were opposites liked
while did not.
<ul> <li>Unlike, rode the bus to</li> </ul>
school every day.
<ul> <li> has a different view.</li> </ul>
<ul> <li>Mary liked ice cream but Howard liked</li> </ul>
brownies.
<ul> <li>Dogs are usually friendlier than cats,</li> </ul>
but cats are cleaner than dogs. (A
contrast sentence with different
adjectives - friendliness/cleanliness.)
<ul> <li>A different view is</li> </ul>
<ul> <li>Another way to view this is</li> </ul>
· · · · · · · · · · · · · · · · · · ·

#### Questions

- What two or more things are being contrasted?
- What are the details to show how they differ?
- How do the things being contrasted differ?
- In what ways are these things different?
- In what ways are \_\_\_\_ and \_\_\_\_ different?

## **Contrast**

### How Things are Different

RI.9-10.2.07	Identify text structures (e.g., sequence/chronological order, classification, definition, process, description, comparison, problem/solution, cause/effect).
RI.9-10.7.03	Compare and <b>contrast</b> coverage of the same event, person, or story in different media and by different people.  Determine what details are emphasized in each account.
RL.11-12.9.03	Compare and <b>contrast</b> how authors from the same time period deal with a particular theme or topic.
RI.11-12.5.01	Examine the structure (order of importance, cause and effect, compare/contrast, etc.) chosen by the writer and determine whether it enhances the work's clarity or appeal.
W.9-10.1.C.03	Use transitions that match the text structure (e.g., in a compare and <b>contrast</b> structure, students use words such as however, even though, in contrast, similarly, etc.).
W.9-10.2.A.09	Use an organizational structure that is appropriate for the topic and purpose of the paper. Examples of organizational structures include: advantages/disadvantages, problem/solutions, comparing and <b>contrasting</b> , order/sequences, definitions, descriptions, cause and effect, categories, hierarchy, investigation, inductive/deductive, listing.
W.9-10.2.C.03	Use transitions that match the text structure (e.g., in a compare and <b>contrast</b> structure, students use words such as however, even though, in contrast, etc.).
W.9-10.2.C.09	Use transitions that match the text structure (e.g., in a compare and <b>contrast</b> structure, students use words such as however, even though, in contrast, similarly, etc.).
W.11-12.2.C.3	Use transitions that match the text structure (e.g., in a compare and <b>contrast</b> structure, students use words such as however, even though, in contrast, etc.).

## Cause/Effect

Cause

### WHY SOMETHING HAPPENED/WHAT HAPPENED

The cause tells why something happened. The effect tells what happened.

**Effect** 

What happened

### Signal Words and Phrases

### **CAUSE QUESTIONS**

- What happened?
- Why did it happen?
- To whom or what did it happen?
- When did it happen?
- What brought about the action?
- What else happened because of that event?
- Is there more than one cause?
- If there is more than one cause, is one more powerful than the others?
- What was the cause?
- What are the details and examples that explain the causes?

### why something happened because being that begins with cause due to the fact that for the simple reason that for this reason forasmuch as gives rise to if this happens inasmuch as in that in view of the fact leads to led to may be due to now that origin owing to the fact reason seeing that

### source when is caused by . . . the cause is . . . may be due to . . . the reason this happened is on account of (cause), this since (cause) happened . . . this (cause) led to . . . actions leading to (effect) included . . because (cause) happened as a result of (cause). when happened,

for this reason

### as a consequence as a result of as might be expected because because of this effect effects of impact outcome result results in as a result consequence consequently due to for this reason finally happened hence if . . . then . . . in consequence it follows that

accordingly

as a result of

on account of

all in all

### it follows then impact is impact will be namely outcome result since SO so that then therefore thereupon thus this (cause) led to ... this happened because . . . because of as a consequence, (effect) happened. as a result, (effect) happened. this led to (effect). when this results in

#### **EFFECT QUESTIONS**

- What is the impact?
- Who or what is effected?
- What are the details and examples that show the effect?
- Was there one effect or more than one?
- If there was more than one effect, was one stronger or more important than the others?
- What are the consequences?

## Cause/Effect

## **Problem/Solution**

### FIND THE ISSUE AND SOLVE IT

Problem and Solution signal words help tell about a problem or issue, why there is a problem or issue, and then gives one or more possible solutions.

### **Questions - PROBLEMS**

- What is the problem?
- Why is this a problem?
- How long has this been a problem?
- To whom or what is this a problem?
- What are the details related to the problem?
- How serious is the problem or issue?
- Who or what is involved in the problem?
- What are the causes of the problem?

### Signal Words and Phrases

Problem	Solution
conundrum dilemma factor issue problem problematic puzzle quandry question reason situation  • A reason for the problem is • Factors impacting this problem include • The issue being dealt with is • This is a problem because	answer possibility proposition solution remedy resolution  • A solution for this is • This can be solved by • One way to resolve this is • One answer to this is • Potential solutions include

## **Questions - SOLUTION**

- Can the problem be solved, resolved, or just reduced?
- What is a solution for the problem?
- What resources are needed to solve the problem?
- What must happen in order for the problem to be solved?
- Is there a process for solving the problem?
- Is there a time limit for solving the problem?
- What is the evidence that the solution will likely be

### **Problem/Solution**

W.9-10.1.A.12	Use an <b>organizational structure</b> that is appropriate for the claim/argument. Examples include: advantages/disadvantages, expressing opinions/providing solutions to problems, expressing arguments for and against a topic, comparing and contrasting something or somebody.
W.9-10.2.F.03	Point out potential problems, results (when writing a conclusion).
W.11-12.2.F.3	Point out potential problems, results.
0 0 . 1 . 7	

## Sequence

### **WORDS THAT BRING ORDER**

Sequence words help show the order of things. They help signal such things as when something happened, the steps in a sequence, and the logical order of things.

### **Examples of Opening Statements**

- There are several steps to this process. The first is . . .
- In the beginning, \_\_\_\_.
- In their recent work, \_\_\_\_.
- It's never to early to \_\_\_\_\_.

### **Examples of When to Use a Sequence**

- Show the steps in something.
- Give the sequence of events in a story, novel, or informational piece.
- Show the timeline of what happened or will happen in an event or set of events.
- Sequence the evidence when making a claim: general evidence to more specific evidence, least important pieces of evidence to more important pieces of evidence.

### Signal Words and Phrases

A, B, C after afterward afterwards already always as soon as at last at length at (time) at that time at this point at this time bedtime before currently cycle daytime dinnertime during earlier early eventually finally first for one thing former formerly from

future here, there how to immediately in order in the future in the meantime In the past Initially into last lastly late lately later latter lunchtime new later latter lunchtime meanwhile most important new next now o'clock

past preceding present presently previously prior prior to recently second sequence shortly since soon subsequently then thereafter third time to to this day today tomorrow ultimately until when whenever

while

on time

### **Sequences**

- First, second, third
- First of all, then, meanwhile
- Former, latter
- In the first place, in the second place, . .
- For one thing, . .

#### Questions

- What is the sequence?
- What kind of sequence is used? Time? Logical order? Step-by-step?
- What are the details and/or examples for each part of the sequence?
- Is there a reason for the sequence?

### **Examples of Closing Statements**

- From beginning to end,
- This process showed the four steps for \_\_\_\_.

old
