Since 2005, We, **Silicon Components Private Limited**, are leading **Exporter and Importer, Manufacturer, Wholesaler, Trader** of **PIC Microcontrollers, Thermal Printers, GSM GPRS Modules, Etc.**

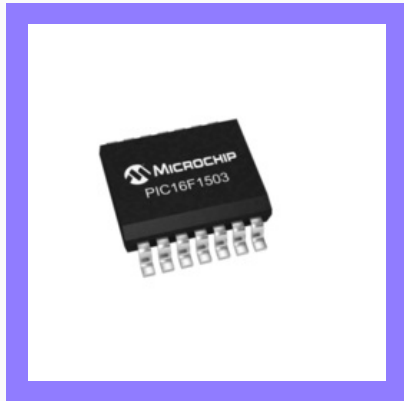

About Us

Since **2005**, We, **Silicon Components Private Limited**, are leading a organization involved in **Exporter and Importer, Manufacturer, Wholesaler, Trader of Microchip Products**. We have been successfully providing our clients with **PIC Microcontrollers, Analog PIC Microcontroller, Thermal Printers, GSM GPRS Modules, Integrated Circuits, GSM & GPS Module, Channel Mosfet, Operational Amplifiers** and many more. All our products are sourced from the reliable and certified manufacturers of the market such as **Fairchild Semiconductors**. Our products are widely appreciated by the customers due to their durability, reliability, compact designs, corrosion resistance, dimensional accuracy and easy installation.

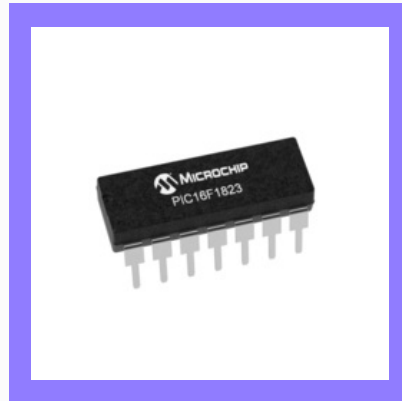

We have developed a spacious warehousing facility, which helps us in safely storing all procured products under proper labeling. This is equipped with latest material handling equipment that enables us to store the products according to their specific category. Apart from this, we have a team of expert professionals, which managed all the departments properly and uses all the available resources for carrying out smooth business operations. For the convenience of our clients, we accept payment via **cash** and **DD**. In addition to this, we deliver all our consignments by **Courier** and provide the...
