125 g (per bar). Pack of 12.

Order code Z102-020

## Deb 3-Step Skin Safety Programme

To help keep hands healthy and prevent dermatitis, deb recommends the implementation of a simple 3-Step Safety Programme.

### Step 1: Protect

Help protect the skin against contact with various workplace contaminants and working environments

### Step 2: Cleanse

Use appropriate hand cleaners to ensure dirt and contaminants are removed from the skin.

### Step 3: Restore

Maintain skin in healthy condition by applying an after-work cream to replenish any lost natural oils, keeping the skin soft and supple and avoiding dryness.

## Skin Safety Centre

Robust, light-weight board containing Deb Naturally dispensers to provide an effective 3-Step Skin Safety Programme.

- **Convenient**  
Everything you need for clean healthy skin is always on hand in the most appropriate location
- **Informative and educational**  
Encourages compliance with clear product usage instructions and skin safety advice
- **Wipe clean surface**  
Easy to maintain
- **Light-weight board**  
Easy to install
- **Robust**  
Ideal for busy, hardworking environments

## Scafftag®

**The industry leading scaffold status tagging system.**

- Fitted to all legal access points, the unique holder and insert ensure that the latest scaffold status is instantly visible from the scaffold build stage to dismantle.
- The 'DO NOT USE SCAFFOLD' holder is used in conjunction with a choice of three inspection Inserts: Prohibition, Standard Inspection and Load Classification (see table below).
- The Scafftag® Kit (SCF01) includes 10 holders, 20 standard inserts and 2 pens. Replacement inserts are available in packs of 10 and 50.
- We recommend that you accompany your Scafftag® equipment with the Wallchart and Pocket Guide (semi-rigid PVC). These will increase employee knowledge and encourage the use of Scafftag® into their routine.
