Annual Report

PROFITING FROM OUR
RELATIONSHIP

PROFITING FROM OUR RELATIONSHIP

Another record year for us at the Bank - record profits and outstanding performances in all our portfolios.

Our success year after year is a reflection of the quality of the relationships we continue to forge with all our stakeholders - staff, customers, shareholders and the community.

This year's Annual Report is a recognition that the alliances built over time through the growth of the bank continues to make us a better financial institution which stands out in the Caribbean as a beacon.

CUSTOMERS' CHARTER

- To keep the Bank a customer friendly institution.
- To treat customers as an integral part of the Bank and serve them with the highest levels of integrity, fairness and goodwill.
- To provide customers with the products and services they need, in the form and variety they demand them, at the time they require them, and at prices they can afford.
- To give our customers good value for the prices they pay.

POLICY STATEMENT

- To mobilise domestic and foreign financial resources and allocate them to efficient productive uses to gain the highest levels of economic development and social benefits.
- To promote and encourage the development of entrepreneurship for the profitable employment of available resources.
- To exercise sound judgement, due diligence, professional expertise and moral excellence in managing our corporate business and advising our customers and clients.
- To maintain the highest standard of confidentiality, integrity, fairness and goodwill in all dealings with customers, clients and the general public.
- To create a harmonious and stimulating work environment in which our employees can experience career fulfilment, job satisfaction and personal accomplishment; to provide job security; to pay fair and adequate compensation based on performance, and to recognise and reward individual achievements.
- To promote initiative, dynamism and a keen sense of responsibility in our Managers; to hold them accountable personally for achieving performance targets and to require of them sustained loyalty and integrity.
- To provide our shareholders with a satisfactory return on their capital and thus preserve and increase the value of their investment.
- To be an exemplary corporate citizen providing managerial, organisational and ethical leadership to the business community.

The policies set out above inform and inspire our customer relationships, staff interactions and public communication; guide our corporate decision making process; influence the manner in which we perform our daily tasks; and direct our recruitment, organisational, operational and development policies, plans and programmes.

Our Directors, Management and Staff are unreservedly committed to the observance of the duties and responsibilities stated above for the fulfilment of our Mission.

VISION

To be recognised internationally as a premier financial institution through advanced technology, strategic alliances and superior products and services.

MISSION

To be an efficient, profitable and growth-oriented financial institution, promoting social and economic development in the national and regional community by providing high quality financial services and products at competitive prices.

Notice of Meeting

Notice is hereby given that the **THIRTY-SIXTH ANNUAL GENERAL MEETING of St. Kitts-Nevis-Anguilla National Bank Limited** will be held at the Ocean Terrace Inn, Fortlands, Basseterre on Thursday 25th January 2007 at 5.00pm for the following purposes:-

- 1 To read and confirm the Minutes of the Meeting held on 12th January, 2006
- 2 To consider Matters Arising from the Minutes
- 3 To receive the Directors Report
- 4 To receive the Auditors Report
- 5 To receive and consider the Accounts for the year ended 30th June 2006
- 6 To declare a dividend
- 7 To elect Directors
- 8 To appoint Auditors for the year ending 30th June 2007, and to authorize the Directors to fix their remuneration
- 9 To discuss any other business for which notice in writing is delivered to the Company Secretary three clear banking days prior to the meeting.

By Order of the Board

Claudina V. Davis
Secretary

10 November 2006

SHAREHOLDERS OF RECORD

All shareholders of record as at 15th November 2006 will be entitled to receive a dividend in respect of the financial year ended 30th June, 2006.

PROXY

A member of the Company who is entitled to attend and vote at this meeting is entitled to appoint a proxy to vote in his stead. No person shall be appointed a proxy who is not entitled to vote at the meeting for which the proxy is given. The proxy form must be delivered to the Company Secretary 48 hours before the meeting.

ARTICLES GOVERNING MEETINGS

ARTICLE 42

At any meeting, unless a poll is demanded as hereinafter provided, every resolution shall be decided by a majority of the Shareholders or their proxies present and voting, either by show of hands or by secret ballot, and in case there shall be an equality of votes, the Chairman of such meeting shall have a casting vote in addition to the vote to which he may be entitled as a member.

ARTICLE 43

If at any meeting a poll is demanded by ten members present in person or by proxy and entitled to vote, the poll shall be taken in every such manner as the Chairman shall direct; and in such case every member present at the taking of the poll, either personally or by proxy, shall have a number of votes, to which he may be entitled as hereinafter provided; and in case at any such poll there shall be an equality of votes, the Chairman of the meeting at which such poll shall be taken shall be entitled to a casting vote in addition to any votes to which he may be entitled as a member and proxy.

ARTICLE 45

Every member shall on a poll have one vote for every dollar of the capital in the Company held by him.

ARTICLE 56

At every ordinary meeting one-third of the Directors shall retire from office. If the number of Directors be not divisible by three, then the nearest to one-third of the number of Directors shall retire from office. The Directors to retire shall be those who have been longest in office since their last election. As between Directors of equal seniority in office the Directors to retire shall be selected from amongst them by lot. A retiring Director shall be immediately, or at any future time, if still qualified, eligible for re-election.

ARTICLE 59

No one (other than a retiring Director) shall be eligible to be a Director, unless notice in writing that he is a candidate for such office shall have been given to the Company by two other members of the Company at least seven days before the day of holding the meeting at which the election is to take place.

PROFITING FROM OUR RELATIONSHIP

Island Purified Water

“National Bank truly supports local business. I am an example of this. The Bank was with me from the beginning, providing support and the financing needed. Today we are a leader in our business. None of this would have been possible without the bank’s partnership”.

Leroy Powell (Left) - Owner of Island Purified Water and Sidris Phipps (Right) - Acting Manager of Sandy Point Branch

Mortgages

“National Bank is into more than providing mortgages, to us they are into building homes and lives. To us they have been real friends and partners for life. They provided us with the financing to build our home where we could raise our family and make memories that last a lifetime. Thank You National Bank”.

Deidre Venner (left) - Manager, General Banking Division with Ervin and Elizabeth Woodley - Senior Clerk and Nurse.

PROFITING FROM OUR RELATIONSHIP

"We own a gift shop in Nevis. Though we are a small business National Bank treats us like we are special. That means alot to us. Our bank has been here for us from the very beginning and thanks to them we have grown from strength to strength."

Wendell and Brenda Huggins with Bank Official

Ocean Edge Resort (Cable Bay Development)

"National Bank understands the importance of Tourism Investment to the country. This is why they have been so committed in providing the financing for Ocean Edge Resort – a USD 100 million five star resort of 300 rooms to be spread over 40 acres".

Nicolas Menon (left) - Director of Cable Bay Hotel Development Inc., Esrick Lanns (middle) - Senior Manager, Credit Division and Owen Pritchard (Right) - Regional Director New Found Development

PROFITING FROM OUR RELATIONSHIP

La Vallee Greens Golf Course and Resort

"National Bank continues to show its foresight and commitment to the development of the country's leisure, travel and tourism industry. They have partnered with us in the development of this premiere golf course and resort which will be a major plus not only for the country but also for the region".

From left...Wayne Delpêche (), Hermier Morton-Anthony (Director), Oswald Martin (Chairman), Caroline Adams (Manager - Loans & Advances, (NATIONAL BANK) & Eurick Dorsett (Project Manager).

Hills Surveys and Mapping

"I take my profession seriously and approach it with passion and pride. This is why I am fortunate to have a Bank that serve me with the same level of professionalism and care. They see me not just a customer but truly as a partner in progress."

Sherming Lewis (left) - Manager, Nevis Branch and Simeon Hills, owner of Hills Surveys and Mapping

Chairperson's Statement

Chairperson's Statement

This year as the St Kitts-Nevis-Anguilla National Bank Limited continues to celebrate 35 years of operations, I am pleased to report that the year under review was another successful year.

In fiscal 2006 total assets increased to \$1,614,256,000 or 7% from \$1,504,155,000 in 2005. Deposits grew from \$1,109,218,000 in 2005 to \$1,141,913,000 or 3% in 2006. Our loan portfolio increased by \$154,350,000 or 22% to \$846,303,000 from \$691,953,000 in 2005. Net operating income before depreciation and tax increased by 66% to \$70,045,000 from \$42,224,000 in 2005.

The financial result for the year when measured against the current competitive banking environment is outstanding, and National has truly been "Building on its Strengths" as each year it has recorded significant growth.

The strong foundation of National has enabled it to contribute enormously in every sphere of development and economic activity in the Federation: housing, education, health, tourism, commerce, industry, infrastructure development, sports and culture.

The success of the Bank is due in large measure to its institutional structure, and the harmonious relationships among the Board, Management and Staff.

The Bank places high value on its human resources and although it has invested substantially in appropriate equipment and technology, this must be driven by a workforce that is adaptable and well trained. We shall continue to up-grade the skills of the staff while we encourage and assist them in their personal development. On behalf of the Board of Directors I wish to thank them all for their contribution to the success of the Bank.

I wish to thank all of our shareholders, particularly those who have remained with the Bank over the 35 years. I am sure that their investment in National was fully justified.

I thank all of our valued customers for their patronage for without them we could not have achieved the level of success recorded.

I must also thank my fellow Directors for their cooperation and contribution during the past year. It is my hope that we can achieve even greater success in the next 35 years, as we continuously work together for the benefit of the institution.

Walford V. Gumbs
Chairperson

November 10, 2006

MANAGING DIRECTOR'S REPORT

The Bank performed satisfactorily during financial year 2006. Assets grew to \$1.614 billion from \$1.504 billion in 2005, an increase of \$110 million or 7%. Loans increased by \$155 million or 22% to \$846 million from \$691 million in 2005. Profit before depreciation and tax increased by \$28 million or 66% to \$70 million from \$42 million in 2005. Profit after depreciation and tax grew by \$20 million or 74% to \$47 million in 2006 from \$27 million in 2005.

Interest income of \$103 million in 2006 was \$25 million or 32% more than interest income of \$78 million in 2005, and non-interest income of \$51 million in 2006 was \$19 million or 59% more than non-interest income of \$32 million in 2005.

Interest expense of \$61 million in 2006 was \$11 million or 22% higher than interest expense of \$50 million in 2005, and non-interest expense of \$19 million in 2006 was \$2 million or 11% higher than non-interest expense of \$17 million in 2005.

Total income of \$154 million in 2006 was \$44 million or 40% more than total income of \$110 million in 2005. Total expense in 2006 was \$81 million compared with \$68 million in 2005. The increase in total expense in 2006 over 2005 was \$13 million or 19%.

In 2006 the rate of increase in total income was more than twice the rate of increase in total expense. Thus for every \$1 increase in expense in 2006 over 2005, there was \$3.38 increase in income, and \$1.53 increase in net profit in 2006 over 2005.

In 2006 if non-interest income of \$51 million were ignored, and total expense of \$81 million (which included the expense incurred in earning the non-interest income) were deducted from the interest income of \$103 million only, the Bank would still have shown a profit of \$18 million before depreciation and tax for fiscal 2006.

These results produced a substantial growth of 21% in shareholder value, year-on-year, and points to unreserved customer confidence in the safety, soundness and strength of the Bank.

During the year under review deposits grew to \$1.142 billion from \$1.109 billion in 2005, an increase of \$33 million or 3%. The rate of increase in deposits in 2006 was slower than in 2005 and preceding years. In 2006 the rate of dissaving by customers (individuals and businesses) affected by the closure of the sugar industry, to meet their financial obligations and maintain their standard of living, was almost as high as the rate of increase in deposits by other customers.

MANAGING DIRECTOR'S REPORT

Shareholders equity increased by \$36 million or 20% to \$210 million in 2006 from \$174 million in 2005. The dividend recommended for 2006 is 15%, an increase of 1.5% over the 13.5% paid in 2005.

A shareholder who bought 100 shares for \$100 (at the issue price of \$1 per share) in the first share issue by the Bank in 1970, and who has neither bought nor sold any shares since, now owns 1,500 shares in the Bank. The additional 1,400 shares resulted from share dividend distributions of one for two in 1994, one for one in 1997 and four for one in 2001. The shareholder is paid cash dividends on his entire shareholding of 1,500 shares.

At a dividend of 15% or 15 cents a share, the shareholder will be paid a cash dividend of \$225 for 2006 on his 1,500 shares. Therefore the income return in 2006 on the shareholder's original investment of \$100 is \$225 or 225% tax free.

Additionally the capital growth of the \$100 invested by the shareholder in 1970 was worth \$4,500 on the Eastern Caribbean Securities Exchange on 30 June 2006. This translates into a tax free capital growth at the average rate of 11.5% per annum compounded over 35 years.

The Bank is being lauded effusively for continuously producing added value for the shareholders.

During the year under review the Bank contracted for the installation of specialized state-of-the-art technology to complement its specific human resource capacity.

This strategic policy implementation enables the Bank to fully automate its Anti-Money Laundering system, enhance its Due Diligence and Compliance programme, and upgrade its procedures for identifying politically exposed persons. The combined infrastructural sophistication and personnel competencies position the Bank in the top ranking of fully compliant financial institutions globally.

The factors most responsible for the survival and success of the Bank are leadership, strategy and vision. During the year under review the Bank accelerated the execution of its carefully calibrated programme for leadership progression and succession; energetically pursued its focused strategy to re-orientate its information, communication and operational logistics; kept its long-term planning horizons constantly in clear view.

MANAGING DIRECTOR'S REPORT

Thus the Bank ensured its long-term survival and success; assured its flexibility and efficiency; insured its resilience and stability against exogenous shocks.

The Bank is acknowledged as a market leader in the sub-region and beyond.

In 2006 the economy was driven by activities in the construction and services sectors mainly. Performance in the tourism sector was mixed with an increase in the number of stay over visitors and a decline in cruise ship passengers, compared with 2005. Output in the agricultural sector declined as a result of the closure of the sugar industry. Manufacturing was steady, and registered improvements in exports and imports substitution. We expect sustained improvements in all of the sectors over the foreseeable future.

Looking ahead the Bank will continue to build a solid superstructure on the firm foundation that has been laid, so that the institutional attributes and characteristics, ideas and ideals, that made it strong during the first 35 years, will make it stronger yet over the next 35 years.

Edmund W. Lawrence
Managing Director

10 November 2006

Directors' Report

Your Directors have pleasure in submitting their Report for the financial year ended June 30, 2006.

DIRECTORS

In accordance with the Bank's Articles of Association one third of the Directors shall retire by rotation at every Annual General Meeting. Retiring Directors shall be eligible for re-election.

The retiring Directors by rotation are:

Mr. Linkon Maynard
Ms. Elsie Mills
Mrs. Sonia Carr

The retiring Directors, being eligible, offer themselves for re-appointment.

BOARD COMMITTEES

In keeping with its management function and fiduciary duties, the Board of Directors operates through seven (7) committees namely Asset/Liability Management, Audit, Budget, Corporate Governance, Credit, Executive and Investment.

All committees meet regularly and work closely with management to deal with the many challenges facing the financial services industry and the Bank in particular.

FINANCIAL RESULTS AND DIVIDENDS

The Bank has a duty to its shareholders to protect their investment in the company and to provide them with an adequate return on their investment.

In recent years, shareholders equity has been on the increase, moving from \$56.4 million in 1999 to \$210.2 million in 2006. This represents an impressive 272.7% increase.

The Directors report that profit after taxation for the year ended June 30, 2006 amounted to \$47.5 million, with earnings per diluted share of \$0.59.

Further discussion of the performance of the Company can be found in the Management Discussion and Analysis presented in a separate section of the annual report.

The Directors have decided to recommend a dividend of 15% for the financial year ended June 30, 2006. This recommendation, if approved by the Annual General Meeting, will mean that a total dividend of \$12.2 million will be paid in 2006 compared with \$10.9 million in 2005.

AUDITORS

The retiring auditors, Simmonds and Associates, Chartered Accountant, have expressed their willingness to be re-appointed and a resolution to the effect will be proposed at the Annual General Meeting.

By Order of the Board of Directors

Claudina V. Davis
Secretary
November 10, 2006

Directors' Responsibilities in Respect Of the Preparation of Financial Statements

Company Law requires the Directors to prepare financial statements for each financial year, which give a true and fair view of the company and of the profit and loss for the period. In preparing financial statements, the Directors are required to:

- a) Select suitable accounting policies and then apply them consistently.
- b) Make judgements and estimates that are reasonable and prudent.
- c) State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements.
- d) Prepare the financial statements on a going-concern basis, unless it is inappropriate to presume that the company will continue in business.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company to enable them to ensure that the financial statements comply with International Financial Reporting Standards. They have a general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to detect and prevent fraud and other irregularities.

AUDITORS REPORT

TO THE SHAREHOLDERS OF ST. KITTS-NEVIS-ANGUILLA NATIONAL BANK LIMITED

We have audited the accompanying balance sheet of the St Kitts-Nevis-Anguilla National Bank Limited and its subsidiaries (the Group) as of June 30, 2006, and the related profit and loss account and cash flow statement of the group for the year then ended.

These financial statements set out on pages 22 to 44 are the responsibility of the Company's Directors. Our responsibility is to express an opinion on these financial statements based on our audit.

We read the other information published with the financial statements and considered whether it was consistent with the audited financial statements. We considered the implications for our audit if we became aware of any apparent misstatements or material inconsistencies with the financial statements.

We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Directors, as well as evaluating the overall financial statements presentations.

In our opinion, the financial statements present fairly, in all material aspects, the financial position of the Company and the Group as at June 30, 2006 and the results of their operations and their cash flows for the year then ended in accordance with International Financial Reporting Standards.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2006

1 INCORPORATION

(a) St Kitts-Nevis-Anguilla National Bank Limited

The Bank was incorporated on the 15th day of February, 1971 under the Companies Act Chapter 335, but was re-registered under the new Companies Act No. 22 of 1996 on the 14th day of April 1999.

(b) National Bank Trust Company (St. Kitts-Nevis-Anguilla) Limited

The Trust Company was incorporated on the 26th day of January, 1972 under the Companies Act Chapter 335, but was re-registered under the new Companies Act No. 22 of 1996 on the 14th day of April 1999.

(c) National Caribbean Insurance Company Limited

The Insurance Company was incorporated on the 20th day of June, 1973 under the companies Act Chapter 335, but was re-registered under the new Companies Act No. 22 of 1996 on the 14th day of April 1999.

(d) St. Kitts and Nevis Mortgage and Investment Company Limited (MICO)

MICO was incorporated on the 25th day of May, 2001 under the Companies Act No. 22 of 1996. The Company commenced operations on the 13th day of May, 2002.

2 PRINCIPAL ACTIVITIES

(a) St. Kitts-Nevis-Anguilla National Bank Limited

The Bank provides a comprehensive and international range of banking, financial and related services.

(b) National Bank Trust Company (St. Kitts-Nevis-Anguilla) Limited

The principal activity of the Company is the provision of long-term mortgage financing, raising long-term investment funds, real estate development, property management and the provision of trustee services.

(c) National Caribbean Insurance Company Limited

The Insurance Company provides coverage of life assurance, non life assurance and pension schemes.

(d) St. Kitts and Nevis Mortgage and Investment Company Limited (MICO)

MICO acts as the real estate arm of the Bank and provides investment in the form of Bond Certificates and mutual funds.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2006

3 SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies of the Group are based on generally accepted accounting principles. These accounting policies are summarized below:-

(a) **Basis of preparation**

These financial statements are prepared in accordance with the historical cost convention and International Accounting Standards.

(b) **Currency**

All values are expressed in Eastern Caribbean Currency.

(c) **Cash and Cash Equivalents**

Cash and Cash Equivalents, as mentioned in the statement of cash flows, comprise of cash on hand, balances with other financial institutions and the Eastern Caribbean Central Bank, as well as short term funds and investments whose maturities are ninety days or less.

(d) **Consolidation**

The Group Accounts consolidate the Accounts of the Bank and its Subsidiaries, National Bank Trust Company (St. Kitts-Nevis-Anguilla) Limited, National Caribbean Insurance Company Limited and St. Kitts and Nevis Mortgage and Investment Company Limited for the accounting period ended June 30, 2006. The Group's Share of the profits of Subsidiary Companies is included in the Profit and Loss Account.

(e) **Depreciation**

Depreciation is provided on buildings on a straight line basis over the period of the lease or over forty (40) years for freehold premises. Equipment including the Computers, Furniture and Fittings, and Vehicles are depreciated on a straight line basis at rates which will facilitate writing off the Assets over their effective useful lives at rates ranging from 10% to 33 1/3%.

(f) **Claims Equalisation Reserves**

Annually 10% of the value of Gross Premiums in the Insurance Company on Fires, Motor and Marine is transferred to a Claims Equalisation Reserve Account.

(g) **Insurance Funds**

Annually 75% of accumulated surplus on Health, Public Liability and Sundry Insurance are carried forward as Insurance Fund Reserves.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2006

3 SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(h) Interest

Interest received in the Insurance Company has been distributed after providing 81/2% on Pension Fund between Shareholders' and Policy Holders' Funds; 80% has been allocated to Life Revenue Account, the remaining 20% to Profit and Loss Account.

(i) Claims

Provision for outstanding claims is made for the estimated cost of claims to be paid in respect of incidents occurring up to the end of the financial year whether reported or not, together with related claims handling expenses. Anticipated reinsurance recoveries, are recorded separately as assets.

Provision for outstanding health claims is the higher of the actual claims or one month's average claim.

(j) Provision for Unexpired Risk

Provision for unexpired risk is the proportion of premiums written in the current year which relates to the cover provided in the following year. The basis being the 24th method applied to the sum of net premiums written and commission retained on all classes of non life insurances except for medical insurance where 40% is used. No provision is made with respect to the Group Pension.

(k) Expenses

Expenses of Management in the Insurance Company are allocated to the various revenue accounts as follows:-

- (i) on actual basis where the expenditure can be allocated,
- (ii) on the basis of 5% of the gross premiums of life and health premiums, and
- (iii) on the basis of premiums written for the others.

(l) Foreign Currency

Foreign currency transactions are accounted for at the mid-rate of exchange prevailing at the date of the transaction. Financial assets and liabilities denominated in foreign currencies at the year end are converted to Eastern Caribbean currency at the mid-rate of exchange ruling on that day. Gains and losses resulting from such transactions and from the translation of financial assets and liabilities denominated in foreign currencies are recognized in income.

3 SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(m) Investments

Investment securities are classified into the following four categories: financial assets at fair value through profit and loss; available-for-sale, held-to-maturity, and originated loans. Investment securities intended to be held for an indefinite time period, which may be sold in response to needs for liquidity or changes in interest rate or equity prices and are not financial assets at fair value through profit and loss are classified as available-for-sale. Investment securities with fixed maturity where management has both the intent and the ability to hold to maturity are classified as held-to-maturity.

Investment securities are initially recognized at cost – which includes all transactions costs. Financial assets at fair value through profit and loss and Available-for-sale financial assets are subsequently re-measured to fair value based on quoted bid prices. As fair values for unquoted securities are not readily available, both equity and debt securities are measured at cost less any provision for impairment.

Unrealised gains and losses arising from changes in fair value of securities are recognized in income if such securities are “Financial Assets At Fair Value Through Profit and Loss” or equity if they are Available-for-Sale and quoted. When securities are disposed of, the resulting gain or loss is included in income.

A financial asset is impaired if its carrying amount is greater than its estimated recoverable amount. The recoverable amount of a financial instrument measured at fair value is the present value of future cash flows discounted at the current market rate of interest for a similar financial asset. When securities become impaired the related impairment loss is charged to income as a loss.

Held-to-maturity and originated loan investments are carried at amortised cost using the effective yield method, less any provision for impairment.

An impairment loss on financial assets carried at amortised cost is the difference in the asset's carrying amount and the present value of future cash flows discounted at the financial instrument's original effective interest rate.

Interest earned on all investment securities is reported in interest income.

Dividend on equity securities, when received, is reported separately in dividend income. All purchases and sales of investment securities are recognized at trade date – the date on which the Group commits to purchase or sell all financial assets.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2006

3 SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(n) Loans and Advances

Loans originated by the Bank are financial assets created by providing money directly to a borrower and as such are carried at cost.

The accrual of interest ceases when the principle or interest is past due 90 days or when, in the opinion of management, full collection is unlikely. The allowance for loan impairment is based on continuous appraisal of all loans and advances together with an annual review of loan collateral. Specific provisions for losses are made against loans and advances when, in the opinion of management, credit risk or economic factors make recovery doubtful.

The allowance for loan impairment also covers general provisions for losses as required by the regulators, as there is always the possibility of losses within a loan portfolio that have not been specifically identified as non-performing at the balance sheet date.

The provision for loan impairment and recoveries of bad debts previously written off is charged to income. When a loan is uncollectable, it is written off against related allowance for impairment. All subsequent recoveries are credited to the bad debt recovered income account.

(o) Taxation

Deferred tax is provided, using the liability method, for all temporary differences arising between the tax bases of assets and liabilities and their carrying values for financial reporting purposes. Currently enacted tax rates are used to determine deferred income tax.

(p) Income

Interest Income is recognized on the accrual basis for productive loans and advances, Investment Securities, and Interest bearing deposits with other financial institutions. Non-Productive loans and advances relate to accounts whose repayments of principle or interest are 90 days or more in arrears. Interest on these accounts is taken to income when received. Other income, such as fees and commission, is recognized on the accrual basis.

(q) Comparative Figures

Certain changes in presentation have been made during the year and comparative figures have been restated accordingly.

(r) Reserve Requirement

In accordance with Article 33 of the Eastern Caribbean Central Bank (Central Bank) Agreement 1983, the St. Kitts-Nevis-Anguilla National Bank Limited is required to maintain reserves against deposits through cash holdings and/or by deposits held with the Central Bank.

St. Kitts and Nevis Mortgage and Investment Company Limited (MICO), a subsidiary of the Bank, acquired in December 2002 the remaining properties used by a customer as security for advances made to it by the Bank. As a result, interest accrued on those advances is deferred until MICO disposes of the said properties to outside buyers.

21 DIVIDEND

The financial statements reflect a dividend of \$10,935,000 for the year ended June 30, 2005, which was approved at the Thirty-fifth Annual General Meeting held on January 12, 2006 and subsequently paid.

A dividend in respect of 2006 of \$0.15 per share (2005 - \$0.135 per share) amounting to \$12,150,000 is proposed. These financial statements do not reflect this proposed dividend which, if approved, will be accounted for as an appropriation of retained earnings in the year ending June 30, 2007.

22 CONTINGENT LIABILITIES

22.1 Financial Commitments

As at June 30, 2006, the Bank was committed to make loans and advances amounting to approximately \$46,109,711 (2005 - \$ 42,742,242).

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2006

23 RELATED PARTIES

Parties are considered related if one party has the ability to control the other party or exercise significant influence over the other party in making operational or financial decisions. A number of banking transactions are entered into with our subsidiaries and directors in the normal course of business. Those transactions, which include deposits, loans and other transactions, are carried out on commercial terms and conditions, at market rates.

SUBSIDIARIES

Advances outstanding as at June 30, 2006 amounted to \$24,462,628 (2005 - \$23,279,266).

Deposits balances as at June 30, 2006 amounted to \$87,314,164 (2005 - \$77,747,370).

DIRECTORS AND ASSOCIATES

Advances outstanding as at June 30, 2006 amounted to \$238,014 (2005 - \$397,626).

Deposits balances as at June 30, 2006 amounted to \$4,435,376 (2005 - \$3,645,197).

24 FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

Financial assets and liabilities not carried at fair value include cash and money at call, originated debts, investment securities held to maturity, investment in subsidiaries, due to other banks, customers' deposits and due to subsidiaries. The following methods and assumptions are relevant to their fair value:

ASSETS

Cash and money at call

Since these are short-term in nature, the values are taken as indicative of realizable value.

Loans and advances

Loans and advances are net of provision for loan losses. These assets result from transactions conducted during the normal course of business and their values are not adversely affected by unusual terms. The inherent rate of interest in the portfolio approximate market conditions and yield discounted cash flow values that are substantially equal to the carrying value.

Investment securities held to maturity and investment in subsidiaries

The fair value of these items is assumed to be equal to their carrying values.

LIABILITIES

Due to other banks, customers' deposits and due to subsidiaries

The fair value of financial liabilities with no stated maturity is assumed to be equal to their carrying values.

Deposits with fixed rate characteristics are at rates that are not significantly different from their current rates and are assumed to have discounted cash flow values that approximate carrying values.

25 CURRENCY RISK

The Bank is exposed to currency risk through its international card business receipts and settlements. Various strategies to hedge the key risk have been devised, ensuring at all times that its actions are in keeping with the Bank's overall objective.

2006	1,224	29,396	1,625	38
2005	897	65,390	2,147	19

26 INTEREST RATE RISK

The Bank is exposed to various risks associated with different rates of interest found in the normal course of its business. Interest rate risk mitigation focuses on potential changes in net interest income. These result from changes in interest rates and mismatches in the re-pricing of interest rate sensitive assets and liabilities as well as product spreads. These are monitored and, where necessary, action would be taken to minimize any adverse effect to shareholder value.

27 LIQUIDITY RISK

The Bank is exposed to daily calls on its available cash resources from current accounts, overnight deposits, maturing deposits, loan draw downs and other calls on cash settled items. A range of wholesale and retail funds are managed to ensure that liquidity requirements are met. The Bank liquidity strategy relies on sufficient cash and marketable instruments such as treasury bills and other government securities to meet short-term funding needs. Fallback techniques include access to the sub-regional inter-bank market and the ability to close out or liquidate market portions. The Bank ensures that it has sufficient funds to meet its obligations by not converting into loans foreign deposits, demand deposits, reserves, provision for interest, provision for loan losses, and other net financial assets and liabilities.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2006

28 CREDIT RISK

Credit risk is the potential to incur losses due to failure of a counter party or borrower to meet its financial obligations. Credit risk is inherent in lending and investing activities. Exposures to credit risk are mainly concentrated in St. Kitts and Nevis, North America, Europe, and other Caribbean States

The Bank exposure to credit risk is managed through regular analysis of the ability of its borrowers (current and potential) as well as counterparties to meet interest and principal repayment obligations. Credit risk is also managed in part by the taking of collateral and/or guarantees as securities on advances, and by the spreading of the risk geographically as well as over a diversity of personal and commercial customers.

29 OPERATIONAL RISK

Operational risk is inherent in all business activities and is the potential for financial or reputational loss arising from failure in internal controls, operational processes or the systems that support them. It includes errors, omissions, disasters and deliberate acts such as fraud.

The Bank recognizes that such risk can never be entirely eliminated and manages the risk through a combination of system and procedures to monitor and document transactions. The Bank has developed contingency arrangements including facilities to support operations in the event of disasters. Independent checks on operational risk issues are also undertaken by the internal audit function.

Management Discussion and Analysis of Financial Condition and Results of Operations

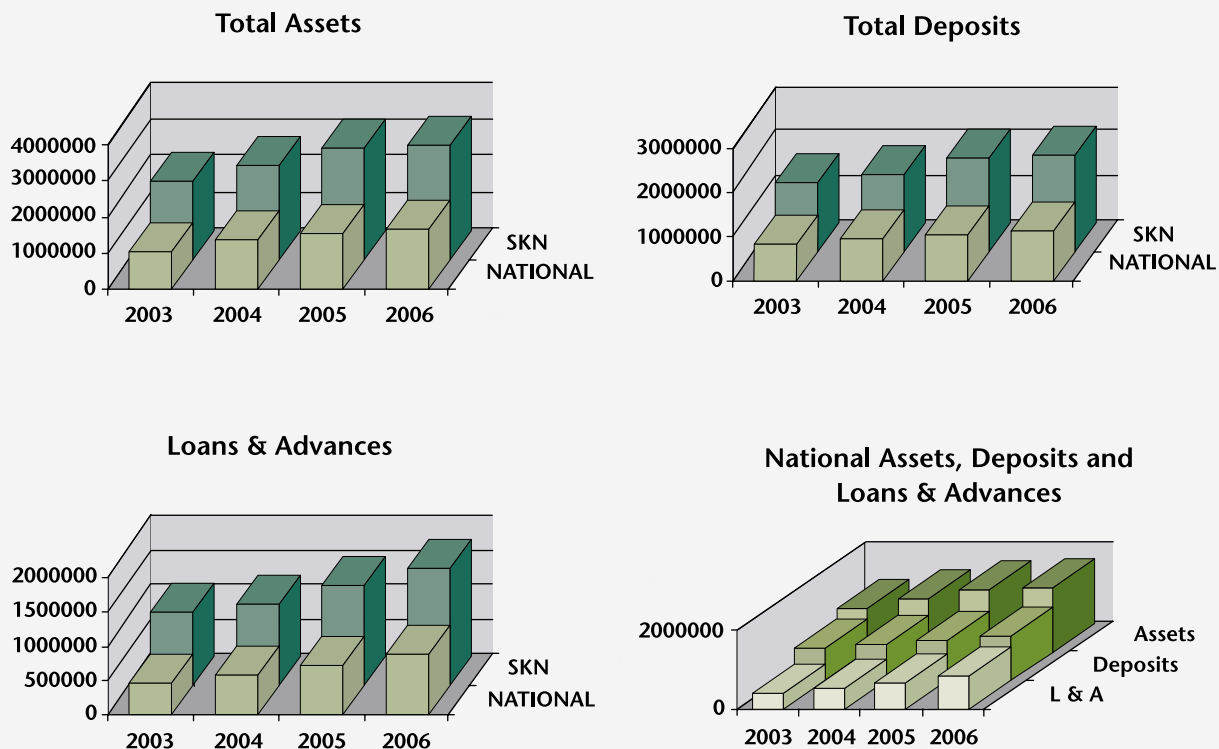

Management Discussion and Analysis provides an overview of the performance of St. Kitts-Nevis-Anguilla National Bank for the year ended June 30, 2006 compared with the year ended June 30, 2005. This should be read in conjunction with the financial statements and notes presented on pages 22 to 44 of this annual report.

Operating Environment

St. Kitts-Nevis-Anguilla National Bank (National) commands the largest share of the domestic market in assets, deposits, and loans and advances. National's position within the domestic market is set out below:

These graphs show that while the growth in the St Kitts-Nevis market was significant from one year to the next, National has been able to maintain its dominant position. In 2006, National assessed market share of total assets was 51%, total deposits were placed at 51% as well, and another 51% of the market for loans and advances. The remaining market share was allocated among the other five commercial banks at various percentages.

National Bank versus St. Kitts-Nevis Market (in thousands of EC\$)

Management Discussion and Analysis of Financial Condition and Results of Operations

Review Of Operations

Net Interest Income

The Company's operational results are largely influenced by the interplay of the different global economic elements and how they impact our local economy. In fiscal year 2006, net interest income was \$41.8 million compared with \$27.9 million for fiscal year 2005. This represents a 49.8% increase.

The increase in net interest income was due mainly to the growth in loans and advances along with an increase in investments. Interest income from advances to customers grew by 28.5% to \$77.0 million while interest income from investments rose 113.7% to \$15.6 million as a result of a larger investment portfolio accompanied by higher interest rates.

The movement in interest income significantly impacted the yield on earnings assets as it grew 150 basis points higher in 2006 to 8.2% whilst the cost to fund earnings assets increased by 60 basis points to 4.9%. As a result of this 90 basis points difference in spread, net interest margin rose to 3.3% in 2006 from 2.4% in 2005.

Non-Interest Income

As at June 30 2006, non-interest income was 59.3% or \$19.2 million higher than the 2005 figure. This increase was due mainly to commission income on international transactions and foreign currency gains. The growth in 2006 of this subhead accounted for 69.8% of the increase in total operating income before tax.

This upward trend in non-interest income is expected to continue as the Bank adds new avenues in diversifying and enhancing its products while strengthening its customer base. By fully employing our competitive advantages and capitalizing on our superior internal processes, non-interest income will remain an important component of profitability for the Bank.

Expenses

Containment of total operating expenses remains a critical factor in the strategic direction of the Bank. However, along with this focus on operating expenses, the Bank believes that depositors must be adequately compensated for the funds they placed with the Bank. In this regard, National continues to pay the highest interest on all funds deposited with the Bank by its many and loyal customers.

In 2006 financial year, interest paid to depositors increased by 22.3% on 2005 payments of \$50.4 million to \$61.7 million. In addition, the non-interest expenses increase on 2005 expenses amounted to 12.7% or \$2.4 million. The increase in non-interest expenses resulted from increases in utility costs, a loss on marketable securities, and staff employment. The loss on marketable securities was a direct result of rising interest rates in the U.S as the market value of fixed income securities falls with each increase in interest rates.

Management Discussion and Analysis of Financial Condition and Results of Operations

Our efficiency ratio strengthened in 2006, falling to 23.2% from 32.6% in 2005. This indicates a highly profitable Bank where expenses account for a small percentage of total revenue.

Financial Condition

Earnings

In fiscal year 2006, the Company generated after-tax profit of \$47.5 million, an increase of \$20.4 million, or 75.3%, over fiscal year 2005. Earnings per share in fiscal year 2006 were \$0.59, based on weighted average outstanding shares of 81,000,000 compared to \$0.33 in fiscal year 2005, based on the same number of outstanding shares.

Deposits

Deposits remain the key source of funding for the Bank. At June 30, 2006 total deposits grew by 2.9% to \$1.14 billion. The growth in deposits was fueled mainly by an increase in savings and fixed deposits. At the end of fiscal year 2006, savings and fixed deposits accounted for 73.9% of total deposits compared with 71.5% a year ago.

Assets

Total assets moved slightly to \$1.6 billion at the end of the financial year; a 6.7% increase over the previous year's figure of \$1.5 billion. The growth came mainly from a small increase in local funding along with an increase in foreign business.

Liquidity

The Company remained highly liquid throughout financial year 2006. At June 30, 2006 one-year assets remained fairly constant at \$1.3 billion compared with those at June 30, 2005. On the other hand, liabilities expiring within one year amounted to \$1.1 billion at June 30, 2006, compared with \$0.9 billion at June 30, 2005. This positive net liquidity gap compares well with the model set out by the Asset/Liability Management Committee.

Capital

Shareholders' Equity grew by 20.9% to \$210.2 million at the end of June 2006 compared with \$173.8 million in the previous year. Return on equity (ROE) was 24.4% for fiscal year 2006 compared with 11.0% for fiscal year 2005.

Based on the Basel Capital Accord, bank regulators recommend minimum requirements for capital adequacy of their member banks as a protection to depositors as well as to promote stability and efficiency in the financial sector.

Tier 1 Capital: The Accord recommends a minimum Tier 1 Capital ratio of 4%. As of June 30, 2006 the Bank Tier 1 Capital ratio was 44.0% compared with 38.9% at June 30, 2005.

Total Capital: The Total Capital ratio of the Bank at June 30, 2006 was 62.0% - 54 points above the 8% minimum required by the Accord.

Management Discussion and Analysis of Financial Condition and Results of Operations

These results show the capacity within the Bank to strengthen its position in the sub-regional banking industry.

Risk Management

The management of risks has emerged as one of the greatest challenges that the Bank now face. This challenge must be tackled by developing new approaches and by adjusting current processes.

The Bank has taken up this challenge and has placed increased emphasis on the management of risks through the systematic development of tools and strategies to mitigate these risks. In fiscal year 2006, the Company conducted due diligence on a number of companies offering Anti-Money Laundering Solutions and has chosen one of these providers to further enhance its risk management strategies.

The risk management solution adopted offers the Company the ability to further detect and prevent all attempts to use the Company for unlawful activities. The new Anti-money laundering solution monitors and analyses all customer transactions and assist in the detection of suspicious and unlawful activities. The Company continues to develop relationships with providers of innovative solutions to combat terrorist and anti-money laundering activities as a protection to all stakeholders especially its correspondent banks.

Corporate Governance

The Board of Directors continues to monitor the business affairs of the Bank to ensure compliance with relevant statutes and regulations. They are charged with the oversight responsibility of increasing operational efficiency, strengthening shareholder and customer confidence, and the investment attractiveness of the Company. The Board is constantly reviewing material developments in governance practices, issues and requirements, and where necessary, policy and strategic actions are taken to safeguard the interest of the Company.

Going Forward

With significant improvement in key areas of development, productivity and profitability, the Company has set new strategies and objectives maintaining the high standards achieved during fiscal year 2006. In the upcoming year, the Company will continue to embrace and combat the challenges that are ahead and monitor and measure financial targets in meeting shareholders, customers and employees objectives.
