Aquacize It!

Exercising in water makes you feel about 90 percent lighter. When you jump or run in the water, your body does not experience the same impact that those moves cause when done on land. This makes it an ideal activity for those with arthritis, back problems, foot or leg injuries, and knee conditions. You can expect to burn between 400 and 500 calories per hour in a water aerobics class (the actual amount will depend on several criteria). By exercising in water you work against 12 times the resistance of air. This helps to develop muscle - which translates to a higher metabolism and healthier body. Of course, another plus, besides being fun, the water helps cover your movements so you don't need to be self-conscious while exercising.

NOTE: Class will meet at Davis High School, 1200 W. Rumble Road. Before beginning any new exercise program you should first check with your physician.

You will learn skills that will help you in the process of learning to swim, and being comfortable around water. Register early as class size is limited.

NOTE: Class will meet at Davis High School, 1200 W. Rumble Road. Please do not use cotton clothing for swim wear. Cotton clothing clogs the filters and requires filter cleaning daily, and causes cloudy water.

Motorcycle and Scooter Training

This CHP-approved training is designed primarily for beginning and inexperienced motorcyclists of all ages. It consists of 6 hours classroom and 10 hours on-cycle instruction of safe, responsible motorcycling.

Are you an experienced rider, but without a motorcycle license? The vehicle code in California allows for

the impound of your motorcycle if you are caught riding without a M1 (motorcycle license) endorsement on your license. Law Enforcement officers don't always impound, but a high percentage do. Towing costs, storage cost and the cost of the ticket all add up to high fees.

CA AB1952 - This law requires a person under 21 years of age to complete the CMSP Motorcyclist Training Course before being issued a motorcycle instruction permit. The law requires the permit to be held for six months before a class M1 motorcycle driver license is issued.

1. When are the classes?

We hold 2 classes per week (A & B):

A Class - Thursday 6:30 PM - 10:00 PM
 Saturday 6:00 AM - 2:30 PM
 Sunday 6:00 AM - 11:00 AM

B Class - Thursday 6:30 PM - 10:00 PM
 Saturday 11:00 AM - 7:00 PM
 Sunday 11:30 AM - 4:30 PM

You will attend a total of at least 16 hours of instruction, including both classroom and range time. Times may vary, check the schedule.

2. How much does it cost?

21 years of age or over - \$258

15-1/2 - 20 years old at time of registration - \$180 - Must Call Office.

The State requires this course for any one under 21 who wants to obtain a M1 permit/license.

3. What happens after I complete the course?

Once you successfully complete the motorcycle class, our office will process the paperwork, and mail you a certificate within 7 business days. Take the certificate to the DMV and in most cases it will waive the riding portion of the DMV requirements. There is no guarantee of passing. If students are COUNSELED OUT or are unsuccessful on the Skills Evaluation, they will have the opportunity to return for a second try at no additional cost.

4. What type of motorcycles?

We provide the motorcycles for the range portion of the class. They are Honda Nighthawks and Rebels - 250cc.

5. What if I have a Scooter?

If you have a scooter, please let us know when you register. There are special requirements for scooter training. For more information call our office at 209.575.6063.

6. What do I need to bring?

We provide the helmets if you need one - if you bring your own it needs to be DOT approved (3/4 or full). On the days you ride you will need: Heavy jeans; Long sleeve shirt that covers the wrists; Eye protection (can be sun glasses, eye glasses or the visor for your helmet); Full-finger leather gloves; Heavy boots that cover the ankle (Canvas tennis shoes are not heavy enough - you can use hiking boots, riding boots, work boots).

7. How do I sign up?

If you are 21 or over you can register online at www.mjc4life.org, by phone or in person.

If you are under 21, you must register by phone or in person in order to receive the \$78 "under 21" discount.

NOTE: The additional \$5 registration fee DOES NOT apply to motorcycle registrations.

Financial Intelligence for Kids (Ages 8-12)

new Does your child really know the value of money? Think about the difference in the last several decades. In the past parents would typically give their children an allowance in cash. The child would then either save in their piggy bank or spend at a local store for a tangible item they wanted. They could count their money and know how much they had left, or how much they needed to save to buy a ball. Money is much more confusing these days. Cash is rarely used. More popular are the debit cards, credit cards, and online shopping by speaking to an app. To add to the confusion, online games have their own form of play currency they constantly encourage kids to purchase. In this hands-on financial simulation class your child will learn about the value of money and financial decision making. They will learn about budgeting, good habits and pitfalls to avoid in future decision making. It is not too early to prepare your child for a healthy financial future!

Financial Intelligence for Teens (Ages 13-17)

new How well does your teen manage money? The concept of money does not seem to be taken literally by many young adults in this virtual world. Money seems surreal when you tap a plastic card, pay by an app, or use automatic monthly subscriptions charging to your checking account. Finances and real world realities collide when teens turn to young adults and must be responsible for their own expenses. The risks can be high, and poor choices may hurt financial stability for years! In this fun hands-on financial simulation class your teen will learn sound financial decision making. They will learn about creating and managing a budget, paying housing and living expenses, saving, mortgages and the importance of building good credit. Teens will learn to avoid pitfalls such as high interest loans and penalties hidden in contracts. The skills learned in this class can help secure a more prosperous future.

Camp Information

What is MJC Camps for Kids?

MJC Camps for Kids at MJC Community Education provides safe activities for summer fun and learning. We have camps to accommodate ages 4-14. Our camps are designed to stimulate curiosity, reinforce basic skills, and help kids discover new subjects. Camps are held between 9:00 am and 5:00 pm and vary by age and activity. Check your camp schedule.

Camp Schedule

Each camp runs a half day, either in the morning or afternoon. In the event your child adds the Maker Lab session please be sure to send your child with a brown-bag lunch identified with their name. Campers who stay all day will have a supervised lunch break and a fun-filled second half-day session with games, activities, arts and crafts and fun in the Maker Lab.

Cost for Camp

The cost of each camp varies according to the planned activities, and projects and particular needs of the camp. Each camp fee will include snacks, t-shirt, and materials.

What should my child bring?

Each child should bring their own water bottle. Please put your child's name on items they bring. Play clothes and tennis shoes are suggested. A bag lunch is required for children who will attend all day.

Where will the camps be held?

Most camps will be held on our MJC West Campus. Check in and out will be held at the Wawona Center gates. Operation Animation and Kodu Game Design will be held on East Campus at Classroom Annex 101. Check the camp maps for exact locations.

Food Allergies?

Snacks will be provided. Please be sure to note any allergies or food restrictions on the Medical Consent Form AND let the camp coordinator know. Some camps will prepare and eat food - so this is important! Children with allergies should not register for the Farm to Fork Camp as they will come into contact with many different foods.

Refund Policy

Refunds will be granted up to 30 days BEFORE the start date of each camp (minus \$20 fee). Because of supplies/shirts that must be ordered, we cannot give refunds after 30 days prior to the camp start date.

Does my child need to be signed in and out?

Yes. Your child's safety is of utmost importance to us. Children must be signed in on arrival. At pick-up time please show your ID. We want to ensure only authorized persons pick up your child. Please do not arrive any earlier than 15 minutes prior to class, or pick up your child any later than 15 minutes after camp.

Policy on Behavior

All campers are expected to conduct themselves in a manner that demonstrates courtesy and respect for others and the facilities. Disruptive students will be issued a behavior form and parents will be contacted to pick them up. If disruptive behavior continues, the child will be dismissed from the program with no refund. Please print your Camper's Packet at www.mjc4life.org. The Student Conduct Form will be in your Camper's Packet and will need to be signed by you and your child(ren) before they can begin camp. Please review this behavior policy with your child so that all children have an enjoyable experience.

May I attend class with my child?

No, sorry. We ask that you do not go into the classroom while camp is in session so the instructor and students are not disrupted. Many of the camps have either projects to take home or presentations that will be given on the last day of camp, which you will be invited to attend. All of our instructors and counselors are fingerprinted to help assure the safety of your child. We do not allow unchecked adults in the classroom with the campers.

How can I register?

Online - at www.mjc4life.org - **be sure to create the student profile for the child, NOT the parent.**

Download the Camper Packet, print and **Mail** in the Camp Registration Form two weeks prior to camp:

Can I stay in the class with my child?

No. Unless the class is specifically set up as a parent/child class, or parent participation is encouraged, we ask that you not stay in the class with your child. If your child is not able to stay by themselves in a classroom setting, please wait until they are older.

What do the fees pay for?

Community Education classes/trips do not receive tax support. Your enrollment fees pay all costs of the program. In some cases there are additional material fees collected either by the instructor or at the time of registration for books or class supplies.

Do I have to pay for parking?

MJC parking regulations are in effect 24 hours a day from 7 AM on Monday thru 5 PM on Friday. Student parking is permitted in designated areas on the East and West Campus. Persons who park on campus are required to pay a fee. A daily ticket may be purchased from any campus parking ticket dispenser, located in the parking lots, for \$2.00. Street parking is free.

Why are offerings cancelled?

Community Education offerings do not receive funding from the state, so there is a minimum number of students who must be enrolled in order for an offering to be held. The decision whether or not to cancel is made 2-3 days before the start date and is based on the number of fully paid fees on that date. So please register early.

Supply Lists

Some of our offerings require a supply list. If you don't receive one, call our office at 209.575.6063 a few days before the start date. They are also posted on our website at www.mjc.edu/commed. DO NOT purchase supplies until you have checked with our office at 209.575.6063 to confirm the class will be held.

Refund Policy

Offerings

You MUST call our office to cancel a class. If you cancel at least seven days prior to the start date, you will be refunded your registration fee, less a \$20 processing fee. Any time after the seven days prior to class, or once an offering begins, we are unable to refund any portion of your fee. Different refund policies apply to trips, tours and motorcycle classes.

Cancelled Offerings

A full (100%) refund will be given for an offering or trip that the college cancels. Refunds take a few weeks to process. If you pay by credit card, your account will be credited, if you pay by check or cash, you will receive a check in the mail.

Will I receive college credits?

No - all of Community Education classes are not-for-credit. You may request an Award of Attendance once the class is over - no other records will be kept. If you wish to receive credits, you should choose an MJC credit class.

Can my child take an adult class?

With the Minor Consent form and Student Conduct form, it may be possible for a child ages 14-17 to register for an adult class. The instructor needs to okay the child in their class. You must call our office at 209.575.6063 to verify. Call for age requirements for Motorcycle classes.

Can I get Financial Aid?

Because we do not receive state funding to help support our program, our classes are not eligible for financial aid.

Special Accommodations

Requests for reasonable accommodations for disabilities must be made at the time of registration and at least 10 days before the event. Every effort within our ability and legal responsibility will be made to meet your request. If you require an elevator for a second-level classroom, please let our office know when you register for your class.
