

Somone Like You Guitar Tabs and Chords

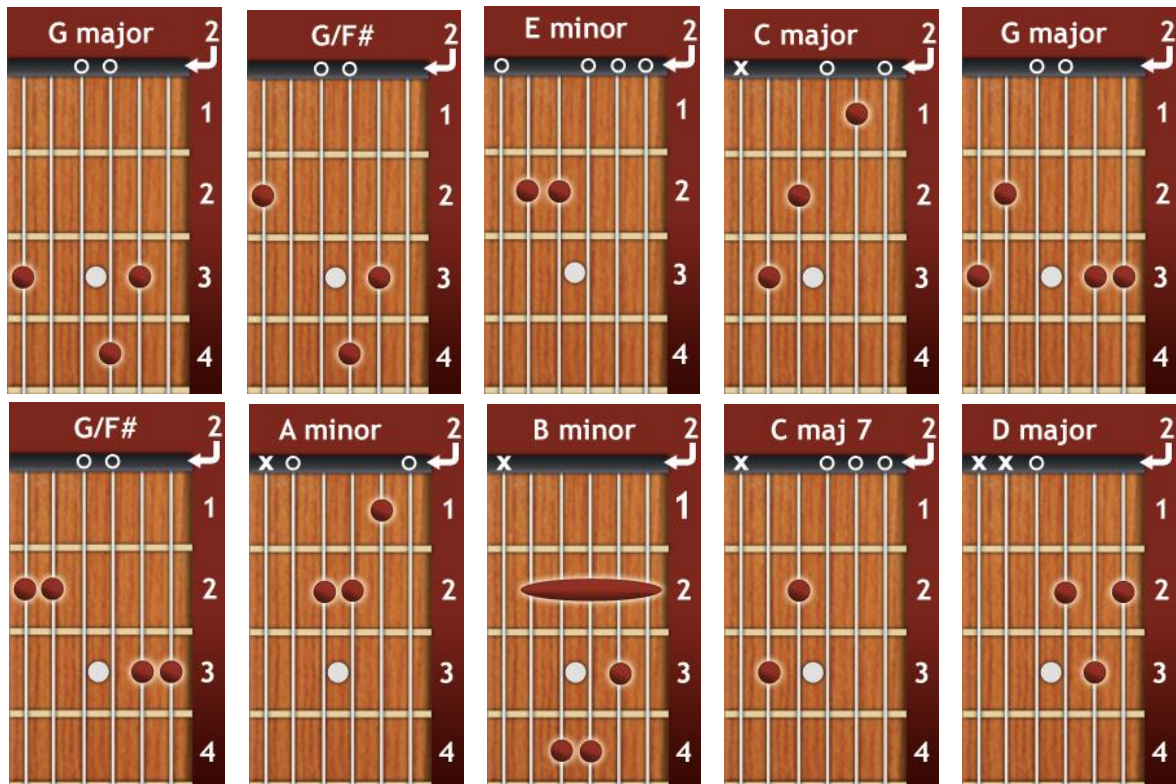

Hi, hope you enjoyed the video, this is a great song for beginner (and anyone that likes great music ☺), since it involves just a few simple chords. If you want to play it in the key of A as the original song, you'll need to place a capo at fret 2. Other than that, it's all pretty easy. Oh, make sure you play along with the original song, it's great fun.

Fingerpicking patterns

Here are the 2 picking patterns you'll be using, make sure you hit the base note of any given chord with your thumb. Each repetition of the pattern is 1 beat, so these are 16th notes.

And this is the picking pattern during the chorus, the only difference is that you'll pick the high E string on the first note as well.
