The Gourmia Soup Maker uses micro-pressure technology to help you make the most delicious soups with just the click of a button. Plus, with four solid blades, the Gourmia Soup Maker works to make the thickest, best-tasting soy milk. With one simple menu button, you can cook more than soup and soy milk—you can make grains, nutritional paste, and even fruit and vegetable juices. Making healthy, delicious food for yourself and for your family has never been easier than with the Gourmia Soup Maker.

The following pages of this manual offer full and complete instructions for all the functions and features of your Soup Maker. Inside these pages, you'll find information on and instructions for assembly, operating, cleaning and maintenance of your Soup Maker. Please read all safety instructions and complete directions carefully for safe usage at all times.

Thank you for your purchase! We hope you will enjoy all the innovative products brought to you by our family at Gourmia.

IMPORTANT SAFEGUARDS

When operating this electric appliance, basic safety instructions should always be followed. Refer to the following for these instructions

1. READ ALL SAFETY & USAGE INSTRUCTIONS BEFORE USING.
2. Keep children away from the machine when in use.
3. Never operate the appliance with a damaged cord or plug or one that has malfunctioned or been damaged in any way. If necessary, immediately contact Customer Service for assistance.
4. Operate the appliance on a level surface well away from any hot gas or electrical burner, heat source, combustible spray cans or pressurized items.
5. To avoid injury or death from electrical shock, do not operate the machine with wet hands, while standing on a wet surface or while standing in water. Also, do not use the machine outdoors or in wet conditions.
6. Do not immerse the machine directly in water to clean.
7. Do not add ingredients while the machine is in use.
8. If power to the machine is turned off, do not re-press the function button.
9. The blade of the machine is very sharp; take extra precautions when cleaning.
10. Unplug the machine prior to cleaning.
11. Do not put the machine into the refrigerator.
12. When the machine is in use, it should not be left unattended.
13. After using, wait at least 30 minutes to reuse.
14. This machine is for household use only. Any other use will void the warranty.

SAVE THESE INSTRUCTIONS

FOR HOUSEHOLD USE ONLY

Electrical 3-conductor Cord Set:

Appliance is equipped with a 3-conductor cord set that has a 3 prong grounding-type plug. It should be properly connected to a grounding-type outlet. The plug is designed to fit ONLY a 3-grounding outlet unit, and as such, the grounding prong should never be removed. If needed, purchase a 2-prong adapter and ground it to the outlet. Consult a qualified electrician if in doubt. Do not use an adapter unless you are confident it is grounded. Do not modify this plug. If the plug does not fit the outlet securely, call a qualified electrician for assistance.

A short power cord or a detachable power cord is provided to reduce the risks of resulting from becoming entangled in or tripping over a longer cord accidentally.

WARNING: This product contains a chemical known to the State of California to cause cancer.

WARNING: This product contains a chemical known to the State of California to cause birth defects or other reproductive harm.

FEATURES AND FUNCTIONS

OPERATING INSTRUCTION

MAKE SOY/NUT MILK

1. Using the provided measuring cup, soak a cupful of soybeans or nuts for 6-8 hours.

2. Drain and rinse the beans or nuts and pour into the machine. Add water between the lowest and highest level marks.

3. Plug the machine and press the ON/OFF button to turn the machine on. Press the Menu button until the Soy/Nut Milk icon lights up. Press Start to begin the process.

4. After about 25 minutes of heating and blending, music sounds and the Soy/Nut Milk icon lights up, indicating the process is complete and the milk is ready.

CONTROL PANEL

ON/OFF: Powers the machine on and off.

Menu: Selects the mode of the machine (Soy/Nut Milk, Hot Cereal, Rice, Soup, Fruit/Vegetable Juice, Self-Cleaning)

Start: Begins the chosen process.
